MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popular among us.

Hardly Realized. His "ad" for Cephalic Pills had just appeared, and he stepped into the apothecary hand says to his man, "Can you give me a box of Cephalic Pills?" "Does it make any sense, sir?" "No, sir," says he, "but I will take a box just the same."

HEADACHE is the favorite sign, by which nature makes known any deviation whatever from the normal state of the brain, and viewed in this light may be looked upon as a warning to give notice of disease which might otherwise escape attention, till too late to be remedied.

BRIDGE.—Misses want you to send her a box of Cephalic Pills, no, a bottle of Prepared Pills—but I think you had better send her the Cephalic Pills, you know that is it. You see she's high and dry and with the Cephalic Pills, she wants more of that same as she gets from you.

Constipation or Costiveness. No one of the "many ills to which we are subject," so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of little consequence to the sufferer.

A Real Blessing. Physicians.—Well, Mrs. Jones, how is that headache? "Mrs. Jones, Doctor, all gone; the pain is all over and I just twenty minutes, with your pills, and more so that I can't say them handy." "Physician"—You can get them at any Drug Store, or by mail, from the undersigned.
