THE DAILY PATRIOT AND UNION may be had at Jack's Book Store, corner of Third and Market streets.

PATRIOT AND UNION.—THE DAILY PATRIOT AND UNION can be had by Dauphin subscribers, every morning, at the periodical store of J. S. FRANK.

NOTARY PUBLIC.—John C. Wert has been appointed a Notary Public for Hollidaysburg, in place of James B. Patton, whose commission has expired.

THE PUBLIC GROUNDS' PAVEMENT.—In our paper of Wednesday we spoke of the ice on the pavement along the public grounds in Third street. It is due to Mr. Boyd to say that shortly after the paragraph was written he had all the ice removed—a fact which we overlooked on Tuesday afternoon.

DULL.—Our exchange papers for a week past have been unusually dull. Those from the cities are filled with articles on secession, how to avert the catastrophe, and how to save the Union, while those from the country are filled with the President's Message. In such a strait, with nothing worthy of mentioning occurring in our midst, it may readily be imagined that getting up a paper is no child's play.

A "fast" clerk was recently unearthed at Stewart's in New York. The gay youth supported a mistress and cheerfully stole silks for her, but refused to purloin sufficient cloth to make a comfortable winter garment for the father. The old gentleman, deeply grieved at such ingratitude, immediately handed Mr. Yardstick over to justice.

SOCIAL SOIRER.—The LEIDERSKANTZ have made their arrangements to give a social soiree on Christmas evening, at their hall, in Frisch's building. Everybody knows the manner in which the Germans celebrate the holidays, so that we may reasonably expect that this festival will be the most brilliant yet given. Ticket as usual—only 50 cents.

MIDDLETOWN ITEMS.—Our friend of the Middletown Journal, like all the rest of us, appears to be driven to the wall for items that bear the slightest resemblance to anything local. We can find but a single item in the paper of this week that will bear a reference, as follows:

Reverend Church.—This building has been purchased by Mr. W. H. Embick, who intends fitting it for a dwelling house.

We are glad to learn that the grading on Ridge Road was not stopped for want of funds, but on account of the inclemency of the weather. Mr. Powell, the contractor, has pushed forward the work with energy—and intends doing so as fast as the weather will permit. Our citizens in that locality, therefore, may be at ease, as Mr. P. is no doubt as anxious as they are to relieve them from the serious inconvenience they are put to at this, the worst season of the year.

CONCERT OF SACRED MUSIC.—The German Catholic congregation of this city will give a grand concert of sacred music, at their church, on Tuesday evening, (Christmas,) December 25, the proceeds of which are to be devoted toward liquidating the debt on the church. All the available talent of the city, both vocal and instrumental, will be pressed into the service, so that we may really expect a highly meritorious entertainment. The programme will be arranged in the course of a few days, when it will be published.

THE HOLIDAYS.—"Never put off until to-morrow what you can do to-day," especially if it is to your advantage. Remember, too, that "procrastination is the thief of time." These hints are directly intended for people who have goods suitable for the holidays, and who wish to let the people know it through the medium of an advertisement. The great error most advertisers are guilty of, is in putting off advertising too long. During the ensuing week nearly everybody will either buy their presents, or fix upon what they intend to buy.

THE WIDE AWAKES.—The gentlemen in oil cloth, carrying tin lamps, we mean—how about them? We hear no more about the "thousands with gay and glittering uniforms" that were to be here to join in the inauguration ceremonies. What's up? Have they backed out? It is not very apparent that a single company is coming, although immediately after the election it was computed that ten thousand of them would be here. Guess some of them would be calculating the chances of getting bread for the balance of the winter about that time.

THE AFORESAID "PARENT."—Just on the eve of our departure to Philadelphia on Tuesday we noticed a communication in the Telegraph, signed by a "Parent," in which exception is taken to certain alleged obscene articles, published, as we see in an explanatory heading, in the PATRIOT AND UNION.

Sidney Smith used to relate an anecdote which we think will apply to the case. A couple of old maids in England made complaint before a Magistrate that they were excessively annoyed by boys bathing in a brook about a quarter of a mile from their residence.

The Magistrate was a bluff, plain spoken man, and answered—"At that distance I don't see how you could tell whether they were boys or girls."

"Neither could we," answered one of the prudeish maids, "until we borrowed Capt. Brown's spy glass."

A "Parent" must evidently have borrowed Capt. Brown's spy glass—"to the pure all things are pure." The "Parent" unless he is puritanical enough to expurgate parts of the Bible, will, we hope, be able to make the application. If the communication was not concocted where it was published, we should suppose the more honorable way would have been for the aggrieved party to lay his complaints where the cause of them originated. We do not recollect any thing that we have published that we would not re-publish. None of our subscribers have made any complaint, and the circulation of our paper is steadily increasing. On the whole, we think that we shall not much change the tone of our department, so long as the paper is secular, and no complaints come to us directly from sources we know to be entitled to some credit. This we shall do, however much it may annoy interested parties, in the very face of their piety and virtue, and other capital of that ilk, upon which they do business.

KANSAS.—On Wednesday we had the pleasure of meeting an old friend and acquaintance, just from Leocompton, in Kansas. He says that the suffering in that country is over-rated. About Leocompton there is plenty to eat, but no ready money to pay for it. There are counties, however, in which there is a great deal of suffering, but he gives it as his opinion that if all the money collected to aid the people had been devoted legitimately to the object for which it was collected, there would be bread, meat and clothing enough in the Territory to last a year.

In regard to Montgomery and his jayhawkers, he says, bad as they are, their crimes have been magnified, and there is no question but what they have received a portion of the relief fund collected in the States. Every order-loving citizen wishes the Territory delivered of those outlaws, for as long as they hold the lives of people in their hands, and go unwhipped of justice, little or no immigration can be expected. Apropos of the subject, read the following:

Who RECEIVES THE BREAD?—Complaints are being made in Kansas that, in some places, the Relief Committees show a heartless and tyrannical in bestowing the bounty furnished from abroad, for the starving people, that should consist of the parties, who would outrage humanity, to the extent of the world. The following is an instance of the infamous conduct alluded to:—We copy from the Kansas (Leavenworth) Herald of the 4th instant: "It is a fact, substantiated by two prominent citizens from Holton, Jackson county, that previous to the election, a relief committee was held at Cedar Creek; but, as the Republicans were largely in the majority, the Democrats were not permitted to participate in the proceedings of the meeting. At the commencement, in stating the object of the meeting, the Rev. Martin Seiler, pastor of the United Brethren Church at that place, said that no Democrat would be allowed to receive any of the supplies that might be sent to the committee, of which he was a member, unless they would vote the Republican ticket. Upon election day this very same reverend politician and his satellites repeated the terms; but, notwithstanding starvation was staring many of them in the face, they went manfully to the polls and deposited their votes for the Democratic candidates. Many Democrats with less nerve did not go to the polls, preferring to assume a neutral position between starvation and Republicanism. The supplies were not arriving; and, faithful to their human instincts, this committee does not refuse to give relief to any true Republicans, and, in view of this fact, the Democratic citizens have selected Mr. Ashmore and Mr. Parrott (not the Hon.) to immediately visit the East and secure aid for all who are in need; and, from their reputation, we feel confident that they will not use the means collected by them for partisan purposes."

THE AMERICAN FLAG.—Its Power Abroad.—We cannot present to our patriotic readers any thing that will pursue with more pleasure than the following extract from a speech delivered by Hon. Joel R. Poinsett, of South Carolina, at Charleston, during the nullification excitement of 1832. He said: "Wherever I have been I have been proud of being citizen of the Republic; and to the remotest corners of the earth have walked erect and secure under the banner which our opponents would tear down and trample under foot. I was in Mexico when the town was taken by assault. The house of the American Ambassador was then, as it ought to be, the refuge of the distressed and persecuted; it was pointed out to the infuriated soldiery as a place filled with their enemies. They rushed to the attack. My only defence was the flag of my country, and it was flung out at the instant that hundreds of muskets were leveled at us. Mr. Mason (a braver man never stood by his friend in the hour of danger) and myself placed ourselves beneath the waving folds, and the attack was suspended. "We did not blench, for we felt strong in the protecting arm of this mighty Republic. We told them that the flag that waved over us was the banner of that man to whose example they owed their liberties, and to whose protection they were indebted for their safety. The scene changed as by enchantment; those men who were on the point of attacking and massacring the inhabitants, cheered the flag of our country and placed sentiments of respect on our faces. "Fellow-citizens, in such a moment as that would it have been any protection to me and mine to have proclaimed myself a Carolinian? Should I have been here to tell you this tale if I had hung out the Palmetto and Single Star? Be assured that, to protect me abroad, we must maintain our place in the Union."

It would be well for the South Carolinians now to act in accordance with the above sentiment.

VICTIMS OF THE OIL EXCITEMENT.—So much has been said about the success of parties who have become interested in oil wells in western Pennsylvania, that an eastern editor has lately taken the trouble to investigate the subject. The result, as made apparent by statistics collected up to October 15th, 1860, is as follows:

In the "Oil Creek" region, (including Titusville and vicinity,) three hundred and fifty-six wells were commenced or completed up to the date mentioned. Out of this large number only twenty-nine were producing oil. Thus it will be seen that scarcely nine per cent. were successful. The following table will convey to the reader some idea of the actual facts:

Wells bored without having reached oil - 145 Wells which do not produce, although having reached oil - 172 Producing wells - 29 Average daily product of 29 wells, barrels - 346 Whole number bored - 346

The oil has been sold at the wells for ten cents per gallon, and out of the receipts are to be deducted the expenses of pumping, labor and keeping the well in order, the interest on the money invested in steam engines, and the lease of the land, which is sometimes exorbitant.

At least 86 per cent. of the operatives in the region referred to have suffered a dead loss. When the discovery was first made, it was not unusual for the producer to receive fifty cents per gallon. That time has gone by, and as the supply increases, without any adequate increase in the demand, the prices must rule at ten cents, or even lower.

It would be prudent for those who contemplate investing in the oil business, to pay due regard to the figures which we have given. Even the length of time, during which the wells which are at present remunerative, will flow, is uncertain.

CITY POLICE.—The cells of the lock-up were well tenanted on Wednesday night. The male department was occupied by Frank Smith, John Baker and Chas. Myers, from the eastern cities—as usual out of employment, and driven to the country in the delusive hope of getting enough to do to afford them a living. We do not know to a certainty that they ever carried those Wide Awake tin lamps, but like them, they are evidently in search of those "homes for the homeless," as aforesaid. As they were only voluntary lodgers in the city house, the Mayor permitted them to depart in peace.

The female department of the lock-up was tenanted by one William McKinny and his wife. They were taken up in the street, both of them drunk, having in their possession a canteen of whisky, and a little boy apparently six years old, who was without shoes. The child was properly cared for by the Mayor. The man became very obstreperous when about to be locked up, and it was with great difficulty that he was forced into the cell, where, after he was incarcerated, he done some damage in the way of smashing things. The Mayor and several others clubbed together, and purchased a pair of shoes for the child, and the party was discharged. The first impulse of the Mayor was to send McKinny to jail for thirty days, but learning that he provided for his family, when sober, he let him off on his solemn promise that he would do better hereafter.

TRIBUTE OF RESPECT.—The employees of the Harrisburg Car Company assembled at the works yesterday afternoon, at 2 o'clock, for the purpose of expressing a proper testimonial of respect to the memory of ISAAC G. M'KINLEY, Esq., deceased.

Mr. John Garverich was called upon to preside. On motion, Messrs. Woodall, Handshaw and Levan were appointed a committee to draft resolutions expressive of the sense of the meeting. The committee presented the following preamble and resolutions, which were unanimously adopted.

WHEREAS, It has pleased Divine Providence to remove from this life our late President and Treasurer, ISAAC G. M'KINLEY; And whereas, It is due to the memory of the deceased that we should properly manifest our high esteem of his many able and endearing qualities of head and heart; therefore,

Resolved, That we have learned with feelings of unfeigned regret of the decease of our late officer and friend; and whilst we bow submissively to the mandates of an All-wise and beneficent Creator, who has taken from among us one whom we highly valued and esteemed, we would express the deep sorrow which the event has occasioned, and evidence of our grief the tribute of respect which we desire to pay to his memory.

Resolved, That we deeply sympathize with the family and relatives of the deceased in their heavy bereavement; that we extend to them under this afflictive dispensation our sincere condolences; and that we will cooperate with their relatives in all their virtuous efforts. "To know him was to love him."

Resolved, That a copy of the foregoing preamble and resolutions be transmitted to the family of the deceased, and that the same be published in the daily papers of this city.

JEWISH FESTIVAL.—The Feast of Lights, or the Days of Dedication, commenced Saturday night and will last for eight days. The origin of this feast is as follows: In the time of the Temple, there was a period when a heathen King, by the name of Antiochus of Syria, had nearly abolished the observance of the Jewish religion, through the great cruelties he committed in Palestine, over which he had dominion. At length the Jews, led on by the valiant Judas Maccabeus, drove out the Syrians, and again in consecrating the Temple they instituted a Festival called "Hanukah, or the Dedication," and ordered that for all future periods lamps should be lighted in all the synagogues and houses, commencing from the evening of the 24th day of the ninth month (or Kislev) as an everlasting memorial of the mercy of the Lord, displayed in delivering his people and his religion from the power of the oppressor.

TO OUR EXCHANGES.—Gentlemen of the press, there are many of you who get the PATRIOT AND UNION—and we have a warm affection for the country press, we should like to keep up a daily exchange with all the papers in the State, if we could afford it. Now we have a word to say—a favor to ask of those with whom we exchange daily. We do not ask of you to publish our prospectus, neither do we desire that you should bespatter us with fulsome praise, to pay any difference in the price of subscription; but we want you to call attention to the fact that we shall give full and accurate reports of the Legislature during the ensuing session, which, according to current rumor, will be a lively one, and the PATRIOT AND UNION can be had daily during the session for one dollar.

RELIEF AND HEALTH TO YOUR INFANTS. When your babe is teething, and you are distressed, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, we speak in terms of its magical effects and medicinal virtues. We speak in terms of its "WHAT WE DO KNOW" after ten years' experience, and PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HEREBY DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS IN THOUSANDS OF CASES. It not only relieves the child from pain, but it will regulate the stomach and give tone and energy to the whole system. It will act most instantly to relieve GRIPPING IN THE BOWELS, and WIND COLIC, and extreme constipation, which, if not speedily remedied, will lead to the most dangerous diseases, and in some cases, to death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DISTRESSING AND DANGEROUS CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints, to try this REMEDY, and you will find it to be the BEST and SUREST REMEDY IN THE WORLD, in all cases of DISTRESSING AND DANGEROUS CHILDREN, whether it arises from teething, or from any other cause.
