CONTRACT AWARDED.—Mr. Edward Myers has been awarded the contract for building the Odd Fellow's Hall, in Lykens, for the sum of $1,575. The building is to be completed by July 1st, next.

TAX-PAYERS, ATTENTION!—The tax-payers of the Third and Fourth wards are referred to the advertisement of Adam Reel, Collector. Now is the time to pay, and save money by so doing.

TO THE FIREMEN.—The undersigned returns his hearty thanks to the firemen of this city, for their prompt and ready offer of assistance at the burning of the chimney of the United States Hotel yesterday afternoon. GEO. BEATTY.

THE INAUGURATION BALL.—The cards of invitation to the Inauguration Ball, to be held at Brant's Hall, on Tuesday evening, January 15th, have been issued. The list of managers embraces fourteen Honorables, thirteen Generals, two Majors, fifteen Colonels, three Captains and fifteen Esquires. The Master of Ceremonies is F. R. Mather, and the Floor Managers are Gen. W. F. Small, Col. James R. Black, Gen. C. C. Seiler and Col. George Bailey. There is a very fair prospect of this triennial soiree being a gay and brilliant affair—out of the line of ordinary balls, of course.

FIRE ALARMS.—There appeared to be a determination to get up a fire about the middle of the day yesterday. Two alarms followed each other closely, both of which brought out the fire companies, and a great many people to the streets. The first originated from the burning of a chimney, or rather the accumulated contents of it, on Walnut street, and the second was raised by a heavy volume of smoke coming out of one of the flues of the United States Hotel. These alarms are no doubt pleasant and highly exciting to the members of the Department, but we look upon them as a decided nuisance.

LIFE OF GEN. RUFUS WELCH.—We understand that Col. J. R. Eck, now of Philadelphia, and favorably known to the editorial profession throughout the country, is writing out a full and complete history of the life of the late Gen. RUFUS WELCH. Col. Eck obtained the material facts of the General's life from himself and from his friend, Col. J. W. Baucker, who was for many years associated with him in the equestrian business. The work will be gotten up in a very able manner, and will abound with deep interest and gratification to his extensive circle of acquaintances and friends.—There will, no doubt, be an active demand for the book.

BEFORE THE MAYOR.—Isaac Sharp and James Thompson, weary wayfarers, came out of the lock-up yesterday morning, and pursued their pilgrimage in search of the aforesaid "homes for the homeless."

Pat Maddan had been on a bender, and roosted in the cell. He told a lamentable tale about being knocked down and robbed of his money, and all that sort of thing, for all of which his honor made due allowance. Pat couldn't pay his fine, of course, after being knocked down and robbed, and begged hard to be let off. Had he known the jail was full, he might have saved himself the trouble. Let off with a reprimand.

SAD ACCIDENT.—On Wednesday morning, whilst engaged in threshing with a machine, at the barn of Samuel Cleffman, below Millerstown, Washington township, the oldest son of Mr. Frederick Rinehart slipped and fell from his position on the horse-power, with his left leg among the wheels, horribly mangling the limb about the knee, completely lacerating and opening up the joint, crushing the lower end of the thigh and the upper ends of the bones of the leg, some six inches of the thigh bone protruding through the wound, and completely stripped of flesh. Every surgical attention was rendered him by Drs. D. M. Crawford, P. G. Greenleaf and G. W. Mitchell, but proved unavailing, as he died some twenty-four hours after having received the injury.

BOILER EXPLOSION.—On Sunday morning last, about half past four o'clock, the boiler of engine No. 135 exploded at Newport. They had just taken wood and water, and the engineer was just going to draw the whistle rope for loose breaks, when the explosion occurred. A large piece of boiler iron was thrown up and came down on the opposite side of the water house. A bar of iron weighing some sixty pounds was thrown some 50 or 60 feet from the engine; and a large post belonging to the wood shed was thrown about twenty feet. The shock shook the houses, breaking some windows, and waking many out of their slumbers. Fortunately there was no person seriously injured. Mr. Miller the station tender had his shoulder somewhat bruised. He was the only person injured.

PARADE.—The Washington Rifle Company, of Lykens, will parade in full dress on Tuesday next, New Year's day. We believe the company intends participating in the inauguration of Gov. Curtin, and has been getting up a specially accurate drill for that occasion. From our exchanges, says the *Journal*, we are led to infer that the military display on that occasion will be rather meagre, as a number of military companies prefer not to parade with the many thousands of Wide Awakes, which (according to the *Telegraph*) will have the posts of honor on that day. What a peculiar idea a Wide Awake inauguration parade will be. Torch bearers by day light will be as far from "wide awake" as owls in sunshine.

SHOCKING ACCIDENT.—On Tuesday last, a youth named Michael Karl, aged about eighteen years, was killed by falling into a well forty-seven feet deep, on the premises of Mr. John M'Gee, of Blacklick township, Indiana county. The well had just been dug, and a man was engaged at the bottom in walling it up with stone. Karl carelessly stepped upon a board across its mouth, and slipping therefrom, fell head downwards, dashing his brains out upon the stones beneath. No vestige of countenance was left, except one eye and part of the nose. The man in the well was unhurt. It is proper to add that Mr. M'Gee was in no wise to blame; he had frequently warned young Karl to be careful.

MIDDLETOWN AFFAIRS.—We clip the following items of news from the *Dauphin Journal* of yesterday:

The members of the Middletown Council, No. 84, Order of the U. A. M., are requested to meet at the council chamber, on next Monday night.—Punctual attendance is desired, as business of importance will be transacted.

A Prayer Meeting was held in the Methodist Church on Christmas morning, commencing at 5 o'clock. The meeting was very well attended and highly interesting.

A new lock is being erected on the Pennsylvania canal, about a mile below town, and other improvements will be made on this canal between this and spring.

Ice.—The Susquehanna and Swatara rivers are full of floating or slush ice; both streams are fuller of water than they have been for a number of years, in the winter season.

Rev. E. M. Long, "the children's preacher," and superintendent of the great union tent, gave two lectures in this place, on Tuesday. They were of a very interesting and instructive character.

Watch Night.—A meeting will be held in the M. E. Church on next Monday evening, to commence at 8½ o'clock, when a missionary sermon will be preached by the regular pastor, Rev. W. B. Gregg. Religious exercises will be continued till midnight. All are invited to attend.

Christmas Trees.—A number of our citizens took great pains, and spent considerable time to get up handsome Christmas trees for the enjoyment of the young folks. The handsomest one we have ever seen, was gotten up by Mr. James Wilson. It is really a very fancy affair, and a large number of persons have called to see it. We have not time to describe it, but to those who can appreciate something beautiful, we say, go and see the tree.

TEN YEARS OF RAILROADING IN THE UNITED STATES.—The world has probably never witnessed, in any department of industrial and mechanical development, such an extraordinary phenomenon as that of railroad construction in the United States, during the last ten years. Railroading had commenced long before, but the larger portion of the immense number and magnitude of railroads in this country, has been made between 1850 and 1860, and almost altogether between 1850 and 1857. To show this clearly and strikingly, we will present the number and length of railroads, in each State, in each of the years 1850 and 1860, as near as we can ascertain them. The following table presents that view, viz:

DEATH OF HENRY M. FULLER.—The telegraphic dispatches of Wednesday briefly announced the death of this man, lately so prominent before the people. The *Bulletin* of Wednesday says:—"We announce with regret that Hon. Henry M. Fuller died this morning at his residence, No. 1601 Chesnut street. His disease was typhoid fever, and he had been ill for about two weeks. Mr. Fuller was a son of Hon. Amzi Fuller, of Bethany, Wayne county, Pa., where he was born in the year 1820, making his age forty years at the time of his death. While he was still a lad, his father removed with his family to Wilkesbarre. He was educated at Princeton College, and afterwards studied law in Wilkesbarre, where he practiced his profession for sometime. He began political life early, and although a Whig, was elected to the Legislature is that strong Democratic county. He was also elected to Congress in 1850, as a Whig, and again in 1854 as a member of the American party. He was the American candidate for Speaker in the protracted contest that resulted in the choice of Mr. Banks. He was at one time the Whig candidate for Canal Commissioner. After his last term in Congress, Mr. Fuller made Philadelphia his place of residence. In the late Presidential contest he was one of the leaders of the Constitutional Union Party, of this State, and was their candidate for Congress in the Second District. He was an active politician and an energetic business man.—While in Congress he served his constituents and his State with zeal and ability. He had large interests in the coal regions of Pennsylvania, and was a warm friend of the cause of protection to American industry. Mr. Fuller was highly respected wherever he was known, and had many warm personal friends, who will sincerely lament his death. He leaves a deeply afflicted widow and a family of seven children."

SURGICAL OPERATION.—Some eight or ten days ago an old gentleman named Whaler, of Cumberland county, had a cataract removed from his eye by Prof. Dock, of this city. We find the following notice of it in the Newville *Valley Star*:

The Blind Restored.—Some time during the past summer, our respected and aged neighbor, Mr. John Whaler, who had been blind for several years with a disease of the eye termed *cataract*, was taken to Philadelphia, for the purpose of having an operation performed, but he returned as he had gone, having received but little encouragement from the eminent surgeons whom he consulted, as to the recovery of his sight.

Learning a few weeks ago that Dr. Geo. Dock, of Harrisburg, had returned from Europe, (where he had been on a visit for some months,) Mr. Whaler was advised by his friends to consult that gentleman in relation to his sad case. He accordingly left this place, some ten days ago, in company with his son for Harrisburg. After a careful examination of his case, he was promptly operated upon by Dr. Dock, and has now returned home with a fine eye, his sight perfectly restored, and his heart filled with gratitude.

In operations of this kind, few living practitioners have been more successful than Dr. Dock, who, in this instance, as in all others, operated without causing the patient any pain.

BACKED OUT.—The "Republican Invincibles," a coal oil organization in Philadelphia, it was represented some time ago, were to attend the inauguration of Gov. Curtin, and their ranks were to be one thousand strong. It appears they held a meeting on Wednesday evening, when they resolved that it was inexpedient to attend the inauguration! The true secret of this back-out is probably to be found in the fact that the hundreds who paraded under the banners of "homes for the homeless" find considerable difficulty in "raising the wind" to buy bread for their families—much less to spend in celebrating a triumph which has already brought so much trouble upon the country.

WHAT CAUSES HAIR TO TURN GRAY.—An English writer has recently asserted that an undue proportion of lime in the system is cause of premature gray hair, and advises to avoid hard-water, either for drinking pure or when converted into tea or coffee, or soup, because hard water is always strongly impregnated with lime. Hard water may be softened by boiling it; let it become cold, and then use it as a beverage. It is also stated that a liquid that will color the human hair black, and not stain the skin, may be made by taking one part of bay rum, three parts of olive oil, and one part of good brandy, by measure. The hair must be washed with the mixture every morning, and in a short time the use of it will make the hair a beautiful black, *without injuring it in the least.* The articles must be of the best quality, mixed in a bottle, and always shaken well before being applied.

A DEFENCE OF FRIAR'S POINT.—About fifty citizens of Friar's Point, Miss., unite in sending to the Memphis *Appeal* the following defence of their town:

We, together with other citizens of our little village, have been mortified and astonished at the *awful* reports of hanging, whipping and murders committed by our people, published in one of your city papers. We have always borne the reputation of a peaceable and quiet community, and have prided ourselves upon the general good order of our citizens. Our good name is about to be taken from us. Tales of horror are published to the world as having been enacted at our Point. We announce them false from beginning to end, and will enumerate what has been done in our community, by our vigilance committee. During the month of October four gin-houses were burned in our neighborhood, and much excitement was caused by those fires, and a strict watch was kept; one fellow was caught buying liquor for a negro, was well paddled and shipped; two others were ordered to leave, which they did; two others were carried astride of a rail and shipped. This is the sum total of acts of horror done here. We ask to be set aright before the world, and want the *lie* direct given to all such publications.

As the Telegraph published all the particulars of the alleged outrages, with all the exaggerations added by the Abolition papers, we are anxiously waiting to see whether there is honor enough left in that establishment to retract.

TAR FOR PRESERVING TIMBER.—Creosote or oil of tar is acknowledged by engineers and builders to be one of the most valuable articles that can be employed for preserving the timber piles and supports of bridges and piers, and for railway sleepers. The timber is necessarily saturated, according to the amount of wear and tear it is likely to suffer—generally from two to three inches deep being sufficient, as far as the teredo is concerned, they would not attempt to bore, if there were only a thin outside coating put on, but the saturation of two or three inches deep is necessary in case of any place being rubbed off.

Several specimens of timber, said to have been saturated with creosote, but perforated with the worm, have been brought from different places; but on full inquiries being made, and on examining the piles from which they were cut, it appeared that, in one case a piece had been sawn from a pile several inches thick, for the purpose of fixing a stay, and, of course, the heart of the pile being exposed, the teredo entered some time after the sample was cut; while, in not a few cases, the specimens have been cut from piles accidentally left, and which of course were never saturated. There is the strongest evidence for believing that timber properly impregnated with oil of tar is quite impervious to the borings of the teredo navalis; while piles impregnated with other solutions which have from time to time been brought forward, have been completely eaten away.

A LARGE LOT OF GOODS received to-day, suitable for presents, which will be sold off much below their real value. 60 dozen of Hem-stitched and Grass Linen Handkerchiefs, at 20, 25, 37 and 50 cents a piece; 100 Sets of Collars and Sleeves, direct from New York auction, at very low prices; Gents' Plain and Bordered Linen Handkerchiefs; beautiful lot of Lace Curtains; Chenille Scarfs, at 12½ and 25 cents; 10 pieces of Cassimere for pants; 10 pieces of Cloth, for Cloaks; 25 pieces of all kinds of Flannel; 2,000 yards of best brown Muslin, for 10 cents; Woollen Socks, 15, 20 cents; Undershirts, Drawers, 50, 62, 75, and a great many other bargains. S. LEWY,

Rhoads' Corner.

FOR THE HOLIDAYS.—Persons in search of goods suitable for holiday presents will do well to give BROWNOLD & SAM, Wyeth's building, opposite the Jones House, a call. They have fine Cambric setts, Cloaks and Cloth for Cloaks, Shawls, Pearl Purses, Collars, Sleeves, Gloves, Hosiery, Silks, Silk and Woolen Goods, and Ladies' Dress Goods of all descriptions. During the Holiday season they are determined not to be undersold, and they only ask the public to call, examine, and compare prices with any other establishment in the city or country. On many articles a reduction has been made, in order to carry out our determination to reduce our stock as much as possible during this week.

SPECIAL NOTICES.

PURIFY YOUR BLOOD.—BRANDRETH'S PILLS WARRANTED TO CURE FEVER AND AGUE.—The effect of purging with BRANDRETH'S PILLS is to restore the health, no matter from what cause it may be suffering. They take out all impurities from the system; and they have the same power of expulsion over miasm, poisonous vapor of decayed vegetables, or indeed any poisonous exhalations breathed by man whatever. In fact, if the blood is poisoned, it is impure, and impure blood results in disease.

BRANDRETH'S PILLS,

though innocent as bread, yet they are capable of purifying the blood and curing disease. So, they cure all kinds of fevers, all asthmas, catarrhs, costiveness and painful affections of every kind.

Sold, price 25 cents, at No. 294 Canal street, New York, and by all Druggists. Also, by GEO. H. BELL, corner of Second and Chestnut streets, Harrisburg, and by all respectable dealers in medicines. de9-d&w1m

We call the attention of our readers to an article advertised in another column, called BLOOD FOOD. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is FOOD FOR THE BLOOD, already prepared for absorption; pleasant to the taste and natural in action, and what *one gains* he retains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this BLOOD FOOD and be restored to health. We notice that our druggists have received a supply of this article, and also of the world-renowned DR. EATON'S INFANTILE CORDIAL, which every mother should have. It contains no paregoric or opiate of any kind whatever, and of course must be invaluable for all infantile complaints. It will allay all pain, and soften the gums in process of teething, and at the same time regulate the bowels. Let all mothers and nurses, who have endured anxious days and sleepless nights, procure a supply and be at once relieved.

GLUE.—Our advertising columns contain some testimonies to the value of a new article known as "Spalding's Prepared Glue," useful to housekeepers for mending furniture. It is prepared with chemicals, by which it is kept in the proper condition for immediate use, the chemicals evaporating as soon as it is applied, leaving the glue to harden. We can assure our readers that this article has the excellent phrenological quality of "large adhesiveness."

Mothers, read this.
The following is an extract from a letter written by a pastor of the Baptist Church to the *Journal and Messenger*, Cincinnati, Ohio, and speaks volumes in favor of that world-renowned medicine—MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING:

"We see an advertisement in your columns of Mrs. Winslow's Soothing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to your readers, that this is no humbug—WE HAVE TRIED IT, AND KNOW IT TO BE ALL IT CLAIMS. It is, probably, one of the most successful medicines of the day, because it is one of the best. And those of your readers who have babies can't do better than to lay in a supply. sep29-d&wly

Pure Vegetable Extracts, and put up in Glass Cases, Air Tight, and will keep in any climate.

The Family Cathartic PILL is a gentle but active Cathartic, which the proprietor has used in his practice more than twenty years.

The constantly increasing demand from those who have long used the PILLS, and the satisfaction which all express in regard to their use, has induced me to place them within the reach of all The Profession well know that different Cathartics act on different portions of the bowels.

The FAMILY CATHARTIC PILL has, with due reference to this well established fact, been compounded from a variety of the purest Vegetable Extracts, which act alike on every part of the alimentary canal, and are used where a Cathartic is needed, such as Derangements of the Stomach, Sleepiness, Pains in the Back and Loins, Costiveness ness, Pain and Soreness over the whole body, from sudden cold, which frequently, if neglected, end in a long course of Fever, Loss of Appetite, a Creeping Sensation of Cold over the body, Restlessness, HEADACHE, or WEIGHT IN THE HEAD, all INFLAMMATORY DISEASES, Worms in Children or Adults, Rheumatism, a great PURIFIER of the BLOOD and many diseases to which flesh is heir, too numerous to mention in this advertisement. Dose, 1 to 3.

Price Three Dimes.

The Liver Invigorator and Family Cathartic Pills are retailed by Druggists generally, and sold wholesale by the Trade in all the large towns.

CHILDREN TEETHING

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of mothers, her
SOOTHING SYRUP,
FOR CHILDREN TEETHING,
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS. Depend upon it mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.
