THE AMALGAMATION OF LANGUAGES .- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a white to in or, orate then into our own; thus the word Cephalic, which is from the Greek, signifying "lo: the bead," is now becom-ing popularized in efunction with Mr. Spilding's great Headache remedy, but it will soon de used in a more general way, and the word Cephalis will become as common as Electretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'crrible 'endache this halternoon, hand I stepped into the hap: thecaries hand says hi to the man, "Can you hease ma of >n 'eadache ?'' "Does it hache 'ard," says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'oner it cured me so quick that 1 'ardly realized 1 'ad 'ad an 'ead tche.

IF HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewe tia this light it may be looked on as a sveguard intended to give notice of disease which hight therwise escape attention, till too late to be remedied; and it indications should never be neglect d. Heat whes may be classified under two names, viz : Symptomatic and Idiopathi ... Symptomatic 'lealache is ex redingly common and s the precursor of a great variety of diseases, among which are Apoplexy, Gout, Shoumatism and all febri'e diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headacne, of hepatic dise se constitut ng bilious heaslache, of worms, onstipation and other disord irs of the bowels, as well as renal and uterios affections. Diseases of the heart are very trequently stended with H a aches; A .æmia and pletsora are at o affections which frequently occasi n headache .--Idiopathic Heatache is also ve y common, being usually d stinguished by the name of nervous headache, sometimes coning on suddenly in a state of apparently sound health and pros rating at once the mental ant physical energies, and in oth r instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes proveking vomiting ; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Fills have been found a sure and safe remedy, relicving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the anerring index.

Constipation or Costiveness. No one of the "many ills fiesh is heir to?' is so prevalent, so little understood, and so much neglected as Contiveness. Often originating in caralesaness or sedentary liabile; it is regarded as a slight disorder of to little cone quence to excite anxiety, while in reality it is the precursor and companion of many-of the mess fatal and dangerous dis-ease, and unless early eradicated at will, bring the ufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attend at are Heara ket (olio, Rheumatam, Foul Breath, Files and others of ise natures while a long train of frightal diseases such as Malignant Fevers, Abscesses, Disentery, Dirrices, Lyspepsis, App-plety, Epitepsy Paralysis, Histeria, Hyspechouoriases, Meiaucholy and Insunity, first indicate their presence in the system by this alarming symptom. Not un requently the issues named originate in Constitution at called in an early stage. From all these considerations it collows that the disorder should receive immediate at the toric when ever it occurs, and no person should neglest to get a box of Cephalic Files on the first appearance of the complaint, as their therely use will segue the insiders approaches of disease and destroy this dangerous foe to human life. No one of the "many ills flesh is heir to" is so prevalent

The experience of thousands daily proves that no pre-paratice. The experience of thousands daily proves that no pre-paration of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceevable case. Innoxious in all muladies in which it has been tried, it has proved atsolutely curative in each of the following complaints, viz:

MISMENERRATION, WHITES, UELGEOSIS, LITER COMPLAINTS, CHRONIC HEADACHES, RHEUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, & C. In CREES of GENERAL DEBILITY, whether the result of acute difference of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no descrip ion or written attestation would render credible. Invalids so long bed-tidden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as i just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent malasmus, sanguincous exhaustion, critical changes, and that complication of nervous and dyspeptie aversion to air and exercise for which the physician has no name. In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this proparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating ; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action. by dispersing the local tendency which forms them. In DYSPERSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.* In unchecked DIARHAGA, even when advanced to DYERN YERY, condrumed, emaciating, and apparently malignant the effects have been equally decisive and astonishing. In the local plans, loss of flesh and strength, debilitatiog cough, and remitten thetic, which generally indicate IN-otriENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, i

of interesting instances. In SOROFULOUS TUREROULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities. The attention of females cannot be too confidently invited to this restorative, in the cases peculiarly af

WOLFE'S PURE COGNAU BRANDY. WOLFE'S PURE MADEIRA, SHERRY AND PORT WINE. WOLFE'S PURE JAMAICA AND ST. CROIX RUM. WOLFE'S PURE SCOTCH AND IRISH WHISKY. ALL IN BOTTLES. I beg leave to call the attention of the citizens of the United States to the above WINES and LIQUORS, im-ported by UDOLPHO WOLFE, of New York, whose name is familiar in every part of this COULTY of the purity of his celebrated SCHIEDAM SCHAPPS. Mr. WOLFE, in his letter to me, speaking of the purity of his WINES and LIQUORS, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' resi-dence in the City of New York, that all the BRANDY and WINES which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Bvery bottle has the proprietor's name on the wax, and a tac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. Grocers in Philadelphia. GEORGE H. ASHTON, No. 832 Market street, Philadelphia, Sole Agent for Philadelphia, Read the following from the New York Courier :

Read the following from the New York Courier : ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.— We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as purce as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well re-pay any stranger or citizen to visit UDOLPHO WOLPF's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos 17, 19 and 21, Marketfield street. His stock of Schnappe on hand ready for shinment could not have excensive warenouse, Nos. 15, 20 and 22, Beaver street, and Nos 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1826 to 1856; and ten thousand cases of Madeira, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Bum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Winea, &c. in casks, under Custom-House key, ready for bottling. Mr. Wolrs's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr Wolfz, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfze's pure Wixes and Liquors. We understand Mr. Wolfze's pure Wixes and Liquors.

shelves, and replace it with WOLFE's pure WINES and LIQUORS. We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of op-ponents in the United States, who sell nothing but imi-tations, ruinous alike to human health and happiness. For sale by O. K. KELLER, Druggist, sole agent for Harrisburg.
