APPOINTMENT.—Vincent Smith, Esq., has been appointed Notary Public for Philadelphia, to fill the vacancy of Peter Ellmaker, Esq., whose term of office expires next Friday.

LOST.—A gold seal with cornelian setting, containing two ambrotypes. The finder will be liberally rewarded, and confer a great favor by leaving the same at the Brady House.

VIOLATING AN ORDINANCE.—Charles S. Segelbaum was fined $5 and costs by the Mayor on Monday evening, for violating an ordinance, in leaving boxes on the pavement in front of his store.

WESTMORELAND JUBILANT.—After the caucus on Monday evening, the friends of Cowan became highly jubilant. The reading room of the Jones House was filled, and there was a terrible popping of champagne corks kept up to an open house for several hours. Headaches, sir—headaches next morning.

COMMON SCHOOLS.—We are indebted to Samuel P. Bates, Esq., Deputy Superintendent of Common Schools, for a copy of the Superintendent's annual report for the year ending June 4, 1860. We have not had time to give it anything more than a cursory glance, but that alone enables us to judge that the schools of the Commonwealth are in a highly prosperous condition under the able management of Mr. Burrowes.

ADJUTANT GENERAL.—It appears by the *Telegraph* of yesterday that Gen. Negley has not been appointed Adjutant General, and that Gen. Williams now has the inside track. Of course, we are guided solely by what those say who have a better opportunity of knowing than we have. Negley is a very good man, but still we prefer that our own should be selected before those from abroad.—Beside, it is seemingly right that the Adjutant General should be a resident of this city.

INTERESTING TO DRUNKARDS.—Dr. Beck, of Dantzig, has been making a curious discovery. He has found the antidote, or rather the counter poison for alcohol. It is a mineral paste, which he encloses within an olive, and which, once absorbed, destroys not only the effects, but the consequence of drunkenness. A number of experiments have been made with very remarkable success. It would be well for the world if some drunkards took the poison before they touched the liquor.

THE 8TH OF JANUARY.—The memorable eighth was commemorated by a display of bunting from a number of public places, a parade of the Cameron Guard, and a salute of thirty-two guns from Capitol Hill. The Guard did not turn out strong, yet it was spirted, and the sound of drum and fife was quite enlivening. We understand that they expect to turn out thirty-four muskets on Tuesday next. The salute was intended to answer a double purpose—to celebrate the day, and in honor of the gallant Major Anderson.

ELECTION.—The election of officers for the Citizen Fire Company, on Monday evening, resulted in the choice of the following gentlemen for the ensuing term:—President, Dr. C. Seiler; Vice President, A. Watson, Esq.; Secretary, I. T. Bowman; Assistant Secretary, E. W. Schell; Treasurer, J. Montgomery; Engineer, Geo. C. Fager; Assistant Engineer, Jos. Sheets; Standing Committee, John A. Stahl, M. T. Cash, Robert Fry; Captain of Hose, J. H. Whitmoyer; Directors, Charles Saydam, John W. Boyer, J. A. Sponsler, S. Kreider, Jacob Epler, Samuel Radabaugh, Wm. M'Glaughlin, Geo. Shifler and F. Bok.

ACKNOWLEDGMENT.—We are indebted to Dr. J. H. Zeigler, whose office is at the corner of Market street and Dewberry alley, for a bottle of Anti-Dyspeptic Cordial, (Pinot a castillion, vintage of 1844,) suitable for various diseases, and warranted to keep in any climate. The Doctor keeps an unusually large supply of this kind of medicine, and will supply it, and various other kinds of tonics, febrifuges and anti-febrile remedies, to members and others, by the dozen, at Philadelphia prices. As we are not sick at present, we have laid ours by for future use of friends who may visit us.

STOCK RAISING.—In an article on "stock raising," a Southern journal has some truthful remarks, applicable to any meridian, as follows:

It is choice cows, sheep, horses and mules, that yield the greatest returns to skillful husbandmen. The production of scrubs, or mean stock of any kind, is rather a mean business, in a pecuniary point of view. Raise superior animals, on rich perennial grasses, if you seek a good income from your farm stock husbandry. Such animals may obtain part of their living from unimproved old fields, particularly sheep; but they want good clover and pea hay in the winter, or hay made from the English grasses. The most prominent error in stock growing is the attempt to rear fine hogs, cattle and sheep on scanty and defective food. Some want a great deal of meat, milk or wool, from little or nothing. They ask nature to make them rich, while they lie in the shade in summer, and sit by the fire in winter, and leave their poor animals to nearly or quite perish from neglect.

EX-PRESIDENT VAN BUREN AS AN AUTHOR.—The New York *Courier and Enquirer* says: We hope the information is correct that the venerable and distinguished Ex-President, in the serenity of his age and the calm of his retirement, is occupied in preparing a history of his times, beginning with the great struggle between John Adams and Thos. Jefferson, in the close of the last century, and to end with the present extraordinary year, and that the work has made progress already to several volumes. In a lifetime which has been passed in the experience of the most interesting changes and circumstances, and in the society of the most remarkable men, such a work has precious material. Its author, a struggling young man, a successful President, the first of men in his peculiar order of talent—all these things give the world promise of a book which will be not far removed from the most valuable of American books. Mr. Van Buren yet enjoys life in intellectual and physical strength. His exercise on horseback invigorates him, and his elegant home furnishes him the most agreeable rest. Last of the public men of his day and range of years, he has passed out of party possession, and is a man of the nation.

A PROLIFIC OIL WELL.—We have heard a great deal, for ten days, about a new oil well at Tidioute, known as the Economite well. A correspondent of the Fredonia *Censor* describes it thus: On Friday, the 21st of December, at about 6 o'clock in the evening, the Economites struck oil at a well they were digging on the southerly side of the Allegheny river, about opposite the Tidioute House, in the village of Tidioute. The vein of oil was perhaps the largest which has yet been found in the oil region. The tops of large trees near by are covered with oil, and the workmen state that the stream of oil went into the air far above the tops of the trees. Everything about the well and the ground in the vicinity is covered with oil. It was not until Tuesday that the force of the stream of gas and oil would permit the workmen to introduce tubing or gas pipe into the well so as to control the stream and conduct it where they choose. The quantity of oil discharged from the well up to this time, is unknown; it was impossible to estimate very accurately the amount. An old scow lying in the river was placed so as to save what oil it would hold, and was soon filled, a skiff in the river was also filled with oil, any amount of barrels were on hand ready to receive the oil. There are now several hundred barrels filled with oil lying about the well, and a large vat about sixteen feet square, and as high as a man's head, nearly full of oil, and a man filling oil from it as fast as possible. The stream of pure oil still continues to flow into the vat in large quantities. This well is about a hundred rods on the river above the famous Hequembourg well.

GERMAN REFORMED CHURCH IN THE UNITED STATES.—From the "minutes" of the annual sessions of the synod, recently held in Lebanon, Pennsylvania, which have just been published, we obtain the following summary of the two synods belonging to the German Reformed church in this country—a church about which most of our readers are probably not very well informed: Ministers, 391; congregations, 1 045; members, 92,684; unconfirmed members, 53,452; baptisms, 10,551; confirmations, 5,769; received by certificate, 1,386; dismissed, 579; deaths, 3,318; Sunday schools, 866. These statistics are still, to some extent, imperfect. They, however, show an increase in the number of ministers, during the year of 26. There are 5 churches less reported this than last year, notwithstanding the numerous new congregations which have been organized. This is owing to the fact that, in the Western Synod, several whole charges failed to report the number of their churches. In the Eastern Synod, the increase for the year is 17 congregations. The number of members reported this year, 5,508, and the number who communed, 4,784. The addition to the number of Sunday schools is 94. The baptisms and confirmations fall a little short of those reported last year.

BERGER OUTDONE.—A Western champion of the cue is the practicing to surpass Mons. Berger.—He has had but little experience as yet, but is improving, and hopes to cope with the tremendous Frenchman after a few years' practice. The following are some of his diversion shots—a new name for what Berger calls the "romantic:"

"Driving a ball down a leg of the billiard table, down two pairs, making a carom on three balls suspended over a pawn-broker's floor.

"Shoving his ball through three lengths of stove-pipe, and drawing it back into his overcoat pocket. He makes a very pretty right-angle shot through a stove-pipe elbow.

"Making a carom by causing a ball to travel a portion of the distance on a cushion, and travel the remainder on its nerve.

"Driving his ball between two balls four feet apart, and hitting both at the same time. This is done by his ball *bursting* just as it gets between them.

"Making mass shots from various portions of the table, causing the player's ball to twist forcibly against the abdomen of any bystander designated.

"His great forte lies in *nursing* the balls. In this delicate operation he is aided by two experienced "grannies."

GREATEST MILITARY MARCH ON RECORD.—Another unprecedented military march has been accomplished by a regiment of the United States army. A large portion of the Seventh regiment marched from Camp Floyd, U. T., to Fort Buchanan, New Mexico, traveled 1,000 miles and spent one hundred and forty days on the road. This is one of the most lengthy military journeys recorded. It is not generally known that the longest march of infantry ever accomplished was completed a year ago by an American regiment, the Sixth, which left Fort Leavenworth, Kansas, *en route* to California, a distance of 2,800 miles, and were one hundred and ninety days on the road, of which one hundred and sixty-two were actually spent in marching. This march was nearly twice the length of Hannibal's from Italy to Spain; more than twice as long as Xenophon's ten thousand, and much longer than Napoleon's journey to Moscow. The fatigue and labor incident to the American service are said to be of so debilitating a character, that of 14,000 men nominally considered efficient, hardly 6,000 could be selected fit to compete with regularly-disciplined forces.

RESIGNATION.—Col. I. S. Waterbury has resigned his position as Chief of Police, and Henry S. Radabaugh has been appointed to fill the vacancy.—When Mr. Waterbury was appointed, we ventured the opinion that he would make a most excellent officer, and this prediction would doubtless have been verified, but he did not take kindly to the calling. It didn't suit him, and it was soon evident that he was out of his element. He goes back to some employment on the Northern Central Railroad.

His successor in office, Mr. Radabaugh, has served as a police officer for several years, in this place, and, by his energy in the pursuit of his calling, always gave satisfaction to the public.—He has now rather a more difficult office to fulfil; one which requires the utmost degree of skill and vigilance—and we feel satisfied that he will do it in such a manner as to meet the approbation of the community.

SPLENDID FAT DURHAM CATTLE.—One of our enterprising butchers, Mr. Alexander Koser, has purchased of Jacob S. Haldeman, Esq., two of the largest, finest and fattest young Durham oxen in this region of country, which he intends slaughtering and serving up to our beef-eating citizens. We subjoin the pedigree of these splendid animals, as furnished by the gentleman who raised them:

SNOW BALL, bred by Jacob S. Haldeman, Fairview, York county; three years old Sept. 1, 1860. Got by Mr. Gowen's celebrated Duke of Cumberland, dam Victoria by Prince of Wales, granddam imported Virginia by Enterprise, &c. Duke of Cumberland got by Lamartine, dam Rose by Dandy, granddam imported King Charles II.

DUKE OF YORK, the property of Jacob S. Haldeman, Fairview, York county, six years old, got by Comet, dam Annie, granddam Pretty Face by imported Alexander, Comet by Roderick II., dam imported Nell, Nell by Jerry, Jerry by imported Albion.

These cattle will arrive in the city this morning and may be seen at the stable of Mr. Buck's hotel until to-morrow morning, when they will be exhibited in the market-place for an hour or two. In the afternoon they will be slaughtered at Mr. Koser's butcher shop, corner of Mary's alley and Second street, and on Saturday morning served up to his customers in market. All lovers of choice beef should be on hand to secure "cuts" of these young, tender and fat cattle, which will be disposed of by Mr. Koser at prices to suit the times. jan3-d5t†

THE school for feeble-minded children, at Media, has been enlarged to the limits of its original plan, by the addition of the second wing, thus making the building of uniform appearance, and providing accommodation for nearly twice the number of children at present in the institution. By spring all the internal arrangements will have been completed, and Pennsylvania will have an institution unequalled by any of the kind in the Union.

"WHO OR WHAT IS JENKENS?"—We have been asked this question by a correspondent, and we will reply that Jenkins is a newspaper writer who describes balls, fashionable weddings, &c, and who goes largely into gossipping detail. He would say, for instance, "Mrs. B. looked exceeding well in a magnificent lilac silk dress, with Brussels lace trimmings; while Mr. B. looked superbly in an elegant dress suit which he had procured for the occasion at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chesnut street, above Sixth, Philadelphia. We may remark, *en passant*, that the most splendid stock of garments for gentlemen and youths is kept constantly on hand at this deservedly popular establishment." This specimen of Jenkins' style will satisfy our readers that he can sometimes tell the sober truth.

A LARGE LOT OF GOODS received to-day, suitable for presents, which will be sold off much below their real value. 60 dozen of Hem-stitched and Grass Linen Handkerchiefs, at 20, 25, 37 and 50 cents a piece; 100 Sets of Collars and Sleeves, direct from New York auction, at very low prices; Gents' Plain and Bordered Linen Handkerchiefs; beautiful lot of Lace Curtains; Chenille Scarfs, at 12½ and 25 cents; 10 pieces of Cassimere for pants; 10 pieces of Cloth, for Cloaks; 25 pieces of all kinds of Flannel; 2,000 yards of best brown Muslin, for 10 cents; Woollen Socks, 15, 20 cents; Undershirts, Drawers, 50, 62, 75, and a great many other bargains.

GLUE.—Our advertising columns contain some testimonies to the value of a new article known as "Spalding's Prepared Glue," useful to housekeepers for mending furniture. It is prepared with chemicals, by which it is kept in the proper condition for immediate use, the chemicals evaporating as soon as it is applied, leaving the glue to harden. We can assure our readers that this article has the excellent phrenological quality of "large adhesiveness."

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS. Depend upon it mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over seven years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HEREIN DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world.
