THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages; and after a while to mi.ori orate them into our own; thus the word. Cephalic, which is from the Greek, signifying "for the head," is new becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalis will become as common as Blectretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you nesse me of an 'eadache?'' "Does it hache 'ard, " says e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'oner it cured me se quick that I 'ardly realized I 'ad 'ad an 'eadache.

IJ HEADAGHE is the favorite sign by [which nature makes known any deviation whatever from the natural state of the brai :, and viewed in this light it may be looked on as a sateguard intended to give notice of disease which night otherwise escape attention, till too late to be remedied; and it-indications should never be neglected. Heat. aches may be classified under two names, viz : Symptomstic and Idiopathic. Symptomatic (leadache is exceedingly mmonand s the precursor or a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headachs, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very requently attended with Headaches; Assemia and plathors are also affections which frequently occasion headache.-Idiopathic Heedache is also very common, being usually listinguished by the name of servous headachs, sometime coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or accrebity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes proveking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Caphalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the nnerring index.

Bainder.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but I'm thinking that's not just it nuither; but perhaps ye'll be ather knowing what it is. #### Constipation or Costiveness.

Constipation or Costiveness.

No one of the "many ills flesh is heir to?" is so prevalent, so little understood, and so much neglected as Co-tiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and milesalearly etadicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costivent as is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Files and others of i ke nature, while along train of fightful diseases such as Malignant Fevera, Abcases, Dysentery, Dierrhers, Dyspensia, Apoplexy, Epilepsy Paralysis, Hysteria, Hypochondriasis, Melacohely and insantry, first indicate their presence in the system by this alarming symptom. Not unrequently the diseases manned originate in Constipation, but take on an independent existence and these considerations it follows that the should really stage. From all these considerations it follows that their should realise in the same is considerations. ever it occurs, and no person should neglect to get a box of Cephalic Pilis on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this daugerous foe to human life.

TWENTY, MILLIONS OF DOLLARS SAVED .- Mr. Spalding has soid two millions of bottles if his celebrated Prepared Glue an it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twinty millions or dollars reclaimed from to alloss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching hears with his Cephalic Pills, and if they are as good as his Glue, Headwick will soon vanish away like mow in July.

If Over excitement, and the mental care and anxiety inodepate to the close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing climplant is a text blow to all energy and ambition.

Surerres by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and sootnes the strained and jurring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH ENOWING — Spalding's Cephalic Pills are a priain cure for Sici Headache, Billons Headache, Nervous Readache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great modical dispoveries of this age may be considered the set m of visceinstical for protection from Small Pox, the Cophwie Pill for relief of Hondache, and the use of Quinnie for the pravantion of Fevers, either of which is a sure specialc, whose benefits will be experienced by suffering humanity long seer their dispoveress are forgotten.

all Fill you ever have the sick Hesaache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation or study. One of the Cephalic Fills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a fex of them on hand to use as eccasion requires.

## Headache. By the use of these Pills the periodic attacks of Ner-vous or Sick Hedducks may be prevented; and if taken

at the commencement of an attack immediate relief from pain and sickness will be obtained. They soldom fail in removing the Nausea and Head-

ache to which females are so subject. They act gently upon the bowels, - removing Costine ness. I

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Lazative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stemachair the They are entirely vegetable in their composition, and

may be taken at all times with period a fety without making any change of dist, and the absence of any desagreeable taste renders it easy to administer them to hildren. BEWARE OF COUNTERFEITS!

## THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR R E S T O R I N G

WORTHY OF ANY CONFIDENCE FOR

RESTORING

THEBALDAND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BAFE, Mainc, April 18, 1859.

PROF. O. J. Wood & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, f

world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.

Respectfully yours, BEV. S. ALLEN BROOK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; but if you think it worthy of a place among the rest, insert if youwish; if not destroy and say nothing.

# D MOTT'S CHALYBEATE RESTORATIVE PILLS TRON.

Aw aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their

practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all meladies in which it has been tried, it has proved absolutely curative in each of the following complaints. viz:

omplaints, viz: In Debility, Nervous Affections, Emaciation, Dys-

nas proved assolutely curative in each of the absolutely complaints, viz:

In Bebllitt, Nervous Affections, Emaciation, Dyspersia, Constitation, Diarregata, Dysentrey, Incipient Consumetion, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chiodosis, Liver Complaints, Ohnorio, Whites, Chiodosis, Liver Complaints, Ochoonic Headones, Recumation, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent maismus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them. In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked Diarregata, even when advanced to Dysen Terr, confirmed, emacating, and appa

nteresting instances. In Scropulous Tuberculosis, this medicated iron has

had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly afecting them.
In Rheumatism, both chronic and inflammatory—

In KHRUMATISM, DOER CHYONIC and Insammatory—In the latter, however, more decided ly—it has been invariably well reported, both as alleviating pain and reducing the swellangs and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has every been discovered in the whole history. renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. ENDRMOUS BUSINESS FOR ONE NEW YORK MERCHARY.

We are happy to inform our fellow-citizens that there is one pikee in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any strenger or citizen to visit Underno Wolff's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos, 17, 19 and 21, Marketfield street! His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases of Madeira. Sherry and Tort Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wines, &c. in casks, under Custom-House key, ready for bottling. Mr. Wolff's asless of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolff, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolff's pure Wines and Liquors.

We understand Mr. Wolff's pure Wines and Liquors.

shelves, and replace it with WOLFE's pure WINES and LIQUORS.
We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

Medical.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, containing IRON, SULPHUR, AND PHOSPHOROUS, and high injuries ampropriation with the termination with the second

taining IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with DEBLILTY, pale countenance and nervous derangement, analyses of the blood show a dediciency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indicative of heath; while a pale, wax-like skin and countanence,—which evinces a deficiency of the red globules,—accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red globules but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the dediciency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in

are to soften the cough, brace the nerves, strengthen the system, allay the prostrating night sweats, increase the physical and nearhal energy, enrich the blood by restoring the lacking red globules, increase the appetite, restore the color, and clothe the skeleton frame with flosh. The BLOOD FOOD will be found a specific in all CHRONIC DISEASES of the THROAT or LUNGS, such as Astama. Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspepsia, Liver Complaints, Dropsy, Epilepsy, Paralysis, Scropula Gravel, St. Vitus' Dance, Fever and Ague, &c., its efficiency is marked and instantaneous. In no class of diseases, however, are the beneficial effects of this remedy so conspicuous as in those harrassing.
