THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other Languages, and after a while to in or, oratthem into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cophali: will become as commonas Electretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'crrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?'' "Does it hache 'ard, " says 'c. "ffexcredingly," says hi, hand upon that 'e gave me a Cophalic Pill, hand 'pon me 'oner it cured me so quick that I 'erdly realized I 'ad 'ad an 'eadache.

IIP HELDicus is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a sa'eguard intended to give notice of disease which might , therwise escape attention, till too late to be remedied; and it indications should never be neglected. Head. aches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Teadache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anzenia and pletnora are also affections which frequently occasion headache.-Idiopathic Headache is also very common, being usually distinguished by the name of nervous headachs, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies. and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes proveking vomiting; under this class

may also be named Neuralgia. For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the

Constipation or Costiveness.

Constipation or Costiveness.

No one of the "many ills fiesh is heir to" is so prevalent, so little understood, and so much neglected as Co-tiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter cvils of which contiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of I ke nature, while a long train of fr ghiful diseases such as Malignant Fevers, Aboesses, Dysentery, Diarrhoza, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melacechy and Insanity, first indicate their presence in the system by this alarming symptom. Not un requently the diseases named originate in Constipation, but take on an independent existence onless the cause is cradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this daagerous foe to human life.

A Real Blessing.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared

lue and it is estimated that each hottle seves of local to

collars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from to alloss by this valuable invention. Having made his tilue a household word, he now proposes to do the world still greater service by curing all the aching hea's with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July. OVER EXCITEMENT, and the mental care and anxiety

ILPOWER EXCITEMENT, and the mental care and anxiety incident to the close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition.— Sunferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jurring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FAOT WORTS ENOWING —Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephatic Pill for relief of He-dache, and the use of Quipine for the preventions of Flovers, either of which, is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

II DID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation or atndy One of the Cephalic Pills would have relieved you from all this suffering which you then experienced. For this and other rposes you should always have a box of them on hand to a se eccasion requires.

By the use of these Pills the periodic attacks of Nercous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the Nausca and Headache to which females are so subject. They act gently upon the bowels,-removing Costive. ness. I

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Laxative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investication and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the servous system o from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

Prof. O. J. Woon & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Half Restorative, and which you have published in this vicinity and else where, has given rise to unmerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt, been hasely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your hestorative of any account for some monthe, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my hair even of the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to t

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every sickly complexion conceivable case.

the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all meladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

IN DERILITY. NERVOUS AFFECTIONS, EMACIATION, DYSPEPRIA, CONSTIPATION, DIARRICA, DYSENTERY, INCIPIENT CONSUMPTION, SCREPULOUS TUBERCULOSIS, SALT REEUM, MISMENSTRUATION, WHITES, CHLOROSIS, LIVER COMPLAINTS, CHRONIC HEADACHES, REEUMATISM, INTERMITERT FEVERS, PIMPLES ON THE FACE, &C.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or written attestation would render credible. Invalids so long bed ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as it just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent manasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, when makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most

Schnapps on hand ready for shipment could not have
been less than thirty thousand cases; the Brandy, some
ten thousand cases—Vintages of 1836 to 1856; and ten
thousand cases of Madeira, Sherry and Port Wines,
Scotch and Irish Whisky, Jamsica and St. Croix Rum,
some very old and equal to any in this country. He also
had three large cellars, filled with Brandy, Wines, &c.
in casks, under

Liquors.

We understand Mr. Wolve, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation containing IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with

Globute, or read blood. In all diseases accompanied with D E B I L I T Y, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indicative of heath; while a pale, wax-like skin and countenance,—which evinces a deficiency of the red globules, accompanies a diseased organism. Preparations of Inon have been given for the purpose of supplying the red globules, but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in

are to soften the cough, brace the nerves, strengthen the system, allay the prostrating night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules, increase the appetite, restore the color, and clothe the skeleton frame with flesh. The BLOOD FOOD will be found a specific in all CHRONIC DISEASES of the THROAT or LUNGS, such as Asthma. Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspepsia, Liver Complaint, Dropsy, Epilepsy, Paralysis, Scrofula Gravel, St. Vitus' Dance, Fever and Ague, &c., its efficiency is marked and instantaneous.
