THE ANALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalis will become as commonas Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?'' "Does it hache 'ard," says 'e. "Hexceedirgly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me se quick that I 'ardly realized I 'ad 'ad an 'eadache.

HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Head. aches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Ucadache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anzemia and plethora are also affections which frequently occasion headeaha Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or accrebity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class

may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

Barnger.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but 1'm thinking that's not just it maither; but perhaps ya'll be atther knowing what it is. Ye see she's nigh dead and gone with the Sict Headache, and wants some more of that same as related heat before relaived her before.

Druggist — You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and giv me the Pills and don't be all day about it aither.

Constipation or Costiveness.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little consequence to exoite, anxiety, while in reality it is the prequireor and companion of many of the most fatal and dangerous discases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the sisual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of I ke nature, while a long train of fr ghiful discases such as Malignant Fereza, Abdesses, Dysentery, Districea, Dyseppsia, Apopiety, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melaucholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unirequently the diseases named originate in Constipation, but take on an independent existence on less the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills out the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

TWENTY MILLIONS OF DOLLARS SAYED,—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken farniture, thus making an aggregate of twenty millions of dollars reclaimed from to al loss by this valuable invention. Having made his Glue a household word, he now propose, to do the world still greater service by curing all the aching hear's with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon yamsh away like snow in July.

II Over exorrement, and the mental care and enviety incident to the close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complainties a fatat blow to all energy and ambition.—Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and juring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain, brain,

FACT WORTH ENOWING—Spalding's Cophalic Pills are a certain cure for Sick Headache, Billous Headache, Nervous Headache, Costiveness and General Debility

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephaula Pills for Tellet of Redalache, and the use of Quining for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten

II DID you ever have the Sick Headache? Do you in J. Phr you ever must the bick headache? Do you remember the throbbing temples, this fevered brow, the loathing and disgust at the sight of food? How totally unit you were for pleasure/conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to

By the use of these Pills the periodic attacks of Neryous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR THE BALD AND GRAY

THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forect to leave the field to its resistless sway. Read the following:

BATH, Maine, April 18, 1859.

PROF. O. J. Wood & Co.: Genit:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years pest, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now ofl years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last aummer, for which I am very grateful: I gave it to my friends and thereby induced them to try it; many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I beliave where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results.

I remain, dear sirs, yours, A. C. RAYMOND.

Alaon's Run, Ky., Nov. 30, 1858.

Prof. O. J. Wood: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take odession to recommend this invaluable remedy to all who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; but if you wish; if not destroy and say nothing.

Yours, &c., REV. S. A. B.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Upollen Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schiedam Schafps. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the cartificate. The public are respectfully invited to call and examine for themselves. Read the following from the New York Courier:

Enormous Business for One Howe citizens that there is one place in our city where the physician, apothecary, and country merchant; and go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Upolipho Wolff's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Schnapps last year amounted to one hundred and equal to any in

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merit sof this chemical preparation, containing IRON, SULPHUR, AND PHOSPHONUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with DE BILITY, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy completion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and countsnance,—which evinces a deficiency of the red globules, accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red globules, but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in

are to soften the cough, brace the nerves, strengthen the system, allay the prostrating night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules, increase the appetite, restor the color, and clothe the skeleton frame with fleah. The BLOOD FOOD will be found a specific in all CHRONIO DISEASES of the THROAT or LUNGS, such as Asthma, Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspepsia, Liver Complaint, Dropsy, Epilepsy, Paralysis, Scrofula. Gracel, St. Vitus' Dance, Fever and Ague, &c., its efficiency is marked and instantaneous. We have the utmost confidence in recommending the BLOOD FOOD to all who may be conscious of a loss of vitality or energy; and to those whose methal or bodily powers are prostrated through over use; either of the mind or body, and we deem it our duty to say that in all cases of Weakness and Emaciation, and in all diseases of the Kidneys or Bladder, this preparation has a claim upon the attention of sufferers which cannot be over estimated. A faithful trial will be found the most convincing proof in regard to its efficacy that could be asked for. With the above remarks, and with the numerous testimonials we have in its favor, we offer the "BLOOD FOOD" to the consideration of the afflicted, knowing that it will be acknowledged as pre-eminent over all other preparations, patent or officinal, in point of usefulness. Circulars giving the Theory upon which this remedy is founded, also certificates of remarkable cures, will be sent free when desired. We forward the BLOOD FOOD to any part of the United States or Canadas upon receipt of price—\$1 per bottle, \$5 for six bottles.
