THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Headache remedy, but it will soon he used in a more general way, and the word Cephali; will become as common as Electretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'errible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you nease me of an 'eadache?'' "Does it hache 'ard," says e. "Hexcredingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me se quick that I 'srdly realized 1 'ad 'ad an 'eadache.

I HEADICHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the braid, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and it-indications should never be neglected. Headiches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting vilious headache, of worms, constination and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Auæmia and plethora are also affections which frequently occasion headache.— Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the nnerring index.

BRIDGET —Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist — You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and giv me the Pills and don't be all day about it aither.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habite; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fasta and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of I ke nature, while a long train of frightful diseases such as Malignant Fevers, Aboesses, Dysentery, Diarrhoza, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochoudriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not untrequently the diseases mamed originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it fellows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box No one of the "many ills flesh is heir to" is so prevalent, ever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

A Real Blessing.

Physician-Well, Mrs. Jones, how is that headache? Physician—Well, Mrs. Jones, how is that headsche? Mrs Jones—Gone! Doctor, alt gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.
Physician—You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headsche
Mrs. Jones—I shall sen! for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED,—Mr. Spaiding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten diliars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from to alloss by this valuable invention. Having made his ciliae a household word, he now proposes to do the world still greater service by curing all the aching hear with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

IIJOVER EXCITEMENT, and the mental care and anxiety incident to the close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition.—Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one or the Cephalic Pills whenever the symptoms appear. It quiets the over-Pills whenever the symptoms appear It quiets the over-tasked brain, and soothes the strained and juring nerves, and relaxes the tension of the stomach which always acand retakes and aggravates the disordered condition of the brain.

Fact words knowing —Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Norvous Headache, Costiveness and Ge ieral Debility.

GREAT DISCOVERY.—Among the most important of all the great madical dispoveries of this age may be considered the system of vaccination for protection from Small Pox, the Caphalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

IJ Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would hive relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to as eccasion requires.

conalic D. CURE CHEROLO CURE CUR NervousHeadache W Rinds of Headache.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They soldem fail in removing the Nausea and Headache to which females are so subject. They act gently upon the bowels, - removing Costive-

ness. 1 For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Laxative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity

and strength of the whole system. The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or

from a deranged state of the stomach. They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any desagresable taste renders it easy to administer them to kildren.

WORTHY OF ANY CONFIDENCE FOR RESTORING

RESTORING

RESTORING

THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BATH, Maine, April 18, 1859.

PROF. O. J. Wood & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life the course were proposed; third, and better colored: RESTORING

munication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receip to fa great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your lessorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a look of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it; many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results.

I remain, dear sirs, yours,

D MOTT'S CHALYBEATE RATIVE PILLS & IRON.

An aperient and Stomachic preparation of IRON puri-As aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practices

The experience of thousands daily proves that no pre-paration of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following

Conceivable case.

Innoxious in all meladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affrotions, Emachation, Dyspepsia, Constitation, Diarrhea, Bysenter, Incipient Consumption, Screpula, Sulloresis, Sall Rheum, Missertuation, Whites, Chloresis, LyverComplaints, Chronic Headaches, Rheumatiem, Intermitent Freezer, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which modescription or written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affectual men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them. In Dysepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In the local pains, loss of fiesh and strength, debilitating cough, and remittent hectic, which generally indicate Incip

octing them.
In Rheumatism, both chronic and inflammatory—in the

fecting them.

In Hheumatism, both chronic and inflammatory—in the latter, however, more decided ly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Internative Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Udolers Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schiedam Schapps. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that sil the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. ENGRMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—

We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit UDOLPHO WOLFF'S extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeirs, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wines, &c. in casks, under Custom-House key, ready for bottling. Mr. WOLFE's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe, for the accommodation of

Liquors.
We understand Mr. Wolfe, for the accommodation of We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness. The attention of Invalids, Physicians, Clergymen,

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, containing IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or real blood. In all diseases accompanied with DEBILITY, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and countenance,—which evinces a deficiency of the red globules, accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red globules, but we contend that IRON alone, SULPHUR slone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in

ranks as one of the most scientific and important of the age. Its effects in O O'N S U M P T I O N are to soften the cough, brace the nerves, strengthen the system, allay the prostrating night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules; increase the appetite, restore the color, and clothe the skeleton frame with fiesh. The BLOOD FOOD will be found a specific in all CHRONIO DISEASES of the THROAT or LUNGS, such as Asthma, Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspepsia, Liver Complaints, Dropsy, Epilepsy; Paralysis, Scropial. Gravel, St. vi. tus? Dance, Fiver and Ague, &c., its efficiency is marked and instantaneous. In no class of diseases, however, are the beneficial effects of this remedy so conspicuous as in those harrassing
