OVER EXCITEMENT, and the mental care and anxiety ILP Over EXCOTRANSIT, and the mental care and anticity incident to the close attention to business or study, are among the numberous causes of Nervous Headache. The disordered state of mind and body incident to this distress-ing complaint is a fatal blow to all energy and ambition...... Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the over-tasked brain, and southes the strained and jurring nerves, and relaxes the tension of the stomach which always ac-companies and aggravates the disordered condition of the brain.] brain.j

FACT WORTH KNOWING -Spalding's Cephalic Pills are a certain cure for Sick Headache, Bilious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of reconstruction for protection from Small Pox, the Caphalio Pill for relief of Headache, and the use of Quinine for the provention of Ferers, either of which is a sure specific, whose benefits will be experienced by suf-fering humanity long after their discoverers are forgotten.

I_P DID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all ths suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented ; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the Nausea and Headache to which females are so subject.

They act gently upon the bowels,- removing Costive ness,]

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Lazative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headanhe, whether originating in the servous system or from a deranged state of the stomack.

They are entirely vegetable in their composition, and may be taken at all times with perioct safety without making any change of dist, and the absence of any disagreeable taste renders it easy to administer them to children.
