THE AMALGAMATION OF LANGUAGES.—There is a growing endency in this age to appropriate the most expressive words of other languages, and after a while to in or, crate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephali: will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'crrible 'eadache this hafternoon, han! I stepped into the hapothecaries hand says hi to the man, "Can you iease me of an 'eadache ?" "Does it hache 'ard, " gays 'e. "Hexceedirgly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'ron me 'oner it cured me so quick that I 'arily realized I 'ad 'ad an 'eadache.

III HEADICHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brait, and viewed in this light it may be looked on as a sa'eguard intended to give notice of disease which might atherwise escape attention, till too late to be remedied; and it indications should never be neglected. Head aches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Teadache is exceedingly common and a the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently sttended with Headaches; Ansemia and plethora are also affections which frequently occasion headsone.— Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes proveking vomiting; under this class

may also be named Neuralgia. For the tre-tment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

Banger.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills—but I'm thinking that's not just it nuither; but perhaps y-'ll be alther knowing what it is. Ye see she's nigh dead and gone with the Sicr Headache, and wants some more of that same as arbitred headache. Druggist — You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarther and giv me the Pills and dont be all day about it aither.

Constipation or Costiveness. No one of the "many ills fleeb is heir to" is so prevalent, so little understood, and so much neglected as Co-tiveness. Often originating in carelesses or sedentary habits; it is regarded, as a slight disorder of two little consequence to excite 'suxiety', while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual aftendant are Headache, Colic, Theumatism, Foul Breath, Files and others of I ke nature, while a long transport freightly diseases such as Malignant Bevers, Abocsses, Dysentery, Districa, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not un requently the diseases named of ginate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attaintion when No one of the "many ille flesh is helr to" is so prevalent, ever it occurs, and no person should neglect to get a box of Cephalic Pills on the drst appearance of the complaint, as their timely use will expel the insideous approaches of disease and destroy this dangerous foe to human life.

A Real_Blessing.

Physician—Well, Mrs. Jones, how is that headache? Mrs. Jones—Gone! Doctor. all gone! the pill you sent cured me in just twenty minutes, and I wish yo. would send more so that I can have them handy. Physician—You can get them at any Drug sists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Heavache

Mrs. Jones—I shall sen for a box directly, and shall tell all my suffering friends for they are a real blessing.

Twenty Millions of Dollars Saved.—Mr. Spalding has sold two mulions of bottles of his celebrated Prepared Give and it is estimated that each hottle gaves at least ter Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggre-gate of twonty millions of dollars reclaimed from to at loss by this valuable invention. Having made his what a househole word, he now proposes to do the world still greater service by curion all the aching, her s with his Cephalic Pills, and if they are as good as his Glue, Head-aches will soon vanish away like snow in July.

incident to the close attention to business or study, are among the numerous causes of Nervous Headach. The disordered whate of mini and body incident to this distressing complaint is a fatal blow to all energy and amb tion—su terms by this disorder can always obtain speedy releftrom those distressing that the strucks by using one of the Cephalic Fills whenever the symptoms appear. It quiets the overtasked brain, and soothes the Strained and juring nerves, and relaxes the tension of the stomach which always accompanies and sgrayates the disordered condition of the brain.

FACT WORTH KNOWING — patting's Cephalic Pills are a certain cure for rick Haddache, Silious Hesdache, Nervous Headache, Costiveness and the arral Debility.

GREAT DISCOVERY.—Among the most important of all the great madical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephtic Pill for relief of Hadache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after recir discoverers are forgotten.

IJDID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the lostling and disgust at the sight of food? How totally unfit you were for pleasure, conversation or study Out of the Cephalic Pills would have relieved you from all the suffering which you then experience! For this and ther purposes you should always have a box of them on hand to use as eccasion requires.

NervousHeadache Headache.

By the use of these Pills the periodic attacks of Nerpous or Sick Headachs may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They soldom fail in removing the Nausea and Headtoke to which females are so subject. They act gently upon the bowels, - removing Costive.

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Lazative, improving the appetite, giving tone and vigor to the digestive orgens, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the acreaus system or from a deranged state of the stomach. They are entirely vegetable in their composition, and

may be taken at all times with perfect safety without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to ehildren. BEWARE OF COUNTERFEITS!

THE ONLY DISCOVERY

THE BALD AND GRAY.

of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much iraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it; many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results.

I remain, dear sirs, yours,

AARON'S RUS, Ky., Nov. 30, 1858.

Prof. O. J. WOOD: Dear Sir:—I would certainly be doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair. I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; but if you think it worthy of a place among the rest, insert if you wish; if not destroy and asy nothing.

D MOTT'S CHALYBEATE RATIVE PILLS IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their

practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every

conceivable case.

Innoxious in all metadies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz: complaints, viz:
IN DEBILITY, NERVOUS AFFECTIONS, EMACIATION, DYSPESIA, CONSTITATION, DIARREGA, DYSENTERY, INCIPIENT CONSUMPTION, SCREFULOUS TUBEROULOSIS, SALT RHEUM, Mismerstruation, Whites, Chlorosis. Liver Complaints. Chronic Headaches, Rheumatism, Intermittent Fevers

MISMENSTRUATION, WHITES, CHLOROSIS. LIVER COMPLAINTS, CHRONIC HEADACHES, RECUMATISM, INTERMITTENT FEVERS, PIMPLES ON THE FACE, &C.

In cases of General Debility, whether the result of scate disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or written attestation would render credible Invalids so long bed ridden as to have be come forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as it just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent majasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nexpous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.

In unchecked Diarrenge, even when advanced to Dysen Terry, confirmed, emaciating, and apparently malignant the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent heetic, which generally indicate Incirent Consumption, this remedy has allayed the alarm of friends and physicians

of friends and physicians, in sector very granding interesting instances.

In Scrottlous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affective tham

fecting them.

IR HETMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles. In INTERMITTENT FEVERS it reast necessarily to a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high reasons and usefulness.

new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Read the following from our fellow-citizens that there is one place in our city where the physician, apoth-cary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. BY ROS. J. CULVERWELL. M. D. The important fact that the awful consequences of self-abuse may be effectually removed with untruturnal medicines or the dangerous applications of caustics, instruments, medicated bougles, and other empirical davices, is here clearly demonstrated, and the entireis new and highly audicressful treatment, as adopted by the celebrated author, fully explained, by means of which every one is causticated ourse himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. The Lecture will prove a boon to thousands and thousands. Sent under seal to any address, post inid. on the receipt of two nostage stamps, by addressing Dr. CHAS J. C. solicited to the merits of this chemical preparation, containing IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with DEBILITY, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and counte, nance,—which evinces a deficiency of the red globules—accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red globules, but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attuined, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in

Green Sickness, Whites, &c., especially when hese complaints are accompanied with paleness, a ding heer or pallor of the skin, depression of spirits, debility, palpitation, want of appetite, and nervous prostration. We have the utmost confidence in recommending the BLOOD FOOD to all who may be conscious of a loss of vitality or energy; and to those whose mental or bodily powers are prostrated through over use, either of the mind or body, and we deem it our duty to say that in all cases of Weakness and Emaciation, and in all diseases of the Kidneys or Biadder, this preparation has a claim upon the attention of sufferers which cannot be over estimated. A faithful trial will be found the most convincing proof in regard to its efficacy that could be asked for. With the above remarks, and with the numerous testimonials we have in its favor, we offer the "BLOOD FOOD" to the consideration of the afflicted, knowing that it will be acknowledged as pre-eminent over all other preparations, patent or officinal, in point of usefulness. Circulars giving the Theory upon which this remedy is founded, also certificates of remarkable cures, will be sent free when desired. We forward the BLOOD POOD to any part of the United States or Canadas upon receipt of price—\$1 per bottle, \$5 for six bottles. Be careful in all cases to take none but that having our fac-simile signature upon the wrapper. None other is genuine.

WORTHY OF ANY CONFIDENCE FOR RESTORING

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BATH, Maine, April 18, 1859.

PROF. O. J. Woon & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life
