on Saturday. REMOVED .- The gay French has removed his

Book Emperium next door to the PATRIOT AND Union office, where he will continue to sell books on the high pressure principle until further notice. GERMAN BALL.-We are indebted to Col. Wm.

Metzgar for a complimentary ticket to the German ball to be given at Brant's Hall, on the evening of the 14th. This promises to be one of the greatest balls of the season. It is in the hands of gentlemen who will spare neither pains nor expense to make it an agreeable affair.

BREASTPINS FOUND .- A small breastpin, with a daguerreotype in it, awaits an owner at our office. which can be had by paying for this advertisement. We can also give information of another breastpin, found by a lady, the description of which has not been furnished us, but which can be had by describing it. Apply at this office.

THE COURT HOUSE BELL.—The steel bell which for sometime past has been swinging in the cupalo of the new Court House, has been taken down, in order to be exchanged for one of a different tone. We can only say to the Commissioners that no bell in the world placed so low as to permit the high buildings which surround the Court House to break the sound, can be fairly tested, or have its merits and tone properly appreciated.

Social Soires .- We acknowledge the receipt of a complimentary ticket to the "Liederkrantz" social soiree, to be given at their hall, in Frisch's new building, on Saturday evening, February 16. The same liberality will be displayed in getting up this soirce that characterizes the parties of this association; but, in view of the stringency of the times, the price of tickets will be reduced to twenty-five cents, which cannot fail to seeure them a full house.

CUMBERLAND VALLEY RAILROAD,-Mr. Marshall has read in place in the House a further supplement to the act incorporating the Cumberland Valley railroad company.

SEC. 1. That from and after the passage of this act, it shall not be lawful for said company to charge more than three cents per mile toll, and two cents per ton per mile for transportation, and not exceeding two and a half cents per mile for each passenger.

This corporation appears to be exceedingly unpopular with the Legislature, as there are several bills up for restricting its privileges.

RAILBOAD PROJECTS .- The people living along the line of the canal between Petersburg and Hollidaysburg are moving in the matter of building a railroad between the two points, and abandoning With a little assistance from the Pennsylvania Railroad Company it might be accomplished to the advantage of all parties. A meeting was called to be held at the public house of Joseph Phillips, in Fulton township, Lancaster county on Saturday last, for the purpose of taking into consideration the construction of a railroad from Oxford, Chester county, to intersect the York and Baltimore railroad a few miles above Peach Bottom. The call is signed by about forty of the wealthiest and most influential men along the proposed route.

SUDDEN AND UNEXPECTED DEATH .- Mr. Joseph Cunningham, a young student at law in the office of Scott, Brown & Corbin, in Huntingden, died on Monday last from having swallowed a part of the "wish-bone" of a chicken, at the Warm Springs on the Monday evening previous. He complained from the moment he got it into his throat, but the Doctors would not believe it, until he coughed it up on Sunday. Inflamation of the throat took place, and finally mortification, and on Monday morning he breathed his last. The Doctors say he had every symptom of pneumonia. He was kind, generous, and was universally esteemed by those who knew him.

DEMOCRATIC TRIUMPH !-- We have the pleasure of recording to-day a brilliant victory achieved by the Democrats in Lancaster on Tuesday last .-Mayor Sanderson was re-elected Mayor of the city by a majority of upwards of seven hundred votes, and the entire Democratic city ticket is elected .-It will be remembered that Mayor Sanderson was elected by a very meagre majority last year, and that Lincoln had a clear majority in the city last fall. The Opposition had this year nominated a full ticket, which they dubbed a union, headed by a Douglas Democrat named Wiley. A full vote was polled, and the Opposition did everything in their power to defeat Mr. Sanderson! Truly may we chronicle this as one of the first fruits of "the second sober thought" of the people of Pennsylva-

New Music .- We have received from William Knoche, the enterprising music dealer in Market street, a number of new pieces of music, which have become popular, and are now "all the rage." Among them are-"Let Me Kiss Him For His Mother," "For the Union We'll Die," "Simon the Cellerar," &c.

The piano used at the late levees of Gen. Tom Thumb was one of Chickering's best, from the establishment of Mr. Knoche, Chickering's sole agent in this city. It was put up by Mr. H. L. Godbold, and elicited the highest encomiums, not only from Miss Titcomb, the pianist, but also from the audience. Mr. Knoche has everything in the line of musical instruments and musical merchandize, selected with that judgment that a professor of music is capable of exercising, all of which he will sell at city prices.

THE CELEBRATION .- The report of the joint committee of arrangements for the demonstration on the 221, was read in the Senate yesterday, as well as the order of the Commander-in-chief and Grand Marshal, W. H. Keim. The latter appoints Maj. Mumma Marshal of the firemen, and Robert A. Lamberton Marshal of the civic societies. The Procession is to form in three divisions at 91 o'clock, and after passing over a route designated, march to the Capitol, where the flag is to be raised on the 1812. The Farewell Address is to be read by Mr. Rauch, Clerk of the House, and Robert M. Palmer is to deliver an oration.

Sentences .- The following sentences were passed by the Court on Tuesday evening:

Joseph C. Seltzer, assault and battery upon Walter Graham, was sentenced to a fine of \$100 and costs; be imprisoned for fifteen days and give security in the sum of \$500 to keep the peace for one year towards all men, and in particular towards Walter Graham.

Henry Schneider, selling liquor to minors. A fine of \$10, costs of suit, and imprisonment for ten days.

John Brooks, selling liquor to minors. A fine of \$10, costs of suit, and imprisonment for ten days. William Small, assault and battery upon a woman, \$5 fine, costs of suit, and imprisonment for five days.

A. Harris, assault and battery on his wife, a fine of \$1, costs of suit, and imprisonment for thirty days.

Christian Spayd, stealing eggs and produce from a market wagon, a fine of \$1, costs of suit and imprisonment for thirty days.

Andrew Wilhelm, horse stealing. Six months

imprisonment, and a fine of \$1 and costs. Fanny Jones, keeping a disorderly house, a fine of \$1 and costs, and imprisonment for fifteen days. Margaret Brett, forgery, in passing forged paper, and in stealing a piece of lawn, fifteen months imprisonment, \$3 fine, and costs of prosecution.

Robert Parker, assault and battery on two diffarent indictments, \$6 fine and costs, and five days

woman in the canal, fifteen days imprisonment, and \$1 fine and costs. Joseph Scott, assault and battery, five days im-

prisonment, and \$1 fine and costs. Charles Leedy, assault and battery, fifteen days

imprisonment, a fine of \$1 and costs.

WEARING RUBBER SHORS .- The tendency of India rubber shoes is to make the feet cold, and in such proportion to endanger the health; hence they are useful only in walking, when the ground is muddy, or slushy with melting snow-in these cases they are invaluable, and there is no equal substitute. Two rules should be observed, whenever it is possible; when rubbers are on the feet, persons should keep moving, and remove them on entering the house, if it is intended to remain over a few minutes. If the rubbers have been on the feet several hours, both shoes and stockings are necessarily damp by the condensation and confinement of the perspiration; therefore, all should be removed, and the naked foot held to the fire until warm and dry in every part; if, then, a pair of dry stockings are put on, and a pair of warm, loose slippers or shoes, there will be a feeling of comfort for the remainder of the day, which will more than compensate for the trouble taken, to say nothing of the ailments averted. But it must not be forgotten that as India rubber shoes are impervious to water from without, and ought to be worn in muddy weather, and only then while the wearer is in motion, so leather shoes, rendered impervious to water, by blacking or any other means, should be like India rubbers, used temporarily, and when walking in mud or slush. For common purposes the old fashioned leather boots and shoes are the best, if kept well blackened, with several renewals of dry socks during the day, if the feet sweat profusely. As cold and damp feet are the avenues of death to multitudes every year, a systematic atten tion to the above suggestions would save many a

CARLISLE ITEMS .- We copy the following items from the Democrat of yesterday :

Fire.—About four o'clock this morning the large brick building known as "Education Hall," situate in Church alley, was discovered to be on fire, and before the flames could be extinguished the interior of the building was completely destroyed.— The building is the property of the School Direcby three schools on the lower story; the second story was used as a hall. All the school furniture and many of the school books were destroyed in the school rooms. In the hall a large number of settees and other furniture were destroyed, and a large and valuable library (including the books presented several years since by Hon. L. Todd) so badly damaged as to be almost worthless. The damage to the building is covered by insurance in the Franklin Insurance Company of Philadelphia, This was no doubt the work of an incendiary.

Railroad Aceident .- Nicholas Myers, a freight car agent in the employ of Messrs. Henderson & Reed, whilst uncoupling cars at Mechanicsburg, on Monday last, was thrown from the platform of the car, under the wheels, which passed over one of his legs, crushing it terribly, and severely injuring the other. He was brought to Carlisle and placed in the care of skillful physicians. It is feared amputation will be necessary.

A few days ago Mrs. Croll, of New Cumberland, had the flesh on one side of her face burned off to the bone, and is now lying in a very low condition. It appears that Mrs. Croll is subject to epileptic fits, and being attacked by one of these when alone in a room, she fell with her face against the stove remaining in that situation for some time before she was discovered by her friends.

COLORING MATTER IN CONFECTIONERY .- AMASA M. Eaton, assistant in the laboratory of Brown University, furnishes the following interesting statistics in reference to the use of coloring matter used in the manufacturing of confectionery:

My attention having been lately directed to the materials used to color confectionery, I have procured forty-five samples, and have analyzed the coloring matters present. Those articles comprised figures, sugar plums, lozenges, sugared almonds, cocoanut cake, etc.

From this series of analysis it appears: Of fifteen reds examined, that fourteen were colored with organic coloring matters and one with mineral matter. Of three blues, that the coloring matter consisted of ultramarine. Of twelve greens, that five contained copper and that three contained chromate of lead, or chrome yellow-these latter being compound greens. Of eleven yellows, that ten consisted of chrome yellow.

I have also examined two samples of metallic duct, which was sprinkled over some of the candies, and found copper present in both cases.

Two gilt paper handles to some of the articles analyzed also contained copper. It thus appears that twenty-three of these fortyfive samples were colored with poisonous substance. The red samples were the most harmless, but even in this class one was colored with poisonous

matter. In connection with these facts, it should be remembered that all compounds of lead, mercury, copper and arsenic, although their evil effects, when taken in small quantities, may not be apparent at the time, belong to that class of substances which are termed cumulative—that is, they are liable to accumulate in the system, until at length the injurious effects of the poison manifests them-

selves. Moreover, children, who are the principal consumers of these articles, are more susceptible, on account of their delicate organization, to the effects of these poisons than adults would be.

DESCRIPTION OF LOVE.-Love is like the devil; because it torments; like heaven, because it wraps the soul in bliss; like salt, because it is refreshing; like paper, because it often sets one on fire; like sugar, because it is sweet; like a rope, because it is often the death of a man; like a prison, because it makes a man miserable; like wine, because he is here to-day and gone to-morrow; like a woman, because there is no getting rid of her; like a ship, because it guides one to the wished for port; like a Will-o'-the-Wisp, because it often leads one into dome at 111 o'clock, by the soldiers of the war of a bog; like a fierce courser, because it often runs. away with one; like the bite of a mad dog or the kiss of a pretty woman, because they both make a man run mad ; like a goose, because it is silly; like

FIRE IN CLEARFIELD .- We regret to learn that the residence of Judge Barrett, Clearfield, was totally destroyed by fire on Thursday last. His furniture was saved, but much of it in a damaged condition. We did not learn how the fire originated. His loss, we understand, is fully covered by insurance.

SUPERINTENDENT OF PUBLIC GROUNDS .- Yesterday morning George W. Boyd, Esq., was re-appointed Superintendent of Public Grounds for one year, by a concurrent majority of both Committees on Public Buildings. Mr. Boyd has made a very faithful officer, and, we presume, no one will object to his re-appointment except those who were trying to secure the position for themselves.

WHAT WAS FOUND AT PEKIN.-When the French and English soldiers entered the palace of the Enperor of China, no one knew what to take; silver was thrown away to take up gold, and gold to take up jewelled watches and gems; china and erameled vases of priceless value, were broken tecause too bulky to carry away. Rooms and rooms full of costly silks, bronzes, jadestone ornaments, were ruthlessly destroyed. The Emperor's washstand, basin and ewer of gold studded with stoner, were sold for £2.000 by the captor. With all this barbaric wealth and splendor, neither the palace nor its contents could compare, in respect to real elegance and substantial worth, with the Brown Stone Clothing Hall of Rockhill & Wilson, Nor. 603 and 605 Chesnut street, above Sixth, Philadel-Joseph Scott, assault and battery by throwing | phia, and its fine stock of garments for gentlemen and youths.

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS. AND WIND COLIC. and overcome convulsions, which, if not speedily remedied, endindesth. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES OF OTHERS, stand between you and some suffering child and the paid of t between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, it timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is

on the outside wrapper.
