A special meeting of the Good Will Fire Company will be held at their engine house, on Friday evening, the 8th inst., at 7 o'clock. By order of

the President. ACCIDENT.-Yesterday at noon a freight train of cars came in collision with a wagon near Canal street, by which accident one of the horses had a foot or hoof badly maimed. The wagon sustained no injury beyond the breaking of the shafts.

A Special Meeting of the Friendship Fire Company, No. 1, will be held in ther hall this (Friday) evening, at 7 o'clock. Punctual attendance is requested, to take action on an invitation to parade on the 22d inst.

ATTENTION, BIG 6 .- A special meeting of the Paxton Hose Company will be held at their hall on Saturday evening, the 9th of February, at 7 o'clock. Punctual attendance is desired of every member, as business of importance will be trans-WM. H. WEAVER, Sec'y.

THE United Brethren in Christ having rented the rooms in State Capital Lodge, situated in Second street, between Pine and South streets, for public worship, will have preaching for the first time on Sabbath evening, the 10th day of February. They purpose holding a series of meetings commencing on that day.

HIGH WIND .- A sudden change in the weather took place yesterday about noon, which was followed by the highest wind of the season. Ladies had to forego the pleasure of promenading, and gentlemen were in many instances subjected to the mortifying alternative of giving chase to a fagitive tile, or pursuing their journey hatless. If there ever was a wind that blowed nobody good, the wind of yesterday was one of that ilk.

POCKET PICKED .- A. man named Shoff, from Lancaster county, on his way west, stopped off in this city one train, and went on a "cantico," whereupon he was relieved of his portmonaaie containing some ninety odd dollars. The Chief of Police is on the track of the thieves, and Mr. Shoff has returned home "a sadder man, if not a wiser one."

RESIGNATION AND APPOINTMENT.—Several days ago Wm. F. Osler, local mail agent in this city, tendered his regsignation to the Post Office Department, which was accepted. Alderman J. B. Hutchinson of the Fifth ward of this city, was appointed | digging gold in Californsa. for the unexpired term. The Alderman will make a popular officer, and we only regret that owing to circumstances his mail agency will be for a limited time only.

ATTENTION, MOUNT VERSON.—A special meeting of the Mount Vernon Hook and Ladder Company, No. 1, will be held in their hall this (Friday) evening, at 8 o'clock. Every unequipped member is earnestly requested to be present, as business in reference to the parade on the 22d will be transacted. By order of the President.

J. A. CARMAN, Sec'y.

Typographical Union .- We again remind our readers that the annual festival of the Harrisburg Typographical Union takes place at Brant's Hall, on Monday evening next. Without knowing to a certainty, we promise all who attend, not only a splendid supper, but a "feast of reason and a flow of soul," which is not manifest in ordinary gatherings. The disciples of Faust never do up things on a narrow scale—therefore, all ye who want enjoyment, buy a ticket, and be happy.

RAILROAD BRIDGE DESTROYED .- We learn that during the high wind which prevailed yesterday afternoon, six spans of the Northern Central Railroad bridge over the Sucquehanna at Dauphin, were blown down. The bridge was an open one, and it seems almost a mystery how the wind could strike it with sufficient force to carry away the heavy timbers. The loss will be a serious one to the company, but it will not interfere with trade or travel, as the cars of the company can reach Dauphin by the Pennsylvania and Dauphin and Susquehanna tracks on this side of the river.

NEW BUILDING .- Mr. Stehley is erecting a double-frame building in Third street, near Walnut, evidently intended for stores below and workshops above. From present indications the building will be ornamental, and a vast improvement upon the old establishment which heretofore occupied the site, but notwithstanding this, we cannot but deprecate the erection of frame buildings in a place which aspires to be a city. In this respect we are behind the age-in the rear of all the single-barrelled cities in the State, all of which have municipal laws forbidding the erection of wooden tenements. To be sure, they are cheap, and command probably as much rent as brick edifices for business purposes, but they are not the cheapest in the end, taking into consideration their durability, and their liability to fail a prey to fire, which not only speedily destroys them, but endangers the lives and property of an entire neighborhood in consequence of their inflamable nature. We hope Council will see the necessity of passing an act against the erection of any more frame houses within the city limits.

THE LOCK-UP .-- A German brewer was the sole occupant of the lock-up on Wednesday evening, the male cell of which was like some banquet hall deserted. The night previous it was tenanted by no less than fifteen wanderers of every age and clime, who made things lively by singing the national songs of Ireland and Germany, which added to the music in the lager beer saloon adjoining, the cotillion party and the gymnasium up stairs, and the worship in the church adjoining, produced a concatenation of sounds in the vicinity which attracted the attention of the people in the street. and collected quite a crowd in front of the Exchange.

Talking about lock-up lodgers, the able-bodied men who are turned out of that institution every morning are generally ready to go into anything that might offer. If Uncle Sam had a recruiting station here, he might add any number of excellent soldiers to his ranks. If this should meet the eye of Maj. Graham, it is to be hoped that he will improve upon the hint.

OBITUARY .- The Rev. Dr. Nicholas Murray, of Elizabeth, New Jersey, died on Sunday night last, at 11 o'clock. He was to have preached on that day for the Rev. Dr. Sprague, at Albany, but his physician objected to the attempt being made, as he was suffering from neuralgia of the heart. In the evening, however, he felt that life was nearly at its close, and calling his family around him, he bade them an affectionate farewell, saying "my work on earth is Snished." He retained his senses till the vital spark departed. The Presbyterian church throughout this country has to mourn the loss of a valuable and faithful divine. Although his ministerial labors were in a retired district for the last fifteen years, yet Dr. Murray enjoyed an extensive

reputation. He was an earnest preacher, and a prominent man in all denominational works. In the literary world he is chiefly known as a controversialist, and his letters signed "Kirwan," in the New York Observer, in answer to Archbishop Hughes' theories of Papal infallibility, will be remembered by our readers. They created a great sensation at that time in the religious world. Since then Dr. Murray has published several controversial works, retaining his nomme de plume of "Kirwan."

Dr. Murray was a native of the North of Ireland, and was born in 1802. He came to this country in 1818, and was employed in the publishing establishment of Harper & Brothers. Having embraced Protestantism, he soon after entered upon studies preparatory to the ministry. He pursued his collegiate course at Williams College, where he graduated in 1826. He studied theology at Princeton, and was first settled as pastor at Wilkesbarre, Pa., in 1829. He was called in 1834 to the pastorate of the First Presbyterian Church in Elizabethtown, N. J., a relationship which terminated only with his death. In 1842 he received the degree of D. D. from Williams College. In 1849 he was elected Moderator of the General Assembly of the Presbyterian Church.

STICK TO IT.—No matter what your business isif it be honorable—stick to it and you will make a good living, if not become rich. Any pursuit well followed for a dozen of years will make a man independent-providing always that he is prudent himself, and has a wife who takes care of what is carried into the house. How many engage in business and drive it forward for a year or two, and then abandon it for some other scheme to be driven as fiercely at first, and to be given up as soon! No wonder so few become independent. A man must stick to it for years before he will begin to realize much. A mechanic who is now worth \$30,000 just remarked to us-"I have been on this spot more than five-and-twenty years, and never had a desire to change my business." Stick to it was the accret of his success; for, to our certain knowledge, when he commenced business, he had to run in debt for the tools he worked with. In the early part of his life, at different times, he was associated with partners who became uneasy and left him .--Not one of them added a dollar to the funds they accumulated in business with this gentleman .-Their shiftless characters made them run from one thing to another, and hence their bad success.

We repeat-whatever your business or profession be—stick to it—in season and out—amid hard times and prosperous times-and if you do not succeed there is no truth in us. We do not say a man may not be unfortunate after years of toil, for people often are, but we do say men who will stick closely to one thing will succeed better and make more money in the long run, than those who are fickle-minded, and who are driven about by every wind that blows. We would rather stand our chance at home with the steady and industrious man, than with the stranger who first commenced

THE POOR MAN'S LIFE .- Let but the rich man look into the miseries of the poor man's life, and if the petrifying effect of wealth and power have not absolutely changed all his heart into stone, he will feel how cheerfully, as well as fully, he ought to discharge a few duties which the advantages of his situation involve. The poor man's life is one of toil and privation, from the cradle to the grave: the unceasing sweat of the brow, barely can earn his dully bread-his utmost labor barely can feed him with the coarsest fare, can scarcely clothe him with the meanest covering. His affections are like those of other men, and if he lawfully indulge them, and marries, he has a wife and children to support as well as himself. And then, if sickness comes-oh, there is nothing so dreadful as the sick bed to the poor. In addition to the positive suffering, he has the consciousness at his heart that the cessation of labor is the cessation of means of life himself, and to those still dearer. And the suffering, without the aids and appliances which wealth can give-we know what very wretches sickness makes of us-what, then, must it be to him who has none of them! No appetite, if any food-neither medicine nor medical aid-and. it may be, none to tend the wants and soothe the sufferings of disease!

THE BRUSH-MAKERS .- There is a bill before the Legislature to incorporate the Continental brush company. It is not only a close act of incorporation that is asked for, but it appears in evidence that the persons who ask for it wish to avail themselves of the labor of the Philadelphia House of Refuge, which they procure at about twelve cents a day. With such advantages, the company could break down all individual enterprise in the State, and, subsequent to any action upon it, remonstrances against the bill came in from various sections of the State. On Monday it was called up by Senator Smith, who, finding that the bill was likely to be killed, moved a postponement of it for the present. Immediataly afterwards he read a bill in place extending the general provisions of the manufacturing law to brush-makers-a sharp dodge, of course, to accomplish what he could not do with the original bill. Yesterday a number of the leading brush-makers of Philadelphia were in town, and they explained the case so plainly that the bill is likely to be knocked higher than a kite if ever called up again.

QUACKERY .-- Mr. Wildey a day or two ago read a bill in place in the House, which is of considerable importance to the public in general, and the medical profession in particular. It provides that after July 1st, 1861, it shall not be lawful for any one to practice either medicine or surgery unless they have lawfully graduated or been licensed by a legally chartered college, academy, university or institute. Said person shall exhibit his original diploma to the Register of Wills of the county in which he may intend to practice, and the Register shall keep a record of such diplomas, and shall endorse the same. The penalty for violating the provisions of this act is \$300, one half to go to the informer. One year's imprisonment may also ensue. Should the bill pass, and there is no reason why it should not, it will wipe out a large number of quacks, who, for years, have been preying upon the credulity of the people-killing and robbing at the same time.

AID FOR KANSAS .- The sufferings of the people of Kansas have attracted the attention of our lawmakers, and a subscription for their benefit was started in the Senate yesterday, which had the names of quite a number of Honorable gentlemen upon it for \$20. We do not see why, with some little exertion on the part of those who can fully realize the miseries of the sufferers, at least a thousand dollars might not be raised among officers, members, borers and visitors about the Capitol.

[Communicated.]

WHY IS IT?-Can any of our citizens, or the Directors of the Poor, inform us why the contract | for supplying meat to the Poor House is not given out to the lowest and best bidder, the same as done by the State Lunatic Asylum and others? We understand that meat is furnished to the Asylum at six and one-third cents a pound, while the Poor House is paying nine cents a pound for material that is not a bit botter, if as good, as that fur nished to the Asylum.

There is something wrong in this arrangement, and the tax payers would like to know why the contract should not be given out to the lowest bidder. Two and two-third cents on each pound of ment furnished to the Poor House amounts to a nice little item by the end of the year, and further the contract system would give all the butchers a chance to put in proposals, which would give greater satisfaction to all parties, and more particularly to the tax-payers.

FISHERVILLE .- A correspondent of the Middletown Journal writing from the above place, gives the following items:

A few days ago, a daughter of Mr. Jacob Kelly, while skating on the ice, fell and fractured her arm very badly.

Grim, who was stabbed sometime ago, is recovering. He is able to be about the house. Arrange ments are on foot to settle the matter without going to Court, as both parties are very closely

related to each other.

There is a man residing in Powel's valley, who is, penhaps, the eldest man in the county. His age had been, heretofore, estimated differently, but lately his friends discovered some papers whereby it appears that he is at present one hundred and years old. About fifty years age he was a resident of Harrisburg. He is quite feeble and ometimes his talk is very incoherent. His name

WHAT WAS FOUND AT PEKIN .- When the French and English soldiers entered the palace of the Emperor of China, no one knew what to take; silver was thrown away to take up gold, and gold to take up jewelled watches and gems; china and enameled vases of priceless value, were broken because too bulky to carry away. Rooms and rooms full of costly silks, bronzes, jadestone ornaments, were ruthlessly des'royed. The Emperor's washstand, basin and ewer of gold studded with stones, were sold for £2,000 by the captor. With all this barbaric wealth and splendor, neither the palace nor its contents could compare, in respect to real elegance and substantial worth, with the Brown Stone Clothing Hall of Rockhill & Wilson, Nor. 603 and 605 Chesnut street, above Sixth, Philadelphia, and its fine stock of garments for gentlemen and youths.

LARGE ARRIVAL OF NEW GOODS-The Cheopes Goods Offered Yet .- 2,000 yards Canton flannel at 10 cents, worth 12 cents. 2,000 yards bleached 4-4 muslin at 10 cents, worth 12 cents. 100 Pe beautiful new style print at 10 cents, worth 12 cents. 50 Pe print at 7 and 8 cents, worth 12 cents, warranted fast color. 1,500 yards of unbleached muslin at 10 cents, the best ever made for the price. 1.000 undershirts and drawers at 50, 62 and 75 cents.
