THE AMALGAMATION OF LANGUAGES .- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to in or orate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Readache remedy, but it will soon he used in a more general way, and the word Cephali: will become as commonas Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'crrible 'eadache this halternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache ?'' "Does it hache 'ard, " says 'e. "Hexcredingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized 1 'ad 'ad an 'eadache.

IJT HEADAOHE is the favorite sign by which nature nakes known any deviation whatever from the natural state of the brais, and viewed in this light it may be looked on as a sa'eguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied ; and it indications should never be neglected. Head. aches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache.... Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes proveking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cep-halic Glue, no, a bottle of Prepared Pills—but I'm think-ing that's not just it naither; but perhaps ye'll be afther knowing what it is. 'Ye see she's nigh dead and gone with the Sict Headache, and wants some more of that same as relaived her before. Druggist.—Och 's are now and you've sed it, here's the quarther and giv me the Pills and dont be all day about it aither.

Constipation or Costiveness.

Constipation or Costiveness. No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little, conacquence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous dig-eases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of 1 ke nature. while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentery, Diarthes, Dyspepsia, Apo-plexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melanchely and Insanity, first indicate their presence in the system by this alarming symptom. Not unirequently the diseases named originate in Constipation, but take on an independent existence onless the cause is readicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention when-ever it occurs, and no person should neglect to get a box of Gephalic Fills on the first appearance of the complaint, as their timely use will expel the insidious approaches of diseases and destroy this dangerons for bord many life.

A Real Blessing.

Physician-Well, Mrs. Jones, how is that headache ? Mrs. Jones. Gone ! Doctor, all gone ! the pill yeu sont cured me in just twenty minutes, and I wish yo i would send more so that I can have them handy. *Physician*. You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache

then in all cases of Headache. Mrs. Jones —I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

THE ONLY DISCOVERY

WORTHY OF ANY CONFIDENCE FOR R E S T O R I N G THE BALDAND GRAY

R E S T O R I N G T H E B A L D A N D G R A Y. Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but pro fess to have discovered something that would produce results identical; but they have all come and gone, be-ing carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following: BATH, Maine, April 18, 1859. PROF. O. J. Woon & Co.: Gents:-The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the com-munication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablation of the face, when if care were used by wiping the face in close connection with the manufacture and sale of various compounds as well as this, it has, no doubt, been basely initated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with sarprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send yon a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very gratefall: I gave it to my friends and there by induced them to try it; many were skeptical until after trial, and then purchased and used it with univereal success. I will ask as a favor, that you send me a te

them to try it; many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my un-shaken opinion of its yaluable results. I remain dear sirs, yours, A. O. RAYMOND. AABON'S RUN, Ky., Nov. 30, 1858. PROF. O. J. WOOD: Dear Sir :--I would certainly be doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using own bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to wheever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this in-valuable medicine (as you are aware of) is unsolicited; but if you think it worthy of a place among the rest, insert if you wish; if not destroy and say nothing. Stomachic preparation of IRON puri-An aperient and Stomachic preparation of IRON puri-fied of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice. The experience of thousands daily proves that no pre-paration of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case. Innoxious in all meladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz

In Desility, NERVOUS AFFECTIONS, EMACIATION, DYS-PERSIA, CONSTIPATION, DIABRINGA, DYSENTERY, INCIPIENT CONSUMPTION, SCROFULOUS TUBERCULOSIS, SALT RHEUM, MISMENSTRUATION, WHITES, CHLOBOSIS, LIVER COMPLAINTS, CHEONIC HEADACHES, RHEUMATISM, INTERMITTENT FRYERS, PIMPLES ON THE FACE, &C. In cases of GENERAL DEBILITY, whether the result of entry discovery of the continued diminution of parameter

In cases of the kinetic president, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy work as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent manasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air

and exercise for which the physician has no name. In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastrio purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and specific action. by dispersing the local tendency which forms them. In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*. In unchecked DIAREREA, even when advanced to DYSEN TERY, confirmed, emaciating, and apprently malignant the effects have been equally decisive and astonishing. In the local pains, loss of feah and strength, debilitating cough, and remittent heetic, which generally indicate IN-OF TIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances. In SCROFULOUS TUBREQUISSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities. and exercise for which the physician has no name. In NERVOUS AFFECTIONS of all kinds, and for reasons

and instantaneous. In no class of diseases, however, are the beneficial effects of this remedy so conspicuous as in those harrassing FEMALE COMPLAINTS to which the gentler sex are liable, and which tend to-wards Consumption, such as suppressed or difficult Men struation, Green Sickness, Whites, &c., especially when hese complaints are accompanied with paleness, a dingy hue or pallor of the skin, depression of spirits, debility, palpitation, want of appetite, and nervous prostration. We have the utmost confidence in recommending the BLOOD FOOD to all who may be conscious of a loss of vitality or energy; and to those whose mental or bodily powers are prostrated through over use, either of the mind or body, and we deem it our duty to say that in all cases of Weakness and Emaciation, and in all diseases of the Kidneys or Bladder, this preparation has a claim upon the attention of sufferers which cannot be over estimated. A faithful trial will be found the most con-vincing proof in regard to its efficacy that could be asked for. With the above remarks, and with the numerous testimonials we have in its favor, we offer the "BLOOD FOOD" to the consideration of the afflicted, knowing thas it will be achnowledged as pre-eminent over all other preparations, patent or officinal, in point of usefulness. Oirculars giving the Theory upon which this remedy is founded, also certificates of remarkable cures, will be sent free when desired. We forward the BLOOD FOOD to any part of the United States or Canadas upon receipt of price—\$1 per bottle, \$5 for six bottles. Mr. WOLFES, in his letter to me, speaking of the purity of his WIRES and Liquons, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' resi-dence in the City of New York, that all the BRANDY and WIRES which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and eramine for themselves. Sole Agent for Philadelphia. Read the following from the New York Courier: ENORMOUS BURKESS FOR ONE NEW York MERCHART.— We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well re-pay any stranger or citizen to visit UDOLFHO WOLFB's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Winas, &e. in casks, under Custom-House key, ready for bottling. Mr. WOLFB's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their criers direct to Mr. WOLFB's nil every Apothecary in the land make up their minds to discard the poisonous stuff from their sholves, and replace it with WOLFB's pure WINES and Liquors6.
