THE AMALGAMATION OF LANGUAGES .--- There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in cinnection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as commonas Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native a to the manor born."

'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache ?'' "Does it hache 'ard, " says 'e. "Hexceedingly," says hi, hand upon that 'e gave me A Cephalic Pill, hand 'pon me 'onor it cured me se quick that I 'ardly realized I 'ad 'ad an 'eadache.

IF HEADAOHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Head. aches may be classified under two names, viz : Symptomatic and Idiopathic. Symptomatic Ueadache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all ebrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, onstipation and otherdisorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache .---Idiopathic Headache is also very common, being usually listinguished by the name of nervous headache, sometimes coming on suddenly in a State of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instan ces the pain is in the front of the head, over one or both eyes, and sometimes proviking vomiting ; under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found'a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the merring index.

BRIDGET.—Misens wants you to send her a box of Cep-halic (Hue, no, a bottle of Prepared Pills—but I'm think-ing that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sixt Headache, and wants some more of that same as relaived her before.

Druggist — You must mean Spalding's Cephalio Fills. Bridget.—Och ! sure now and you've sed it, here's the quarther and giv me the Fills and dont be all day about it aither.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness or sedentary habits; it is regarded as a slight disorder of too little consequence to regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous dis-eases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which coativeness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of 1 ke nature. while a long train of frightfal diseases such as Malignant Ferers, Abcesses, Dysentery, Diarrhea, Dyspensia, Apo-plexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melaacholy and Insanity, first indicate their presence in the system by this alarming symptom. Not untrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows an early stage. From all these considerations it follow that the disorder should receive immediate attention when the the use should need to should neglect to get a box of Cephalic Fills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

A Real Blessing.

Physician-Well, Mrs. Jones, how is that headache ? Physician—Well, Mrs. Jones, how is that headache? Mrs. Jones-Gone ? Doctor, all gone ? the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy. Physician.—You can get them at any Druggists. Call for Gephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

MTS. JORGS — I shall son i for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED .-- Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggreactions worth of broken turniture, thus making an aggre-gate of twenty millions of dollars reclaimed from to'al loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heavis with his Oephalic Pills, and if they are as good as his Glue, Head-aches will soon vanish away like snow in July.

The Toilet.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR

RESTORING THE BALDAND GRAY

THE BALD AND GRAY. Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but pro fess to have discovered something that would produce results identical; but they have all come and gone, be-ing carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resisties sway. Read the following: BATH, Maine, April 18, 1859. PROF. 0, J. WOOD & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed of by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of agreat number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much traud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some montha, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my injury. I have not used any of your Restorative of any account for some months, and yot my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them to try it; many were skeptical until after trial, and then purchased and used it with universal success I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty, as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my un-shaken opinion of its valuable results. I remain, dear sirs, yours, A. O. RAYMOND. AARON'S RUM, Ky., Nov. 30, 1868. PROF. O. J. WOOD: Dear Sir :--I would certainly be doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using ONE bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and fulling my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handowner than the original was. I will therefore take occasion to recommed this in-valuable remedy to aLL who may feel the necessity of it. Respectfully yours, REV. S. ALLEN BROCK. P. Medical.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, con-taining IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Giobule, or red blood. In all diseases accompanied with D E B I L I T Y, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indica-tive of health; while a pale, wax-like skin and counte-nance, --which evinces a deficiency of the red globules. accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red glo-bules, but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicions combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the system, allay the prostrating night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules, increase the appetite, restore BLOOD FOOD will be found a specific in all CHRONIC DISEASES of the THROAT or LUNGS, such as Asthma, *Funchitis, Coughs, &c.* Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. We have the utmost confidence in recommending the BLOOD FOOD to all who may be conscious of a loss of vitality or energy; and to those whose mental or bodily powers are prostrated through over use, either of the mind or body, and we deem it our duty to say that in all cases of Weakness and Emaciators, and in all diseases of the Kidneys or Blodder, this preparation has a claim upon the attention of sufferers which cannot be over estimated. A faithful trial will be found the numerous testimonials we have in its favor, we offer the "BLOOD FOOD" to the consideration of the afflicted, knowing that it will be acknowledged as pre-eminent over all other preparations, patent or officinal, in point of usefulness. ID OVER EXCITEMENT, and the mental care and anxiety incident to the close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distress-ing complaint is a fatal blow to all energy and ambition.— Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the over-tasked brain, and soothes the strained and jurning nerves, and relaxes the tension of the stomach which always ac-companies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING .-- Spalding's Cephalic Pills are a certain cure for fick Headache, Billous Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveres of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevantion of Fevers, either of which is a sure specife, whose banefits will be experienced by suf-fering humanity long after their discoverers are forgotten.

IF DID you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all ths suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires. 186 as occasion requires.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented ; and if taken at the commencement of an attack immediate relief from pain and sickness will be obtained.

They seldom fail in removing the Naussa and Headache to which females are so subject.

They act gently upon the bowels, - removing Costive ness.

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are valuable as a Laxative, improving the appetite, giving tests and viger to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering firom Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.

Bead the following from the New York Courier: ENORMOUS BUSINESS FOR ONE NEW YORK MERCHINT. We are happy to inform our fellow-citizens that there is one place in our city where the physician, spothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well re-pay any stranger or citizen to visit UDOLFHO WOLFE'S extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1856 to 1856; and ten thousand cases of Madeirs, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wines, & c. in casks, under Custom-House key, ready for bottling. Mr. WOLFE'S sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and
