THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR

RESTORING THE BALD AND GRAY.

MORTHY OF ANY CONFIDENCE FOR

RESTORING

THEBALDANDGRAY.

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Professor Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BATH, Maine, April 18, 1859.

PROF. O. J. WOOD & Co.: Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and else where, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I call and do answer invariably yes. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated, and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken of the past week. I received your favor of two quart bottles last summer, fo

doing you a great injustice not to make known to the world, the wonderful as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.

Respectfully yours, REV. S. ALLEN BROCK.
P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited; but if you think it worthy of a place among the rest, insert if you wish; if not destroy and say nothing.

Yours, &c.,

REV. S. A. B.

I beg leave to call the attention of the citizens of the United States to the above Wirks and Liquors, imported by UDOLING WOLFE, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schiedam Schapps. Mr. Wolfe, in his letter to me, speaking of the purity of his Wirks and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Winss which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser."

Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at Berail by all Apothecaries and Grocers in Philadelphia.

Read the following from the New York Courier:

Enormous Business for one New York Merchant.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit UDOLFRO WOLF's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases of Madeira, Sherry and Port Wines, &c. in caske, under Custom-House key, ready for bottling. CHALYBEATE RESTORATINE PILLS OF IRON

AN aperient and Stomachic preparation of IRON No.

Gled of Oxygen and Carbon by combustion in Hydrogen.

Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, containing IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with DEBILITY, pale countenance and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and countenance,—which evinees a deficiency of the red globules,—accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red globules, but we content that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age. Its effects in Europe and the combined management of their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.

Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

IN PERILITY, NERVOUS APPROTIONS, EMACIATION, DYSPERIA, CONSTIPATION, DIARRHCEA, BYSENTERY, INCIPIENT CONSUMPTION, SCREFULOUS TUBERCULOSIS, SALT RIECK, MISHEMSTRUATION, WHITES, CRILOROSIS, LIVER COMPLAINE, CHRONIC HEADACHES, RECUMATISM, INTERMITEMFRYER, PINTLES ON THE FACE, &C.

In Cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description or written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in distant land. Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent maximums, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to at and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being agastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspersia, innumerable as zer its causes, a single bay of these Chalybeate Pills has often sufficed for the med habitual cases, including the attendant Costiveness.

are to soften the cough, brace the nerves, strengthen the system, allay the prostrating night sweats, increase the physical and mental energy, earich the blood by restoring the lacking red globules, increase the appetite, restore the color, and clothe the skeleton frame with flesh. The BLOOD FOOD will be found a specific in all CHRONIC DISEASES of the THROAT or LUNGS, such as Asthma, Broachitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspepsia, Liver Complaints, Dropsy, Epilepsy, Paralysis, Scrofula, Gravel, St. Vitus' Dance, Fever and Ague, &c., its efficiency is marked and instantaneous. In no class of diseases, however, are the beneficial effects of this remedy so conspicuous as is those harrassing

of trends and physicians, in several very greating as interesting instances.

In Scrottlous Tuberoulosis, this medicated from the had far more than the good effect of the most caution; balanced preparations of iodine, without any of their vicknown liabilities.

The attention of females cannot be too confidently invite to this remedy and restorative, in the cases peculiarly desting them

to this remedy and restorance; as we feeting them.

In Resumation, both chronic and inflammatory—into the second of the control of the second new settlements of the West, will probably be one of his renown and usefulness.

No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and full restorative effects.
