We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medi-cine—NBVER HAS IT FAILED, IN A SINGLE IN-STANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DE-OLARE. In almost every instance where the infart is sep4-d1y LARE. In almost every instance where the infant is uffering from pain and exhaustion, relief will be found n fifteen or twenty minutes after the syrup is adminis tered. This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAIL-ING SUCCESS in T H O U S A N D S O F C A S E S. Medical.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, con-taining IRON, SULPHUR, AND PHOSPHOROUS, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with DE BILITY, pale countensnees and nervous derangement, analyses of the blood show a deficiency of the red globules. Ruddy complexion and a rosy tint of the skin, is always indica-tive of health; while a pale, wax-like skin and counte-nance,—which evinces a deficiency of the red globules, — accompanies a diseased organism. Preparations of IRON have been given for the purpose of supplying the red glo-bules, but we contend that IRON alone, SULPHUR alone, or PHOSPHOROUS alone, will not meet the deficiency in every case, but that a judicious combination of all these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the BLOOD FOOD, and its discovery ranks as one of the most scientific and important of the age: Its effects in CON SUMPTOOD FOOD, and its discovery ranks as one of the most scientific and important of the system, allay the prostrating night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules, increase the appetite, reative the color, and elothe the skeleton frame with flesh. The BOOD FOOD will be found a specific in all OHBONIO DISEASES of the THROAT or LUNGS, such as Asthma, *Bromehitis, Coughs, k.c.* Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspensia, Liver Complaints, Dropsy, Epilepsy, Paralysis, Scrofula. Gravel, St. Vi-tus' Dance, Fever and Ague, & c., its efficiency is marked and instantaneous. We have the utmost confidence in recommending the BLOOD FOOD to all who may be conscious of a loss of vitality or energy; and to those whose mental or bodily powers are prostrated through over use, either of the mind or body, and we deem it our duty to say that in all cases of Weakness and Emaciation, and in all diseases of the Kidneys or Bladder, this preparation has a claim upon the attention of sufferers which cannot be over estimated. A faithful trial will be found the most con-vincing proof in regard to its efficacy that could be asked for. With the above remarks, and with the numerous testimonials we have in its favor, we offer the "BLOOD FOOD" to the consideration of the afflicted, knowing that it will be acknowledged as pre-eminent over all other preparations, patent or officinal, in point of usefulness. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wines, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wines, &c. in casks, under Custom-House kcy, ready for bottling. Mr. WOLFR'S sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successf with his Brandies and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their or lers direct to Mr. WOLFR's until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with WOLFR's pure WINES and Liquors. We understand Mr. WOLFR, for the accommodation of sendid dealars in the compary not housed cased of mediated and state of the poisonous stuff from their shelves, and replace it with WOLFR's pure WINES and Liquors.

LIQUORS. We understand Mr. WOLFE, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of op-ponents in the United States, who sell nothing but imi-tations, ruinous alike to human health and happiness.
