COLLECTION.—The carriers of the PATRIOT and UNION beg leave to say that they will, as usual, collect their dues this morning.

THE Union Prayer Meeting will be held in the Presbyterian Church, on Market Square, this afternoon, at 4 o'clock, as usual.

EARLY.—Some of the trees on the Capitol Grounds are beginning to bud. This is early—in fact, we should say too early.

CHANGE OF SCHEDULE.—A change in the schedule of the passenger cars on the Northern Central railway has taken place, for particulars of which see advertisement. By the new arrangement we have three daily trains to Baltimore again.

Mr. Jester wishes us to say that persons desiring signs painted, or cards gotten up neatly in any style, on glass or paper, can have the same done very cheap at the present time, while trade is slack. Room, No. 19, Union Building, next door to this office.

A RECESS.—Yesterday both Houses adjourned till Tuesday afternoon, the 12th inst., and a stampede immediately followed. Some of the members have gone to Washington to see Old Abraham inaugurated, and others have gone home. As a consequence, our city will be somewhat dull for the next ten days.

WORKMEN'S TICKET.—We hear it intimated that the Workmen of this city contemplate putting a full ticket in the field for the spring election. We hope not; city officers should be selected from among all classes, taking care to select those who will discharge the duties of the office most satisfactorily.

PAPER NECK-TIES.—Application has been made by a firm in New York, for a patent for paper neck-ties, printed in imitation of silk and gingham, with great exactness and beauty. The Scientific American says that this firm sold, last season, of one single style of cloth neck-ties, 17,000 dozen.

CONTRIBUTIONS FOR KANSAS.—Some of our benevolent citizens are preparing a box of clothing and other articles, to be forwarded to the suffering people of Kansas. The box will not be closed until this evening, and citizens who wish to add to its contents are requested to send in their contributions at once, to the residence of Mrs. Fleming, Walnut street, near Third. Money or clothing will be thankfully received.

CAVALRY SQUADRON.—The following gentlemen have been elected temporary officers of the Cavalry Squadron.—Captain, Eby Byers; First Lieutenant, Thomas J. Jordan; Second Lieutenant, David J. Unger; Orderly Sergeant, Leander N. Ott.—The style of uniform adopted is similar to that of the "Hussars" of Philadelphia, and a committee was appointed to procure the equipments as soon as possible.

COTTER'S PATENT CAR-COUPLING.—C. B. Cotter, Esq., the inventor and patentee of the self-coupling, self-disconnecting car-coupling and friction bumper, is in this city, having just completed negotiations with the Pennsylvania and Fort Wayne companies for the use of his invention. He is now in treaty with the Sunbury and Erie. His patent is highly recommended by the most prominent railroad men in the Union.

ROCKING CHAIRS.—Rocking chairs are an American invention, and a correspondent of the Historical Magazine says when they were introduced into Europe twenty-five years ago they were sent to Europe as presents, and in France were then regarded as great novelties. They may also be regarded as great nuisances in a house, in that they engender female indolence. In other words, the labor of rocking them, render our young ladies habitually "constitutionally tired."

NORTH CENTRAL RAILROAD.—At an election held in Baltimore, on Thursday last, the following gentlemen were elected directors: Simon Cameron, John S. Gittings, E. C. Biddle, W. T. Walters, Wm. Colder, Jr., A. E. Kapp, Alex. Small, J. S. Haldeman, John A. Wright, William J. Palmer and J. R. Eby. At a subsequent meeting Gen. A. B. Cameron was elected President of the road, and A. B. Cameron Vice President. Under the able management of these gentlemen, the road will no doubt continue to flourish.

THE Farmer and Gardener and the American Bee Journal, for March, have been received. These standard publications are issued by A. M. Spangler & Co., 25 North Sixth street, Philadelphia, at prices which place them within reach of every farmer and spicarian. Both of them, together with a handsome premium book, are furnished at \$1.50 per annum. This we believe to be cheaper than any similar publications in the country, and ought to secure for them an immense circulation. Those who desire to see them can obtain specimen copies without charge, by addressing the publishers as above.

PASSAGE OF THE GUTHRIE COMPROMISE.—We are frequently asked for an explanation of the conditions of the Guthrie compromise. The resolutions offered by the distinguished Kentuckian simply require that slavery shall be excluded from all the territory north of the parallel of 36° 30'; while the principle of popular sovereignty shall prevail south of that line. The Peace Congress amended the resolutions of Mr. Guthrie, by adding a provision that all citizens in all parts of the country should be advised to procure their garments at the Brown Stone Clothing Hall of Rockhill & Wilson, Philadelphia, where the most elegant garments for gentlemen and youths to be found in the country, are made.

OLD SCOTTISH MANNERS.—One of the most interesting books of the season is the autobiography of Dr. Alexander Carlyle. It is full of notes on history and literature, and the men who made both during a most fruitful epoch. The following illustration of old Scottish manners is a random page from the Doctor's reminiscences:

In the summer of 1741, I remained for the most part at home, and it was about that time that my old schoolmaster, Mr. Hoeman, having died of fever, and Mr. John Halket having come in his place, I was witness to a scene that made a strong impression upon me. This Mr. Halket had been tutor to Lord Lovat's eldest son, Simon, afterwards to two years with Gen. Fraser. Halket had been a well known and successful schoolmaster, and he was now to be placed with Halket, from whom, understanding that I was a young scholar living in the town, who might be useful to his son, he ordered Halket to invite me to dine with him at his house in the west end of the town.

His company consisted of Mr. Erskine of Grange, with three or four gentlemen of the name of Fraser, one of whom was his man of business, together with Halket, his son Alexander, and myself. At a certain hour we were seated at table, and Mr. Erskine, who was the chief of the party, gave us two or three plain sentences in French, which Mr. Erskine and I understood, and we only. As soon as we were set, Lovat asked me to send him a whiting from the dish of fish that was sent me. As they were all looking at me, I answered that I should say grace. At last Lovat yielded, and gave us two or three plain sentences in French, which Mr. Erskine and I understood, and we only. At last Lovat yielded, and gave us two or three plain sentences in French, which Mr. Erskine and I understood, and we only.

Upon this, his Lordship stormed and swore more than thirty dragons; but was sure they must be whiting, as he had bestowed them. Halket tipped the wine, and I retracted, saying that I had but little skill, and as his Lordship had bespoke them, I must certainly be mistaken. Upon this he calmed, and I sent him one, which he was quite pleased with, swearing again that he never could catch a bad luck to him. We have seen many authentic testimonials in proof of these assertions, some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative.—Boston Olive Branch.

THE STRONGEST BOND OF UNION YET DISCOVERED BETWEEN THE NORTH AND SOUTH, IS PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860. O. J. Wood, Esq.: Dear Sir—Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks there was not a gray hair to be found, neither has there been up to this day.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever continued healthy, soft and glossy, and has perfectly freed from dandruff. I do not imagine the facts above mentioned to be of any particular advantage to you, or even flatter your vanity at this late day, as I am well aware they are a well known article, and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time of the last three years, and have had the pleasure in recommending your Restorative and exhibiting its effects in my own case. In several instances I have met with people that were well known to me, and who had used it, and without effect. In every instance, however, it proved by probing the matter, that they had not used the article at all, but had used some other article, and that they were not the same person. I have noticed two or three articles myself advertised as above, which I have no doubt are humbug, and will do no good. I have seen a number of articles of no reputation, when there is one at hand that has been proved beyond a doubt.

As a result of some of these charlatans have not brains enough to write an advertisement, so I notice they have copied yours, word for word in several instances, merely inserting some other name in place of your name. I have within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness, some for itching scalp, dandruff, and every disease of the scalp and head are subject to. I called to see you, personally, at your original place of business here, but learned you were now living in New York.

You are at liberty to publish this or to refer parties to me, or my improved address, 120 Broadway, New York, 1860, will be promptly answered. Yours, truly, JAMES WHITE, M. D.

Warren Springs, Perry Co., Pa., June 10th, 1860. Prof. Wood: Dear Sir—I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dandruff, and for the relief of my itching scalp, and for the purpose of restoring my hair to its original color, and for the purpose of preventing the hair falling off. I have used your Restorative for the purpose of restoring my hair to its original color, and for the purpose of preventing the hair falling off.
