FISHING.—The disciples of Walton are preparing for the fishing season. Nets and outlines are being got in readiness, and next week we expect to hear of some good hauls from the Susquehanus.

An employee of the Pennsylvania railroad compacy, named Lip, had his left hand smashed on Wednesday last, whilst coupling cars at the depot in Patterson. GAT TIMES.—A grand hop or sociable party was

given at the Exchange on Wednesday evening last. The room was crowded with the youth and beauty of the capital, and everything went on as merry as a marriage bell. CART IT AWAY .- There is any quantity of coal

ashes and other refuse matter piled up in our streets, much to the annoyance of pedestrians. The supervisors of the city should look to the matter, and see that the nuisance is abated.

Notice.—The members of the Mount Vernon Hook and Ladder Company will meet at the truck house this (Friday) morning, at 8½ o'clock, to attend the funeral of their late fellow-member, Nelson Hudson. By order.

IN SERVICE.—The building committee of the Court House have taken advantage of the late pleasant weather, and many of the members of the committee can be found daily, in front of the building, superintending the finishing of the struc-

Nominations .- The Democratic citizens of Harrisburg are requested to meet at the various ward houses, on Saturday evening next. We hope that all who love their country, and the principles of the good old Democratic party, will make it a | sour the mind of an angel. The female heart is point to be present on the occasion.

MESSES. EDITORS: Permit me to suggest the name of J. S. Royal for Councilman of the Third ward. Mr. Royal is an old resident of our city, is generally known, is an honest man, kind-hearted and obliging, and would make a goood Councilman. A Citizen of the Third Ward.

Dull Times .- A visit to the various offices of our municipal authorities proves most emphatically that the population of our city have either reformed or that times are getting so hard that our rowdy population are too poor to purchase the corn d raise a disturbance.

LOOK DESERTED.—The Senate Chamber and the Hall of the House of Representatives have the appearance of banquet halls deserted-the members having left the city, some to see Old Abe, and others | noble acts shall always be cherished in our hearts. their families. In a few days we will have the pleasure of seeing the patriotic faces of our lawmakers, and will speak of them as we find them

THEY WILL BE ABOUT .-- Our carriers wish to inform, most respectfully, all subscribers who are in arrears, that they will wait upon them on Saturday morning. All persons, therefore, whose business calls them from home, before the collecting agent arrives, will confer a favor by leaving the amount in the hands of the female portion of the house-

THE TARIFF ON IRON.—The new tariff on iron is highly favorable to Pennsylvania. The increase on Welsh or English bars will, in future, be \$15 per ton, instead of \$9.12, the present duty; on watch-spring, sleigh and horse-shoe steel the advanced rate will be \$25 per ton, and on the finest grades of cast-steel the increase is \$25 per ton .-It is thought that the English ironmasters will submit to a reduction of at least £1 per ton in the price, with a view of meeting, as far as possible, the restrictive duties of the United States.

THE MILITARY SPIRIT .- Since the anniversary of Washington's birthday, there has been considerable increase in the military spirit of the young men of our city. Many young recruits have joined the Cameron Guards, and are drilling nightly .-And then we have the promise of a Zouave corps, as well as a rifle corps. We have the material in town to fill up the ranks, and make good companies; and it is very surprising, not only to the residents of the town, but the citizens of the State, that the thing has not been carried out a long time

MR. LINCOLN'S APPOINTMENTS FOR PHILADEL-PHIA.---We understand that President Lincoln has made his appointments for Philadelphia. We are not at liberty to say who will be Postmaster or Collector of the port; but we are assured that he has named the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chesnut street, above Sixth, Philadelphia, as the establishment where the most splendid stock of garments for gentlemen and youths to be found in the country, is kept constantly on hand. This is the unanimous opinion of all who are familiar with the matter.

RECEPTION OF MR. BUCHANAN.-We learn from one of our citizens, who was present, that the re- | their respective wards, on Saturday, the 9th inst. ception of Mr. Buchanan, in Lancaster, on Wed- at 7 p. m., as follows, for the purpose of making nesday last, was grand and imposing. The military were out in full force, the various societies were there, the firemen made a splendid show, and numerous delegations from the surrounding country swelled the escort. The affair was wound up in the evening by a grand ball given at the Odd Fellows hall, which was largely attended by the citisons of Lancaster and the members of the Baltimore military company who escorted Mr. Buchanan

His

main object was to determine the depth to which

animal life extends in the sea, together with the

limits and conditions essential to its maintenance.

He has proven that at a depth of two miles below

the surface animal life exists. Here, where the

pressure is calculated to amount to at least one ton

and a half per square inch, and where it can hardly

be conceived that the most attenuated rays of

struggling light can penetrate, Dr. Wallich, has

not only discovered the minute infusorial Forami-

nifera, whose calcareous envelopes protect them

from pressure, and whose organization is of the

simplest; but he has obtained from a sounding,

twelve hundred fathoms deep, a number of star-

fishes (genus Ophiocoma) adhering to the lowest

fifty fathoms of the deep-sea line, which must have

rested on the bottom for a few minutes, so as to

allow those star-fishes to attach themselves to the

rope; so that it is now established that in these

regions of watery desert and everlasting darkness

there exists "a highly organized species of radiate

animal, living, entwining, and flourishing, with

its red and light pink tints as clear and brilliant

as its congeners which dwell in shallow and com-

paratively sunshiny waters." Others, doubtless,

exist; for this is but a first inquiry so conducted,

and in time we may come to hear of a new subma-

rine fauna peopling these dark abodes, and pre-

paring this subaqueous floor just as the land on

which we now walk, once submerged, is believed

A GENTLE WHISPER IN THE HUSBAND'S EAR .-

Husband, think of the good qualities of your be-

loved, not of her bad ones; think of her good

common sense, her industry, neatness, order, her

kindness, affability, and above all, her ardent

piety, her devotedness to things heavenly and di-

vine. Suppose you had a slattern for a wife, a

slip-shod hussy, a gossip, a real termagant, whose

tongue was not only a trip-hammer, but as the

forked lightnings, so that even the house-top

would be a thankful retreat from unmitigated fury-

FORT SUMPTER. - During the past day or two va-

rious rumors have been put in circulation in refe-

rance to an anticipated attack upon Fort Sumpter,

which has induced many to watch the mails and

dispatches from the South with feverish expecta-

tion. A single reflection it seems to us should set

the public mind at rest upon this subject, at least

for the present. The Southern Confederacy have

appointed commissioners to confer with the Uni-

ted States Government, as to the terms of separa-

tion, and to negotiate for the purchase of the forts,

arsenals and other public property in the seceding

States; and, as a matter of course, will not commit

any act of war while negotiations are pending .-

These commissioners are now in Washington, but

-as we are informed to-day-will not even address

the President upon the subject of their mission

until Tuesday next, and probably will not get

their final answer until a week or two thereafter.

DR. HARVEY'S
CHRONO THERMAL FEMALE PILLS
For the prevention and Cure of all those difficulties to which
the female system is peculiarly liable, arising from
STOPPAGE OF NATURE OR OBSTRUCTION.

These Pills have never been known to fail when the directions have been strictly followed, and they are perfectly saf to take by the most delicate.

TO MARRIED LADIES they are particularly recommended, as they prevent difficulties, and restore nature, no matter from what cause the obstruction may arise. A few days in most cases will produce the desired effect; and although so powerful, yet no injury will ever result from their use. But those who are pregnant should not use them, as they have an effect contrary to nature. Pamphlets them, as they have an elect contrary to nature. Familiets detailing their virtues, with numerous certificates from Well known physicians and apotheoaries, can be had on application to the agent, who will send the Fills, if desired, by mail, post-paid, to any address, on receipt of the money. Bold in boxes containing sixty pills,—price One Dollar,—by all the principal druggists and dealers, and by DYOTT & CO., wholesale agents, North Second street, Philadelphia.

PURIFY YOUR BLOOD.—BRANDRETH'S PILLS WARRANTED TO CURE FEVER AND AGUE .-- The effect of purging with BRANDRETH'S PILLS is to restore the health, no matter from what cause it may be suffering. They take out all impurities from the system; and they have the same power of expulsion over miasm, poisonous vapor of decayed vegetables, or indeed any poisonous exhalations breathed by man whatever In fact, if the blood is poisoned, it is impure, and impure blood results in disease.

BRANDRETH'S PILLS, though innocent as bread, yet they are capable of purifying the blood and curing disease. So, they cure all kinds of fevers, all asthmas, catarrhs

painful affections of every kind. Sold, price 25 cents, at No. 294 Cansl eet, New York and by all Druggists. Also, by GEC H BELL, corner of Second and Chestnut streets, Harristurg, and by all respectable dealers in medicines de9-d&w1m

PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860.

O. J. Wood, Esq.; Dear Sir—Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks time there was not a gray hair to be found, neither has there been up to this time.

After my hair was completely a supplication of the commenced that the commenced the same there were not a gray hair to be found, neither has there been up to this time.

not a gray hair to be found, neither has there been up to this time.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever continued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular alvantage to you, or even flatter your vanity at this late day, as I am well aware they are all well known already, and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Resterative and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they had used it, and without effect. In avery instance, however, it proved by probing the matter, that they had not used the article at all, but had used some new article, said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Annarently, some of those charlatans have not brains

no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently, some of those charlatans have not brains enough to write an advertisement, as I notice they have copied yours, word for word in several instances, merely inserting some other name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp and head are subject to.

I called to see you, personally, at your original place of business here, but learned you were now living in New York.

You are at liberty to publish this or to refer parties to me. Any communication addressed to me, care box 1920, will be promptly answered. Yours, truly, JAMES WHITE, M. D.

Warren Springs, Perry Co., PA., June 7th, 1850.

Prof. Wood: Dear Sir—I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Ross's Drug Store and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.— I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I have been achild. I consider your preparation of great value, and although I do not like to expose myself, I consider it my duty to say so. You can use this, or any part of it, in any shape you think proper, if it is worth anything to you.

Yours, &c.,

Bloomington, Ind., July 30th, 1859.

Dear Sir:—I here send you a statement that I think you are entitled to the benefit of. I am a resident of Bloomington and have been for over thirty years. I am now over 50 years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment, commencing in a small way. I purchased one of original color and fineness, as it was in my younger asys a beautiful black, I concluded I would make the experiment, commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your small bottles, and just begun on the fourth. I have now as pretty a head of dark brown, or light black hair, as any man, or as I had in my youthful days when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off, and is as soft and fine, and feels as oily, as though it was just from under the hands of a French shampoore. Many of my acquaintances frequently say to me, "Butler, where did you get that fine wig?" I tell them it was the effects of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head.

Yours, truly,

FREDERICK T. BUTLER,

Bloomington, Monroe County, Indiana.

Prof. Wood's HAIR RESTORATIVE.—In another column will be found an advertisement of this well-known and excellent preparation for restoring gray hair to its original color. The Hair Restbrative also cures cutaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions, some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative.—Boston Olive Branch.

WOOD'S HAIR RESTORATIVE.—We are not in the habit of puffing every new discovery, for nine cases of ten they are quack nostrums, but we take great pleasure in recommending Professor Wood's article to all whose habit recommending Professor Wood's article to all whose hair is falling off, or turning gray. Our well-known contributor, Finley Johnson, Esq., has experienced the benefits of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in Summer.—Baltimore Patriot.

Wood's Hair Restorative —Unlike most specifics, this is prove1, by unimpeachable evidence, to possess great efficary as a restorer of the hair to its pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicate dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another descriptin In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of this remedy, and its effects can only be beneficial, as the compound. If it does not cause a manifest improvement, is incapable of doing harm, as its component elements are perfectly innoxious.—Boston Transcript, April 22, '59. WOOD'S HAIR RESTORATIVE -Unlike most specifics

A GENUINE BOON.—In our capacity as conductor of a public journal we are called upon to advertisa the curealls of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects—with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article that we give it our endorsement as all that its inventor and vender claims it to be. Its effect upon a falling head of hair is universally known to be magical; like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately healthy, but we advise our friends with Sparsely growing hair to try the Restorative.—Columbia Spy. A GENUINE BOON .- In our capacity as conductor of a

QUACK NOSTRUM—The majority of hair washes, hair dyes, hair tonics, hair oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded in show windows and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. Hog's lard, whale oil, lard oil, sweet oil, seented and colored, make up, when in beautiful wrappers, and white flint glass bottles, the costliest character of tonics. and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentleman comes before the world without any 'inighfalutin'! Xilophloforium or any other astoundine and startling catch-penny term; he simply advertises a Hair Restorative—what it expresses, precisely—and as a Restorative it acts. Bay Professor Wood's Hair Restorative, and as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember. Wood's Restorative the Hair is the heat article extant.—New York lard oil on your cranium. Hemember. Wood's Restora-tive for the Hair is the best article extant.—New York
