WHO WANTS MONEY?-Rend Shanon's advertise

The water has been let into the Pennsylvania Canal, and in a day or two we may expect to hear the music of the boat horn-

FOR RENT .- Mr. Rawn has several comfortable dwelling houses to rent. See advertisement in another column.

GOT AN EGG?-Such is the language now made use of by the juvenile population of our city. It is easy to be seen that Easter is close at hand.

BACK AGAIN.-The members of the Legislature egether with an increased number of borers, or Third House members, have returned, and are now gady for business.

THE COTTON MILL.-A large quantity of clot hs jave been sent eastward within the last few days. Yesterday we noticed several teams heavily loaded 2 their way to the depot.

OPEN .- The water was let into the Lehigh canal last week, and boats have been passing up for ome days. Navigation will probably open in a

THE Massachusetts shoemakers are moving for nother "strike." It is said that bootmakers have teen making boots for \$5 a case, which they received \$10 and \$12 for in 1859.

THE ICE BUSINESS .- The merchants are making extensive arrangements for the coming summer.— Burkhard, superintendent for Gastrock, will publish his list of prices next week.

BEFORE THE MAYOR .- Only two customers apreared before the Mayor on Saturday, both "vags," short of funds and in want of a place to locate .-As there was no charge against them the Mayor sent them on their way rejoicing.

ASSAULT AND BATTERY .- Ben Bowman brought suit, before Alderman Maglauchlin, against Christian Evy for assault and battery, and also against one Jacob Good on the same charge. They entered bail for their appearance at court.

OUR WEEKLY .- We would again remind our readers that the WEEKLY PATRIOT AND UNION is one of the neatest publications issued in the interior of the State. Look out for the next number on Thursday next. Get a copy, read it, and then send it to your friends in the country.

Cononer's Inquest .-- On Sunday the body of a dead infant was found near Cox's saw-mill, on the Lebanon Valley railroad. The coroner was summoned and an inquest held, which resulted in a verdict of abortion; but up to the present time no due can be obtained to the guilty parties.

THE various mills at Frankford, near Philadelphia, are now running full time. Garsed's new Willow Brook cotton factory will be put in operation in a short time, or as soon as it can be completed. It is a very spacious building, and will employ a large number of hands.

THE SIDEWALKS .- Now that the weather is becoming pleasant we hope our citizens will pay some attention to their side walks. Many of them are in a shocking condition and sadly out of repair. These things may pass in a country town but look

THE CASE OF ARMSTRONG.—The counsel for Thomas J. Armstrong, convicted of murder in the first degree, in having killed Robert Crawford. in Philadelphia, obtained a writ of error to the Supreme Court. The Court fixed Harrisburg as the place for the argument, which is set down for May.

Solitary.-But one lodger appeared at the "retreat" on Sunday night. He was a German on his way to Washington, in search of Carl Schurz and that "land for the landless." Guess he'll find that and, but that is about all. The Mayor let him alide.

A FLARE Up .- Miss Sally Jones, a resident ef Love lane, in the western part of our city, appeared before Alderman Kline yesterday, and made complaint against her sister, charging her with keeping a "disrespectful" house. The parties failed to appear in the afternoon, at the appointed time, and the case was dismissed for the Present.

CHICKEN THIEVES .- The police of Philadelphia captured a number of boys who were in the habit of stealing chickens. In order to entrap the chickens, they adopted a novel mode of procedure. A string, with a fish hook at one end, and baited with a grain of corn, is laid in the street, and when the unsuspecting fowl swallows the kernel, it becomes captive and is carried away.

Mr. Abraham Lloyd, one of our oldest citizens, departed this life on Sunday last, at the advanced age of seventy-six years and eleven months. Mr. ture by request of the Young Men's Christian As-Lloyd has resided here for a number of years, and was engaged in the useful occupation of school teaching in the rural districts of this and adjoining counties. His funeral will take place to-day, at 2 o'clock, from his late residence, in Cranberry alley, near Second street.

PALM SUNDAY .- Sunday last was Palm Sunday, which precedes Easter one week. It is a prominent day in the calendar of the Roman Catholic and Episcopal Churches, and takes its rise from the reception of Christ just before his entry into Jerusalem, as described in the 21st chapter of St. Matthew, 8th verse: "And a very great multitude spread their garments in the way; others cut down branches from the trees and strewed them in the

Popular.—That favorite out-door game among the boys-hop-scotch-was in full tide of success, during the first part of the month, when the weather was milder. It is an amusing pastime, and good exercise, but very destructive to shoeleather, as many anxious parents can testify. But it is "an ill wind that blows nobody any good,"

THE LAWRENCE MODEL LODGING HOUSES .- The late Abbot Lawrence, of Massachusetts, left \$50,000 to be appropriated to the erection of model lodging houses, so that the poor might have a convenient and comfortable home at a moderate rent, and to show capitalists that they can get fair interest for their money by building such structures. His executors, after much deliberation, have adopted the following plan, which is worthy of imitation by tenement builders in all our cities:

Each building will be nearly rectangular, 41 feet wide by 63 feet long, four stories high, with French roof; built of brick, with freestone dressings. The building will be so located on the lot as to admit of drive-ways upon all sides, thereby giving an abundance of light and air to all the tenements. There will be four tenements upon each of the five floors, arranged with four rooms for each tenement, with closets, such as water closet, store closet, coal and wood closet and clothes presses. Each tenement is entirely separated from the other tenements by brick partition walls. The entrance hall or street passage is in the centre longitudinally, and runs quite through the building, with a rotunda in the centre, 16 feet in diameter, in which are placed upon either side of the hall passage a flight of cast iron stairs. The hall passage, as well as the walls of the retunda, are built of brick, and the floors are paved with brick throughout, rendering the entrances from bottom to top nearly fire proof. In the basement will be arranged a store cellar for each tenement, and a public bath room. All the rooms will be amply ventilated.

PUBLISHING THE LAWS .-- If the present Legislature desires to signalize the last days of its session, by an act that will redound to its credit, and receive the public approbation, it should at once enact a bill for the publication of all the laws passed at each session. The Erie Observer says: Two years ago a bill for this purpose was drawn up by the writer of this article, and introduced by a member from the county in which we then resided, but owing to his negligence, and a press of business, that prevented us from urging the adoption of the measure, it lay neglected in the hands of the committee. We should like to see the press of this State, unite in a determined demand for the passage of some just measure of this kind. Perhaps the best plan to obtain its success, would be for the editorial association to appoint a committee to draft a bill, and then let its members secure the influence of the Representatives from their respective counties in its support. By this means, with a fair and impartial bill, the measure would readily be adopted, and a vast step taken towards a more general public enligatenment. New York is far ahead of us, in this matter, as in many others, but we sincerely trust she will not long continue so.

THE METHODIST CONFERENCE. - This body commenced its session at the Union M. E. Church, in Philadelphia, on Wednesday morning last. . The Conference comprises some three hundred ministers. They are from parts of Maryland, Delaware and Pennsylvania, and the appointments of many of them lie at a distance of one hundred miles from that city. At present the two Conferences of Western Maryland and Pennsylvania are in session at Chambersburg and Staunton. It is thought that both these bodies will take action on the recent change of church discipline at the Buffalo General Conference, and secede from the church north. A movement will probably be made at the Conference in that city to protest against the late action of the General Conference. An effort will also be made to divide the Philadelphia Conference, which was defeated last time, and which gave rise to such an exciting scene. The Conference is presided over by the Rev. Bishop Janes.

IMPORTANT HINT TO FARMERS .- As post and rail fences are more put up in this time of the year than any other, the following is well deserving of attention: It is well known that in taking down old fences, that holes often between two and three feet in depth, are left in the ground by the removal of the posts. These, when left so, are often not only dangerous to the limbs of cattle and live stock generally, but often in wet weather are half filled with water-should any young chickens or turkeys happen to fall in them, they would be drowned; in dry weather, they would starve, as it would be impossible for them to extricate themselves. One farmer informs us that during last summer he lost several young broods of chickens, besides several goslings, before he knew of such a danger. In these pitfalls are also many toads, which render so much service in the destruction of insects. The proper plan would be to have the holes soon filled up, or else they may be injurious

An Ethiopian Raid .- On Saturday night three of the sable monks of Tanner's alley were arrested by constable Fleck, on the charge of committing depredations and creating a disturbance in that classic region. They were taken to the lock up, where they enjoyed the hospitality of Dan for one "calendar" night, after which the Mayor deemed it advisable to send them over. The party consisted of an intelligent crew of Ethiopian "blackguards." First came "Hop-toad," then "Ginger," who has no wool where it ought to grow, and then Bill Biscoe, all three of them being notorious for their riotous conduct nightly. After a hearing the Mayor concluded to bind them over in the sum of three hundred dollars each for their appearance at Court.

GREAT EXCITEMENT on account of those good cheap Carpetings which have been received just now from a New York auction sale, at Brownold & Sam's dry goods store. Among which will be found 200 yards of part woollen Carpets, at 25 cents, worth 37 cents; 400 yards at 33 cents, worth 50 cents; 500 yards, all wool, at 50 cents, worth 75 cents; 600 at 60 cents, worth 87½ cents. Call soon, and be convinced of those great bargains which you will find at Brownold & Sam's, Wyeth's building, opposite the Jones House.

LECTURE.—William H. Armstrong, Esq., member of the House of Representatives from Lycoming, will deliver a lecture on "Egypt," in the hall of the House, this evening. The simple announce. ment of this fact should secure Mr. Armstrong a large audience, as his well known ability and thorough knowledge of the subject he proposes to treat, guarantee that the lecture will prove entertaining and instructive. Mr. Armstrong delivers this lec-

Suspended.—The publication of the Daily Leader, published in Reading by J. Robley Dunglison, Esq., was suspended with last Monday's issue. The Leader had reached its 159th number, having been commenced a little over six months ago. Mr. Dunglison has disposed of his subscription list and good will to the proprietor of the Daily Times, who will henceforth supply that paper to the patrons of the Leader.

DRUNK AND DISORDERLY .- There appears to be a mania on the part of some young men in this city to get drunk on Saturday night. Why it is we cannot imagine, unless it is because they have been paid off, got the "spoons," and feel rich. Rumdrinking every Saturday night, and a few years more added to their existence will make a change in their feelings.

Horsels vs. Railroads.—The various hotels in the city of Chicago have sent to the office of the agent of the Illinois Central Railroad the bulletinboards of the company, which have heretofore occupied conspicuous places in their offices. It is and the cobblers will reap a harvest of small understood that the reason for this course is the rechange for numerous patches on the toes of the fusal on the part of the road to send the usual annual passes for the proprietors.

ATLANTIC AND GREAT WESTERN RAILROAD. Track laying on this road was to have been resumed the present week, and if the weather should prove favorable, a junction with the Sunbury and Eric road at Union will be effected before the first of April. One hundred and twenty-five men are in readiness, and the iron is en route from New York, where enough is now lying to lay the track through to Meadville. The line through to Union is in readiness, with the exception of a fifty foot embankment near Columbus, which, on account of hasty and partially completed waste-ditches for the flood last fall, was swept away by the recent rains.

POETICAL .-'Twas in the ball room's mazy round. A beauteous form I saw; The sweetness of her countenance Around did many draw.

She spoke in silvery accents low. And with a syren's tongue-I heard her whisper to a friend—"Sal, go it while you're young."

WALL PAPER .- For a good article and low prices, call at Scheffer's bookstore, in Market street, near the Harrisburg bridge.

Muslins, Muslins, Muslins !-- 1,000 yards the very best Unbleached Muslin, 10 cents; 2,000 yds. beautiful Bleached Muslins, 10 cents; 2,000 yards of the best long Cloth Muslin, 121 cents; which I will sell by the piece at 11½ cents. SPECIAL NOTICES.

PURIFY YOUR BLOOD.—BRANDRETH'S PILLS WARRANTED TO CURE FEVER AND AGUE .- The effect of purging with BRANDRETH'S PILLS is to restore the health, no matter from what cause it may be suffering. They take out all impurities from the system; and they have the same power of expulsion over miasm, poisonous vapor of decayed vegetables, or indeed any poisonous exhalations breathed by man whatever. In fact, if the blood is poisoned, it is impure, and impure blood results in disease.

BRANDRETH'S PILLS, though innocent as bread, yet they are capable of purifying the blood and curing disease. So, they cure all kinds of fevers, all asthmas, catarrhs, costiveness and

painful affections of every kind. Sold, price 25 cents, at No. 294 Canal eet, New York. and by all Druggists. Also, by GEC IF BELL, corner of Second and Chestnut streets, Harristyrg, and by all rospectable dealers in medicines de9-d&wlm

Mothers, read this.

A. ROBINSON & CO. THE STRONGEST

BOND OF UNION YET DISCOVERED BETWEEN THE NORTH AND SOUTH

PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860.

O. J. Wood, Esq.: Dear Sir—Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks time there was not a gray hair to be found, neither has there been up to this time.

S

国

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever continued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular advantage to you, or even flatter your vanity at this late day, as I am well aware they are all well known already, and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pessure in recommending your Restrative and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they had used it, and without effect. In every instance, however, it proved by probing the matter, that they had not used the article at all, but had used some new article, said to be as good as yours, and selling at about half cle, said to be as good as yours, and sed some new arti-cle, said to be as good as yours, and sed ling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been

no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently, some of those charlatans have not brains enough to write an advertisement, as I notice they have copied yours, word for word in several instances, merely inserting some other name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp and head are subject to.

I called to see you, personally, at your original place of business here, but learned you were now living in New York.

York.

You are at liberty to publish this or to refer parties to

any communication addressed to me, care box me. Any communication addressed to me, care bo 1920, will be promptly answered. Yours, truly, JAMES WHITE, M. D.

Warren Springs, Perry Co., Pa., June 7th, 1850.

Prof. Wood: Dear Sir—I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Ross's Drug Store and bought a bottle; and now am prepared to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I have been achild. I consider your preparation of great value, and although I do not like, to exposs myself, I consider it my duty to say so. You can use this, or any part of it, in any shape you think proper, if it is worth anything to you.

Yours, &c.,

Bloomington, Ind., July 30th, 1859.

Bear Sir:—I here send you a statement that I think you are entitled to the benefit of. I am a resident of Bloomington and have been for over thirty years. I am Bloomington and have been for over thirty years. I am now over 50 years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment, commencing in a small way. I purchased one of a beautiful black, I concluded I would make the experiment, commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your small bottles, and just begun on the fourth. I have now as pretty a head of dark brown, or light black hair, as any man, or as I had in my youthful days when a buy in the man, or as I had in my youthful days when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off, and is as soft and fine, and feels as oily, as though it was just from under the hands of a French shampoorr. Many of my acquaintances irequently say to me, "Butler, where did you get that fine wig?" I tell them it was the effects of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head. Yours, truly. old gray head. Yours, truly, FREDERICK T. BUTLER,

Bloomington, Monroe County, Indiana.

PROF. WOOD'S HATE RESTORATIVE.—In another column will be found an advertisement of this well-known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaneous eruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these exceptions some of which are from gentlemen whom we assertions, some of which are from gentlemen whom we have known for many years as persons of the most re-liable character. Don't dye till you have tried this Restorutive.-Boston Olice Branch.

WOOD'S HAIR RESTORATIVE .- We are not in the habit of puffing every new discovery, for nine cases of ten they are quack nostrums, but we take great pleasure in recommending Professor Wood's article to all whose hair is falling off, or turning gray. Our well-known contri-butor, Finley Johnson, Esq., has experienced the bene-fits of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in Summer .- Baltimore Patriot.

WOOD'S HAIR RESTORATIVE .- Unlike most specifics wood's this is proved, by unimposchable evidence, to possess great efficacy as a restorer of the hair to its pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beauof sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicate dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another descriptin In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of this remedy, and its effects can only be beneficial, as the compound, if it does not cause a manifest improvement, is incapable of doing harm, as its component elements are perfectly innoxious.—Bos ton Transcript, April 22, '59.

A GENUINE BOON.—In our capacity as conductor of a public journal we are called upon to advertise the curealls of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects—with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article that we give it our endorsement as all that its inventor and vender claims it to be. Its effect upon a falling head of hair is universally known to be magical; like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately healthy, but we advise our friends with sparsely growing hair to try the Restorative—Columbia Sps. A GENUINE BOON .- In our capacity as conductor of a

QUACE NOSTRUM. The majority of hair washes, hair dyes, hair tonics, hair oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded in show windows and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. Hog's land, whale oil, lard oil, sweet oil, scented and colored, make up, when in beautiful wrappers, and white flint glass bottles, the costliest character of tonics, and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentleman comes before the world without any 'highfaultin' Xilophloforium or any other astounding and startling catch-penny term; he simply advertises a Hair Restorative—whatit expresses, precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant.—New York

Medical.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her SOOTHING SYRUP, FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS. Depend upon it mothers, it will give rest to yourselves,

RELIEF AND HEALTH TO YOUR INFANTS. We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE IN STANCE, TO EFFECT A CURE, when timely used Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience. AND PLENGE OUR EMPLICATION PROP experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is adminis

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THO USANDS OF CASES.

It not only alieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHEA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREof the foregoing complaints...DO NOT LET YOUR PRE-JUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering abid JUDICES, NOR THE PREJUDICES OF OTHERS, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside weaponer.
