PATRIOT AND UNION .- The DAILY PATRIOT AND Unron can be had by Dauphin subscribers, every morning, at the periodical store of J. S. FRAM.

THE MAILS .- Under the change of schedule on the different railroads, the time of closing the mails at the Harrisburg Post Office, December 1st, 1860, s as follows:

PENNSYLVANIA R. R. East .-- 7 a. m.-- way mail, 12.15 p. m., 5. p. m., p. m. West.--6.30 a. m.--way mail, 3.50 p. m., 9 p. m.

CoAL-During the week ending April, 4 there passed through this city, on its way to Philadelphia, 2,532 tons of bituminous coal, chiefly from the Broad Top mines.

NIGHT POLICE,-The citizens of Carlisle are urging their council to appoint night police. Incendiarism and disgraceful outrages are almost nightly perpetrated there, and the citizens have concluded to take measures for their protection ..

INPROVING .- Chief of Police, Radabaugh, is improving slowly and expects to be on duty in a week or so. During Mr. R.'s sickness, part of the duties of the office have been performed by our ward constables.

Boys' SPORT.-As the bright warm days begin to grow plentier, and the indications of coming spring grow stronger, knots of boys on the street corners increase, and the marbles in their pockets multiply at a fearful rate. Marbles are always a sign of the approach of spring, and as the genial days advance, and the atmosphere becomes less frigid, other games will be ushered in, and more fun for the boys introduced.

Two Express Trains.—On the first of May two express trains will be run through from New York to Pittsburg, over the New Jersey Central, Lehigh Valley and Lebanon Valley railroads. One of these trains will leave the Empire City at 9 a. m., and the other at 7 p.m. It is the intention of the companies which form the line to run a car through from New York to Pittsburg. The above arrangements were made a few days ago at a meeting of the officers of the different railroads.

SHADE TREES .- The Superintendent of the Public Grounds is at present engaged in planting shade trees in the southern part of the Capitol park .--We would advise our citizens generally to follow his example, as fine healthy trees are being sold in our market at a price within the reach of all .----According to our estimate of beauty, nothing so enhances the appearance of a town as the cultivation of ornamental and shade trees along the streets. And when the outlay required for such beautifying is so small-for the trees can be furnished for from twenty-five to fifty cents apiecethe only wonder is that is not practiced to B far greater extent. We would like to see continuous rows all along the streets. "Scatter the germs of the beautiful," and let us sit under the shadow of our own locusts and maples next summer.

CITY COUNCIL PROCEEDINGS .-- The City Council | LAWS OF THE UNITED STATES. met in their room, in the new Court House, for the first time, on Saturday evening, President D. W. Gross in the Chair.

The new Chamber is admirably adapted for the use of the Council. Roomy seats and desks are provided for the Councilmen, and the President and Secretary's desk are neatly and comfortably fitted. The room is situated on the second floor and rear end of the building.

The City Treasurer's office is situated in a room adjoining the Council Chamber. It is also fitted np in very comfortable style, and is presided over by our amiable friend, Mr. Alex. W. Watson, City Treasurer.

The President, in calling the Council to order, congratulated the members upon the comfortable quarters that had been furnished them by the County Commissioners.

On metion of Dr. Bailey, a unanimous vote of thanks was tendered to Messrs. Holman & Wilt, who have so generously furnished the Chamber and handed it over to their use prior to its delivery from their hands to the county. The minutes of three several meetings were then

read by the clerk and adopted.

The ordinance fixing the salaries of the several officers of the city was returned without the Mayor's signature ; but it became a law nevertheless, the Mayor having neglected to send in the commu nication within the required fifteen days. On motion, the President of the Council was

authorized to contract with Mr. Brady for the use of the Exchange, for lock-up and Mayor's office,

for a term of three or six months. Mr. Jacob F. Hacknlen offered his bonds, as Glerk of the Market, in the sum of \$6,000. B.G.

Peters and W. F. Murray were his securities. The City Treasurer presented a receipt to the Council that he has paid a note to the Harrisburg

Bank of \$1,000, with interest. A number of bills for small sums were read and ordered to be paid, among them one to Peter Wood,

for attending to reservoir park, and the several supervisors for work done. Mr. Brooks presented an estimate for work done by George Powell, on Ridge avenue, for \$490.80; and, on motion, he was allowed interest on the same

from date. A couple of petitions were presented for gas lamps, etc., but the Council considered that the finances of the city were in such a condition as to preclude the possibility of making the necessary

improvements at this time. So the petitions were referred to a committee. Mr. Verbeke moved that James Lewis be ap-

pointed a police officer, without compensation; which was agreed to.

Mr. Verbeke moved to dispense with the services of the City Solicitor for the ensuing year; which was not agreed to.

On motion, the Council proceeded to the election of the following city officers :

City Solicitor-John H. Briggs, Esq.

Collector and Receiver of City Tax-Alex. W. Watson.

Collector of Water Rent-Adam Reel. Daniel K. Callender was elected keeper of the lock-up by acclamation.

Supervisors-First district, Col. John Tway; Second district, John Gastrock; Third district, Geo. Hammon.

Lamplighter-John Knepley.

The Clerk of the Market, Mr. Jacob F. Haehnlen, appeared before Council and was sworn in by Squire Harris.

The committee appointed at a former meeting of Council to examine into the condition of the finances of the city, presented a report; which was laid over.

On motion, the Clerk of the Market was ap-

tions afforded by our county for the retention of criminals and persons awaiting their trials at court, have become inadequate. Persons sent up by our magistrates for vagrancy and other trivial offences, for terms ranging from five days to thirty, are almost invariably discharged after a day or two's retention. The reason of this is that there is not accommodations in the prison, and the inspectors are compelled to turn them out. The necessity of putting at least two more stories upon the main prison building has become requisite, and we see no good reason why the County Commissioners should so long delay the matter. The ends of justice demand that room should be furnished for the detention of criminals, and the sooner it is done the better.

THE MODESTY OF POVERTY .--- It is really lamontable to witness, in these hard times, the struggles of many deserving families to conceal their poverty. Out of work, no money, and credit gone, many a poor mechanic who heretofore enjoyed full and plenty, is now desponding, and passing sleepless nights, caused by anxiety and despair of provididing the necessaries of life for the loved ones at home. Not a few of these seek strange places in which to solicit immediate relief, and several from neighboring places have visited this city for some time past for that purpose. Some frankly confess the real condition of affairs, and others manifest a timidity and reserve which barely permits them to express their wants in a whisper .--So different are this class from the practiced whining or brawling beggars, that our housekeepers rarely make a misiake in the dispensation of their charity; and should it be occasionally misplaced, there are too many deserving cases, at this time,

to base a refusal on the pertinacity of street beggars. Thousands who have and enjoy the luxuries of life, scarcely dream of the poverty and suffering endured by many who were at one time equally blessed, whose sensitive natures prompt them to cloak the poverty with the forced smile of contentment. It has been truly said that one-half the world know not how the other half live.

OUR NEW COURT HOUSE .-- We made a visit to the new Court House a day or two since, and were not a little surprised to find that it was so near completion. It is not yet a year since the contract for erecting the building was made, and it is now very nearly finished. The court room is frescoed in a very pleasing and tasteful style .--The audience platform is sufficient to seat five or six hundred persons, and the area for counsel and juries is ample. The Judge's stand is, in our opinion, a very tastefully arranged and convenient one, and the acoustic arrangement of the hall is perfect. A person seated in any part of the room can hear, very plainly, what is said from the Judge's stand. The upper story is entirely finished, and the City Council and Treasurer now occupy their rooms. The Mayor's office and lock-up are also finished, and will be occupied as soon as the present leafe in the Exchange building expires. The view from the steeple of the building is magnificent; commanding, as it does, a sight of the entire city, it would be an 'excellent situation for a fire "lookont."

We are informed that the building will be completed, entirely, by the 1st of July and then we will have a Court House that will be an ornament to our city and a credit to our county. We intend, at some future time to give a detailed account of the building for the especial benefit of our readers throughout the county. We cannot refrain, in this connection, from awarding the praise which is due to the enterprising and energetic architects and builders Messrs. Holman & Wilt, for they certainly deserves it, as they will have finished their contract at least four months before the time agreed

A MARRIAGE GOTTEN UP RIGHT .--- The Harrisburg correspondent of the Pittsburg Post gives the following account of a marriage which took place a few days ago in this city :

A wedding extraordinary took place at Buebler's Hotel, under the supervision of Col. Hutchinson. R. Popple, who was body-servant to Washington, ead caterer at the hotel for the last 50 years, and nead caterer at the notel for the last 50 years, led to the altar the blushing bride, aged eighteen. All wore white kid gloves, and the bride was given away by the polite "Hutch.," who understands to a dothow those things should be done. Col. Doyle, better known as "Diebl," attended with his staff of office. office. It is said to be the great fete of the session ; all the members boarding at the hotel attended and partook of the good things so bountifully served on the interesting occasion. Col. Williams and the delegation were invited, inasmuch as they represent the panner county, with its ten thousand majority for negro suffrage. The ebony is said to be aged 78, but through industry and prudence has made some property. This is not worse than many "white folks" do, as Popple expressed it, and "de bride" was content.

#### ETIQUETTE OF ADVERTISING .--- A servant recently advertised for a situation, and the wife of a merchant sent to make inquiries about her. The girl called at the house of the inquirer the next morning, and apologized for so doing, stating that she was passing through the street and thought she would call. "I sent for you," said she "and I thought, of course, you would come." "No, marm," replied the girl, "when a lady advertises for a place, it is expected that the person wanting her services will call. This is the etiquette of advertising!"

REMOVAL .- M. H. LEE, manufacturer of and dealer in umbrellas, parasols and sunshades, has removed to No. 69 Market street, below Third, where, having the advantage of a much larger establishment, he is prepared to do a wholesale as well as retail business. The stock of umbrellas, parasols, sunshades, gold and silver mounted and ordinary canes will compare favorably with similar establishments in the eastern cities. The prices. too, vary little, if any, from those paid in New York or Philadelphia, as he is prepared to prove to the entire satisfaction of any one wishing to purchase articles in his line.

A VALUABLE IMPROVEMENT .- Those of our readers who burn coal oil will be pleased to learn that a valuable improvement has been invented in their construction. It consists in a chimney for the lamp made of an article called mica, in substance and appearance closely resembling isinglass. The old glass chimneys are so easily broken that it makes the cost of burning coal oil very considerable, but the mica chimneys will not break and show equally as good light as the glass one. Persons who wish to save money these hard times, and at the same time be rid of the annoyance of having broken lamps, should call on A. King, hardware store, corner of Third and Market streets, and purchase this valuable improvement.
