We are requested by Mr. Franklin, optician, to state that his office will be opened to-morrow.

A FLAG ON A CHURCH.—We notice that a fine flag has been raised on the cupalo of the Catholic Church, in State street. So we go-patriotism everywhere.

Good.—The numerous friends of Issac S. Waterbury, of this city, will be gratified to learn that he has been appointed Adjutant of the Second Pennsylvania Regiment.

PENNSYLVANIA RAILROAD.—Fears having been entertained that bridges would be destroyed, or obstructions placed upon the track, the Pennsylvania Railroad Company have placed armed men at the bridges, and watchmen all along the line.

THE STRET SPRINKLER .- Sanders had his machine out vesterday and did excellent service in keeping down the dust. We presume it will be a permanent institution now, and in use so long as it is necessary. Its operations for the present should be confined to the streets mostly traveled, say Market, Second and Third.

A REAL CONVENIENCE.—We notice that at a number of places the pavement washers have been turned into fountains, and some places they have been turned into hydrants and tin cups placed upon them for the benefit of thirsty pedestrians. Major Mamma, we believe, was the first one who suggested the idea, and we are gratified to see it so extensively carried out.

The Latrobe Light Guards, Greensburg Guards and Ridge Rangers were mustered into service yesterday, and expect to leave shortly. The Greensburg Guards were accompanied by the martial music of that place, and after leaving the camp for home, discoursed most elegant music. They were greatly admired by the citizens of Harrisburg, and received numerous congratulations.

CAMP Scott.—General E. C. Williams, accompanied by Col. J. J. Patterson and Major J. C. Osterlob, his aids, came up from Camp Scott, at York, yesterday at noon. General Williams brought dispatches to the Governor, the nature of the regiment in fine condition, and in good spirits. They remain at York until further orders.

THE INDEPENDANT RANGERS .- Capt. C. M. Donnavan a few days ago commenced recruiting a company which is now nearly full of picked men who came hither to enlist, many of them having served in Mexico. The Captain himself is an old Mexican soldier, is skilled in military tactics, has smelt some who have been grinding us in the dust." gunpowder in his day, and will certainly distinguish himself if opportunity offers. The company will probably be full and accepted to-day.

A DISAPPOINTMENT .- The Sunbury Guards, Captain J. Schindel Gobin, came here with more than the requisite number of men, and on being mustered into the service vesterday, seventeen of them were rejected. This fell like a shower bath upon the brave fellows. Some of them enlisted in other companies, while a few, with heavy hearts, returned to their homes. One of them offered fifty dollars to exchange places with one of the accepted Guards.

PATRIOTISM AT HALIFAX .- A friend of ours who was at Halifax, in the upper end of this county. yesterday, states that the patriotism of the people there is unbounded. The village is festooned with flags, wreaths and streamers, and every time a train arrives with volunteers the ladies stationed en the platform sing the Star Spangled Banner, and furnish the soldiers with cakes, pies and ice water. Bully for Halifax.

THE VERBEKE RIPLES .- The fourth Harrisburg campany is now rapidly recruiting its ranks, and | four.) will soon be filled. Every member of this company, in addition to his rifle, will receive a revolver and a Bowie knife. Harrisburg, when all is said and done, will perhaps not be behind any town of its size in the State in furnishing troops. The feelings of the people are only beginning to be fairly aroused in the matter, and it is not unlikely that a few more companies may be drummed

WHAT IS MARTIAL LAW ?-At the present crisis, the significance of a term so much used, and with so little accurate sense of its meaning, becomes unusually important.

Bouvier defines martial law as a "code estabhished for the government of the army and navy of the United States," whose principal rules are to be found in the articles of war, prescribed by act of Congress. But Chancellor Kent says this definition applies only to military law, while martial law is quite a distinct thing, and is founded on paramount necessity, and proclaimed by a military

Martial law is generally and vaguely held to be a suspension of all ordinary civil rights and procoss—and as such, approximates closely to a mili-

tary despotism. It is an arbitrary law, originating in emergencies. In times of extreme peril to the State, either from without or from within, the public welfare demands extraordinary measures. And martial law being proclaimed, signifies that the operation of the ordinary legal delays of justice, is suspended by the military power, which has for the

time become supreme. It suspends the operation of the writ of habeas corpus; enables persons charged with treason to be summarily tried by Court Martial instead of Grand Jury; justifies searches and seizures of private property, and the taking possession of public highways and other means of communication.-Involving the highest exercise of sovereignty, it is, of course, capable of great abuse, and is only to be justified on emergencies of the most imperative and perilous nature, such as now appear to

Public Meeting.—At an adjourned meeting of the citizens of Harrisburg, held at the Court House on Wednesday evening, 24th inst., Judge Pearson in the chair, the following report was made to the meeting, and unanimously adopted:

The committee to whom the matter was referred by the public meeting of the 22d inst., respectfully report the following names of citizens of the city of Harrisburg to constitute a Committee of Public Safety, whose duty it shall be to adopt such civic and military measures as may appear necessary to ensure the safety and well-being of the city of Harrisburg:

Resolved, That the Committee of Public Safety have power to add to their own number such citi zens of Harrisburg as they may deem calculated to add to the efficiency of their committee.

The following report was then made and adopted:

The Committee of the Military Relief Fund report: That they have organized, by electing Hon. William H. Kepner, President; C. C. Rawn, Esq., Vice President; Jacob C. Bomberger, Treasurer; and O. Edwards, Secretary. Also, by the appointment of the following gentlemen, collectors in the different wards of the city: First ward-David Crawford and C. O. Zimmerman : Second ward-W. W. Boyer and William H. Bell; Third ward-John L. Speel and Robert L. Muench; Fourth ward-D. D. Boas and H. M. Kohler; Fifth and Sixth wards-J. B. Hutchinson and Joseph Strominger; who have been supplied with authenticated books, and are at present in discharge of their duties. They have also, as far as possible, procured the names of such persons as have families (or others) who are in service. Should there be others, whose names are omitted, persons acquainted with the fact will please communicate it to any member of the Committee, or to the Secretary.

The above Committee of Public Safety are requested to meet at the Court House this (Thursday) evening, at 7½ o'clock, p. m.

SECRET ORGANIZATIONS OF COLORED PERSONS .-We were informed vesterday that there is excellent reason for believing in the existence of a secret organization of colored individuals in Boston, composed principally of fugitive slaves, who have communicated with parties in Richmond, Va , and also act in concert with negroes residing in Canada.— Rumor gives the organization the credit of baving attained a powerful growth, and it is probably unnecessary to state that the movement has for its object the aiding in a great and general insurrection among the slaves of the South. The law, of course, will countenance no such affair as this, and if it hopes to continue in existence its proceedings must indeed be most secret.—Boston Post.

The supposed existence of an association of the kind in this city caused an intense excitement a day or two ago. It was alleged that meetings were held nightly in a hall in Tanner's alley, and that marching could be heard inside. It appears, too, that some one overheard a conversation between two darkies in a bye-place, when one of them remarked "things is working-our time has come at last, and we'll soon be able to revenge ourselves on

The rumor which reached the Mayor in regard to a supposed secret organization among the colored people, induced him to send a police force, who reconnoitered Short street, Tanner's alley and other places. They thoroughly searched the hall but found no arms in it, save a Tyler's sword, so that the rumor, so far as Harrisburg is concerned, is probably unfounded. But if true, such arrangements are now made as to give our citizens assurances of safety.

THE PROPORTIONS OF THE AMERICAN FLAG.-AS every patriotic citizen has, or is about to display the glorious ensign of our nationality, and as we have noticed a large number that are entirely wrong, a few remarks in explanation would no doubt be acceptable to many about making flage.— The American flag properly should consist of thirteen stripes, seven red and six white, one for each of the original States. The flag should be onehalf longer than wide, no matter what should be its size. The blue or Union should cover seven stripes-starting with and ending with a red stripe -should be one-third longer than wide, and contain one star for each State in the Union (thirty-

In a number of flags recently made, the blue only covers five and six stripes. Now a flag of thirteen stripes, and the Union covering six stripes, would be entirely wrong, as it would not be red, white and blue, but white, red and blue, or blue, red and white. Again, by making the flag right, thirteen stripes, and the Union covering the stripes, onethird longer than wide, would save some time in making, besides being a correct copy of the American flag as adopted by Congress.

OUR TROOPS .- We learn that the Cameron Guards and State Capital Guards are at York to- | fying the blood and curing disease. So, they cure all day, and are, many of them, very much in need of a change of shirts and underclothes, &c., having left home too hurriedly to get them. The families of the members of these companies can send them what they need by leaving it at the office of Ge-W. Buehler, at the Buehler House, to-day. The bundles must not be too large, and must be legibly directed. Any other persons who want to send comforts to our companies will send them to the same place. If the companies leave York before the articles reach them, an effort will be made to get the things to their destination as soon as pos-

ARRIVAL of Troops .- During Tuesday night four companies arrived from the upper Susquebanna region, and one company from Westmoreland county early in the morning-making upwards of 400 men.

A German company arrived from Lancaster at noon, under command of Capt. A. W Bolenius. Also a company from Pottsville, called the Union Guards, and a company from Minersville, and another from Berks county-making two hundred

more. A company from Luzerne county, and one from Lykens, in this county, also came in at noon, numbering 150 additional.

These arrivals alone were sufficient to form a

SPECIAL NOTICES. We have been shown a document signed by the Mayors in office of the cities of the United States and Canada cert fying to the superior excellence of Dr. Ayer's Compound Extract of Sarsaparilla and to the value of all his remedies as articles of great public utility. Such evidence from such high sources bears us out triumphantly in the position we have long maintained with regard to Doctor Ay 'r's preparations, or more particularly our advertisements of them. No publishers need be more opposed than we are to the produlgation of quackery in any . hape, but we knew when we began, that his remedies were above any suspicion of deception-that they were about the best it is possible to produce for the cure of disease, and that they have the confidence of all communities where they are known. Not alone because the Mayors of the whole country believe them useful to their people, but because we know from experience that they are so to ours, do we believe we are rendering a substantial service to our readers in making their virtues known to them .- Courier, Princeton, Ky.

OF THE LORD'S PRA'ER FOR SALE!

VALUABLE PROPERTY GIVEN AWAY!

The idea of representing the LORD'S PRAYER by an engraving, and of ornamenting and arranging it in such a manner as to produce at once a model of neatness and taste, was conceived and carried out by ORMSHY, the celebrated Bank-no'e Engraver of New York city. It commences with exquisitely executed words of "OUR FATHER." and then follow in succession the other parts of the Prayer, every phrase of which is engraved in the most elegant and tasteful manner. Near the bottom of the picture is a superbly executed head of OURSAVIOUR, and encircling the upper part of the engraving are ten angels, each hearing one of the TEN COMMANDMENTS.

The engraving has received the most unqualified praise from the religious community, as there is nothing of a sectarian character about it, having been recommended by clergym-n of all denominations. As an ornamen' it is one of the most splendid ever published in this country, and is destined to take the place of a power class of engravings. The size of the plate is 20x28 in hes, and is unquestionably the cheapest engraving ever offered in this country.

THELORD'S PRAYER.

We have carefully examined this Engraving, offered for sale in this community by Messrs. Austia & Wehrly, and do not hesitate to pronounce it one of the finest works of American Art we have ever seen. The design works of American Art we have ever seen. The dealth is beautiful, the style of execution is superior, and the illustrations are excellent. Its appearance will at once secure for it the admiration of a refined community, and recommend it to the Christian public. It is highly ornamental, and is calculated to exert a refining inducace in a family, and an elevating and puritying effect upon the morals and religion of society, and it should meet, as we understand it deserves, with a rapid and extensive

LETTER PAPER!

We would eall attention to a new article of paper, called BUSINESS LETTER, which has been gotten up to meet the wants of business men and others who object to Commercial Note as being to narrow, and do not wish to use part of usual letter sheet.

This overcomes to the the above objections; is a perfect sheet; pure wove; plate finish; ruled on one side; made from best material, free from adulteration, and put up in neat boxes convenient for use.

We also have a paper called BANK LETTER, similar to the above, except it has but half the number of lines on, so as to allow a printed blank or heading above.
