BOND OF UNION YET DISCOVERED BETWEEN THE NORTH AND SOUTH,

PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860.

O. J. Wood, Esq.; Dear Sir—Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January. 1855, since which time I have not been without a bottle on hand. When I commen ed the use, my hair was quite thin, and at least one-third gray. A few applications stopped its filing, and in three weeks time there was not a gray hair to be found, n ither has there been up to this time.

After my hair was completely a surface of the same of the

this time.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair has ever contin ed healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular a twintage to you, or even flatter your vanity at this late day, as I am well aware they are all well known already, and even more wonderful ones through at the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and peasure in recommending your Restorative and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they had used it, and without effect. In every instance, however, it proved by probing the matter, that they had not used the article at all, but had used some new article, said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently some of those charlatans have not brains enough to write an advertisement, as I notice they have copied yours, word for word in several instances, merely inserting s me other name in place of yours.

I have, within the past five years, seen and talked with more than two th usand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp and head are subject to.

I called to see you, personally, at your original place of business here, but learned you were now living in New York.

You are at liberty to publish this or to refer parties to After my hair was completely restored, I continued its

Theof. Wood: Dear Nir-I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dand uff I had suffered with it upon my head for years and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Ross's Drug Store and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used wo bottles of the Restorative, no one he any knowledge of it, as I allow a lew gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I have been achild. I consider your preparation of great value, and although I do not like to expose myself, I consider it my duty to say so. You can use this, or any part of it, in any shape you think proper, if it is worth anything to you

Yours, &c.,

H. H. ETTER.

Bloomington, Ind., July 30th, 1859.

Dear Sir:—I here send you a statement that I think you are entitled to the benefit of. I am a resident of Bloomington and have been for over thirty years. I am now over 50 years of aga. For abo t twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experiment, commencing in a small way. I perchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your smal bottles, and just begun on the fourth. I have now as pretty a head of dark brown, or light banck hair, as any man, or as I had in my youthful days when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely fall ng off, and is a soft and fine, and feels as oily, as though it was just from under the hands of a French shampoore. Meny dandrul, and the hair ceased entirely lait hig on, and is a-soft and fine, and feels as oily, as though it was just from under the hands of a French shampooer. Many of my acquaintances requently say to me, "Butler, where did you got that fine wig?" I tell them it was the ef-fects of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray bead. Yours truly. Yours, truly, FREDERICK T. BUTLER,

Bloomington, Monroe County, Indiana.

PROF. WOOD'S HAIR RESTORATIVE.—In another column will be found an advertisement of this well-known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaneous cruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions, some of which are from gen lemen whom we have known for many years as persons of the most reliable character. WOOD'S HAIR RESTORATIVE. -We are not in the habit Wood's HAIR RESTORATIVE.—We are not in the habit of puffing every new discovery, for nine cases of ten they are quack nostrums, but we take great pleasure in recommending Professor Wood's article to all whose hair is falling off, or turning gray. Our well-known contributor, Finl-y Johnson, Esq., has experienced the benefits of its application, and joins with us in speaking of its victues. Let all try it, and buld heads will be as rare as snow in Summer.—Baltimore Patriot.

Wood's Hair Restorative —Unlike most specifics, this is prove, by unimperchable ev dence, to possess great effically as a restorer of the hair to its pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is the refores valuable preparation for all classes. Its ingredients are such as to effectually endicate dandruff and other impurities, which operates of injuriously to the hair. It also has curative properties of another description. In many cases pimples and other disfigurements of the skin disappear where veritix used. There is no hazard at taching to the vital of this remedy, and its effects can only be beneficial, as the compound if it does not cause a manifest improvement, is incapable of doing harm, as its component elements are perfectly innoxious.—Bos ton Transcrupt, April 22, 759. A GENUINE BOON.—In our capacity as conductor of a public journal we are called upon to advertise the curealis of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects—with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article that we give it our endorsement as all that its inventor and vender claims it to be. Its effect upon a falling head of hair universally known obmarical; like lime or guano on exhause at land it. b. magical; like lime or guano on exhaus ed land, it brings its crop wherever applied Our own thatch is fortunately healthy, but w advise our friends with starsely growing hair to trythe Restorative.—Columbia

QUACK NOSTRUM —The majority of hair washes, hair dyes, hair toni s, hair cils, and the numberless pret arations which are now before the public under such extravagant by erbolical and fantastic titles as we see paraded in show windows and new paper headings, as hair preparations, are all humbugs of the first witer; their real merit, when they possess any, is, hat they do no harm. Hog's lard, whale cil, lard cil, sweet oil, seented and colored, make up, when in beautiful wrappers, and white flint glass bottles, the costlict character of tonics and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both seres. Such is not the character of Prof. Wood's Hair Restorative. This gentleman comes before the world without any 'chighfautin' Xilophloforium or any others toundin and startling catch-penny term; he simply advertises a Hair Restorative—what texpr. sees, precisely—and as a Restorative at acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, ay, your very brains, apply nothing else; for it may be that you will get some worse substance than ferturned lard oil on your canium. I remember. Wood's Re-torative for the Hair is the best arti-le extant.—Nas York Day Book.

I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Uddley. Of New York, whose name is familiar in every part of this country for the purity of his celebrated Schiedam Schaffs. Mr. Wolfe, in his letter to me, speaking of the purity of his Wires and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a iac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves.
