THE WAR NEWS

FROM RALTIMORE—ARRIVAL OF ARMS FROM HARPER'S FERRY—SEIZURE OF A RAILRUAD TRAIN BY THE UNITED STATES—BURNING OF LIGHT BOATS ON THE POTOMAC—ANNAPOLIS JUNCTION IN THE POSSESSION OF UNITED STATES TROOPS.

HAVRE DE GRACE, April 24.—The Baltimore Sun and Exchange, of this morning arrived here at five o'clock this evening, having been de-

tained by the storm. Gen. Trimble has issued an order stating that there was no absolute restriction on steamship travel, but no persons would be allowed to leave the city without permits. Every one must exercise their judgment as to leaving the city by private conveyance, but in doing so their personal safety may be endangered.

Two thousand stand of arms have arrived from Harper's Ferry. Supplies of pork, flour, and provisions for New York, have been stopped.

Several cart loads of hinges, from Providence, R. I., to Baltimore, were stopped, but allowed

Numerous seizures of arms and powder are recorded. A consignment of 800 kegs of powder, to Foley Brothers, of Baltimore, from New York, was handed over.

The passenger train from Camden station left for Washington on Tuesday afternoon, but when nearing the Relay House they were informed that the train from Washington had been taken possession of near the Aunapolis Junction, and impressed into the Government service, it was supposed for the purpose of carrying troops from the Junction to Annapolis. The conductor then took his train back to Baltimore.

There is no ticket nominated for delegates to the Legislature, except that of the Southern Rights Convention.

It is thought that the navigation of the Chesapeake and Ohio canal will be stopped, on account of an apprehension that cargoes will be seized at Washington. The trains on the main stem of the Baltimore

and Ohio railroad were running regularly yesterday, via Cleveland and Pittsburg. Two light boats on the Potomac have been burned by the Virginians, in order to prevent Government vessels from conveying troops to

Heavy guns were heard yesterday morning, near the White House, and the supposition is that a transport steamer had been fired on. The mails between Washington and Annapolis have been stopped, and the mails from

Richmond are detained by the Government. A messenger from the Annapolis Junction late last night, brought intelligence that one hundred troops had arrived there from Washington, and took their position at the Junction, and the whole road from Washington to that point is in the possession of Government. The Annapolis road is also under guard. The road is but little damaged, and a train of cars passed over it yesterday. The rails had been removed in various places, but were easily replaced. A military force was dispatched from Balti-more late last hight, to proceed to the Relay House for the purpose of protecting the viaduct at that point. They took several pieces of ar-

tillery with them.

The Baltimore Sun makes sport of the special dispatches to the Northern press, communica-ting reports of the shelling of Baltimore. The same paper says that although President Davis is not at Richmond, he soon will be there,

with an advance guard of 5,000 south Carolinians, and be rapidly reinforced, the enrollment of 30 000 having been ordered. The reported capture of Fort Pickens, from Norfolk, has not been traced to any reliable source. An attack upon that fort is, however,

reported from other sources. Gov. Ellis, of North Carolina, has issued a proclamation calling an extra session of the Legislature on the 1st of May.

A correspondent of the Exchange, writing from Montgomery, says that it is currently reported that Jefferson Davis will soon start for Richmond, and, making that his headquarters, assume the command of the Confederate army, Vice President Stephens to administer the Government during his absence. The papers contain the following dispatch

from Annapolis: Annapolis, April 23.—Two companies of the Massachusetts regiment have this moment taken possession of the railroad depot here,

preparatory to leaving for Washington. A passenger from Norfolk says that he came through from Wilmington, N. C., with Vice President Stephens, who took the boat for Richmond. It is also reported that Gen Beauregard had arrived there, and that 2.500 South Carolina and Georgia troops were on the way to Portsmouth, and the Virginians have taken possession of the Port of Norfolk. They secured a large quantity of ammunition, which has been sent to Richmond.

A steamer, supposed to be the Baltic, arrived off Old Point Comfort on Monday evening. INDIANA.

Indianapolis, April 24 .- The extra session f the Legislature convened to-day. The old officers resigned and the new officers were elected without regard to party lines. C. M. Allen (Republican,) was elected Speaker of the House; H. Crawford (Democrat,) chief clerk. Indiana recoguizes no party. She is an unit for the Union. After the orginization, the Star-Spangled Banner, Red, White and Blue, and the Union Forever, were sung. The House then adjourned, and marched, headed by a band of music, to Camp Morton, to listen to an address to the soldiers.

A sufficient number of companies have been offered to form ten additional regiments. Indiana can send to the field within one month fifty thousand volunteers. The Assembly will place the State upon a

war footing for the present, and establish a reserve guard of ten thousand men A report was circulated to-day that the wells

at Camp Morris were poisoned, but it was false.

FORT MONROE SAFE—THE FORT GARRISONED BY 800 REGULARS—5,001 VIRGINIA TROUPS IN NOR-FULK. Boston, April 24.—The steamer S. R. Spaulding arrived this morning.

Captain Howes reports that he arrived at Fortress Monroe at 11 o'clock Saturday forenoon. There were 800 regulars in the furt. The State of Maine, with the 4th regiment, arrived soon after. The troops were transferred to the United States sloop of war Pawnee, and dispatched to Norfolk, to aid in the demolition of the navy yard.

Commodore Paulding has just returned from Washington, and expressed himself to Captain Howes in a determined manner relative to obeying his instructions. The Pawnee left Fortress Monroe Saturday night. The troops were in good spirits, all well, and eager to be at their post of duty.

It was reported that about five thousand troops were in and about Norfolk, and more at length produced the legitimate fruit.

NO. 201. as that is the only possible way of taking it.-That, however, will be no easy matter, as the Fort, though large, is surrounded by a canal thirty-six feet wide, with eight feet of water at low tide. The land approach is a narrow neck about one hundred feet wide. The Government had given notification to the residents in the vicinity of impending dangers, and they were

hastening away. The Virginians think the Fort can be taken, but calculate upon a great loss of life. The S. R. Spaulding, after leaving her troops, proceeded to Baltimore to take a return cargo, but did not come to her wharf. The captain was informed that two hundred men had been under arms all night to seize the steamer .-There had been no reinforcement of Fort M'-Henry up to the time of his leaving, on Sunday. There were about one hundred regulars

in Fort M'Henry.
On his return, the frigate Constitution was being towed into the stream by a tug. Below Annapolis met the steamer Boston, with a large body of troops on board, bound up

the bay.

The Virginians were erecting batteries at Stowell's Point, opposite Fort Monroe, and overlooking Hampton Roads.

Capt. Howes reports the lighthouse at Cape Henry not lighted at 4 a. m. on the morning of the 22d.

ILLINOIS AND MISSOURI.

CHICAGO, April 24 -The report that troops had been stationed at Cairo, to obstruct the river commerce, is denied by authority of Governor Gales, of Illinois. The troops are left there as a mere precautionary measure.

A large Union mass meeting was held at Jefferson City last night, and addressed by Governor Stewart and Gen. Boyce. The resolutions recently adopted at Louisville were adopted unanimously. They instruct the delegates to the State Convention to support and vote for principles.

ARREST FOR TREASON.

CINCINNATI, April 24.—Ogilvie Byron Young was arrested last evening at the Spencer House by the U. S. Marshal, on the charge of treason, possession. He will be examined by the U.S. Court to-morrow. MISCELLANEOUS ITEMS COMPILED FROM VARI

OUS SOURCES. The Commissary Department of Philadelphia is now fully prepared to accommodate thirty thousand troops with cooked rations per diem.

Richmond on Thursday last. The New York Seventh Regiment and a Mas sachusetts regiment were to leave the Naval Academy, at Annapolis, on Tuesday afternoon, for Washington. A strong force of Maryland troops had been sent to intercept them before they reached the Washington junction. Battle will probably take place within a day or two. Gen. Scott has thrown out several companies towards Annapolis Junction to aid the Seventh Regiment. It is very certain that this regiment has not yet reached Washington.

A gentleman from Charleston, until quite recently a resident of South Carolina, says that Jefferson Davis has 25,000 men on the march to Washington, who are to be joined by Governor Letcher with 10,000 more. The army is expected to reach Washington on Saturday.

Gen. Beauregard is reported to have sent a would be advisable to order all women and children to leave Washington. No rebels had been on Arlington Heights,

and General Scott has scouts out in every direction, to give due information in case of their approach. Munitions of war are provided in Georgetown, and can be sent across the river at short notice.

A farmer residing a few miles out of Alexan-

dria, came into Washington on Sunday morning, and stated that about four thousand Virginia troops were encamped two or three miles back of Alexandria in a piece of woods. Troops were concentrating at this point rapidly, but the want of arms and ammunition is a serious embarrassment to Virginia. Munitions of war, it was reported, were pushing forward from Charleston to Richmond.

The Northern men in Fairfax county are flying into Washington to save themselves from the mob, giving up their houses and cultivated farms to the scoundrels who, for no reason but the fact that they love the Union, thus drive

them forth from Virginia. A delegation from Baltimore waited on the President Monday forenoon, and entreated him to save the city. The President's reply was decided: "If the troops are allowed to pass by some other route across Maryland, Baltimore will not be harmed. But if force is used to prevent their transit across the State I will lay Baltimore in ashes."

Annapolis, April 22.—Yesterday, when the Mas-achusetts troops arrived at the Naval Academy en route for Washington, the following officers and midshipmen counected with the Academy, tendered their resignations, and today are in the city, awaiting to be paid off: W. H. Parker, Va., W. P. Buckner, Arkansas, J. T. Wood, Md., lieutenants; Wm. H. Harwood, Md., professor; J. H. Fisk, Vt., J. M. Spencer, Md, first class midshipmen; H. B. Tyson, Pa., G. A. The following officers of the army and navy have resigned within the past few days ;-Col. J. Bankhead Magruder, of the Light Ar tillery, who has gone to Virginia; Capt. Geo. A. Magruder, of Virginia. (navy.) Chief of Bureau of Ordnance and Hydrography; Capt. Franklin Buchanan, of Maryland, Commander of Washington Navy-Yard; Capt. Wm. ADDRESS OF CONSERVATIVE MEN IN TENNESSEE. To the People of Tennessee: In the perilous times upon which our coun-

try is thrown, we trust it will not be deemed ling North and West in search of peace and pre-umptuous or improper in us to express to our fellow citizens our united opinion as to the duty of the State in this dire emergency. the We are threatened with a civil war,

dreadful consequences of which, if once fully inaugurated, no language can depict. In view of such consequences we deem it the duty of every good citizen to exert his utmost powers to avert the calamities of such a war. portentous future is hanging over us. There has been a collision, as is known to you, at Fort Sumpter, between the forces of the seceded States and those of the National Government, which resulted in the capture of the fort by the army of the Confederate States. In view of this event, and of other ac's growing out of the secession of seven of the Southern States, the President has issued his proclamation calling out the militia of the States of the Union to suppress what the proclamation designates a "combination too powerful to be suppressed by the ordinary course of judicial proceedings, or by the powers vested in the Marshals by law."

Tennessee is called upon by the President to

furnish two regiments, and the State has, through her Executive, refused to comply with the call. This refusal of our State; we fully approve. We commend the wisdom, the justice, and the humanity of the refusal. We unqualifiedly disapprove of Secession, both as a Constitutional right and as a remedy for existing evils; we equally condemn the policy of the Administration in reference to the Seceded States. But while we, without qualification, condemn the policy of coercion as calculated to dissolve the Union forever, and to dissolve it in the blood of our fellow-citizens, and regard it as sufficient to justify the State in refusing her aid to the Government, in its attempt to suppress the revolution in the Seceded States, we do not think it her duty, considering her position in the Union, and in view of the great question of the peace of our distracted country, to take sides against the Government. Tennesssee has wronged no State or citizen of this Union. She has violated the rights of no State, North or South. She has been loyal to all where loyalty was due. She has not brought on this war by any act of hers. She has tried every means in her power to prevent it. She now stands ready to do anything within her reach to stop it. And she ought, as we think, to decline joining either party. For in so doing, they would at once terminate her grand mission of peace maker, between the States of the South and the General Government. Nay, more; the almost inevitable result would be Important correspondence was found in his | the transfer of the war within her own borders —the defeat of all hopes of reconciliation, and the deluging of the State with the blood of her

General Beauregard, it is reported, was in of her soil, from the hostile tread of any party. We do not pretend to foretell the future of Tennessee in connection with the other States, or in reference to the Federal Government We do not pretend to be able to tell the future purposes of the President and Cabinet in reference to the impending war. But should a purpose be developed by the Government of overrunning and subjugating our brethren of the seceded States, we say unequivocally, that it will be the duty of the State to resist at all hazards, at any cost, and by arms, any such purpose or attempt. And to meet any and all emergencies, she ought to be fully armed, and we would respectfully call upon the authorities of the State to proceed at once to the accom-

plishment of this object. Let Tennessee, then, prepare thoroughly and efficiently for coming events. Fellow-citizens of Tennessee, we entreat you to bring yourselves up to the magnitude of the crisis. Look in the face impending calamities. Civil War—what is it? The bloodiest and darkest pages of history answer this question. To avert this, who would not give his time, his talents, his untiring energy, his all? There may be yet time to accomplish everything. Major-Gen. John E. Wool.-This distinguished veteran arrived in New York on Monday evening. For the present his quarters will be at the St. Nicholas. He is thoroughly in the work of crushing the rebellion, and for giving no quarters to the rebels. He visits the city at this time to assist in forwarding troops, to provide equipments and provisions, wherever it becomes necessary, the means of transporting them, and to direct their destination. He has ordered 10,000 muskets, 400,000 cartridges, 500 howitzer shells, and 500 six-pound shot, which will go forward with as little delay as possible. No doubt his aim will be to open and keep open the most direct and natural route to Washington; and to this end he will give the business his earnest attention. Gen. Wool's presence is timely. It gives us pleasure to state that his health is quite restored, and that the country will have the benefit of his services in the present emergency.

Speech of Gen. Cass .- At the great meeting held at Detroit on Wednesday evening, under the direction of the Board of Trade of that city, Gen. Cass spoke as follows: Fellow citizens: I have not come to make a speech, my time for engaging in political discussions has passed away. I have come to do honor to that glorious flag which you have just un-Surled to the breeze—that flug which has ever waved triumphantly at home and abroad. I was born under it. I have spent my life under it, and when my last hours shall come, I sincerely hope my last gaze may rest upon it with its stars undimmed and its stripes unsevered. (Cheers.) And I hope the Aimighty Being will, in his mercy, yet stretch torth His hand, save us from the calamity of civil war, and restore a fraternal feeling among these States. May He incline the hearts of our people to rectore our glorious Union and secure its perpetuity.

EMIGRATION FROM THE SOUTH .- The Milwaukie Sentinel, commenting upon certain items which it publishes respecting the movements of sundry persons who have left and are leaving the turbulent and disaffected South and movquietness, thus discourses:- .. Thousands of property holders are alarmed at the prospect of severe taxation, civil war and forced loans, but dare not raise their voices to resist. They can only emigrate, and that they will surely do. In all probability, should secession be persisted in, the Gulf States will lose the most valuable portion of their citizens, and so cripple the energies of their States as to arrest their growth completely. If the reign of terror continues, Northern men will be driven out of mercantile and other pursuits in the South and Northern capital will seek investment
