BOND OF UNION YET DISCOVERED BETWEEN THE NORTH AND SOUTH,

PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860.

O. J. Wood, Esq.: Dear Sir—Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks time there was not a gray hair to be found, neither has there been up to this time.

not a gray hair to be found, neither has there been up to this time.

After my hair was completely restored, I continued its use by applying two or three-times per month. My hair has ever continued healthy, soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular advantage to you, or even flatter your vanity at this late day, as I am well aware they are all well known already, and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Restorative and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they had used it, and without effect. In every instance, however, it proved by probing the matter, that they had not used the article at all, but had used some new article, said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing that people will patronize an article of no reputation, when there is one at hand that has been proved beyond a doubt.

Apparently, some of those charlatans have not brains enough to write an advertisement, as I notice they have copied yours, word for word in several instances, merely inserting some other name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp and head are subject to.

I called to see you, personally, at your original place of business here, but learned you were now living in New York.

York.
You are at liberty to publish this or to refer parties to me. Any communication addressed to me, care box 1920, will be promptly answered. Yours, truly, JAMES WHITE, M. D.

Warren Springs, Perry Co., PA., June 7th, 1850.

Prof. Wood: Dear Sir—I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dandfuff I had suffered with it upon my head for years, and had never been able to get anything to do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Ross's Drug Store and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removed all dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me, in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and although I do not like to expose myself, I consider it my duty to say so. You can use this, or any part of it, in any shape you think proper, if it is worth anything to you

Yours, &c.,

Bloomington, Ind., July 30th, 1859.

Dear Sir:—I here send you a statement that I think you are entitled to the benefit of. I am a resident of Bloomington and have been for over thirty years. I am yeu are entitled to the benefit of. I am a resident of Bloomington and have been for over thirty years. I am now over 50 years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair, if possible, restored to its original color and fineness, as it was in my younger days a beautiful black; I concluded I would make the experiment, commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, following directions as nearly as I could. I soon discovered the dandruff removed, and my hair, that was falling off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your small bottles, and just begun on the fourth. I have now as pretty a head of dark brown, or light black hair, as any man, or as I had in my youthful days when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair ceased entirely falling off, and is as soft and fine, and feels as oilly, as though it was just from under the hands of a French shampoore. Many of my acquaintances frequently say to me, "Butler, where did you get that fine wig?" I tell them it was the effects of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head?

Yours, truly,

FREDERICK T. BUTLER,

Bloomington, Monroe County, Indiana.
PROF. WOOD'S HAIR RESTORATIVE.—In another column will be found an advertisement of this well-known and excellent preparation for restoring gray hair to its original color. The Hair Restorative also cures cutaoriginal color. The Hair Restorative also cures cutaneous cruptions, and prevents the hair falling off. We have seen many authentic testimonials in proof of these assertions, some of which are from gentlemen whom we have known for many years as persons of the most reliable character. Don't dye till you have tried this Restorative.—Boston Olive Branch.

Wood's HAIR RESTORATIVE.—We are not in the habit of putting every new discovery, for nine cases of ten they are quack nostrums, but we take great pleasure in recommending Professor Wood'sarticle to all whose hair is falling off, or turning gray. Our well-known contributor, Finley Johnson, Esq., has experienced the benefits of its application, and joins with us in speaking of its virtues. Let all try it, and bald heads will be as rare as snow in Summer.—Baltimore Patriot.

Wood's HAIR RESTORATIVE.—Unlike most specifics, this is proved, by unimpeachable evidence, to possess great efficacy as a restorer of the hair to its pristine vigor. Where the head had become almost bald because of sickness, the use of this article has produced a beautiful growth of thick, glossy hair. It is therefore a valuable preparation for all classes. Its ingredients are such as to effectually eradicate dandruff and other impurities, which operate so injuriously to the hair. It also has curative properties of another description. In many cases pimples and other disfigurements of the skin disappear wherever it is used. There is no hazard attaching to the trial of this remedy, and its effects can only be beneficial, as the compound, if it does not cause a manifest improvement, is incapable of doing harm, as its component elements are perfectly innoxious.—Bos ton Transcript, April 22, '59.

A GENUINE BOON.—In our capacity as conductor of a public journal we are called upon to advertise the curealls of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects—with what justice we leave our readers to determine. In one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article that we give it our endonsement as all that its inventor and vender claims it to be. Its effect upon a falling head of hair suniversally known to be magical; like lime or guano on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately healthy, but we advise our friends with sparsely growing hair to try the Restorative.—Columbia Spy. A GENUINE BOON .- In our capacity as conductor of a

QUACK NOSTRUM —The majority of hair washes, hair dyes, hair tonics, hair oils, and the numberless preparations which are now before the public under such extravagant, hyperbolical and fantastic titles as we see paraded in show windows and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. Hog's lard, whale oil, lard oil, sweet oil, scented and colored, make up, when in beautiful wrappers, and white flint glass bottles, the costliest character of tonics, and when thus costly, are baptised with some tri-syllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentleman comes before the world without any "highfalutin" Xilophloforium or any other astounding and startling catch-penny term; he simply advertises a Hair Restorative—what it expresses, precisely—and as a Restorative it acts. Buy Professor Wood's Hair Restorative, and as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the Hair is the best article extant.—New York Day Book. Day Book.
