PROF. WOOD'S HAIR RESTORATIVE. READ WHAT A DISTINGUISHED PHYSICIAN

OF ST. LOUIS SAYS OF IT.

St. Louis, July 10th, 1860. O. J. WOOD, Esq.: Dear Sir-Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative after a trial of five years. I commenced using your Restorative in January, 1856, since which time I have not been without a, bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its falling, and in three weeks time there was not a gray hair to be found, neither has there been up to not a gray hair to be found, neither has there been up t this time

not a gray hair to be found, neither has there been up to this time. After my hair was completely restored, I continued is use by applying two or three times per month. My hair has ever continued healthy, soft and glossy, and my scap perfectly free from dandruff. I do not imagine the facs above mentioned will be of any particular advantage to you, or even fistter your vanity at this late day, as I am well aware they are: all well known already, and even in a sure they are: all well known already. and even more wonderful ones throughout the Union. I have oc-cupied my time in traveling the greater part of the time the past three years, and have taken pride and pleasure in recommending your Restorative and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they had used it, and without effect. In every instance however, it proved by probing the matter, that they had not used the article at all, but had used some new arti-de, said to be as good as yours; and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbug. It is astonishing that people will patronize an article of proved beyond a doubt. Apparently, some of those charlatans have not brains enough to write an advartisement; as I notice they have copied yours, word for word in several instances, merely inserting some other name in place of yours. I have, within the past freyears, seen and talked with more than two thousand persons that have used your proparation with perfect success-some for baldness, gray hair, scald head, dandruff, and every disease the scale and head are subject to. I called to see you, personally, at your original place of business here, but learned you were now living in New York.

I am a resident of Bloomington and have been for over thirty years. I am now over 50 years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white, and very stiff and unpliant. I had seen a number of certificates of the very wonderful effect of your Hair Restorative, but supposed there was more fiction than truth in them; but entertaining a strong desire to have my hair; if possible, restored to its original color and fineness, as it was in my younger days a beautiful black, I concluded I would make the experi-ment, commencing in a small way. I purchased one of your small bottles, at one dollar, and commenced using, iollowing directions as nearly as I could. I soon discor-ered the dandruff removed, and my hair, that was fall-ing off in large quantities, was considerably tightened, and a radical change taking place in the color. I have continued to use it till I have used three of your small
