A Sansatton. - One of the butterfly head-dresses has just been introduced in Harrisburg, and creates quite a sensation in fashionable female circles. The brilliant insects are poised among flowers and shake with every movement of the wearer's head.

Our, Agam.—There seems to be considerable sympathy in certain quarters for the State street cyprians. Isabella Starry, whose commitment to prison we announced yesterday, remained in that institution but a few hours until she was liberated on bail.

THE NEW SEWER.—The new sewer authorized by Council to be constructed under the bed of the canal at North street, and allotted to Mr. Frederick Trace, has not yet been commenced. The work is required to be completed before the time for resuming canal navigation, which is not far

Col. Gronge B. Wiestling, who returned from the seat of war sick some two weeks ago, continues so much indisposed as to be confined to his room at the residence of his father. Mr. George P. Wiestling, in this city. The Colonel is a competent and gallant officer, and we hope-he may soon be restored to the command of his regiment.

ANOTHER COUNTERFEIT .- A large number of counterfeit five dollar notes on the Bristol Bank of Taunton, Mass., has lately been issued. One transaction is known to have occurred in New Jersey, in which two thousand dollars changed hands. No doubt attempts will be made to "shove" the bogus money in this city, and we caution business men to be on their guard.

CANAL ABANDONMENT.—The Pennsylvania railroad company give notice of their intention to abandon so much of the western division of the canal (lately forming a part of the main line of the public works) as lies between Blairsville and Johnstown, together with dams, feeders and reser. | quick! voirs lying west of Jehnstown used in connection with what is known as the upper western division of the canal.

BAPTISM BY IMMERSION .- At the Fourth Street Bethel on Tuesday evening some fifteen persons, recently converted, were baptized by immersion in the church pool constructed for that purpose. The solemn scene was witnessed by a very large congregation, the church being crowded to its utmost capacity. The protracted revival effort has been attended with the most gratifying success, service it was predicted by those who knew largely increasing the church membership.

THE TOBACCO CROP .- This crop which is largely on the increase in Lancaster county, is beginning to arrive freely in that city. The high price which tobacso brings this year, has made the crop a very profitable one. In seme sections of Lancaster and York counties a perfect tobacco raising mania has been developed which, if not stopped, promises to rival the "multicaulus fever" which prevailed so extensively over the country a few years ago.

Pocker Pickep .- On Tuesday evening Mr. Washington Alberti, of Middletown, was robbed of a pocket book containing forty-five dollars. He is of opinion that the operation was performed in Shaffer's saloon on Third street, by a soldier who made himself somewhat familiar. The suspected individual, a member of one of the provost guard companies, was arrested by officer Campbell yesterday afternoon. A hearing of the case will take place before the Mayor this morning.

. A SHARP FINANCIER .- One Charles Burg, late a second lieutenant in the Nineteenth United States infantry, was arrested here yesterday charged with having drawn pay from ten different paymasters for the same period of service-a decidedly sharp transaction. He went to Washington this morning in custody of Capt. Wellington Jones, who has orders to put him in charge of the commander of the Old Capitol prison. Burg was discharged from the service some time ago.

Pugilistic .- A trial of pugilistic skill took place yesterday afternoon at the corner of South and Front streets between a soldier and a negro. After several rounds Sambo went down and begged for quarters. His face was badly cut and smeared with blood. How the quarrel originated we did not learn, but it caused quite a sensation in the neighborhood. None of the official "stars" were about, and consequently the belligerents escaped arrest. The soldier seemed to be drunk, and his sable antagonist was in the same condition.

NARROW ESCAPE.—Yesterday we noticed another illustration of the dangers attending the practice so extensively indulged in by our juveniles of jumping on and off moving railroad trains. At North street a small lad named Mecking leaped. from a freight train while it was in rapid motion, severely spraining his ancle and narrowly escaping instant death. His injury was of such a nature that he had to be carried home. Notwithstanding repeated warnings boys continue to indulge in this perilous amusement, and probably will do so until some of them shall have been permanently crippled or killed.

Lost his Money.—Another soldier was victimized in the vicinity of the depet last night. He got drunk and fell among thieves who stole his pocket book, containing a large roll of greenbacks. recently paid him for services in his country's cause. The fellows who make a regular business of plundering soldiers belong to this city, and the fact that they do so with entire impunity, is by no means creditable to our police efficers. No one doubts that with an intelligent exercise of the tact and skill which every police officer should possess who pretends to play "detective," these thieves could be "spotted" and brought to justice.

Soun days prior to the anniversary of Washing-OUR CITY SCHOOL HOUSES .- It is greatly to be ton's birth day several Democrats solicited the use regretted that the military authorities cannot be of the court room with the view of holding a meetpersuaded to consolidate the hospitals which now ing and making a public demonstration in honor occupy our school houses, some of whose inmates, of the occasion, and their request was not granted. it is well known, occupy quarters not contemplated At a recent meeting of the Fourth ward club the in any hospital regulations heretofore promulgafollowing resolution, submitted by Mr. Robert ted. days of fast presses might be an object to the trea-

portion of the Northern school district are com-

pelled, owing to the occupancy of the Walnut

Street Lancasterian school house for hospital pur-

poses, to send their children into temporary rooms

not fit, some of them, for occupancy. In one, it is

well known, the teacher within a few days has

been compelled to dismiss his school, because the

floor of the room assigned to him had about half

an inch of water upon it. The Southern school

district is also deranged in its operations by the

occupancy of part of its school accommodations

for the like purposes. This occurs just at the sea-

son of the year when the greatest care is requisite

to preserve the health of the darling little fellows

who are to form the future of our country-either

as citizens or soldiers-not to mention doctors.

Is this fair? Certainly it is not-toward the tax

payers of the city who so cheerfully contribute to

the school fund which provides that ALL shall be

educated; who have so liberally erected commo-

dious halls that no accessory need be wanting to

carry out the benificent laws; who supposed in their innocence that they would not be subject to

draft, but who find that they have been drafted;

and, if their boards of directors will look into it,

will find that they are unnecessarily occupied,

used sometimes in a way not laid down in the dec-

alogue; and that the government, with its land

above the city, and its young army of do nothing's

about town, might afford to construct hospitals of

its own, away from the temptations which sur-

round convalescent soldiers in grog shops and

other places not fit to write about. Our school

directors are good citizens, competent men, and the

hope is expressed that they will not find it beyond

the sphere of their duties to the community to give

THE BACHELORS AND CONSCRIPTION .- The new

conscription bill proposes in two drafts to take the

able-bodied men between twenty and forty-five

years old. They are to be two classes-first, those

married between twenty and thirty-five, with the

unmarried between twenty and forty-five-second,

the maried between thirty-five and forty-five-but

the second class is not to be called out till the first

is exhausted. This sets the bachelors between

thirty-five and forty-five all ago for getting mar-

ried. We agree with a contemporary that this is a

wise provision of the law, if there is any wisdom

in it. We wish it had taken all the bachelors

between twenty and ninety, before it touches

married men. What are these old bachelors good

for but to die for their country? If they will not

raise soldiers to fight battles, let them go and fight

themselves; and die, if so be, without wife or child

to mourn them when they fall. However, if any

of those who would fall into the second class if

married, will repent of their singularity, the war

has already made widows enough who will not re-

fuse to assist them in shirking the cartridge box,

if they will only buckle on the harness of matri-

mony. Let them walk up and show themselves

men at once. Fight or marry! Take your choice

the drinking saloons of this city hereafter. It is

Facts About Brandreth's Pills. New Castle, Westchester Co., N. Y., Oct. 23, 1852.

Me. G. Ten Evge Sheldon, Editor Sing Sing Republi-Dear Sir-I-would state that I was induced to us BRANDRETH'S PILLS through the recommendation of John R. Swift, of Croton, Westchester County, who was entirely restored to health by their use. He was sick for some two years, very costive and dyspeptic, and he tried everything, but was not relieved. Finally, he took one Brandreth's Pill every day for a week, and a dose of six Pills every day for three days, and then took one Pill every day, with occasional doses of six. In one month he was able to go to work, and in three months was well, gaining 40 pounds in weight.

Yours truly, EDWARD PURDY.

WESTCHESTER COURTY, 88.5 Edward Purdy, being duly sworn, says that he resides in the tewn of New Castle; that some years ago he was very sick with a sore on his leg, which had been run ning for over five years; that he was also much distressed by a pain in his chest, as i, besides, was very costive and dyspeptic; that after rying various remedies and many physicians, he commenced using Brandreth's Pills, six to eight three times a week, and at the end of one month the sore in his leg healed, and at the end of two months he was entirely cured of costiveness, dyspensis and pain, and has remained well ever since. EDWARD PURDY,

Sworn to before me, this 18th day of October, 1862. S. MALCOLM SMITH, Justice of the Peans

the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out, the discoveries that have been made to purge it out, none have been found which could equal in effect Ayer's Compound Extract of Safeafaellla. It cleanses and renovates the blood, instills the vigor of health into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require an alterative remedy.—Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit certificates to show its effects. But the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever taken. Sufferers from Scrofula, Scrofulous Swellings and Sores, try it and see the rapidity with which it cures. Skin Diseases, Primples, Pustules, Blotches, Eveptions, \$c., are soon eleaned out of the system.

St. Anthony's Fire, Ross or Erystipelas, Tetter or Salt Rheum, Scald Head, Ringworm, \$c., should not be borne while they can be so speedily cured by Ayer's Saresprantial. none have been found which could equal in effect Aver's

BARSAPARILLA.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left as healthy as if he had never had the
