SENT AWAY .- Fifteen or twenty soldiers who have been in the Walnut street hospital for two or three months past, left on Saturday for the convalescent camp near Washington, fully restored to health and ready to rejoin their regiments.

INDIANS EN ROUTE,-The other night a large body of Indian chiefs passed through this city over the Northern Central railroad en route for Washington city. They numbered about sixty, were in full Indian costume, and presented a fine appearance.

THE GATETY continues to flourish and attract crowded houses. The performers now engaged are among the best in the profession, rendering the Gaiety the most attractive and popular place of amusement in this city. Some new "stars" have been engaged, one of whom will "shine" on the boards this evening.

POLICE COURT .-- Nothing of special interest transpired in the police court on Saturday morning. Five old "bummers," picked up on the street the night previous in a freezing condition, were reprimanded and discharged. Charles Williams, the suspected pickpocket, arrested at the depot on Wednesday morning, was discharged, with notice to quit the city by the first train.

DANGEROUS COUNTERFEIT .- Tens raised from genuine ones on the Exchange Bank of Pittsburg are in circulation, which are thus described : Vignette, two cattle at hay mow, crows to the right, but the red 1s on either side are erased, and their places by two large X's; the one over the two females on left end is removed and TEN inserted. The genuine 10's, (old plate) have rolling mill for centre vignette, and the new plate a steamboat with "Mail Packet Pittsburg" on wheel house.

MAYOR ROUMFORT.-At the meeting of Council on Friday next the Mayor elect will be inaugurated and enter upon the discharge of his official duties, It is conceded by candid men of all parties that G.B. Patterson, A ...... General Roumfort will fill the position with dignity and ability and make a model Chief Magistrate, under whose wise and judicious administration the interests of the city and the rights of the people will be earefully guarded and protected, and the laws be faithfully maintained and enforced. SATURDAY NIGHT Row .-- On Saturday night a row occurred between some whites and negroes in South street, resulting in the defeat of the latter, who retired from the field badly whipped. The negroes were armed with razors, but did not have an opportunity to use them. The police "stars" are not usually visible in that locality after night, unless specially summoned, and consequently no arrests were made. The "irrepressible conflict" goes on. Scenes similar to the above occur almost nightly in quarters where negroes congregate. FALSE RUNORS .--- It was currently ramored vesterday that fifteen or twenty thousand troops from the Army of the Potomac would pass through this city last night en route for Tennessee to reinforce General Rosecrans. How the rumor originated we do not know, but there was no truth in it. We have reason to believe that such a movement is contemplated, and will probably be consummated during the present week. There was another report in circulation to the effect that ten thousand troops had arrived at Bridgeport, and would remain there until evening. A number of our citizens, believing the rumor, visited Bridgeport during the day, and found that they had been hoaxed. "NIGGER-HEAD" EXCURSION .- The fast sailing packet "Loyal League," constructed by the "honest boat builder," and now fast in the mud at Harrisbarg, will clear for the head of "Salt River" on Friday next. As every effort is now being made, with the aid of the "woolly horse," to set her afloat, the public need not fear disappointment. The energetic and practical Captain, John Till, the able and scientific engineer, James Worrall, the honest book-keeper, Wein Forney, and the responsible under-writer, George Bergner, give assurance that the comfort of the passengers will be cared for, and that the vessel will escape the shoals and quicksands of the passage and arrive safely and speedily at her destination. "WHO STOLE THE HAN?"-This long mooted question has at last been definitely settled, and Patrick Perhim turos out to be the individual "who stole the ham." On Saturday while. Patrick was passing the grocery store of Mr. Theodore F. Boyer he could not resist the temptation to appropriate a fige large ham that was displayed at the door, but unfortunately he was detected in the act and promptly captured. The affair attracted a large crowd of juveniles who formed in procession and escorted Patrick to the Mayor's office colivening the march by singing the popular refriin of "who stole the ham?" In default of bail the unfortunate Patrick was sent to prison to await. a trial for larceny. An Explanation.- A few weeks ago we noticed the arrest of three cyprians in State street, charged with robbing a soldier named M'Murtrie, from Huntingdon, of some sixty dollars. One of the party was a woman known here by the name of Isabella Starry, whom we represented as the wife of a sergeant in Capt. Davis' company of the Seventh Pennsylvania cavalry. On Saturday we received a letter dated Murfreesboro', Tennessee, signed "Sergeant George W. Starry," in which the writer states that he is the only person of that name in Captain Davis' company, and adds : "I deny being the husband of any woman, let her same be what it will." Sergeant Starry asks that , justice may be done him in this matter, and we therefore give him the full benefit of his own explanation.

THE CITY ELECTION .- Some inaccuracies having occurred in our table of returns on Saturday morning, we reprint it properly corrected. It will be seen that the Democrats made a clean sweep, electing their entire city ticket by a handsome majority, all the Councilmen and school directors, and carrying all the wards but one, which gives them complete control of the city government. Considering the fraudulent means used and the immense amount of money spent by the Abolitionists, the result may justly be regarded as the most splendid triumph ever achieved by the Democracy of this city, and they have reason for rejoicing and congratulation. The returns show that "copperheads" are quite numerous in this region ; and their number will be increased to countless and irresistible swarms before the next October election, when the "black snakes" will be utterly exterminated ;

MORE MEAT THIEVES .- The meat thieves are doing an extensive business just now in this vicinity. In Saturday's issue we noticed the robbery of hams, shoulders, etc., to the value of seventy-five dollars, from the smoke-house of Mr. Daviel Brooks, in Swatara township. We have since learned of similar robberies in Swatara and Susquehanna townships, one farmer sustaining a loss of over sixty dollars. It is supposed the thieves are residents of this city, and that the stolen meat is sold in our markets.

> THE NEW COUNCIL .- The Democrats having elected all their candidates for Common Council at the late election, the new board stands twelve Democrate to one Abolitionist. The members elect enter upon their duties next Friday, when a reorganization of the board will take place.

Facts About Brandreth's Pills. NEW CASTLE, WESTCHESTER Co., N. Y., Oct. 23, 1852. MR. G. THE EYOK SHELDON, Editor Sing Sing Republi-

Dear Sir-I would state that I was induced to use BRANDRETH'S PILLS through the recommendation of John B. Swift, of Croton, Westchester County, who was entirely restored to health by their use. He was sick for some two years, very costive and dyspeptic, and he tried everything, but was not relieved. Finally, he took one Brandreth's Pill every day for a week, and a dose of six Pills every day for three days, and then took one Pill every day, with occasional doses of six. In one month he was able to go to work, and in three months was well, gaining 40 pounds in weight.

Yours truly, EDWARD PURDY.

WESTCHESTER COUNSY, 88. Edward Purdy, being duly sworn, says that he resides in the tewn of New Castle ; that some years ago he was very sick with a sore on his leg, which had been run ning for over five years; that he was also much distressed by a pain in his chest, an 1, besides, was very costive and dyspeptic; that after rying various remedies and many physicians, he commenced using Brandreth's Pills, six to eight three times a week, and at the end of one month the sore in his leg healed, and at the end of two months he was entirely cured of costiveness, dyspepsis and pain, and has remained well ever since.

**PURIFY THE BLOOD.**—Not a few of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordinary virtues are not yet widely known, but when they are it will no longer be a ques-tion what remedy to employ in the great variety of afflicting diseases that require an alterative remedy.— Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit certificates to show its effects. But the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever taken. On Monday Evening, March 23.

resenting themselves as deserters from the rebel army, arrived here on Saturday night, and sought shelter in the Mayor's office, where they were permitted to remain during the night. Yesterday morning we found the "rebs" surrounded by a large crowd of persons to whom they seemed to be objects of great curiosity, some of whom plied them with all sorts of questions relative to the condition of the rebel army. The men were poorly clad and looked as if they had undergone hard usage. One of them was captured while trying to work his way out of East Tennessee to Kentucky, retained as a prisoner for several weeks, and finally pressed into the rebel service and attached to a Virginia regiment. The other is a native of Scott county, Virginia, and was also forced into the service. For some time past they have been with that division

of the army located between Norfolk and Petersburg. Several nights ago they managed to outflank the rebel pickets and escape, walking twentyone miles, and wading through a swamp up to their waists in mud and water, before getting within the lines of the Federal army. These men represent the rebels to be in a suffering condition for want of provisions and clothing, and say that the army is greatly demoralized. The mass of the soldiers are sick and tired of the war and disgusted with their leaders, and desertions take place daily. The Tennesseean, who is an intelligent man and disposed to be communicative, remarked to us that. "the Southern people did not realize how good they had it under the old government, that the sensible portion of them now sincerely regret having ever taken any part in the rebellion, and desire its speedy suppression." This, we believe, is a correct representation of the sentiment of the great mass of the Southern people. The deserters, having no money, called upon the Provost Marshal of this city, who agreed to furnish them with transportation to Pittsburg, from which point they will endeavor to make their way to Tennessee, where one of them left a family.

"COPPERHEADS."---When the United States Government was formed the only representative of liberty which the Government issued for popular use was a copper head of the Goddess. It was proposed to substitute the head of Washington, but he refused, and the copperhead cent continued till 1794 unrivaled, and has been in use over since. It seems that some of the politicians of the present day are so ready to accept the name given them by opponents that they are making breastpins out of old copperhead cents. Elsewhere copper heads of Washington are stricken from dies and worn in the same way. This is the method of turning an opprobrious nickname into good use, and making it significant of loyalty and devotion to national tradition. "Vive la Copperhead !"

SAVE YOUR COPPER-SELL YOUR GOLD .- Democratic victories seem to knock down the price of gold. But they also increase the demand for copper ! There are so many new heads to be coppered that the metal is going up. The Democratic ship in addition to being "copper-headed," seems to be copper-bound, copper-fastaned, full rigged and in full sail to the port of victory! Note the recent victory in New Hampshire, and the triumphs at municipal elections everywhere throughout this and other States during the past month.

SPECIE FLUCTUATIONS .- On the 28th of February the rise in gold and silver was the highest yet reached-the former selling at seventy-one and the latter at fifty conts premium. The fluctuations have since been very violent. In Philsdelphia on Saturday gold sold at fifty-four and silver at fifty cents premium. The day for further speculation in the precious metals has, however, ceased, and we look for a rapid decline.
