beautiful ballad by Whitemore; "Gen. M'Cliellan and Suit;" "Somnambula," as brilliantly arranged by H. Hay, are among the new pieces just received at W. Knoche's, 93 Market street. EVACUATED .- The Walnut street hospital was

evacuated yesterday and the patients removed to Camp Curtin and the Cotton Factory. The rooms will at once be fitted up for re-occupation by the north ward male schools. RECRUITS SENT AWAY .- A company of twenty-

five men, recruited for various regiments now in service, left for Washington yesterday afternoon. Most of them have been encamped here for some NEW ORDINANCES .- We print two new ordinan-

ces in another column-one authorizing the Messrs. . Bailey to construct a railroad across Second street below Vine street, to connect their works with the Harrisburg and Lancaster railroad.

HANDSOME CANES.—A large assortment of gold, silver and ivory beaded walking canes, of superior style and quality, imported and manufactured, can be found at the store of Mr. M. H. Lee, No. 69 Market street, opposite the Mechanica' Bank .--These beautiful specimens of artistic skill are sold, wholesale and retail, at city prices.

SUCCESSFUL REVIVAL -A religious revival meeting has been in progress at the Fourth Street Bethel for six or eight consecutive weeks, and still continues, with encouraging success, the nightly meetings being largely attended. The faithful and energetic pastor, Rev. Mr. Shoemaker, has been rewarded for his labors by a considerable accession to the membership of his cong regation.

Going North.-The semi-annual migration of wild geese is taking place, as that feathery tribe can be seen almost every morning, in large and numerous flocks, wending their way from the South to the Northern lakes. No doubt our sharp-shoo -ers will succeed in bringing some of them down as they are passing over. Wild geese, when fat, as they usually are when migrating from the South, are most excellent eating

THE COLORED FAIR at the Walnut street Presbye terian church, commenced last week, will be continued for several days longer. The object is a commendable one, and thus far the exhibition has been quite liberally patronized by white citizens. A great variety of fancy articles are offered for sale, and refreshments are served up in a style to suit the faste of the most fastidious epicure.

LEFT Town.-The two rebel deserters, whose arrival in this city was noticed in our last issue, left for the West vesterday afternoon, the military authorities here furnishing them with transportation to Pittsburg. While perambulating the city on a tour of observation, the men, in their dilapidated "secesh" uniforms, excited a great deal of curiosity and were "the observed of all observers." The poor fellows have endured many privations and hardships and we wish them a safe and speedy return to their families.

Found.—The iron money safe of the Adams Express company, recently stolen from a Northern Central railroad train, was found on Saturday near Cockeysville. The appearance of the safe indicated that the lock had been blown open with gunpowder. The Adams Express company offer a reward of five thousand dollars for the recovery of the certificates of indebtedness and government bonds. All efforts to detect the perpetrators of this bold and extensive robbery have thus far proved fruitless. The affair is undergoing a thorough investigation in Baltimore city.

ARREST OF SUSPECTED THIEVES .- On Saturday night the shoe store of Mr. James W. Dean, on Ridge avenue, was forcibly entered and robbed of boots and shoes to the value of over nineteen dollars. Suspicion attached to a young man named Charles M'Granigan, who was interrogated on the subject. At first he denied all knowledge of the robbery, but finally informed officer Campbell that he would show him where the stolen property was concealed, and conducted him to the residence of a young man named Christian K. Spayd, in the Sixth ward. A search was at once instituted, but no boots and shoes could be found. M'Granigan insisted that they had been deposited there on Saturday night, which statement was denied by Spayd, who disclaimed any knowledge of the robbery. M'Granigan declined making any further developments, whereupon Mr. Dean made information against both the young men before Alderman Maglauchlin for burglary and larceny. They were arrested by officer Campbell, and in default of bail the Alderman committed them to prison for trial.

SPECULATION IN DRY GOODS .- Cotton and woolen goods are selling quickly and at large profits.— Everything that has a substantial value in relation to the common wants of life is going up in price. and every body that deals in merchandise is making money. The poor man's comforts, coffee, tes, sugar, tobacco and such things, are getting to be the rich man's luxuries, and with cotton at a dollar a pound, it looks as if a cotton shirt might become an old wife's myth. Wool is cheaper than cotton, but it is on the advance, and has doubled in value within a year. There is, however, a better prospect for a supply of wool than of cotton, and men of slender means and fixed incomes may find some comfort in the reflection that "an old cloak makes new jerkin." But business is good, and the profits of speculation are large. Some day the bubble uflation will break. Every man must guess for himself when that will happen. In the meantime, on this smooth wave of apparent presperity; it is rudent to keep an eye out for rocks and breakers. An accident has carried up cotton and cotton Roads and everything else. Another accident may carry them down.

Local Legislation .- We have been on the lookout for the decision of the committee appointed by the House of Representatives to examine into the amount and condition of the powder stored in the upon us the wrath of the Adjutant General and the Telegraph. We have found the report and herewith present it, to show that in drawing the attention of the peaceful neighborhood in which this violent torpedo is located, we were not in any sense a traitor or a tory, an enemy "to the poor laborer in the arsenal," his especial friend the Tele-

graph, or the Adjutant General: HOUSE, Monday, March 2, 1863. Mr. RAMSEY, from the Committee on Public

Buildings, submitted the following report: The Committee on Public buildings and Grounds, to whom was referred the subject of examining into the condition of the powder alleged to be stored in the arsenal building, in this city, respect-

That they have made a thorough examination of the magazine containing the powder, and find that at present it contains about one and a half millions of cartridges, principally for muskets, though some

are for cannon.

The Committee are of the opinion that the said owder is as secure as it can be made in such a puilding, none being loose at present, but from its close proximity to the main building (being only separated by a thin. brick wall) it is no doubt in danger of being at any time destroyed, should fire take place in any of the workshops connected with the building. The shops being used at night, also

renders it more insecure.

While your Committee believe that no means are left untried to make the magazine secure, and that great care is exercised by the officers of the Adjutant General's office, who have charge, still so large a quantity of ammunition alongside of the public buildings of the State, and in the centre of the oity, surrounded by private buildings, and liable, as your Committee believe, to destruction from an explosion, causing an immense loss of property, and perhaps life, should an accident occur, renders it a matter of moment that some measures be taken to remove to a secure place the magazine

referred to. You Committee, therefore, recommend that are act be passed, directing the Adjutant General to purchase five acres of land, within a reasonable distance of the city of Harrisburg, and cause to be erected thereon a suitable building for a magazine. and that provision be made for the ultimate removal of the arsenal to the place so selected by the Adjutant General,

In a report of the proceedings of March 3d we find the following, also relating to city interests. Since its reference to the committee nothing has been heard of the bill:

House bill No. 342, a further supplement to an act to incorporate the city of Harrisburg, in the county of Dauphin.
Mr. Shcofield. By particular request, I move that this bill be referred to a special committee,

consisting of five members. The motion of Mr. Schofield was agreed to. Messie. Schofield, Freeland, Fox. Rhoads and Jackson were appointed as the committee.

THE COUNTY PRISON.—The new keeper, Mr. G. W. Simmons, will assume the duties of his position on the 1st of April. At the time of his appointment John Lynch was recommended by a portion of the Abolition board of inspectors for the place of underkeeper, and it was generally supposed that he had "a sure thing." But objection was made by Mr. Simmons; and other members of the board, aware of Lynch's utter incompetency, refused to unite in his recommendation, and now he has "no show" for the position. For years past John has been indefatigable in his efforts to obtain an official "snap" of some kind, and the Abolition leaders have "fooled him to the top of his bent." They encouraged him by promises which, like pie crusts, were only made to be broken, but having an abiding faith in their sincerity, and being ambitious to fill an office, John continued to de their dirty work, strong in the hope of ultimate reward. Since his rejection for under-keeper, however, after a positive promise that he should have the position, John's hope has given way to despair, ed his indignation against the false and treacherous Abolition leaders knows no bounds. In view of his shabby treatment by a party that he has so long and faithfully served, poor Lynch may well exclaim:

"Ingratitude! thru marble hearted fiend!
More hideous, when thou showest thee in a friend,
Than the sea moneter."

We are reliably informed that Mr. Downey, who for some years past, has filled the position of superintendent of weaving in the prison, will probably be retained as under-keeper, the board of inspectors having determined to abolish the weaving department, which has proved rather unprofitable. Six of the nine looms are to be removed | The Fovorite Banjoist and King of Songs and shortly, three being temporarily retained to complete unfinished work. Mr. Downey's long experience in the prison eminently qualifies him for the place of under-keeper, and if the removal of the present competent officer, Captain Nevin, is determined upon, no better selection could be

THE RIGHTS OF MARRIED WOMEN. - The following bill, which contaîns important provisions, recently passed both houses of the State Legislature. It is entitled "a supplement to the act to secure the rights of married women," passed the eleventh day of April, 1848:

Be it enacted, &c, That the true intent and neaning of the act of Assembly to secure the rights of married women, passed the 11th day of April, A. D. 1848, and the supplements thereto, are hereby declared to be that no judgement obtained against the husband of any married woman before or during marriage, shall bind or be a lien upon her real estate, or upon any interest the husband may be entitled to therein, as tenant by courtesy.

It is said the passage of this act will obviate a great deal of the difficulty heretofore experienced by conveyancers and the legal fraternity generally throughout the State.

LOCK YOUR DOORS .- Within a few days the dwellings of several citizens have been entered and robbed of clothing and various other articles On Saturday a friend of ours lost a valuable blanket shawl, which was taken from a rack in the entry while he was dining, and the article has not yet been recevered. In these times when thieves abound in our city, people should keep their front doors locked. In many instances the thieves are pretended beggars who, under pretext of soliciting alms, visit the dwellings of citizens and appropriate whatever articles of value they can lay bands upon. It frequently happens that all the members of a family are in the back part of the house, thus affording the pilfering, intruders ample opportunity to ransack the parlors with impunity.-These things are done almost daily, and if housekeepers will not take warning and secure themselves against intrusion and robbery they must pu up with the consequences of their negligence.

A Union Ball comes off this evening at Bostgen's hotel on Ridge avenue. Arrangements have been made to render the party a pleasant and enjoyable one, and the "lads and rosy lasses" who are fond of "tripping the light fantastic" should not fail to be on hand. Good music will be provided for the occasion. Tickets fifty cents. †

THE RADICALS learned one thing by the late city election—that falsehoods and nick names do not prove profitable to their cause. Our prediction that the "copperheads" would be out in swarms at the election on Friday and sting Abolitionism to death, was fully verified.

Miss M. V. Wilson calls the attention of the ladies of Harrisburg and strangers to ber fancy they will be sold cheap. Call and examine. store, corner of Second and Walnut, where she continues to keep Dress Trimmings, Z phyrs, and Green Corn just received by WM. DOCK, Jr., & CO. a variety of fancy articles.

SELLING OFF! SELLING OFF! THE WHOLE STOCK OF DRY Goods !- Having bought the entire stock of dry goods of J. A. Boger, Esq., we will commence to sell off those goods at Mr. Boger's store, arsenal-an allusion to which, last fall, brought | at prieces less than can be bought for again in the city. And as all kinds of dry goods are advancing every day in the city, this will be a good opportunity for those who are in want of any kind of goods. The stock consists in part of

Facts About Brandreth's Pills. NEW CASTLE, WESTCHESTER Co., N. Y., Oct. 23, 1852. MR. G. TEN EYCK SHELDON, Editor Sing Sing Republi-

Dear Sir-I would state that I was induced to use BRANDRETH'S PILLS through the recommendation of John R. Swift, of Croton, Westchester County, who was ntirely restored to health by their use. He was sick or some two years, very costive and dyspeptic, and he tried everything, but was not relieved. Finally, he took one Brandreth's Pill every day for a week, and a dose of six Pills every day for three days, and then took one Pill every day, with occasional doses of six. In one month he was able to go to work, and in three months was well, gaining 40 pounds in weight.

Yours truly, EDWARD PURDY. WESTORESTER COUNTY, SE.

Edward Pardy, being duly sworp, says that he resides in the town of New Castle; that some years ago he was very sick with a sore on his leg, which had been run ning for over five years; that he was also much distressed by a pain in his chest, as i, besides, was very cos. tive and dyspentic: that after Tring various remedies and many physicians, he commenced using Brandreth's Pills, six to eight three times a week, and at the end of ne month the sore in his leg healed, and at the end of two months he was entirely cured of costiveness, dyspepsis and pain, and has remained welt ever since. EDWARD PURDY,

Sworn to before me, this 18th day of October, 1862. S. MALOOLM SMITH, Justice of the Peace.
