MASON JONES-THE EMINERY ORATOR .- This great celebrity whose orations in New York, delivered at the Academy of Music, drew crowded houses nightly, and who has succeeded in attracting crowds wherever he has delivered one of his brilliant speeches, will entertain our citizens with his famous oration on Garibaldi, at the Methodist Episcopal Church, on Tuesday evening, April 14th, the committee who undertake to manage for him naving arranged for that date. The London Times, of March 17, 1859, in an editorial says:

"A study in the closet of one of Mason Jones' crations would no more be a substitute for a hearing than the perusal of a tragedy for the sight of a perior performance of the same works on the boards of a theatre."

REV. Mr. Jackson, the new pastor of the Locust street Methodist church, is a gentleman of very considerable ability, and a pleasing, imprestive and elequent speaker. The intelligent portion of the congregation regard him as fully equal, in every respect, to the ablest of his predecessors .-His sermons, thus far, have given general satisfaction, and we have no doubt the new pastor's course will be such as to increase the highly favorable impression he has already made in this community. Let him continue to ignore politics in the pulpit, "preach Christ and Him crucified," and that only, and he cannot fail to command the approbation of all genuine Christians, become popuar with his congregation, and add largely to the spiritual prosperity of the church.

DESERVED CONFLINERY. -- Our highly esteemed fellow-citizen, Mr. Lazarus Bernhard, recently tendered his resignation, as teacher and reader to the Ohef Sholam congregation of this city, which position he has filled for ten years past with great soceptability. During his long residence here Mr. Bernhard has conducted himself in such a way as to win the respect and confidence of all classes of citizens, irrespective of religious or political creede, and is at this time a useful and honored member of our City Council, to which position he was elected by a large majority over one of the most popular Republicans in his ward. The members of the Ohef Sholam, who constitute a very numerous and prosperous class of our population, fully appreciating the services of Mr. Bernhard as sader and teacher of their congregation, and de-Firing to testify their respect for him as a man and citizen, recently held a meeting and adopted the following complimentary resolutions:

Resolved, That by the exertion of Mr. Lizarus Bernhard, the congregation Ohef Sholem at Har-isburg was brought into existence, about ten years sgo, of which he was at all times not only an active and contributing member, but likewise officiated as teacher, reader and Shochat to the best of his abilly, for several years, without any remuneration, and later for a very small salary, down to the fretent time; thereby showing a desire not alone for the promotion of our faith, but also a liberal

and kind Eberted nature. Resolved, That while Mr. L. Bernhard has also sted here a B. R. lodge, and done much towards he welfare of Israel, he is not any the less honsed and esteemed as a citizen and friend among the community in general, and by his christian reighbors especially; and while we sensibly feel loss of his services in the capacity of Minister,

We rejoice, on the other hand, that he etill remains an active and useful member and honorable citizen our midst; and may it please Almighty God to reserve him as such to us and his family, as well to his friends, for many years to come. chiciy our gratitude and thanks to Mr. L. Bern-

CAPT. EDWARD DE REU. This accomplished soldier and gentleman has arrived in our city.-He has the reputation of being one of the best swordsmen in America. At any rate he can produce recommendations to that effect from the most respectable gentlemen in the country. In connection with this notice we append the following:

From the Ohio Statesman, Jan. 26, 1859. THE OBJECT OF FENCING AND TOURNAMENTS .- 1. Fencing is highly important as a healthy, invigorating gymnastic exercise, conducive to the harmonious development of both physical and mental powers. 2. As a preparatory school of war, the art of fencing is peculiarly essential to the citizens of this Republic, and should be introduced in all civil and military academies of the Union. All citizens ought to be soldiers, that is, they ought to have a practical knowledge of the skillful use of WEST.—WAY MAIL.—For all places between Harristargand Altoona, 12.20 p. m.

arms. It is not the uniform that makes the soldier,
but the knowledge of his arms. In our progressive age, according to the rules of modern tactics,
(and we say the present toe,) it is not sufficient to
be a good marksman; the past wars have shown
that now-a-days the bayonet and sword decide the
battle. For a citizen of a Republic it is not sufficieut to be a good business man; but, whenever
called upon, he must also be ready to take up arms
and fight for his country and its free government. (and we say the present too,) it is not sufficient to cient to be a good business man; but, whenever Liberty was won with arms, business and speculation cannot secure it.

Physical Training.—I have to day witnessed the introductory lessons of a number of Capt. De Reu's class in calisthenies and fencing. The great importance of systematic physical training indu-ces me to commend Capt. De Reu to the notice of our citizens, as an instructor of no ordinary stamp; his system is of the most modern and improved

school, and he is an expert. I beg leave to assure parents and guardians that, in my opinion, no system of physical culture is equal to calisthenics and fencing. It contemplates and assures a full development of the body—gives to the vital organs full play, and at the same time an easy and graceful carriage to the person. Gentlemen of sedentary occupations and habits vould derive great benefit from a course of lessons,

and no military officer should neglect this opportunity to perfect himself in the use of the proper Yours, truly, L. B. SWAN, Brig. Gen. Rochester, September 4, 1860.

From the Dayton (Ohio) Gazetta. We notice that Captain De Reu, of fencing and tournament reputation, has established a school each, in Piqua and Troy. A new band, lately organized in the latter city, gave the gallant Captain a delightful serenade a few evenings since. Wo cordially commend the Captain to our Troy and Piqua friends, both as a gentleman and a soldier. In the latter profession he has few equals, and, we believe, has few equals as a master in fencing.

Another Fatal Railroad Accident .- On Saturday morning last the conductor of a freight train coming east over the Pennsylvania railroad, discovered a man lying slong the track, near Rockville, in a mangled and bleeding condition. The train was immediately stopped, and upon examination the unfortunate man proved to be Reuben Bender, a resident of the Sixth ward in this city. One of his legs was almost entirely cut off and his body otherwise terribly mutilated, but life was not entirely extinct. He was placed on the train, brought to this city, and conveyed to his residence, where he died in a few minutes after his arrival. The coroner held an inquest upon the body, but no ratisfactory evidence was elicited as to the manner in which the deceased came to his death. A railroad employee testified that he had seen Bender at the City Hotel on Friday night, in an intoxicated condition, and that when the western train was about leaving the depot he ran and jumped on the platform of one of the cars. Bender had previously talked of going to Lancaster, and the supposition is that he got on the western train by mistake, and either jumped or fell off at the point where he was found on Saturday morning. The accident evidently was the result of Berder's own indiscretion, and no blame attaches to the railroad company. The corener's jury rendered a verdict accordingly. The deceased leaves a family to mourn his untimely and violent death. Misses EMMA and He was about twenty-two years of age.

More Confederate Prisoners .-- On Saturday last about five hundred more Confederate prisoners from various sections of the west arrived here over the Pennsylvania railread and passed on over the Northern Central railroad to Baltimore. About an equal number went through by the same reute on Friday night. From Baltimore they were forwarded to Fortress Monroe for exchange. Several thousand have passed through here within a period of ten days, and we learn that there is a large number yet to come.

On Sunday forenoon four hundred and fifty rebel prisoners of war, a large portion of them officers, reccutly captured in Tennessee and Kentucky, passed through this city over the Pennsylvania railroad, en route fer Fort Delaware. The notorious rebel General Churchill, whose name is familiar to all newspaper readers, was one of the party. Their arrival here attracted an immense crowd of people to the depot, many of whom had never before seen so many "rebellions rebels" at one time: Many of them were intelligent and fine-looking men, and much better clad than the common run of rebel prisoners. The train stopped here but a short time, afforcing our citizens but little opportunity to converse with the "rebs," most of whom seemed to be in a cheerful and communicative mood, and hopeful of the ultimate triumph of

Soldiers' Life Preservers.—The new field and camp Tourniquet invented by Dr. Lambert, for the saving of soldiers' lives, is very highly recommended by the most eminent surgeons in the country, and is becoming immensely popular .-We learn that a bill is about to pass, if it has not already passed, our Legislature, and will receive the Executive sanction, authorizing Governor Curtin to supply each of the Pennsylvania regiments in service with a number of these newly invented "life preservers." The object of the Tourniquet is to arrest the flow of blood through the main arteries or extremities, while the collateral supply will go on to a sufficient extent to prevent the limb below from perishing. It is efficient, simple, portable; can be applied by the wounded man himself; and presents important advantages for the saving of life, in case of wounds and and den hemorrhage, either on the battle field or in civis life. For its extensive introduction among the Pennsylvania troops we are in a great measure indebted to Surgeon General King, who took an active part in procuring prompt and favorable legislation on the subject.

SERIOUS OFFENCH .- On Saturday Mrs. Jane Bostgen was before Alderman Kline, charged with having visited a room in the house of George Holtzberger, in the Sixth ward, in company with a man who represented himself as a constable, and broke open a trunk belonging to Leab G. Freeman, under pretence of searching for stolen goods. For this unwarranted and illegal proceeding the owner of the trunk made complaint against Mrs. Bistgen, and she was obliged to enter bail for her appearance at the next court. The man that played conatable on the occasion, according to Mrs. Bostgen's Resolved, That we deem it our duty to testify description, is Jacob Stonffer, and he should also be arrested. Mr. Stouffer is no constable, although he has been seting in that capacity for several months past, as we are reliably informed. The regularly elected constable of the Pourth ward is The above resolutions, printed in the finest style | Bernard Campbell, and no alderman has a legal right to deputise Mr. Stouffer, "or any other man," to serve warrants, make arrests, and perform constabulary business generally. STATE LUNATIC HOSPITAL. -The Governor has nominated John H. Briggs and Jacob C. Bomberger, of this city, and F. C. Penniman, of Wayne county, as trustees of the State lunatic hospital. Of course the nominations will be confirmed.

THE ADAMS EXPRESS ROBBERY .- In our issue of Friday morning last the fact was stated that a number of arrests had been made of all parties alleged to be connected with the robbery of the express safe on the Northern Central railway some weeks ago. In addition it is now stated that all the bonds and securities have been recovered except about \$5,000 worth. Two or three thousand dollars of the money was also recovered, leaving about \$20,000 yet missing. Eight men, one boy and several women are now under arrest for having been engaged in the affair, either as actual participants or accessories of the fact. Upon some of them bonds or securities were found, while in the useless here to recount them bonds or securities were found, while in the The world knows them. houses of others a quantity of bonds were discovered secreted. All the parties under arrest are citizens of Baltimore. For special reasons their names are withheld at this time. The whole busiof ferreting out this rebbery was carried on by Mr. Sanford, of the company, assisted by a corps of well-known Northern detectives, under the lead of Mr. Allen Pinkerton, of Chicago, and some of the "experts" of Baltimore city. We are promised further and interesting developments in the course of a few days.

Saved .- In order to reduce stock, owing to the tearing down of the old store and building up new, I offer my stock, consisting of a large stock of three-ply Ingrain, Venetian and Rag Carpets; also, furniture of all descriptions, at twenty per cent less than city prices, until the 15th of June next.

Facts About Brandreth's Pills. NEW CASTLE, WESTCHESTER Co., N. Y., Oct. 23, 1852 Ma. G. TER EYCK SHELDON, Editor Sing Sing Republi can: Dear Sir-I would state that I was induced to use

BRANDRETH'S PILLS through the recommendation of John R. Swift, of Croton, Westchester County, who was entirely restored to health by their use. He was sick for some two years, very costive and dyspeptic, and he tried everything, but was not relieved. Finally, he took one Brandreth's Pill every day for a week, and a dose of six Pills every day for three days, and then took one Pill every day, with occasional doses of six. In one month he was able to go to work, and in three months was well, gaining 40 pounds in weight. Yours truly, EDWARD PURDY.

WESTCHESTER COUNTY, 88. Edward Purdy, being duly sworn, says that he resides in the town of New Castle; that some years ago he was very sick with a sore on his leg, which had been run ning for over five years; that he was also much distressed by a pain in his chest an i. besides, was very costive and dyspeptic; that after rying various remedies and many physicians, he commenced using Brandreth's Pllis, six to eight three times a week, and at the end of one month the sore in his leg healed, and at the end of two months he was entirely cured of costiveness, dyspepsia and pain, and has remained well ever since.

Sworn to before me, this 18th day of October, 1862. S. MALOOLM SMITH, Justice of the Peace.
