A FAILURE .-- Mason Jones, who was to have

lectured last evening on Garibalci, for some unexplained reason failed to appear. Holders of tickets can have their money refunded by calling on those of whom they purchased them.

SHAD .- The Susquehanna and Delaware shad fisheries commenced operation on Monday morning, and we may soon expect to have a plentifal supply of these always acceptable fish in our market at reasonable prices.

STILL GOING .- On Monday six hundred more confederate prisoners passed down the other side of the river over the Northern Central railway en route for rebeldom to be exchanged. Nearly an equal number passed over the same road yesterday, and we learn that a large number is yet to come.

ON THE RAWPAGE AGAIN .-- Recent heavy rains, and the sudden melting of large bodies of snow, in the upper Susquehanna regions, have caused another flood. Yesterday afternoon the river was The broad bosom of the old Susquehanna is again dotted with rafts, and we may now look for increased activity in the lumber market.

FIRST CITY ZOUAVES .--- We learn by private letters received from members of this company, that they are now doing guard duty at the Old Capitol Prison in Washington city. The boys expect to return home about the latter part of this month, at which time their term of service, as well as that of the entire regiment to which they belong, will expire. The letters alluded to also state that very f ew of the Zouaves feel inclined to reinlist.

JUVENILE PUGILISTS .- Yesterday afternoon two juveniles, named Joseph Russ and James Johnson, entertained a crowd at the depot with a pugilistic exhibition. The effort was suddenly terminated by officer Deeters, who took the combatants in charge and conducted them to Alderman Kline's office, who bound both parties over to appear at court and answer a charge of assault and battery.

BROBST UP AGAIN .--- In our last issue we chronicled the arrest of William Brobst, on a charge of following and insulting respectable ladies on the street, and his release on bail to appear before Alderman Kline at ten o'clock. This fellow rendered himself somewhat notorious in our city last fall by his sharp financial operations in the substitute business, and increased that notoriety recently by his prominent participation in the scheme to make Simon Cameron United States Senator, daily and nightly dogging the footsteps and haunting the chambers of Democratic members and holding out to them tempting inducements to aid in the consummation of the villainous Abolition plot. When first captured Brobst exhibited a great deal of virtuous indignation, and expressed astonishment that a "respectable" man like him should be charged with such a serious offence. The game didn't win, however, and on being informed that he must find bail or go to prison, he suddenly subsided from the indignant to the pathetic; but that dodge also failed, and he left the office under escort of the Chief of Police, in search of a friend to "see him through." After repeated applications and rejections, Brobst at last induced David Brindle, keeper of a drinking saloon under the Herr House, to accompany him to the Alderman's office and go security for his appearance yesterday morning at ten o'clock. He manifested great anxiety to have the matter kept quiet, and offered to "pay' the Chief of Police "handsomely" if he would manage to prevent a report of, his arrest getting into the newspapers. Barney indignantly spurned the offered bribe, and told him he must take his chances like all other offenders. At the appointed time yesterday morning Brobst was promptly on hand, and made an effort to have the case compromised, but the Alderman was inexorable, and a second time he was obliged to go in search of bail-On the night previous he boastingly declared to Barncy that George Bergner or Donald Cameron would go his security, but neither of these political and personal friends "came to time." This was rather ungrateful, considering the important part played by Brobst in the scheme to elevate the patron of the one and the father of the other to the United States Senate. After being absent some time Brobst returned to the Alderman's office accompanied by the aforesaid David Brindle and Sumuel Harvey Walters, who entered security, in the sum of four hundred dollars each, for the defeudant's appearance at the April court to answer the charge preferred against him. It appears that for some time past Brobst, who professes to be a man of family, has been in the habit of making familiar approaches to respectable ladies on the street and grossly insulting them. This was the case on Monday evening, when the Chief of Police detected him in the act and promptly arrested him. It is time an example was made of "lewd some ten feet above low water mark and still rising. | fellows of the baser sort," who indulge in these acts of scoundrelism; and we trust that Brobst will get the full measure of punishment which his infamous conduct deserves.

> THE MURDERER OF LIZZIE GERMAN .--- Our readers are aware that some days ago Mrs. Weitzel, of this city, accompanied by Mr. Emanuel German and officer Fleck, went to Dayton, Ohio, to examine an alleged murdcrer confined in the prison there, supposed to be the fiend that outraged and murdered little Mary Elizabeth German in the month of October last. The district attorney has information from officer Fleck to the effect that the witness, Mrs. Weitzel, at once, identified the prisoner as the individual in whose company she had seen the deceased on the evening prior to the murder. What revelations, if any, the prisoner made in regard to that horrible tragedy, is not stated, and we must await officer Fleck's return for further developments. It will be a relief to cur whole community to know that the perpetrator of

THE LEGISLATURE will adjourn sine die at twelve o'clock to-day, and by to-morrow noon most of the members will have left the Capital, homeward bound, to render to their respective constituencies an account of their labors here during the past session. No doubt many of them who have proven faithful public servants, will return here next winter, with an emphatic popular endorsement; while others will be consigned to the oblivion from which political fanaticism first dragged them, and never again disgrace the halls of legislation with their presence. Next winter we expect to see all branches of the State government in the hands of the Democratic party, and feel a confident assurance that our expectations will be fully realized.

THE PEAK FAMILY .- These celebrated vocalists and bell ringers, who intend favoring our citizens with two entertainments, come highly recommended by the press of various cities in which they have performed. One of our exchanges says, "the patronage bestowed on them is well deserved, for the exhibition comprises an almost unexampled combination of musical attraction. The harmony produced by their silver bells is as pleasing as it is novel in character. Master Eddie and Miss Lizette sing their songs and ballads with a charming artlessness of manner and most diverting effect. The company also includes several instrumental and solo artists and a brass band." So liberal and vaied a programme must attract a numerous auditory in our city.

POLICE AFFAIRS -Since the late municipal election police business has been unusually dull. In fact the sources of crime seem to have almost entirely dried up in our city. Formerly the Mayor's morning levees farnished us material for half a column of police reports daily. Now there is no necessity for holding Mayor's court at all, arrests being of rare occurrence, and the offences of such a nature as legitimately come under aldermanic jurisdiction. Although the present gratifying condition of affairs interferes materially with our occupation as a gatherer-up of local items, we cheerfully submit to the is convenience it occasions us, "for the public good," and trust that the quiet and good order which have obsracterized the Capital city since the inauguration of the new municipal government may long continue.

SUPERINTENDENT OF COMMON SCHOOLS -The. Governor has nominated, and the Senate confirmed, Charles R. Coburn, of Bradford county, as Superintendent of Common Schools for the ensuing three years. We know nothing about the qualifications of Mr. Coburn, but we do know that the great mass of the people of Pennsylvania, appreciating the eminent ability and invaluable services of Hon. Thomas H. Burrowes, as head of the school department, did not desire a change; and the action of Governor Curtin in this matter will cause universal dissatisfaction. But for the strong Abolition pressure brought to bear upon the Governor, which he was too imbecile and weak to resist, we believe Mr. Burrowes would have been retained. The appointment of Mr. Coburn cannot be regarded in any other light than as a humiliating concession to the Abolition function of the Wilmot district, at the sac fifes of Governor Curin's own better judgment.) The position of State Superintendent never was so ably filled as it has been by the present incumbent, a fact that is admitted even by those who howled most earnestiy for a change that would Abolitionize the department, regardless of the injury that might result to our well-perfected system of popular education.

the most fiendish outrage on record has at last been detceted. Should he escape conviction on the charge for which he was arrested at Dayton, he will be brought here for trial. It was expected that Mr. German and Mrs. Weitzel would reach home last evening.

THE NEGRO REGIMENT .--- We have seen a latter written by one of Tom Chester's sable recruits, now in camp at Boston, from which it appears that the filling up of the negro regiment is progressing very slowly. The number now in camp is only four hundred and twenty, and this after three or four months' energetic recruiting throughout the entire North. The company to which the Harris-

burg recruits are attached numbers seventy-seven, and the letter-writer says, "a lot of bad boys we have." This is not very complimentary to the sable sons of Mars, but we have no doubt of its truth. From present indications the effort to recruit even one full negro regiment in all the free States is likely to prove a total failure. The black Abolitionists, like their white-skinned brethron, have no stomach for the fight, and prefer skulking at home, while the men whom they brand as "traitors" and "copperheads" are braving danger and death on the battle-field for the salvation of the country.

CANE PRESENTATION .- Yesterday after the adjournment of the morning session of the Senate, the officers of that body presented Speaker Lawrance with a splendid ebony cane, surmounted by an elaborately ornamented solid gold head, conaining the following inscription, engraved in the highest style of the art: "From the officers of the Senate, 1863, to Speaker George V. Lawrence." This costly and beautiful present was gotten up by our townsman, Mr. M. H. Lee, No. 93, Market st.

Wacts About Brandreth's Pills. NEW CAETLE, WESTCHESTER Co., N. Y., Oct. 23, 1852. MR. G. TEN EVCK SHELDON, Editor Sing Sing Republi-

C(( **R** ; Dear Sir-I would state that I was induced to use BRANDRETH'S PILLS through the recommendation of John R, Swift, of Oroton, Westchester County, who was entirely restored to health by their use. He was sick for some two years, very costive and dyspeptic, and he tried everything, but was not relieved. Finally, he took one Brandreth's Pill every day for a week, and a dose of six Pills every day for three days, and then took one Pill every day, with occasional doses of six. In one month he was able to go to work, and in three months was well, gaining 49 pounds in weight.
