BUCK BEER To-DAY .- Mr. Henry Frisch, proprietor of the State Capitol Brewery, imforms his customers that he will have buck beer on hand and for sale to-day.

Notice.-All persons are hereby warned not to trespass on the premises and enclosures of Henry Frisch's summer retreat hill, formerly Allison's. as all such trespassers will be prosecuted to the extent of the law.

In Town.-Mademoiselie Ducrow, the celebrated dansuese, and Mademoiselle Emma De Martin, the renowned vocalist, announced last week to appear, have arrived in this city, and will make their in America, call at the academy. debut upon the boards of the "Galety" this eve-

AN ENGINEER KILLED .- We learn that on Saturday afternoon Mr. Jacob Forney, an engineer on the Pennsylvania railroad, was killed on the Philadelphia down train a short distance on the other side of Lemon Place. He was first discovered by the fireman, who observed him leaning out of the engine house window, and, on drawing him in, found him quite dead, his skull being broken and his brains dashed out. It is supposed that, while leaning out of the window, his head was struck by a bridge or post, killing him instantly. Mr. Fornev was well known in this locality, and was esteemed for his many good qualities. His residence was Lancaster, where he leaves a wife and child.

REBEL PRISONERS PASSED THROUGH .- On Friday last, three hundred prisoners, lately captured by Gen. Grant's army at Vicksburg, passed over the Pennsylvania railroad to Baltimore or Washington. They represented that two thousand more. captured by the same army, are on the road between St. Louis and this point, and will shortly reach Washington. It is probable that they will soon be exchanged.

Yesterday morning eighteen rebel prisoners, all officers from Price's army, en route from St. Louis to Washington, came through this city, in charge of Col. Chipman. They all looked quite well, and declared themselves pleased with the prospect of soon setting foot on the sacred soil 'tother side of "Mason & Dixie's" line.

IMMENSE FLOWING WELL.—One of the most valuable veins of petroleum yet discovered was lately struck on the Farrell farm, on Oil Creek, Venango county. The well commenced flowing on Saturday last, the oil spouting up to a height of fifty feet, with a roar like a hurricane, and escaping at the rate of two thousand barrels per day. A stopcock was got on after much trouble, and the flow can now be regulated to suit the demand. Apriler flowing well in the vicinity was so affected by the opening of the new well that its yield decreased ever three hundred barrels per day. The Farrell of all descriptions, at twenty per cent less than well, which is about four hundred and fifty feet deep, was at last accounts flowing steadily at the rate of twelve hundred barreis a day. This, even at the moderate prices now ruling at the wells. would yield the owners \$3,600 per day-almost as prefitable as a government contract.

POSTAL MATTERS.—The report, which has gained circulation, that on and after July 1st all letters deposited in the post office for mailing, on which the postage is short, instead of being sent forward as now, will be kept and treated as if there were no stamps on them, is not true. Letters upon which postage is short will, after the new law goes into effect, be forwarded as now, but double the deficiency will be demanded on delivery. This is the only change, and will probably be a sufficient inducement to the prepayment of full postage. From the first of May last, all postage due on unpaid letters received from foreign countries in the mails dispatched to this country from Great Britain, Ireland, Prussia, Hamburg, Bremen or Belgium, must be collected in specie or its equivalent, agreeable to a recent order from the Post Office Department to postmasters throughout the country.

Useful Invention .- We have recently examined an improved carpet tack, the invention of Mr. William P. Patton, a machinist in the employ of the Pennsylvania railroad company in this city. It consists of a flat oval bit of iron, perhaps half an inch long and about half as broad. From the centre of this little plate, which is about the thickness of the heads of ordinary carpet tacks, a prong or spur is punched, which tapers to a point, and which being bent to a right angle with the plate, forms the body of the tack. The invention is a very simple one. Its introduction to public use we know will be appreciated by housekeepers, as the carpet tacks now in use are mostly a worthless article. The inventor has secured a patent for his article, and so soon as the necessary machinery for the manufacture of them can be constructed they will be introduced to the public.

LUTHERAN SYNOD .- The venerable Synod of the State of Pennsylvania, which has existed for one hundred and sixteen years, met in St. John's Evangelical church, Reading, on the 30th ult .-Rev. Dr. Mann preached the synodical sermon on Sunday. On Monday the Synod was organized .-The following officers were elected: President, Rev. C. W. Schaffer; Secretaries, Rev. B. M. Smucker and Rev. S. R. Brobst ; Treasurer, Rev. Muhlenburg Keller. Among the important business transacted was the adoption of a series of resolutions looking to a union of the Old Synod of Pennsylvania with the East Pennsylvania. These 1080 lutions, which were thoroughly and amicably discussed, embody a number of fundamental principles which will serve as a basis of union between the two bodies, and it is confidently believed that such a union will seen be consummated.

SETTING THEIR HOUSE IN ORDER .- We observe sundry improvements being made on the exterior and interior of the Citizen engine house. The brick walls and front have been treated to a very becoming and substantial coat of paint, and the building supplied with a new tin roof nicely painted and better calculated for turning water than the old one. The old roof was a treacherous and leaky institution, through which the storm insinuated itself, trickling down the walls and giving the papering a ring-streaked and speckled effect, and imparting to the atmosphere a musty odor. The old and oft-tried hose carriage deserves to be comfortably housed, and we are glad to see that steps are being taken to that end. The improvements are being made at the instance of the City Coun-

SUPPOSED. MURDERER CAUCHT .- " Foxey," alias Dougherty, atias Miller, who is believed to have murdered Charles Brady, of Marietta, week before last, was taken through this city on Saturday. He was in charge of officer Lipheart, of Marietta, by whom he had been captured at Lebanon. The evidence is said to be very strong against the prisoner. The murder of Brady was a cold blooded and butcherly piece of work, his body being found in his saloon a day or two after death, brutally hacked and gashed. The man 'Foxey" is said to have led the life of a vagabond and felon, and has more than once occupied a cell in our Walnut street lock-up.

THE PIC-NIC TO-DAY .-- We would remind our readers of the pic-nic which is to be given at Haehnlen's grove to-day, for the benefit of St. Laurentius church. Every arrangement has been perfected by the committee which can contribute to the enjoyment of their guests. Those who would relish a few hours of delightful pastime, and at the same time contribute to a very worthy object, are commended to this rural feast. Omnibuses will leave Dan. Wagner's hotel every hour. An admittance fee of twenty-five cents will be

The evening school will be from 8 till 10.30 p. m. Private lessons by couples in classes, or single lesson. Terms moderate. For referencas and hundreds of certificates, during 12 years

THE DRAFT .- Attorney General Bates has prepared an opinion, which, it is said, is accepted by the Department, that the law of Congress regarding the payment of three hundred dollars in lieu of service when a person is drafted, is mandatory, and that this sum, and no less, must be fixed in all such cases; but it is also held that this only exempts the party from that particular draft when the money is paid, and that a similar liability is incurred upon each and every draft.

More Guns.-Three truck cars passed through on Saturday, on which were mounted one 10-inch and four 8-inch Columbiads, the former weighing 15,000 pounds, and the other four about 8,500 pounds each. They are for the New York barber fortifications.

AYER'S COMPOUND EXTRACT SARSA-ATLIA. No one remedy is more needed in this mentry than a reliable Alterative, I ut the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blaned for the impositions from which they have suffered. Most of the recalled Sarsaparillas in the market contain little of the virtues of Sarsaparilla of anything else. They are mere slopes—increased worthless while a concentrated screen slops—inert and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc., is, as it ever will be, a powerful alterative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable wedicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. From Rev. J Newton Brown, D. D., Editor of Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, 1 yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the begefit of others.

in the hope that he may thus centribute to the beight of others.

I do this more readily in regard to "Hoofland's German Bitters," prepared by Dr. O. M. Jackson, of this dity because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemsker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of badily and mental vigor which I had not for for six months before, and had almost despaired of regaining. I therefore thank Ged and my friend for drecting me to the use of them.

AND THE FRIENDS OF SOLDIERS. We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bit-ters" will cure nine-tenths of the diseases induced by ex-posures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival published almost daily in the newspapers, on the arrival of the ick, it will be noticed that a very large proportion are suffering from debi-ity. Every case of that kind can be readily cured by Hoolland's German Bitters. We have no hesitation in string that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful letters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.
