NEW ARRANGEMENT.—Sanford's Opera House has been leased by Mr. J. G. H. Shorey, the popular comedian, and will open under his auspices tomorrow and Saturday evening. A full troupe is engaged, including ballet dancers, vocalists and acrobats.

**The Benefit To-night.**—Shorey's benefit comes off to-night at Brant's Hall, and, judging from the number of tickets taken, will be an enthusiastic and successful affair. The programme is attractive, and contains the names of the Whiting Sisters, Mr. George Derricott, Charley Cannon, the champion jig dancer, and a host of others.

INNOCENCE.—The above was handed to us by a young man, who had evidently seen better days and sorer times. His look was haggard, his eye rolling, and his brow, already wrinkled with care, was half hidden beneath his dishevelled hair, which covered his head like a scrub-broom in the last stage of demoralization. His protest is presented above. It is a "cry out of the depths." We maintain a strict neutrality on the subject which it treats. If any of our readers—especially our fair readers—see the matter in a different light, we would be glad to hear from them. Let them club mop-sticks and "wipe out" their infamy.

DAVIS' PANORAMA.—We understand that Mr. Harry Davis is expected home in a few days, and will afford his friends an opportunity of seeing his celebrated panorama of the rebellion. It is pronounced by those who have looked at it to be an artistic and finely conceived work. It is on exhibition in various parts of the country during the present season.

SEXT FORWARD.—Sixteen deserters and four paroled prisoners started from this city for Washington yesterday afternoon. They belong to different sections of this State, and were sent in to be forwarded to Washington, whence they will be furnished transportation to their respective regiments. They were in charge of Lieut. Jones, of the Seventh Pennsylvania cavalry.

DESERTER ARRESTED.—A deserter named Edward Pope, belonging to the Fifth Pennsylvania Reserves, Col. Simmons, was arrested on Ridge road last evening by officer Fry, who handed him over to the Provost Marshal. He was sent to camp. Pope is from Huntingdon county. He was much exasperated when apprehended, and drew a knife upon his captor, threatening to take his life if interfered with in the enjoyment of his liberty.

MAN KILLED.—A soldier who was stopping at the National Hotel, Market street, was attacked and robbed in his room on Tuesday night. He was knocked down, his money taken, and himself thrown out of a back window into the yard in the rear of the house, where he was soon found in an insensible condition. His empty pocket-book was found concealed under a side-walk near by.

The two other inmates of the room, the one a comrade and the other a cigar-smoker, were arrested on suspicion, searched, and committed by Alderman Peffer for a further hearing.

POLICE AFFAIRS.—Before Alderman Kline.—Francis Gruber, who seemed to labor under a superfluity of stimulus, was overhauled yesterday by officer Easig. He was doomed to twenty-four hours in the Walnut street gaugery for drunkenness.

John D. Waltman, who had shipped an immense cargo of bricks on the upper deck, was found anchored at the Buehler House yesterday morning, and towed around to the magistrate's by officer Easig. Sent twenty-four hours to the Walnut street dry-docks for repairs.

Solomon Emanuel was arraigned on a charge of larceny, preferred by Mr. Levi Weaver, North street. A search warrant was issued, and the room and trunk of the defendant, who boards on North street, were searched by officer Campbell. Several missing articles belonging to Mr. Weaver were found, including a lot of sea shells, a picture of General Banks, etc. These appear to have been taken by Emanuel while engaged in putting gas fixtures in Mr. Weaver's house, to which business he was an apprentice. A very large and miscellaneous assortment of other goods were also brought to light, consisting of a pistol, cavalry sabre, several quarts of percussion caps, a lot of cartridges, &c. The enterprising young notion gatherer was, in default of bail, committed to answer at quarter sessions.

THE PROSPECTIVE DRAFT.—The enrolling officers keep busily at work, and are progressing swimmingly in this district. We can square to sell the balance left at very low prices, until the whole are sold. Among these goods are

**HOUSE CLEANERS.**—If there is in the female character any one trait more strongly developed than another, it must be an inordinate love for cleanliness. They are willing to make the whole household, bairn included, miserable for weeks, if they can only sacrifice at the shrine of their dripping and dazzling idol. The women have been remarkable for all ages for the fortitude with which they would endure martyrdom in any cause where their soul were enlisted, and this peculiar trait still seems to cling to them, for they can easily stand by aid, with hearts rendered utterly callous by basical instincts and usages, see a household reduced to the most abject misery and wretchedness, all under the despicable plea that "we must clean house!" We have seen a woman, with the floor all a slogging foam, still dashing torrents of suds and water upon it, with all the self-satisfaction of a sylvine fury performing her orgies, and with an air of provoking assurance about her, as she had been commissioned by high authority to scourge mankind and visit the earth with a flood.

"Who hearest? the voice of wedlock bind. With howl soul, full well know ye the day Which we smooth sliding after week brings on Too soon?"

A Friend in Need. Try it.

ILL Original Letter at 294 Canal street, New York: J. I. OOKE, publisher of the State Banner, Burlington, Vt., says he was attacked with DYSPERPSIA, and suffered so severely from it, that not a particle of food could be swallowed without occasioning the most uncomfortable sensation in his stomach. For five years he suffered from this dreadful complaint, when he used BRANDRETH'S PILLS. The first box did not seem to benefit him much, but the second produced a change, and by the time he had taken six boxes, a COMPLETE CURE was effected. He says: "My dyspepsia was gone, and my expectations of an early death vanished."

EXCELSIOR!

THE ONLY PREPARATION that will instantly produce a sound brown or black in ten minutes, without injury to the hair or soiling the skin of the face or head, is

CRISTADORO'S HAIR DYE.

It has been certified by the first Chemists in America, including Dr. B. CHILTON, to be free from every deleterious substance, and no equal to the amount of hundreds of dollars, but he cannot pay debts with them at all in business transactions beyond the amount specified, if others refuse to take them. With cents the case is still worse. The scarcity of small change forced a temporary value on them at one time, but that scarcity has passed away, so that the hoarding of them now is foolish business. These small coins were intended to circulate as change, and they were made to pass for more than they are intrinsically worth, for the purpose of keeping them in circulation; therefore let them circulate. Lay in a larger stock of common sense and a smaller stock of copper coins.

DRAGONS.—Our exchanges, particularly from the western part of this State, represent the earth as being much parched and the vegetation checked and suffering for want of rain. Serious apprehensions are felt for the future, and a regular drought is feared by many. At last accounts, however, there were strong indications of an early fall of rain. The threatened calamity had a strengthening effect upon the produce market in the suffering region, and the price of all kinds of marketing had a tendency to climb higher. We have heard no complaint of drought in this section. Light showers have fallen during the past week or two in the country round about here. Even without these we might not have suffered much, as the soil of the Cumberland and Lebanon valleys is of a nature to withstand more dry weather than that of any other part of the State.

BIRD'S-NESTING.—We saw a man that saw a boy robbing a bird's nest in the trees of the Capitol Grounds the other day. Somebody ought to report the heavenly law of mercy, let somebody birch him in behalf of violated moral and of municipal law.

The little birds that build and sing in town are of great use to us, as they destroy the worms and insects that infest the trees and blight their growth. They should be protected in every possible way.

The boy that begins life by robbing the nests of harmless birds is in a fair way to grow up an Ishmael, with every man's hand against him, and a lively chance of a short shrift out of this stage of existence. Let him learn to be merciful and friendly to the birds, like we did—though we confess the lesson had to be beaten in with many stripes."

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperture in the world for all purposes of a family physician.

Price 25 cents per box. Five boxes for \$1.
