RECEUTTS .- Thirty-five recruits were yesterday forwarded from this point to regiments in the field. These men are recruited for the heavy artillery service, and go for three years. MILITARY RELIEF FUND .- The usual payment

cannot be made this week, owing to the removal of the funds from bank. The delay is unavoidable, and families may rest assured that it will be made at the earliest possible time, of which due notice will be given in the daily papers. OLIVER EDWARDS, Sec'v.

DISTANCES ON THE NORTHERN CENTRAL .- The following table shows the distances from Harrisburg of the various stations along the Northern Central railroad, as far as Hanover Junction: Bridgeport - - - 1 York - - - - 27

Goldsbore' - - 12 Glatfelters - - 35
Tank - - - 16 Smysers - - - 37
Summit No 2 - - 21 Hanover Junction - 38 Mr. Thomas Wilson.—This gentleman, who was arrested on Monday on suspicion of sounding the river and giving information to the rebels, had a hearing before the Provost Marshal yesterday, and was released from custody. The persons who made information against him did not appear, and no evidence whatever was found against him. We will allude to his case more particularly to-morrow.

TROOPS FROM NEW JERSEY .- Two companies belonging to the First New Jersey Militia reached this place yesterday afternoon, and took up quarters of Camp Curtin. Each of the companies, the one from Newark and the other from Morristown, number something over fifty men. They have enlisted in the State service for the period of thirty

SUDDEN DEATH OF A HORSE -About seven o'clock last evening a horse belonging to Mr. John Walborn, a hackman of this place, suddenly fell dead in harness on Third street, near Locust, while making a trip from Camp Curtin. The horse was a six-year old, and was a valuable animal, having cost his owner \$130 two weeks ago. He had not been in use for the past fortnight until yesterday.

CLEANED OUT .- The buildings upon the hill have been thoroughly cleaned out. During the past two or three days, men have been employed in removing the arms and military accoutrements from the State arsenal to a place of safety. Every article of value has been removed from the Capitol building. Among the last articles taken away were John Hancock's chair and the table on which the Declaration of Independence was signed .-Pennsylvania is determined to preserve these relics, and will cling to them as did Israel to the ark of the covenant.

THE BURNING OF CARLISLE.-It was a painful and yet argrand sight to stand upon the river bank night before last, facing toward Carlisle. The distant horizon was lurid with the light of configgration, and the whole southwestern sky was aflame. The roar of the cannonading was prolonged and continuous, and came reverberating down the valley like the intonations of distant thunder. The river bank was lined with anxious faces, all lighted with the unnatural glare of the western sky, which gradually faded away, and the silence was only broken by the discharge of the artillery, which grew less and less frequent, and finally died out altogether.

CONTRABANDS IN TOWN .- There are at present in this city some eighteen hundred contrabands, who have fled to this point before the advance of the rebels up the valley. They consist principally of women and children, and are quartered at the Court House and other places, both public and private. Large numbers of the men are at work daily in the entrenchments across the river, digging ditches and pumping water up to the camp on the hill by means of fire engines. We are informed by the managers of the Citizen fire company, now in this service of supplying water to Fort Couch, that the contrabands detailed to aszist them are faithful and efficient workers. Rations are served out to them daily by the authorities, and comfortable quarters provided.

THE COMING CHOP.—The general evidence from our exchanges throughout the country is that the crops of the season will reach an average in both quantity and quality. There are complaints of injury done in some sections by drouth, and in some of the surrounding counties we hear of farmers ploughing up their oat fields and sowing fall crops. The grass in this region is quite short in places and the corn has also been seriously checked in growth in consequence of the dry weather which prevailed throughout May and the early part of June. But the want of rain appears to have been local and limited in extent. Wheat in this State Is said to promise finely, though the raid of the rebels in the Cumberland Valley, in which from two and a half to three millions of bushels of this staple are annually raised, will interfere with the gathering of the crop. In New York, the wheat crop is good, but lighter than usual. In the West, generally, the wheat prospects are favorable. In Southern Illinois, Ohio and Indiana, full crops; in other parts of these States it is affected by the drought. So, in Michigan, it is very good or bad, according to the locality. It seems to be generally understood that the hay crop this season will be less than the average. Oats in some places have been injured, and the recent cold weather is unfavorable to the corn, but these have time yet to recover themselves with favorable weather. Oats are very high in price, and this has stimulated the farmers to plant very largely, so that a good erop will be realized, in spite of any temporary or local drawback. The present showery and unsettled weather is unfavorable for the hay harvest, which is now upon us. Between the rains and the raids, our farmers have prospects of rather lively times in getting in their hay and wheat harvest,

ull force occupying the town and county of York on Monday last was not less than 10,000 men. General Early had his headquarters in York, with 3,000 men and seven pieces of artillery, and Gen. refusing to do duty and reported to the authorities Gordon was encamped outside of the town, with 2,500 men and seven pieces of artillery, The demands made by the rebels upon the town authorities were as follows: \$100,000 in U.S. Treasury notes, 200 barrels of flour, 40 000 pounds of fresh beef, 30,000 bushels of corn, 1,000 pairs of shoes, 1,000 pairs of stockings, and 1,000 coats and caps, besides various other articles, the whole amounting in value to about \$150,000. The delivery of the money and stores was required at noon on Monday,

under penalty of force on the part of the rebels. On Monday, however, the rebels began to evacuate the place in great haste. They did not stay long enough to get the whole of the levy they had made upon the citizens. Of the amount demanded they received, before leaving, \$28,610 in money, and the following articles: 2 500 lbs. sugar, 32.000 Ins. beef, 1,200 lbs. salt, 2,000 prs. boots and shoes. 1,000 hats, 1,000 socks, 165 bbls flour and 300 gal. molasses. To raise the requisite number of boots and shoes, the committee had to take even those which were at the shoemakers' for repair. The main body of Early's command left the town on Monday afternoon, taking the road to Carlisle, and the last of the troops left at five o'clock on Tuesday morning, in such haste that all their pickets were not recalled.

During their occupation of the town, it is said the rebels did not molest private families. The citizens were treated with respect, and the railroad property not disturbed, except about thirty old cars at the shop for repairs. South of Glen Rock the road was not interfered with. The Caledonia furnace, across the line in Franklin county, owned by Thad. Stevens, Esq., was visited by a detachment of the rebel force, while they occupied York, and everything burned. How can this fact be accounted for? Is Mr. Stevens one of those "copperheads" whom the rebels so "hate" and "despise," according to the accounts of "loyal" skedaddlers? If he is an Abolitionist, this act is unfriendly and un-

Our last accounts represent the Jeffites as again returning and re-occupying York in force.

ARREST OF A SUPPOSED SPY .- At four o'cleck yesterday morning, while a squad of Capt. Awl's company were on sentry duty at the ford near Ha: ... ris' Park, they made out something like a flat-boat coming down the stream, with a man aboard. The guard hailed the craft to halt, but, being disregarded, let fly a minie ball, which whizzed close beside the boatman's head. The boatman concluded to try the "possum" game, and fell into the bottom of the boat, as if dead. At the same time the boat grounded on a rock in the shoals.

After another shot being fired without effect, Corporal Harry C. Demming, in command of the guard, accompanied by Sergeant Gratz, sprang into a skiff near by and pulled out for the flat. All seemed quiet as they neared it, when on a sudden a man dressed in the uniform of a captain of cavalry sprang up. He seted in a threatening manner, but was induced to step into the skiff by an argument which took the shape of a cocked rifle presented toward him by the corporal. He was searched and a loaded revolver and a new hatchet taken from him.

He was taken before the Provost Marshal, to whom he gave his name as J. H. M. Weitbrecht, and represented himself to be a member of Gen. Conch's staff. His statements, however, were confused and inconsistent, and the Marshal recommitted him for a further hearing, having first stripped him of his uniform and shoulder straps, by order of Gen. Couch. It would seem, from the statements of the man, and maps of the principal fordings of the Susanchanna found on his ners that he is undoubtedly a spy in the service of the

A Pleasing Entertainment.—Yesterday morning the "Cameron Guards," Capt. Croizer, from Lewisburg, visited General Cameron at "Lochiel." having previously received an invitation to do so at any time. Unfortunately, the General was not at home, but officers and men, among whom is Wm. Cameron, Esq., a brother of the ex-Secretary's, were entertained by Mrs. Cameron with that large and hearty hospitality for which "Lochiel" is famous. The company passed the time delightfully in promenading through the grounds and listening to the excellent music furnished by one of their members, Prof. Held, of the Lewisburg University Female Institute. After a happy and eloquent effort at speech-making on the part of J. C. Bucher, Esq, the visitors again took up their march for their quarters in the Capitol building, all right well pleased by the cordial and ladylike manner in which they had been entertained by the wife of their old friend and neighbor.

We might state that Capt. Crotzer, after having assisted in the organization of this company, resigned the captaincy on account of. ill health, whereupon Wm. Cameron was elected by acclamation. He in turn declined, and the office again fell upon Capt. Crotzer. The company is composed of the best material, and its members subsist themselves and pay all expenses out of their own pockette

THE COLUMBIA BRIDGE .- This bridge, which was destroyed by our forces on last Sunday night, was one of the most extensive structures of the kind in this country. The first bridge erected at Columbia was destroyed by a freshet in 1832. It cost upwards of \$200,000. The one lately burned was built by the Columbia Bank, which fully sustained its credit then, as it has done ever since. It cost \$159,000, on which there was an insurance of \$50,000. The bridge answered a three-fold purpose, as it had a passenger track, a railroad track, and a towing path outside, on which boats navigating the Tide Water canal were towed across the Susquehanna. The destruction of the bridge would seem to have been rash and unnecessary, as the tearing up of the planks at the southern end would have been sufficient to prevent any crossing by the enemy. The government is responsible for whatever losses may ensue from the burning of the structure.

PRISONERS ON PAROLE. - One hundred and twentyfive prisoners, members of Col. Jennings' Twentysixth Pennsylvania Militia, who were captured and paroled by the rebels in the late fight in the neighborhood of Gettysburg, reported themselves to the Provost Marshal of Harrisburg yesterday merning. They will be kept out of service until exchanged, when they will report for active service with their

DR. SWEET'S INFALLIBLE LINIMENT is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the great bone setter, and has been used in his ticat, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c., its soothing, heal ing and powerful strengthening properties, excite the just wonder and astonishment of all who have ever given it a trial. Over four hundred certificates of remarkable cures, performed by it within the last two years, attest this fact.

AYER'S COMPOUND EXTRACT SARSABILLA.—No one remedy is more needed in this country
than a reliable Alterative, i ut the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the
name. Yet the d'ug cannot be blamed for the impositions from which they have suffered. Most of the socalled Sarsaparilla in the market contain little of the
virtues of Sarsaparilla or anything else. They are mere
slops—inert and worthless, while a concentrated extract
of the active variety of Sarsaparilla compounded with
Dock, Stillingia, Iodine, etc., is, as it ever will be, a
powerful alterative and an effectual remedy. Such is
Ayer's Extract of Sarsaparilla, as its truly wonderful
cures of the great variety of complaints which require
an alterative medicine have abundantly shown. Do not,
therefore, discard this invaluable medicine, because you
have been imposed upon by something pretending to be
Sarsaparilla, while it was not. When you have used
Ayer's—then and net till then, will you know the virtues of Sarsaparilla. For minute particulars of the
diseases it cures, we refer you to Ayer's American Alma
nac, which the agents below named will farnish gratis
to all who call for it.

BEEF AND VEGETABLES,
Convertible immediately into a nowighing and delicious soup. Highly approved by a number of eminent Physicians.

The admirable article condensed into a compact form, all the substantial and nutritive properties of a large bulk of meat and vegetables. The readiness with which it dissolves into a rich and palatable Soup, which would require hours of preparation according to the usual method, is an advantage in many situations of life, too obvious to need urging. Its highly nourishing qualities combined with its delicacy, renders it invaluable for the sick; while for those in health, it is a perfect substitute for fresh meat and vegetables. It will keep good in any alimate.
