ORDERED TO PITTSBURG.—Colonel Kane, of the Bucktail regiment, has been ordered to Pittsburg to open a rendezvous for drafted men.

SERVICES may be expected on Sunday next in St. Stephen's Episcopal church, by Rev. L. Sweetland. Chaplain 4th regiment N. Y. Artillery, morning, at 10 o'clock, and evening at 8 o'clock.

WHAT IT MEANS .- Au exchange says that a "lucky cuss," in the modern interpretation, means a man who was enrolled in two districts and got drafted in both. We learn of several such lucky cusses within the past week.

A Horse Falls Dead .- A day or two since, a horse belonging to Mr. E. C. Shaeffer fell dead in harness while being driven in a carriage to Camp Curtin. The animal, which was a valuable one, was in fine condition and not in the least heated. He died instantly and without a struggle.

Howeward Bound .- The 221 and 56th New York regiments, which have been in the Cumberland valley for some time, helping us out of the emergency, were to start for home yesterday -They are anxious to assist in putting a quietus to the disgraceful riots prevailing in New York city

CARE PRESENTATION .- Capt. De Reu, the accomplished swordsman and fencing master, was yesterday presented with a silver mounted ebony cane by Messrs. H. R. Patterson and R. H. Hummel, in token of fundly esteem which they entertain toward him.

THE POLICE COMPANY.—The Philadelphia police company were to leave for home at 1 o'clock last night, having received orders from Gen. Couch to report to Col. Whipple in Philadelphia immediatly. During their stay here this company performed useful duty, and, by their gentlemanly bearing and unexceptionable conduct, won the good opinion of all. They carry with them the good wishes of many friends.

meeting of the National Teachers' Association will be held in the city of Chicago, commencing on Wednesday, August 5th, and continuing three days. The opening address will be delivered by the President, Hon. John D. Philbrick, Superintendent of Schools of the city of Boston. Due announcement of the lectures, subjects for discussion, and other arrangements, will be made in the School Journals and local papers in each State.

PICNIC AT HABHRLEN'S WOODS, -A rare attraction is offered at Haenhlen's grove to-day, the occasion being the second annual picnic of the Paxton fire company. Preparations have been made for having a pleasant and merry time of it. The arrangements made for the occasion are complete. The reader is commended to the picnic with the assurance that he will thoroughly enjoy himself, and, if he fails to do so, the fault will rest with him. Omnibuses will leave different points of the city for the woods every fifteen minutes. Inproper characters are excluded. Tickets twenty-

RETURN OF THE CITIZEN ENGINE.—The Citizen engine and hose was brought from the other side of the river yesterday, having been employed for ever three weeks in supplying Fort Washington with water from the Susquehanna. The "Telegraph" errs in making the assertion that the engine and 1,200 feet of hose belonging to the Citizen fire company were pressed into the service of the United States. The patriotic members of that company cordially responded to the invitation of the Mayor who, in the emergency, had been politely requested by Gen. Couch to furnish a fire engine to supply the defenders of the city, at Fort Washington, with water. No fort is tenable without water, however strong its defences may be -Aware of this fact, the brave Citizen boys needed no pressing to do their duty.

THE HOPE PICNIC .- It is now understood that the picnic of the Hope fire company, which is to be given at Hoffman's woods next Saturday, is to be a grand affair. The character of the boys who run the Hope "masheen," and the enterprise and taste of the committee having charge of the arrangements, is a sufficient guaranty of the complete success of the festival. The committee would be most happy to welcome any of their friends on the occasion, and will assist them to the enjoyments of the dance, the promenade, and even to climbing the trees, should the impulses of the guest have a sky-scraping tendency. All persons who hold tickets for the pienie which was to have come off on the Fourth of July, but which was postponed until the cruel raid should be over, are informed that said tickets will "pass them through the guard" at Hoffman's woods on Saturday next.

POLICE AFFAIRS .- Before Alderman Kline .-Richard Tagg, drunk and disorderly, was arrested at the depot by officer Brooks at two o'clock yesterday morning. He was flourishing a pistol and threatening a bar-tender in that vicinity. Committed for twenty-four hours.

Allen Terwilliger, arrested by officers Kline and Brooks, and John Kelley, arrested by officer Campbell, both in the lock-up over night for drunkenness, were brought before the magistrate and dis-

charged. James Kehoe, a soldier, was brought up by the provost guard for assault and battery on a brother soldier, named A. E. Simmons. Committed to

prison. A man in a cavalry uniform was taken from his horse in Walnut street yesterday by officers Brooks and Cline, while behaving in a disorderly and unchivalric style. He was handed over to the pro- Attorney at Law, office, Third street, Harrisburg,

TAKE WARNING - Several persons, were cought. by the police on Thursday morning in the act of throwing coal ashes and other refuse on the river bank along Front street. They will all be fined, as the Mayor has determined to abate a nuisance which has become intolerable to the residents on that street.

IMPORTANT TO OFFICERS IN THE PENNSYLVANIA Volunteers -The Legislature of Pennsylvania, at its recent session, passed an act paying all persons who have recruited troops for the United States, or the State of Pennsylvania, the same pay and allowances as are given to an officer in the service of the United States. The same act provides for the payment of the militia for any service rendered, for the payment of any materials or supplies furnished to troops, and for any damages sustained in loss or injury done to property by the conduct of the soldiers.

Interesting Revenue Decision .- One of the most interesting questions that has yet arisen in reference to the income tax has just been decided by Commissioner Lewis, in a correspondence with the Assessor of the Fifteenth district, New York. The gist of the decision is that different branches of business are independent of each other, and that a loss, by fire or otherwise, sustained in one does not entitle the party to a deduction in the other. Thus, if a person had an income of five thousand dollars, of which three thousand was from business and two thousand from the rent of houses, if the latter should be destroyed by fire, causing to him a loss of five thousand dollars over and above all insurance, he would still be liable to taxation on the three thousand dollars received from business. It is also settled that a person meeting with a heavy loss by fire cannot apply the income from the rest of his estate towards making up this loss, and deduct from the income of a subsequent year.

QUERY .- The readers of the Philadelphia Ledger, ourselves among the rest, are at a loss to divine the meaning and purport of the various hieroglyphic marks which are scattered through its editorial and local columns. These marks are of all shapes -circles, crosses, trefoils, quadrangles, triangles, &c .- and are thrown in, more or less profusely, between sentences in all of the original matter. Our typographical lore has frequently been called in requisition by the curious to furnish an explanation to the hieroglyphics, but they are as dark to us as the cuneiform inscriptions on the ruins of Babylon, or the mysteries graven on Egyptian tombs. Will the Ledger, "if not incompatible with the public interest," explain the meaning of these signs and symbols? Are they simply innocent typographical marks? Or do they form the alphabet of a system of cryptography by which some cabalistic society or order communicate with one another? Will the Ledger book us up in the matter?

How HE MADE AN ESCAPE .- A chap not a thousand miles from here, after the passage of the conscription act, got married to evade the draft. The rash young 36 year old now says that if he can get a divorce he will enlist, as, if he must fight, he would rather do so for his country.

This reminds us of a story told of two soldiers in the Mexican war. It was a rainy night, and they lay wrapped in wet blankets and wallowing in the mud. After turning for hours from side to side, in the vain effort to compose their weary bones and send their fancies off scouting through dreamland, a groan and a curse finally came forth from the disquieted soul of one of the twain, and the silence of the wretched night was broken as follows: "Bob, are you awake?" "Yes, Pete." "I say, Bob, how did you ever come to enlist?"-"Well," said Bob, "you see, I had no wife nor children, and nobody to take care of or to care for me, and so I enlisted-and besides, I tike war. What made you enlist, Pete?" "Well," groaned Pete, "I had children, and I had wife, and so I thought I would enlist-and besides, you see, I

From Rev. J. Newton Brown, D. D., Editor of Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes self to have received from any simple preparation

in the hope that he may thus centribute to the benefit in the nope that he may thus centrioute to the benefit of others.

I do this more readily in regard to "Hoofland's German Bitters," prepared by Dr. O. M. Jackson, of this city because I was prejudiced against them for years, under the impression that they were chiefly an alcoholis mixture. I am indebted to my friend. Robert Shoemaker, Esq., for the removal of this prejudice by proper test, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and resporation to a degree of badily and mental vigor which I had not felt for six months before, and had almost despaired of regaining.
