LOCAL NEWS.

TEE DAILY PATRIOT AND Union may be had at fack's Book Store, corner of Third and Market ALSO, at he News Agency of George L. Walter, streats.

n Market street, near Fifth. FINED .- Augustus Raber, a hackman, was yes-

terday fined one dollar by the Mayor for stopping his back on the street crossing, contrary to municipal law.

DESERTEES .- Seventy-six deserters from the United States service, who were gathered up in the western part of the State, arrived in this city from Pittsburg on Wednesday night.

HANGS FIRE .- The time for the draft in this district has not yet been officially announced. Provest Marshal Clement has everything in readi-Ecss, and is only waiting for the authorities to "say when."

AROTHER REGIMENT .--- The Twenty-ninth Pennsylvania Militia, Colonel Foley, arrived at Camp Curtin .yesterday. It is one of the finest militia regiments in the service. They will soon be mustered out and sent home.

ACKNOWLEEGNENT .- The Ladies of the Union Relief Association acknowledge the receipt of, and return thanks to the Ladies of Ebensburg, Cambria county, for a box of hospital stores ; also, to Mrs. Ann S. Hummel, of Hummelstown, for dried ap-ELIZA A. BISHOP, Sec'y. p**les:**``

Norror.--- A meeting of the Democratic club of the Sixth ward, will be held at the public house of William Hartnett, (Duck tavern,) on this (Friday) evening at half past seven o'clock. The Democrats of the ward are invited to attend. By order CHARLES A. WILHELM, of the President. Secretary.

REBEL WOUNDED AT GETTYSBUBG .-- Over four thousand wounded rebels still remain in the hospitals in and around Gettysburg, who are all kindly cared for by our surgeons. Many of them, it is reported, have asked not to be sent South, where they will again be compelled to fight against the Union.

A PATRIOTIC PROGRAMME .--- An old Yankee, when lately told by an Eoglish tourist in this country that the celebration of the Fourth of July would soon be extinct, answered : "See here, stranger, don't talk that way ; I tell you, when the Resurrection Day comes round, the fust thing done in the morning will be to read the Declaration of Independence."

ORDER COUNTERMANDED .- Said a Pennsylvania militiaman last fall, speaking of the Governor's first call for fifty thousand militia to repel Stuart's raid : "I sought the direction of Heaven, and beard a voice saying unto me, 'Go,' and I was just on the point of going, when Governor Curtin countermanded the order !" That is what may be styled an "arbitrary assumption" of power.

EXCITEMENT IN PITTEBURG .- The Post says that the clerks in one of the dry good stores in that city were yesterday thrown into a state of most intense excitement from the fact that a lady who had bought a small bill of goods, amounting to nearly a dollar, paid for the same in silver. Upon inquiry it was ascertained that the lady did not reside in America, and consequently was ignorant of the fact that specie was not in circulation here. At last accounts the clerks were recovering.

Nor LEASED .- The lossee of the dye house on Market street, which we mentioned yesterday as having been leased to mercantile parties from abroad for a heavy bonus, informs us that he has not sold the lease of the premises to any person, and does not intend to. He says that he has frequently been beset for it, and that he was recently

MISUNDERSTOOD. An atticle in our columns yesterday morning, written in relation to an attempt at extortion in a clothing store in Market street, and also alluding to what seemed to be a combination of non-residents being formed for the purpose of buying up leases in the business portion of the town and thus controlling the mercantile and clothing trade at this point, has been very generally misunderstood and misapplied by a large class of our citizens. We allude to those of the Jewish faith. Many of them consider it to be a reflaction upon their soot. We assure all such that they very widely misinterpret our meaning and intention in the premises. The strictures contained in the article were not meant to apply indiscriminately to all those of their faith ; they were meant to apply to all persons guilty of such

conduct as that of the clothier referred to, without regard to what sect or party they belonged or what political or religious creed they professed. Our remarks may have been so loosely and hastily written as to admit of wrong interpretation ; but we know that when we warned the public against "these sharks," we thought of no sect of men, but only of the Godless and greedy tradesmen and speculators, who benefit no community and adorn no religious faith. These infest all communities and stand connected with all religious and political denominations. That the offender in . this instance was a Jew, is no good reason why the censure upon his misconduct should be construed into a reflection upon all professing a simi-

lar faith. We should be sorry to be judged guilty of such mean-spirited, narrow-contracted bigotry as to speak ill of any sect or nation, for no other reason than that they have an ancestry different from our own or profess a faith which shocks some of our prejudices. Many of our most upright, honest and respected citizens are believers in the destribut of the Jews. Surely, nothing was said against them. Every intelligent and candid man in that sect knows what men were hit, and knows also how much they deserved it.

An OUTRAGE .--- One week since John Oliver was found in the streets somewhat intoxicated, by 792stable Fleck, and taken by him before Alderman Peffer. In the Alderman's office the intoxicated man used some language which offended the dignity of the distinguished Alderman, who thereupon -allowing his personal feelings to override his sense of justice-committed Oilver to the county prison for thirty days, on a charge of druskenness and disorderly conduct. This was the extreme penalty permitted by the laws for drunkenness, coupled with disorderly conduct. For being drunk alone, the penalty is a fine of two dollars and a night in the prison or lock-up, and this is all the punishment that would have been inflicted upon-Mr. Oliver by any one whose object was not to play the tyrant-but merely to administer justice and preserve order. Mr. Oliver is known to most of our citizens. He has been a resident and property holder of this city for some thirty years, and in the main has been a quiet and orderly citizen. He drinks occasionally to excess, but even in his cups is harmless and incffensive, as all those who

know him in the city will bear testimony. We wish in this connection to call the attention of the public to another fact in which all are interested. Alderman Peffer is not only Alderman, but Prison Inspector and Auditor, thus holding three offices at once, which are clearly incompatible with each other. As Inspector, he sits in judgment in his own commitments, and as Auditor he passes on his own accounts.

We call upon Judge Pearson and others having jurisdiction in the matter to right this wrong.

MEETING OF CITY COUNCIL.-There was a special meeting of the City Council on Wednesday evening. The President stated that he had called the meeting at the request of the Mayor. The sewer running along Chestnut street, and emptying into the slip near the canal, was choked up with garbage, dollars very naturally led us into the mistake and the authorities were threatened with prosecu--tion by Mr. Eby Byers in case the nuisance was not removed. Mr. Verbeke moved that the street committee of the First District (Messre, Hocker, Hachnlen and Linn) be directed to repair the sewer in such manner as they might deem best. Motion adopted. Mr. Wolfinger offered a resolution authorizing the purchase of one thousand perches of stone for the purpose of grading the streets. Adopted.

BRANT'S HALL - Those talented artists the Hamblin troupe, were greeted by a full house sgain last night. In fact, they have established themselves in the public favor, and they may reckon upon large andiences while they remain, for their entertainment is first class, and pleases all who witness it. Indeed, so great a success has hardly been achieved for a long (ime in our city. The banja solas, by W. S. Budworth and Dick Parket alone are worth the price of admission, and the comic burleques are mirth provoking. The dances, songs and Ethiopian minstrelly are excellent. The pantomime called the Magic Flute sent the audience laughing to their homes. We assure our readers that a most pleasant performance can be enjoyed at this popular temple of amosement. A most attractive programme is given this evening.

W. H. SLINGLUFF, Cashier. Norristown, Ps. June 29, 1863.-6m NOTICE .- The Miners' Bank of Potts-

ville, in the county of Schuylkill, hereby give notice that they intend to apply to the Legislature of Pennsylvanis at their next session for a renewal of their charter. Said Bank is located in the borough of Potts-ville, in the county of Schuylkill, with an authorised capita: of Five Hundred Thousand Dollars - a renewal of which will be asked without any extension of privileges.

ffered six hundred dollars for it, but declined to negotiate, as he has no intention of leaving-his present business stand. The offer of six hundred which we now correct.

THE FRIENDSHIP PIC-MIC .- The annual pic-bic of the Friendship fire company will come off at Hoffman's woods, on Tuesday, August 11th. The committee announce it as "the picnic of the season." This is aiming high, but the committee know what they are about, and will doubtless prove themselves "good for all they advertise." The object of the affair, which is to raise funds enough to make a payment on their steam engine, will commend the enterprise to all, while the grounds selected are delightful and convenient in all respects. The friends of the company and all lovers of recreation must not fail to go. We predict for the Friendship a flattering success.

A LESSON FOR GRUNBLERS -Some people grumble sternally. Everything goes wrong. The "times are out of joint," the world is nt got up right, and the "brave o'erhanging firmament" itself is to them only a "foul and pestilent congregation of vapors." They are wretched themselves, and make all around them more or less uncomfortable and miserable. The cause of all this lies in the mind of the grumbler himself. His heart is selfish and unthankful, and he sees with distorted vision. To all such we commend this beautiful and truthful little discourse of Dr.-O. W. Holmes :

"If any one should give me a dish of sand, and tell me there were particles of iron in it, I might look for them with my eyes, and search for them with my clumey fingers, and be unable to detect them; but let me take a magnet and sweep through it, and how would it draw to itself the almost invisible particles by the mere power of attraction. The unthankful heart, like my finger in the sand, discovers no mercies ; but let the thankful heart sweep through the day, and as the magnet finds the iron, so it will find in every bour some heaventy blessinge; only the iron in God's sand is gold."

POLICE AFFAIRS .- Before Alderman Kline .-William Mower, who has been in jail for more than a week past, awaiting his trial for passing counterfeit money upon Charles Miller, proprietor of the Parke House, was yesterday farther charged by Mr. J. C. Schneider with passing upon him a counterfeit five dollar note of the Chester Bank, Orange County, N. 1. The accused "shoved" this money about the same time as that on account of which he was first imprisoned. He will now go into court with two very strong charges against him.

William Wallace, living in Cumberland county, was accused by Joseph Rox, a merchant of this place, with passing on him a five dollar bill on the Clinton Bank, of Westernport, Md., said bank being broken and the bill worthloes. Wallace said that he did not know the note was a fraud at the time he tendered it in payment, and now effored to redeem it. This offer put a stop to further proeedings, and the case was dismissed.

Joseph Murphy, who had been drupk and disorderly on Wednesday night, and had been lodged in the lock-up by officer Campbell, was brought out from his quarters and discharged from further oustody.

William Ward, who was formerly attached to a Popular place of amusement on Walnut street, was found by officer Lloyd in a condition similar to that of Mr. Murphy, and was placed just one story below and almost under the scene of his former triumplie, where he could conduct a "galety" of his own. Released from custody yesterday morning. Margaret Kinney, was arrested by officer Camptell for drunkenness, and after passing the night " the lock-up, was sent to the Poor House yesterday.

The street committee of the Third District handed in their report relative to the grading of Charles and Susquehanna streets, and recommending that Verboke street be also graded.

Mr. Verbeke urged upon Council the necessity of abating the nuisances in the streets of the Sixth ward, and recommended that Susquehanna street be graded, the refuse dirt taken therefrom to be used in filling up such places in the streets and

alleys of that ward as most needed it. Mr. Morris, of the street committee of the Third District, off red a resolution, directing said committee to proceed as suggested by Mr. Verbeke Agreed to.

After some unimportant business, the meeting. adjourned.

POWERFUL MEDICINE.--- Everybody has heard of Doestick's "Patent Back-Action Four-Horse Power Balsam," which was possessed of such powerful drawing propensities as to draw the stumps out of a field and draw all the prizes from a lottery. It must, however, pale its ineffectual fires before the great Granicular Syrup, whose star is now shooting above the horizon of the medical sky. The following certificate of a "retired journeyman preacher, whose sands had nearly," &c., but who "was restored to health after many years of great," Ac, is to the point. "Dear Doctor : I will be one hundred and sevency-five years old next October. For ninety-four years I have been an invalid, unable to move except when stirred with a lever ----But a year ago I heard of the Granicular Syrup. I bought a bottle, smelt the cork, and found myself a new man. I can now run twelve miles and a half in an hour, and throw nineteen somersaults without stopping." If this medicine gets widely circulated, it will become necessary for us to adopt the practice that prevails in Oregon, where it is so healthy that they have to shoot somebody in order to start a burying ground.

HOOFLAND'S GERMAN BITTERS A REMEDY

That will restore them to their usual health. Such has been the case in thousands of instances, and a fair trial is but required to prove the assertion.

BEVERAGE. The Proprietors have thousands of letters from the mos Proping at CLERGYMFN, LAWYERS, PHYSIOIANS, and OITIZF

OITIZENN, Testifying of their own personal knowledge, to the bane-ficial effects and m-dical virtues of these Bitters.

From Rev. J Newton Brown, D. D., Editor of Encyclo-pedia of Religious Knowledge. Although not disposed to favor or recommend Pat-ent Mediones in general, through distruct of their Ingre-dients and effects, I yet know of no sufficient rescons why a man may not testify to the benefits he believes himself to have received from any simple proparation, in the bope that he way thus contribute to the benefit

In the nope that we may take contribute to the penent of others. I do this more readily in regard to "Hoodand's German Bitters," prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for years, andey the impression that they were chiefly an alcoholic min-ture. I am indebted to my friend, Bobert Shoemaker, Eag., for the removal of this prejudice by proper tests, and for encouragement to kry them when suffering from great and long continued debility. The use of thmse bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedity and mental vigor which I had not foit for six months before, and had almost despaired of re gaining. I therefore thank God and my friend for d'-recting me to the use of them. J. MEWTON BROWN Phi'adelphis, June 23, 1861.
