WEDNESDAY, AUGUST 5, 1863.

WANTED.—Four Lieutenants, to join cavalry, for three years. For particulars, inquire of

au5-3t* G. F. M'CABE, Herr's Hotel.

THAT DRAFT.—"That which was to have arroven have arriven." Orders have been given by the Provost Marshal of this district to start the wheel as soon as possible. That is the substance, though not the exact phraseology, of the order. We may look for the ball to open about next week.

COMMUTATION.—Up to three o'clock yesterday the total amount of money received by the U. S Collector at Lancaster, as commutations, was seventy-nine thousand five hundred dollars, there being two hundred and sixty-five conscripts exempted thereby.

CHANGE OF PLACE OF VOTING.—A petition was presented to Court on Monday last to remove the place of holding the several elections in Lower Paxton township, from Lingelstown to what is known as Gilchrist's tavern. A vote will be taken on the question.

NOT ARRIVED.—Our announcement in yesterday's paper that the 171st Pennsylvania regiment, Col. Everard Bierer, had arrived at this place, was premature. The regiment was on the way at the time we wrote, but for some reason had not reached Camp Curtin up to dark last evening.

LEFT FOR HOME.—The 172d Pennsylvania regiment, Col. Cleckner, composed of drafted militia, left for home yesterday afternoon, having been mustered out of service. This regiment is principally from Northumberland and Snyder counties. They have been stationed during a greater part of their nine months' service at Yorktown and other points in Eastern Virginia, and return home with about seven hundred men.

GOOD ADVICE FOR $1.—One of the many draft dodges is thus practiced: A sharper advertises in the papers, "Don't flee your country! Don't resist the draft! Learn an honorable and certain way to avoid it! Inclose $1 to the address of ——," &c. The dollar is sent, and the answer contains only one word for the advertiser, short and earnest "as if within it his whole soul he did outpour," and that word is—"Enlist."

PARLOR EVERGREENS.—If geranium branches, taken from luxuriant and healthy plants, be cut as for slips, and immersed in soap water, they will, after drooping for a few days, shed their leaves, put forth fresh ones, and continue in the finest vigor for weeks. By placing a number of bottles thus filled in a flower basket, with moss to conceal the bottles from view, a show of evergreens is easily insured for the whole season. They require no fresh water.

BRADY'S HALL.—Hamblin's Combination troupe continue to draw immense audiences nightly.—Their very clever performances are full of wit, fun and humor. The comic extravaganza called the "Statue Lover" is a grand success, in which Parker, Harry Leslie, Pilgrim and Miss Florence are seen to the best advantage, and keep the audience in a continued roar of laughter. The same piece is performed this evening, with other attractive novelties. The lovers of mirth should be on hand to-night to see the Hamblin's.

THE CURTIN TROOP.—This company of independent cavalry, under command of Captain Murray, left Chambersburg on Monday, and was expected to reach this city last night or to-day. This company, which was recruited in this place, was about the first cavalry company to enter the service during the emergency. Their campaign has been short, but very stirring and productive of results. They have faithfully performed the arduous duties assigned them, and deserve a hearty welcome at the hands of their friends.

BOUNTY DECISION.—On an appeal of J. C. Wetmore, agent of the State of Ohio, Secretary Stanton has decided that in the case of Sergeant Quinton, of the Fifth Ohio, who had served two years in the ranks, and was discharged for promotion, he was entitled to his bounty of one hundred dollars, the same as any non-commissioned officer or private who had served two years and been honorably discharged on account of disability. This decision covers all similar cases, whether past or in the future.

HYDROPHOBIA.—We notice that many of our exchanges are warning the public against letting dogs run unmuzzled, "now that the fiery dog star reigns supreme, for no one can tell how soon the fierce sun may breed hydrophobia" This idea that the sun "breeds hydrophobia" in animals is a very popular delusion, and may be classed with such other delusions as that the bear lives in winter by sucking his paws, that the chameleon lives on air, or that a cat has nine lives. So deeply rooted has the notion become in the popular mind, that the climax or hottest part of the summer season is called "dog days," because the wretched canines are supposed to be doubly liable to be affected by "skyey influences" at that time. From the most careful researches made by scientific men in this country and Europe, and from the actual statistics of hydrophobia which have of late years been compiled throughout France and Prussia, it appears that fewer animals become rabid in warm than in cold weather, and that the very fewest cases occur during the "dog days." Hydrophobia prevails to a greater extent in February than in any other month. Let our people muzzle and cage the dogs as much as they please, but don't let it be done under the bogus plea that they are in more than usual danger of going "on the rampage."

ACKNOWLEDGMENT.—The ladies of the Union Relief Association acknowledge the receipt of, and return thanks for, $10 70, collected from the citizens of Rauch Gap by Miss Rowe and Miss Catharine Fry.

ELIZA A. BISHOP, Secy.

POLICE AFFAIRS.—*Before Alderman Kline*—The following drunks and disorderlies, who had passed the previous night in the lock-up, were brought before Alderman Kline yesterday morning, paid their fines (with one exception) and were discharged from custody:

John Lewellen and Lewis Bright, arrested by officer Pat. Campbell; Alfred Cantner and John Koons, arrested by Chief of Police Campbell.

No other cases were before the Magistrate up to eight o'clock last night. The temperature of these days is evidently too high for rascals and rowdies to prosecute their business with much vigor.

DEPARTURE OF EMERGENCY MEN.—The 87th regiment Pennsylvania militia, Colonel Trout, were mustered out yesterday and left for Lycoming county, where the men chiefly belong, in the afternoon. The regiment numbers eight hundred officers and privates. They have been on duty near Greencastle during the last three weeks.

Transportation is furnished to all these returning regiments in squads and companies. All those belonging to a particular locality are gathered into a squad and receive transportation to the railroad station nearest that locality, according to the requirements of the law.

THE DRAFT.—The Pittsburg *Chronicle* says that it looks as if the draft, so far as filling up the old regiments with conscripts goes, will turn out a failure. One half of that city has been gone over now, yet, exclusive of substitutes, less than fifty of those drafted have reported for duty. The balance have either procured substitutes, paid $300, obtained exemption, or "skedaddled." In the First ward the "skedaddlers" number over fifty, in the Second over thirty, and so on. Of course a large number of these men will yet be captured, but it will be a tedious job, and men who have to be forced into the ranks at the bayonet's point seldom make good soldiers.

A NOBLE WORK.—The U. S. Sanitary Commission has sent from Baltimore to Gettysburg over twenty thousand pounds of fresh bread, twenty thousand pounds of fresh mutton and poultry, ten thousand pounds of condensed beef soup, nine thousand pounds of condensed milk, five thousand pounds of fresh butter, ten thousand dozen of fresh eggs, five tons of fresh vegetables, four thousand pounds of sweet chocolate, four thousand pairs of shoes and slippers, one ton of tamarinds, three hundred boxes of lemons and oranges, and many car loads of jellies, farinaceous food, wines, spirits, cordials, sponges, towels, lint, bandages, socks and hospital clothing. These articles have been wholly supplied by voluntary contributions.

THE NINE MONTHSS' VOLUNTEERS.—Since the late order issued by the government, authorizing recruiting officers to enlist the nine months' men for three years or during the war, and offering them a bounty of $402 as an inducement for re-enlisting, the latter are rapidly attaching themselves to the old three years' regiments. According to this order, as we understand it, if the war should end before three years, those entering the service under it will receive the full bounty due them as soon as they are mustered out of service. Should the volunteer be killed in battle, or die in the service, his relatives will receive the full amount due him by the government, including the bounty. This is a rare inducement for nine months' men to re-enter the service, and many of them are profiting by it.

SKIRMISH AT BRANT'S HALL.—About ten o'clock on Monday night a discharged soldier, named Martin Reilly, got into a dispute in the concert room of Brant's Hall, when he proceeded to "discuss" the matter with his fists in real Irish style. Several of the audience interfered on both sides, and during the melee a certain lieutenant was relieved of a pocket book which had forty dollars inside of it. Officer Fry, in attempting to secure Reilly, was struck by him three or four times, and was compelled to resort to the "billy," which caused the blood to flow from his head quite profusely. Reilly was taken up to Alderman Kline's office, whence he was sent to a hospital in charge of the provost guard. Officer Fry says that when he met the guard at the foot of the stairs leading to the hall, they drove him up them with bayonets.

FRIGHTFUL STATISTICS.—For the special information and delectation of misogamists and misogymists in general, and for the solace of our old, ugly, woman-hating bachelor readers in particular, we publish the following matrimonial statistics. They throw a baleful light upon the connubial arrangement. An English paper, descanting relative to the various qualities of connubial bliss, states that in the city of London the official records for the last year stand thus: Runaway wives, 1,132; runaway husbands, 2,348; married persons legally divorced, 4,175; living in open warfare, 17,345; living in private misunderstanding, 13,340; mutually indifferent, 55,175; regarded as happy, 3,175; nearly happy, 127; perfectly happy, 13. The wedded state is what poets ironically call an "elysium on earth." How are you "elysium?"

DEMOCRATIC CLUB MEETINGS.—The Democratic Clubs of the respective wards in this city will meet weekly as follows, viz:

Second Ward—On Monday evening of each week.

Third Ward—On Tuesday evening of each week.

Fourth Ward—On Wednesday evening of each week.

Fifth Ward—On Thursday evening of each week.

Sixth Ward—On Friday evening of each week.

The hour and place is left discretionary with the Clubs or their officers. By order of the City Executive Committee. GEO. F. WEAVER, Secy.

AYER'S COMPOUND EXTRACT SARSAPARILLA.—No one remedy is more needed in this country than a reliable *Alterative*, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blamed for the impositions from which they have suffered. Most of the so-called Sarsaparillas in the market contain little of the virtues of Sarsaparilla or anything else They are mere slops—inert and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc., is as it ever will be, a powerful alterative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS.—for the cure of *Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn* arising from disordered stomach, *Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.*

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best Aperient in the world for all the purposes of a family physic. Price 25 cents per box. Five boxes for $1.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.

Dyspepsia and Liver Disease.

Do you rise with a coated tongue mornings, with bad taste in the mouth and poor appetite for breakfast? Do you feel when you first get up so weak and languid you can scarcely get about? Do you have a dizziness in the head at times, and often a dullness, with headache occasionally? Are your bowels costive and irregular, and appetite changeable? Do you throw up wind from the stomach, and do you swell up often? Do you feel a fulness after eating, and a sinking when the stomach is empty? Do you have heartburn occasionally? Do you feel low spirited, and look on the dark side of things? Are you not unusually nervous at times? Do you not become restless, and often lay until midnight before you can go to sleep? and then at times, don't you feel dull and sleepy most of the time? Is your skin dry and scaly? also sallow? In short, is not your life a burthen, full of forebodings?

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Alcoholic stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and *will have* a Liquor Bitters, we publish the following receipt: Get *one Bottle Hoofland's German Bitters* and mix with *Three Quarts of good Brandy or Whisky*, and the result will be a preparation that will *far excel* in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will *cost much less*. You will have all the virtues of *Hoofland's Bitters* in connection with a good article of Liquor, at a much less price than these inferior preparations will cost you.

PHYSICIANS, and
CITIZENS,

Testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

From Rev. J Newton Brown, D. D., Editor of Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to "Hoofland's German Bitters," prepared by Dr. C. M. Jackson, of this city because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

J. NEWTON BROWN.

Philadelphia, June 23, 1861.
