EXTREME LONGEVITY .- On Thursday the coroner of Philadelphia held an inquest on the remains of Mrs. Bridget M'Cormick, who died suddenly at her residence in Otis street, having attained the great age of 104 years. Her death was the result of natural causes. The machinery of life had run down.

PROBLEM.-If four dogs, with sixteen legs, can catch twenty-nine rabbits, with twenty-seven legs, in forty-four minutes, how many legs must the same rabbits have to get away from eight dogs, with thirty-two legs, in seven minutes and a half? A decision from headquarters is respectfully selicited.

the Supreme Court of Wisconsin that where a excellent time down Walnut to Second street, and man, who has voted illegally, claims exemption from the draft on the ground of alienage, he is not liable under the conscription law to military service, but is subject to trial for a violation of the election laws of the State and to imprisonment for a term of years in the State prison.

MAIZENA .--- Doubtless many of our friends, after reading the advertisement of Mr. Duryea, in another column, will exclaim, as we have heard hundreds do before, What is Maizena? We might reply, as is often done-is is a first rate article for making puddings, custards, blanc mange, and dishes of like nature; but that only tells what it is for. Maizena is a preparation made from white Indian corn, at Glen Cove, N.Y. We are not able here to give the process by which it is prepared, as it would take an elaborate article to do so; and besides, there are some peculiarities about it which the Messrs. Duryea prefer to keep to themselves. After having spent much time and money in perfecting their machinery, they have secured the ex-

clusive right to manufacture it; they intend, and deserve to make some money out of it, and so long as they furnish the article at the present reasenable prices, we presume the public will consent to their doing so.

We have tested the Maizma at the family board, and we believe the qualities that recommend it to public favor to be these : It is exceedingly nutritious, we know of nething more so; is is easily digested, making it an excellent dish for dyspeptics, with whom it soon becomes a favorite; it is extremely palatable, and adds another to the long list of excellent dishes equally well adapted to the table of the advocate of a mixed diet, or the radical vegetarian. For children there is nothing better, and they are usually exceedingly fond of it. And for the sick room, from its palatable and digestible and strengthening qualities, it is invaluable ; and we should not forget to mention, what in these days of taxes will be an important item, it is a very economical article of diet.

The ease and dispatch with which it can be prepared will, in the opinion of every good housewife, add much to its value. No further complaints of nothing for supper, when a friend happens in. can be made if a pound of Maizena is in the house. Ten minutes will suffice to prepare a dish fit for anybody. Eaten plain it is excellent, with a little sugar and cream first-rate, and with the addition of a little jelly made from currants or other fruit, it is a dish " fit for the

POLICE AFFAIRS .- Before Alderman Kline .-The lock-up contained four occupants on Thursday night, representing both sexes and colors, who were brought before the magistrate yesterday morning, had a hearing, and were released from "dewrents phial." They are as follows :

Hannibal who put old "Skipio Afrikansas" through the Carthagenian tictacs on the coast of Africa, arrested by officer Lloyd ; John Nossinger, arrested by officer Pat. Campbell ; Patrick Brannan, arrested by officer Lloyd. All these were drunks, Mary Marshall, arrested by officer Cline for vagrancy, was released from further custody on promising to leave these parts and go home Mary is an old customer and a hard one. Her promises will prove ropes of sand.

Chas. H. Young and Francis A. Brown were arrested at the Gaieties on Thursday night by officer Campbell, on suspicion of having stolen two wallets and a gold watch and chain from the pocket of Mr. Clinedinst, of Hagerstown, on Tuesday last. The wallets contained between fifty and sixty dollars in gold and silver coin and about six dollars in paper currency, and the watch and chain were valued at \$150. The owner could tell nothing in regard to the persons who rifled his pockets, but gave officer Campbell a description of the property lost, and it was a glimpse at the watch which gave Barney the cue to the arrest.

On nearing the alderman's office, Brown broke away from his captor, and an exciting chase be-DRAFT DECISION .- It has lately been decided by tween him and Barney ensued. They both made

WLLL FIND IN

AMUSEMENTS .- Hamblin's justly celebrated and talented troups appear for the last time at Brant's Hall this evening, and we call the public attention to the fact that it may be a long time before such another talented company visits Harrisburg. A very fine programme is given to-night, embracing ballet, pantomime, negro pieces, barjo solos, singing and dancing, &c. An entertainment that should crowd the Hall. Give Mr. Hamblin a bumper at parting.

On HIS TRAVELS .- Mr. Barney Campbell, Chief of Police, pulled up stakes and set out on a brief tour to the Mountains by the 2 o'clock train this morning. His duties during the present season have been of a very arduous nature, and the constant wear and tear incident to his vocation have seriously affected his health. We hope that a few days of rusticating will set him all right, and that he will come back "a full team and a dog under the wagon."

ED. SHELL'S BENEFIT. - Thursday evening, August 20th, has been set apart at Edward's Gaiety Music Hall for the annual benefit of E. W. Shell, Treasurer of that place of amusement. Seeing that Ed. is well known and has plenty of friends, he has every prospect of making a good hit on the occasion. One little fact might be stated in this connection, namely, that he has been conscripted. This should stimulate every one of the conscript's friends to "shell out" and get Shell "out of the drag." A rousing benefit would be a long step in that direction.

ACCIDENT FROM SONNAMBULISM .--- On Wednesday morning, when the train containing the 50th regiment P. V. M. reached this place on the way to Lancaster, Mr. Joseph Gochenour, a member of the regiment, was slreping on the top of a car. It was not daylight, and when the train stopped Mr. G. got up in a half sleeping state, and, supposing that he was in a room, began walking around. Before recovering himself he stepped over the edge of the car, and fell to the ground, breaking several ribs and doing himself other injury. He was taken to Lancaster city.

RAILBOAD COMBINATION BROKEN UP .- The convention of railroad managers, which was recently in session at Niagara Falls, has ended in the breaking up of the combination in regard to rates and farcs. Every line is now at liberty to run on its own hook and put fares as low as it chooses. This determination, with the alliances between roads of opposing interests that have been made during the past six months, will lead to complica. tions of the most embarrassing character in the railroad world, and will not improbably result in a grand "free fight" among the railroads for a time.

GIGANTIC PICNIC .- The Germans of Philadelphia propose having a pionic in that city on the 24th instant, which it is expected will be the lar- Charleston. gest affair of the kind over held in the United States. Already fifty-two different associations have consented to participate, eleven of which, consist of the vocal music societies of the city, who will give, among other entertainments, a grand combination concert on the grounds where the celebration is to be held, which is the beautiful spot near Columbia Bridge, called Washington Betreat. The proceeds of this gigantic undertaking are to be devoted to liquidating the indebt-edness of the GrapES, and at reasonable prices, for sale by WM. DOOK, JE., & CO. edness of the German Hospital of Philadelphia.

thence to the Buchler House, when Brown tripped and fell, and Barney instantly closed the gap between them. They simply walked over the course on the home stretch, and arrived at the office "neck and neck." After a hearing and a search, which resulted in the finding of a watch and a five dollar gold piece upon one of the prisoners, and also elicited the fact that they are both regular "knucks" from Philadelphia, they were committed for trial.

SAILING UNDER FALSE COLORS .--- A discharged soldier has been sporting about this city for several days past, whose feminine voice and cast of countenance gave rise to suspicion in the breasts of the Argus-eved police force. His actions in a saloon yesterday morning, while tipping down a glass of stimulus and holding wassail with some comrades, were scrutinized with misgivings by officer Cline, and induced him to arrest the "bowld sojer boy" and bring him before Alderman Kline as a female impostor in male attire.

Here the soldier frankly acknowledged that he (she) was "no man at all." She gave her name as Ida Remington, of Rochester, N. Y., and stated that she was persuaded to enter the army by some friends in the 11th New York Militia, and had come on to this place with the regiment during

the late raid ; that she had been in the service for two years, most of the time acting as servant for a captain; that she was with the Army of the Potomar at South Mountain, Antietam and many other hard-fought battles, and had with her an honorable discharge from the service. She was committed to the lock-up, whence she was subseugently brought out for a second hearing, after which she was released. She left town in the course of the day. Her whole story is full of dash and romance, and shows that "when a woman will, she will, and you can depend on't."

#### Sound .-- The Te'egroph, speaking of Gevernor Curtin's first campaign, says that "while on a pelitical visit to the home of his opponent, he paid his respects in person to the accomplished lady of Mr. Foster. thus at once establishing his character as a gentleman and a statesman." Those not in the secret may have some difficulty in discovering any very strong connection between statesmanship and the civilities of private life, but it is the fact nevertheless, for the Governor's own organ so announces it The logis must be sound. Judge Woodward, if he would establish a claim to states-

manship, should improve the first opportunity of "paying his respects in person" to the present hostess of the Gubernatorial mansion. GONE TO CHARLESTON .- The Third regiment U.

S. colored troops, which has been in process of formation for some time at Chelton Hills, Chester county, broke camp on Thursday morning. and took the cars for Philadelphia, where they embarked on board two government transports, bound for Charleston, S. C. This is the first colored regiment which has gone from this State. They are officered by white men. They left in high feather, singing "John Brown's body" with immense effect as they steamed down the channel. Their courage will be put to the test in the operations against

hcial effects and medical virtues of these Bitters. From Rev. J Newton Brown, D. D., Editor of Encyclo-pedia of Beligious Knowledge. Although not disposed to favor or recommend Pat-ent Medicines in general, through distrust of their ingre-dients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit

in the hope that he may thus centribute to the benefit of others. I do this more readily in regard to "Hoofland's German Bitters." prepared by Dr. C. M. Jackson, of this city. because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mix-ture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper testr, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental rigor which I had net feit for six months before, and had almost despaired of re-gaining. I therefore thank God and my friend for di-recting me to the use of them. Phi'adelphis, June 23, 1861.
