

LOCAL NEWS.

THE WHOLE FAMILY.—Mr. Ellis Brown, of Wolf township, Lycoming county, has lost two sons in the present war, has three now in the service, and the sixth one was drafted a week ago last Saturday. This is making a pretty clean sweep.

CHERRY STREET HOSPITAL.—The convalescent soldiers at present in this hospital, desire to express their gratitude to Miss M. A. Fielding for having on several occasions lately invited them, free of charge, to witness the performance at Sanford's Hall.

REMEDY FOR BURNS.—The white of an egg has proved to be the most efficacious remedy for burns. Seven or eight successive applications of this substance will soothe the pain and effectually exclude the burned parts from the air. This simple remedy seems far superior to colodion or even cotton.

THE regular monthly meeting of the Ladies' Union Relief Association, will be held on Saturday afternoon at 4 o'clock, in the lecture room of the Presbyterian Church, Market square. The annual report will be presented by the president. It is particularly requested that each member be present.

SKEDADDLE.—This word, recently brought into general use, is said to be derived from the Greek, and in a military sense is used to denote a sudden and unauthorized movement to the rear. Some of our soldiers performed this movement at the battle of Fredericksburg. For further information apply to Lieut. Col. Henry Clay Alleman.

INTERNAL REVENUE DEDUCTION.—The Commissioner of Internal Revenue has decided that in making payments to persons in the service of the United States, who are employed by the day, the three per cent. should be withheld on the amount in excess of \$600 per annum. Assuming that there are three hundred working days in the year, the amount of \$2 per day is exempt from the tax.

NEW COUNTERFEIT.—A new and dangerous counterfeit note on the United States Bank, N. Y., is in circulation. It is described as follows: Vignette—Five dollars in lath work, two engineers at work on upper left corner, comptroller's die on lower right corner. It is a very close imitation of the genuine note. The paper is somewhat thinner and of lighter color than the genuine, but, on the whole, it is extremely well calculated to deceive. Business men should, therefore, be on their guard.

EXPLANATORY.—In our notice of a suspicious character who had been prowling around the vicinity of the Capitol grounds and South street, an account of whose doings appeared in yesterday's paper, we mentioned the fact that he had stopped at "an obscure boarding house" in South street, from which he decamped with \$40 of another man's money, &c. In using the word "obscure," we meant no reflection upon the character of the house, but only desired to convey the idea that the sharper had chosen his headquarters at a place removed from the more active business centres of the city, and therefore less liable to outside inspection. The house is kept by Mrs. Ellen Mulloy, and bears a good character in all respects.

IN LIMBO.—Mr. Bob Edwards, whilom proprietor of the "Gaiety Music Hall," and who enjoys considerable local fame by reason of his connection with the cork opera, pleaded guilty at the late session of court to the charge of keeping a disorderly house, and was sentenced by the Court to sixty days in the country prison and was fined \$50. He entered upon the discharge of the duty assigned him on the 1st inst., which consists principally in "killing time" until the 1st of November. Although shut out in a manner from the gay circles in which he has been wont to move, there is little danger that the prisoner will be forgotten by them during the time he is restrained of his liberty.

WE regard Edwards' sentence as severe in the extreme. It has been applied in some quarters, and has been made the subject of wholesale attacks upon him. These may have been deserved; he may have sold liquor illegally; he may have kept a disorderly and immoral house. We do not champion him at all. But when we look over the long list of bills for like offenses, and even greater ones, which were ignored—ignored by the most "ignorant" grand jury that we ever saw or heard of—we can see nothing but severity in a decree which dooms him, and him alone, to punishment. It is not customary now-a-days to make scapegoats out of men, else we might say this offender has been singled out to bear of the sins of many. Those who know the run of these things may explain them away; but it is certain that the action of the late grand jury was directly calculated to discourage our policemen in their efforts, (which have been untiring during the past year), and to defeat the ends of impartial justice.

SENTENCE COURT.—A session of court was held yesterday morning, when the following sentences were passed: J. Greenough, who pleaded guilty to selling liquor without license, was sentenced to pay a fine of \$10 and costs.

Christian Spayd. Larceny. To pay a fine of \$1, costs of suit, and to be imprisoned in the Eastern Penitentiary for eighteen months. Also, for assault and battery on the keeper of the prison, three months at the same place. Also, for conspiracy to break jail, another term of three months—making a total of two years imprisonment in the Eastern Penitentiary.

John W. Brown, convicted of taking part with Spayd in the assault on the prison keeper, and also in the conspiracy to break jail, received four months for each offence, making eight months in the Penitentiary.

Charles McConigal. Larceny, in company with Spayd. Sent to Eastern Penitentiary for eighteen months.

Benj. Boyd, convicted of divers cases of larceny, was sentenced to the Eastern Penitentiary for three years.

John Lark. Larceny. To be imprisoned for six months in the Dauphin county jail.

Thomas Davis. Assault and battery. Fined \$10 and costs.

James L. White. Assault and battery with intent to kill. To pay costs and undergo five days imprisonment. Defendant is a soldier, and will be sent to his regiment when his sentence has expired.

THE CONSPIRACY RENDEZVOUS.—Although we have no official order on the subject, it seems altogether probable that the rendezvous for drafted men in the central counties of this State, which was originally designated to be at Carlisle, will soon be changed to Harrisburg. The superior facilities afforded by this place for the maintenance of a large camp are the probable causes of the contemplated change. Carlisle is in a more isolated position, less accessible, and surrounded by a country which has suffered a great diminution of agricultural products through the late incursion of the rebels down the Cumberland valley. Consequently, all supplies for the camp there have to be carried thither by rail or wagons from this point, at a cost which, in the aggregate, must be very great. In the matter of transportation alone, the government would gain by removing the rendezvous to some point which possesses greater advantages for the location of a large general rendezvous.

A glance at the map suggests several places, but none of them better fitted for the purpose than Harrisburg. Enjoying communication by rail and canal with all points of the compass, surrounded by a rich and well cultivated country, and within short reach of the national seat of government, it presents every facility for manning and subsisting large bodies of men, and despatching them to the points where they may be required. Being also the headquarters of important military officers of the State and general governments, it places the camp in immediate connection with those departments. It is more than probable, therefore, that the conscript camp will be established here, and that a majority of the drafted men of the Commonwealth will rendezvous at it. Camp Carlisle is now being cleaned and refitted preparatory to their receipt. It is likely that in a short time its classic ground will resound with the "hum of many-voiced life," and be animated with the pomp and circumstance with which it has abounded in times past.

GOVERNMENT HORSES AND WAGONS.—One of the liveliest spots about town is the camp for government horses and wagons, on the flats across the canal. As high as a hundred covered wagons are to be seen there at a time, with some hundreds of horses and mules picketed around—some eating, some rolling, and all flying their tails in an incessant warfare with the insects that have such persistent demands on their blood, of which, by the way, few of the creatures have much to spare. The drivers, both white and black, are scattered here and there—some grooming their horses, some sleeping in the wagons, some boiling rations over a fire, and a great many of them singing "Dearie me, do you remember how proud you stood beside me?"

There are now upwards of two thousand horses in the government corrals here, about four hundred of which are in the hospital, a long building on the east side of the camp. Here may be seen specimens of all the ill which horse flesh is heir to—sick horses, convalescent horses, and many whose distempers are of such a nature as to exempt them from draught in all time to come. These will probably be formed into an invalid corps and turned out to grass, in which "horse heaven" they will rest from their worthy labors.

All these horses and wagons pertaining to the government transportation business are under the charge of Captain De Mott, at this post. They are used to transport equipage, forage and stores to the various camps in the vicinity of this city and up the valley. The amount of work performed by them during the past summer has been large, and will probably continue to be brisk for some time.

THE SO CALLED UNION CONVENTION.—The nomination for Sheriff—On the first ballot for Sheriff J. D. Hoffman received 84 votes as was announced by the Chairman, which was a clear majority of the Convention, but immediately after the vote there was a pow-wow among the Schemas, headed by the distinguished Messian. Chambers Dubbs got up and said he protested against a candidate who secured his nomination by money and whisky. This created quite a flutter amongst the shoddies, and they finally ignored Mr. Hoffman's nomination, and proceeded to further ballots, which resulted in the nomination of W. W. Jennings. Mr. Hoffman is fairly the candidate before the people according to party usages, and we understand that he intends to insist upon his rights and run, whether the spurious candidate is withdrawn or not.

We give this notice in order that the truth suppressed by Curran's organ may be known by the community. Had the Hession lied about a Democratic convention we should have taken it as a matter of course, and passed it by without comment, but when he falsifies the proceedings of his own party convention, it is evident that he is playing a double game, and we are determined the facts shall be known.

During the early part of the month there were from thirty to forty patients; some of them have been removed to the city, under orders from Washington, and the hospital discharged from a general to a post hospital. Since then the average number of patients has been about eighteen, who are all sick, none wounded. The hospital is in very good condition, and under charge of Dr. Martin, of this city.

SURGEON-GENERAL HAMMOND. By ordering Calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let us not stop here. Let us order the dispensation of "bleeding," and the use of BRANDRETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then be emphatically THE HEALING ART.

I have for thirty years taught that no disease or action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHGEA, CHRONIC DIARRHGEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken 3 or 4 times a day. Read directions and get new style.

CARE OF "UNCLE K. WATSON. Dr. E. Rynders, New York. Sir: I was a private in Co. 9, 7th Regiment, New York Vols. While at Harrison's Landing and on the Yorkpenneck near Fallmouth, I and many of the Company were sick with bilious diarrhoea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, cold, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send you this little card, which, if necessary, the entire Company will endorse. I am, respectfully, yours, ROBERT K. WATSON, King Sing, N. Y. Private in Co. 29, Canal street, New York. For sale in Harrisburg by GEO. H. BELL, 66-2nd St.
