CITY EXECUTIVE COMMITTEE.—A special meeting of the Democratic City Executive Committee will be held reis evening, (Sept. 12,) at the usual place and hour. Every member is expected to be present, as business of importance will be brought before the Committee.

By order of the President. GEO. F. WEAVER, Secretary. HARRISBURG, September 12, 1863.

There is a short local column to-day, owing to the press of other matter.

SIXTH WARD ELECTION PLACE.—The court has decided that the public house of Vincent Orsinger shall be the regular place of holding elections in the Sixth ward, in the future.

A meeting of the Young Men's Central Democratic Club will be held at Daniel Wagner's hotel, on Monday evening, September 14th, at 7 o'clock. By order. GEO. BAILEY, Pres't.

John A. Bigler, Secretary. HARRISBURG TYPOGRAPHICAL UNION, No. 14 .-A stated meeting of this Union will be held this evening, at 6 o'clock, precisely. The members are

requested to be punctual in attendance. HARRY SLEP, Sec'y.

WOMAN SHOT .-- A deputy provost marshal, at a place called Portland Mills, Jefferson county, while arresting a supposed deserter na ned Smith, accidentally shot the wife of the prisoner, killing her

SALE OF FURNITURE.—We refer our readers to the advertisement of A. C. Smith, in another column, headed "Public Sale." Persons desirous of purchasing good second-hand furniture, most of which is nearly new, will do well by attending

A BAD HABIT.-We have heard of instances in which children afflicted with contagious diseases were allowed to go to school, and mingle with others of the same age. This is all wrong. In this way contagious diseases are too often kept lingering in town.

An Unrortunate Mule.—An unfortunate mule suffered an involuntary baptism in the canal yesterday morning. He was doing his best to pull a canal boat, but in his desperate efforts pulled himself into the water. Much trouble was experienced in rescuing him.

Coughs and Colds are just now as plenty as Abraham's shinplasters. A sure way to be free from all complaints of this kind is to be careful, and not expose yourself to night air. The malaria arising from the damp earth is at the present time very unhealthy.

To BE REPAIRED .- The State Capitol Hotel, corner of Third and Walnut, will be closed on Saturday next. The design of the new proprietor is to repair and refit the hotel, besides rebuilding a portion of it. It is expected to be opened in a few months.

AUTHORITY.-How some people love to show their authority. And this feeling is most felt is those who have the least. We yesterday saw a little bov. who was walking on the grass in the Capitol grounds, seized by a big man, who, had it would have said anything.

This evening there will be a meeting of the Democracy of Cumberland County at Bridgeport, thing goes on as it should. to be held at the house of Jacob Scholl, under the auspicies of the Democratic Club of Hampden and East Pennsboro'. All who are willing to see the of millions and billions, but have not the slightest time honored principles of Democracy triumph at | idea of the import of those words. Let us illusthe coming election are invited to be present.

Beggars in Market.—There are many beggars in market nearly every market morning, interfering with purchasers and making themselves generally disagreeable and intrusive. It appears as if there is a class who follow this business regularly for a living. Query-do they ever steal from the stalls?

Woman's Tongue.-People say women are very effectual with their tongue, at least some men seem to think so. We saw one poor fellow exterminated yesterday. There was a difficulty between two neighbors, a woman and a man. Just as they were in the midst of words, the woman told the man "he table "Washington Jew" at work until Doomsday, had better lick his father again." No more was in the afternoon. necessary.

POSTPONEMENT OF EXAMINATIONS.—The drafted men of Middletown will report to the Board of Enrollment on Thursday, Sept. 17, instead of Monday, 14th, as heretofore appointed. Those of Londonderry will appear on the 14th, as notified. Those of Lower Paxton will report on Friday, 18th, instead of the 15th. Those of Lower Swatara on Saturday, 19th, instead of the 16th.

FIRST WARD .- The Democratic club of this ward will meet at the public house of John D. Felder, Race street, this evening at 7½ o'clock. Let every Democrat in the ward be present, as business of importance will be transacted, (in relation to the mass meeting at Lancaster, on next Thursday.) By order of the President.

GRO. F. WEAVER, Secretary.

THE PIC-NIC.—The Citizen fire company's picnic, which comes off to-day at Hoffman's woods promises to be a "big thing." All those fond of good solid enjoyment should try to be there, as every thing possible has been done to please the visitors. A train of cars will leave the depot at 9 o'clock a. m. and at 2 oclock p. m. Tickets twenty-five cents.

THE omission of Mr. Umberger's name in the report of the proceedings of the late County Convention has been sufficiently explained already. An oversight for which this office is responsible, delayed the publication of the necessary correction by the Secretary of the Convention, one day after it was furnished us. The "Telegraph's" hint about "something bogus" because of this delay is silly and perfectly harmless. The voters of this county will find Mr. Umberger's name at the head of our columns. Who he is, they know well enough. Apropos of things "bogus," we should like to know how the present Abelition nominee for Sherriff got his nomination?

HAVE AN EYE ON THE FIRES .- Now that the time is fast approaching for the use of grates and furnaces, people cannot be too careful to guard against fire. Your furnaces should be carefully examined and repaired before the fall fires are lighted, and particular care should be used to see that no wood work is in contact with the hot air pipes. It is a fact which cannot be gainsayed, that in fall most fires are to be traced to the use of imperfectly constructed flues, furnace heaters and stove pipes, and in carelessness in regard to gas lights, lucifer matches and red hot cinders. People cannot complain that they have no warning, and if disastrous fires occur from any of these causes, the sufferers can only blame their own neg-

EXTRACT from the minutes of the vestry of St. Stephen's Episcopal church, Harrisburg, Pa., at a meeting held September 5th, 1863.

Died, on Sunday, August 23d, 1863, at Philadelphia, James Peaceck, in the 76th year of his age. Thus, upon the Sabbath, the hand of God removed to his eternal rest, our aged and venerable friend, and inasmuch as from the formation of this parish, he was for so many years one of her wardens and treasurers, and his services were ever so cheerfully given to promote her welfare, it is meet that this vestry, of which he was an original member, should make some record of the loss we have

sustained; therefore,

Reselved, First, That by the decease of our former associate, it has pleased Him who doeth all things well, to take from our church a member whose long and valuable membership formed a part of her history and whose counsels, means and abors were always freely rendered to advance her

interests and to promote her prosperity. Second, That to the end of his more than three score years and ten, his real for the welfare of this parish, remained unabated, and his love for her and the cause of the great Head of the Church,

knew no dimunition.

Third, That whilst we deplore the loss we have sustained, and know that we shall meet him no more in the courts of our earthly sanctuary to unite in the humble confession, the familiar prayers and praises, and the solemn avowal of our faith, we rejoice in the belief that the aged Christian has departed to be with Christ and to join in the Te Deum eternally ascending from the ransomed of

Fourth, That we know such words of consolation as we can utter to the bereaved wife are of little werth. We can but point her to the inestimable promises her God has made to the widow. WM. BUEHLER.

CAMP CURTIN TO BE ABANDONED .- Our military authorities have determined to abandon Camp Curtin, and have torn down all the old barracks. There is nothing remaining now but the hospital and the Commissary department.

Captains Chritzman and Sands were charged with selecting a new site, and have fixed upon the farm of Mr. Rutherford, three miles from this place on the Reading turnpike. The new site is on rolling ground, admirably adapted to the comfort and health of the soldier. There is upon the premises a large living spring, and passing through it a never failing stream of water. This is an excellent movement and in the right direction. The soldier will be entirely protected from the bleak winds of the coming winter, and with abundant water for bathing and other purposes, can preserve his health to a much greater degree than is possible at Camp Curtin. The thanks of the soldier, and every citizen who has common humanity. is due to our military authorities for changing this camp from its present unhealthy locality, and to Captains Crhitzman and Sands, for selecting so admirable a site. There is probably no place amid the surroundings of Harrisburg so well calculated for the purpose.

MUSIC CLUB.-We have been told that it is the intention of some of our young men to start an amateur srting band. We are very glad to hear it, and sincerely hope they may be successful in their undertaking. An institution of this kind is much needed in this city. There are a good many good musicians in town, and if there was that disposition felt on their part that should be, we would soon be able to boast of a band equal, for a city of its size, to any in the State.

The fault is generally in a few, who, after the band is once organized and going on without difficulty, seemingly lose that interest which they should always endeaver to maintain in it. We have always noticed a reluctance on the part of members of bands in this town to attend at the given times. When a disposition of this kind becomes evident in a few of the members, it probeen one of his size, we doubt much whether he | duces the same feeling among the others. To keep an institution of this kind up it rests entirely on the devotion of the members; if they fail in their duty the band fails; if the contrary, every

> A GLANCE INTO INFINITUDE.—People often talk trate by our national debt. A friend shows us a little calculation, which may give some minds an approximate idea of the vastness of that debt. Setting our entire present liabilities down at \$2,000,000,000, which is far below Secretary Chase's own estimates, and suppose a man able to count 80 per minute during eight working hours each day, would require 25,000,000 of minutes to count the debt; reducing this to years, months and days, we have 142 years, 8 months and 13 days as the time spent by the man in the task of counting our national debt. And by the time the faithful fellow had completed his task, there would be enough more greenbacks printed to keep the veri-

> We might mention in this connection that Miss Kate Chase, daughter of the Secretary, has recently imported a shawl worth \$3,000.

How to Detect Counterfrit Notes .- Counterfeit notes may in almost every instance be detected by examining the vignette, or picture in the middle at the top. See if the sky or background looks clear and transparent, or soft and even, and not scratchy. Examine wall the faces; see if the expression is distinct and easy, natural and lifelike-particularly the eyes; see if the drapery or dress fits well-looks natural and easy. Examine the medallion ruling and heads and circular ornaments around the figures, &c. See if they are regular, smooth and uniform. The work on the genuine looks as if raised on the paper, and is very seldem successfully imitated. Examine the principal line of letters or name of the bank. See if they are all upright, perfectly true and even; or, if sloping, of a uniform slope. Carefully examine the shading or parallel ruling on the face or outside of the letters, &c.; see if it is clear or looks as if colored with a brush. The fine and parallel lines in the genuine are of large size, smooth and

Pigeons.—The number of pigeons appear to be yearly diminishing. There can be no other way to account for it, except from the rapid increase of population in our Western States. Not long since they were so abundant in different periods of the fall, that our sportsmen set apart days exclusively for this kind of game. Every violent storm of wind, accompanied by a change of weather in the latter part of August or during September, was always hailed by sportsmen as a sure indication of the coming of these birds. These winds are always destructive to pigeons. Thousands upon thousands are driven over the western lakes. In this way they are so exhausted when they reach the eastern shores that great numbers are destroyed by the people without the aid of firearms.

FLOWERS IN WINTER.-Ladies will read this with interest. A flower pit should be built by every family who desire to cultivate flowers. Dig out three feet in depth, twelve by sig. Wall up with plank or bricks, cover with sash. In severe winters it will be required to be covered with straw mats, and the side above the ground with earth or manure. The tenderest flower may be preserved in them. The flowers must be moderately aired and watered at mid-day.

CASE OF RUSCOE K. WATSON. Dr. B. Brandreth, New York: SIR: I was a private in Co. P, 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhoea. The Army Surgeon did not cure us and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case

did they fail to restore health.
Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Company would sign.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed. This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Arohovic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and will have a Liquor Bitters, we publish the following receipt: Get One Buttle Hoofmand's

Although not dispose a televor or recommend Patent Medicines in general, through distruct of their ingredients and effects. I yet know of no sufficient reasons why a man may not test fy to the benefits he believes himself to have received free any simple preparation, in the hope that he may thus contribute to the benefit of others.

in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to "Hootand's German Bitters." prepared by Dr. C. M. Jackson of this dity, because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Eaq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental vigor which I had not felt for six months before, and had almost desprised of regaining. I therefore thank dod and my triend for directing me to the use of them

And leaves no prostration. Attention, Soldiers! AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the 'ick, it will be noticed that a very large proportion are suffering from debitity. Every case of that kind can be read'ly cured by Hoofland's German Bitters. We have no hesitation in stating that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise would be lost.
