BUEHLER HOUSE .- The enterprising proprietor of the Buchler House has commenced running a coach to the depots on the arrival of trains, for the accommodation of passengers. Such commendable liberality must largely increase the business of this admirably kept hotel. See advertisement.

FRESH MACKEREL.-In order to have mackerel fit to eat, there is no other way than the following: get them dripping from the brine the evening previous, put them into fresh water and let soak over night. Many storekcepers unthinkingly make it a practice to keep them out of the brine, exposed to the weather. By this they are rendered hard and insipid, and scarcely worth eating.

WHAT IS THE MATTER ?- The politiciansof Dauphin county appear to be behind this year. While the various papers throughout the State are publishing accounts of the tremendous outpourings of the people belonging to both parties, Dauphin appears to be reluctant to have any meetings at all. We have our candidates numinated, and why not bring them before their constituents.

"Then on to the just and glorious strife ! With your swords your freedom shielding. And resign, if it must be so, even life, But at least die unyielding."

DENOLISHING BOATS .--- During the boating sea son many of the canal boats receive such damage that they are condemned, and generally floated into the different basins, where they remain until winter, or just before the season for boating opens, when they are cut up by persons who remove them from those places, by converting them into firewood and for the iron that is about them. As they have often been allowed to fill up the basins season after season, we might state that there is a penalty for allowing them to remain in a basin longer than six months.

RABITY OF A TRUE GENTLEMAN -Perhaps a circle ; men whose aims are generous, whose truth is constant, and not only constant in its kind, but elevated in its degree; whose want of meanness makes them simple; who can look the world in the face with an equal manly sympathy for the great and the small. We all know now a hundred whose coats are very well made, and a score who have excellent manners, and one or two happy beings, who are what they call in the inner circle, and have shot into the very centre of the bull's eye of fashion ; but of gentlemen how many? THE FRANKLIN RAILBOAD .- The reconstruction of that portion of this road destroyed by the rebels during their recent friendly visit, has at length been completed, and on Wednesday last the trains commenced running as formerly. The importance of this road was not fully appreciated until its use was obstructed, and the familiar countenances of our Greencastle and Hagerstown friends missed from our streets. The amount of freight carried over the road is very large ; running through one of the richest agricultural portions of the county. immense quantities of grain and other products are passed over it to the eastern cities, and in return coal, lumber, dry goods and merchandise generally, are imported by the merchants and farmers along the line. The number of passengers travelling over it is largely on the increase, and is now equal to the number passing over any road in the State. We hope it may be long ere the rebels again interfere with its operations,

NEW BUILDINGS .- In our travels about town we notice a great many new buildings being put up. On the corner of Front and State streets Dr. Bailey is putting up a fine stone house. About a square below, between South and Pine, Mr. Cox and Mr. Jones, almost adjoining each other, are about finishing two very handsome dwellings of brick ; between Walnut and Market Mr. Briggs is finishing another, and the old "Harris Mansion," situated between Mary alley and Washington avenue, recently bought by Gen. Cameron, is going through a complete remodeling. These buildings when completed will add considerably to the already fine appearance of Front street. In Second street, petween Pine and Locust, Mr. Snavely is about finishing a three story brick, in which he intends opening, shortly after its completion, an extensive chair and carpet establishment. This kind of an establishment is much needed here, and the only wonder is, it was not in existence before.

In Walnut street, Mr. Donner has in progression gentleman is a rarer thing than some of us think | a fine three story brick residence. It is the intenfor. Which of us can point out many such in his | tion of Mr. Donner to open, some time in the future, a summer garden in the large yard rounding the building. The event will no doubt be hailed with joy by the lovers of lager. In Locust street, between Second and Third, Mr. Knox is putting up a two story frame building. The market house in Verbeketown, which will hardly be finished before next summer, is being built entirely of stone, with the addition of doors nature. and windows.

HARBISBURG, Sept. 5, 1863. HARRISDUNG, Sept. 5, 1803, Hon. E. M. Stanton, Secretary of War: SIR:-You will much oblige an old soldier by informing him whether a man who has seen nine nonths' service, and goes as a "sub," is entitled to the \$402 bounty given by the government to vettran volunteers who enlist.

I have the bonor to be, Your obedient servant, WM. B. CSMUN.

P. M. G. O., Sept. 10, 1863. The law granting the bounty of \$402 applies "Zuleively to veterans who voluntarily re-enlist. - itafted man does not therefore come within the Levisions of the law. A substitute takes the place of the drafted man, and is regarded accord. T. P. ANDREWS, P. M. Goneral. To W. B. OSMUN.

These improvements will stand in opposition to its being made a public sleeping place for beggars and drunken stragglers.

In Verbeketown and West Harrisburg, in 1857, there was scarcely a house to be seen, but ever since they have been springing up with such astonishing rapidity as to claim for them an important share in the affairs of the city.

ARE YOU ASSESSED ?- Every Democrat should Immediately see that his name is upon the assessment list of his ward, township or election distriet.

Neglect of this important matter may deprive him of his vote on the day of the election.

It has been and will be the game of Abolition assessors, where such have been elected throughout the country, to neglect to assess Democrats even when asked to do so, and when they have promised to do it. With such officials, who have such ideas of their sworn duty, there is no safety for a Democratic votor but in seeing his name enrotied.

If you can get assessed to-day, do not wait until to-morrow. When you meet the assessor, close up the business at once, and if he belongs to the Abs., follow him up and see that your name is recorded. Let every Democratic voter attend to this matter, and make sure that his own name and that of his brethren is upon the list. Then on election day we will have a fair field, no drawbacks and no gouging.

And that's all we want in order to win. A fair field and no favor is all the old party has ever asked of its piebald enemies during the last forty vears.

MAN KILLED .--- A stranger, whose name we could not learn, was killed last night at the depot. He was knocked down, while standing on the track, and run over, the wheels of the train passing over his breast. He was killed instantly. It is suf-

SURGEON-GENERAL HAMMOND. By ordering Calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the use of BRAND-RETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food "-Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHEA, CHRONIC DIARRHEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions

and get new style.

#### CASE OF RUSUOE K. WATSON.

Dr. B. Brandreth, New York: SIR : I was a private in Co. F. 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhees. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cared in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send ou this letter, which, if necessary, the entire Com-

you this respectively, which, is necessary, and this com-pany would sign. I am, respectfully, yours, BOSCOF K. WATSON, Sing Sing, N. Y. Principal office, 294 Canal street, New York. For sale in Harrisburg by GEO. H. BELL. m5-d&wtf
