Seven thousand soldiers are now in the hospi-

tals at Washington.

DROWNED.-Mr. Jacob Meiser, of Easton, was drowned in the Lehigh river while crossing it in a boat.

THE STREETS .- This is an admirable time for cleaning up the filth and rubbish which has accumulated on street and alley, and putting them in good order.

POLICE AFFAIRS .--- Before Alderman Kline .--Police reports are exceedingly meagre. John Diven, arrested by officers Lloyd and

Stock. Discharged.

To BE REMOVED -The whole number of wounded in the hospitals at Gettysburg, amounting to thirteen hundred, will be removed to other places during the present month.

REMEMBER that the election in the Sixth Ward, for the selection of a permanent place for holding elections in the future, comes off to-day at the public house of Vincent Orsinger.

Mr. Lincoln says, in his recent much-heralded letter, that Uncle Sam has web feet. Uncle Sam is, in fact, a goose, to allow such an incapable as Lincoln to manage his affairs.

FIRES.--- As stoves will soon be put up for the winter season, it would be well for housekeepers to examine their chimneys closely before doing it. A precaution of this kind prevents, in many instances, a destructive fire.

full, and it often happens that an additional car | the following places, to wit : has to be put on to accommodate passengers.

DESTITUTION .- We noticed a poor woman get out of the cars yesterday, having in her arms a child nonths old, with scarcely enough cloth ing upon it to hide its nakedness. It was a sad. sight-one that is not often seen in this neighborhood.

THE POOR NEGRO .-- We have often thought, while passing through places inhabited by negroes, of the different scenes of life, the misery and depravity. Their homes, which are in many cases not more than sheds, afford them little protection against the cold blasts and heavy snows of winter. What the poor Southern darkey will do, who comes here on the lying promises held out by the fanatics, to ameliorate his condition by getting among his free brethren, no one can tell. After he is here what good does it do him ? He is looked upon as an intruder by those of his own color. He comes to be hated by those who should be his friends .----With winter approaching, what will the thousands of unprovided, helpless, runaways do? They have left good homes, where they were provided for and kept busy, in the South, for a life of misery in the North, where they are not able to take care of themselves, but will be a burden to the tax-payers, filling our poor houses, degrading, and eating the bread of, the white freeman, by competing with him in labor. The justness of the condition of the negro can be proved by the wellknown fact that before the uncasy, dissatisfied Abolitionists of the North tampered with him, he was perfectly happy and contented with his lot. What do the Abolitionists care for the negro more than to make him the means of keeping them in power? They rode into their present condition, and the country with them, on the backs of the poor black

man by awakening sickly philanthrophic sentiments in the minds of the people of the North --Whether the Abolitionists will perform the part of the Samaritan to their unfortunate dupes is very doubtful. But the negroes are among us, and we must make the best of it until our people regain their senses and learn to estimate the negro as did the men of the Revolution, as intended for ser-

vants and nothing higher.

HORRIBLE STATISTICS .- Every now and then some person, who is anxious to create a sensation, manages to place before the public whole rows of figures of the most startling import. We copy an experiment in this line from an old number of the Water Cure Journal. The editor is constitutionally opposed to the medical profession, and only believes in killing people by pouring cold water down their backs, wrapping wet cloths around their bodies, and in general making them perform the part of a sponge, and suck in immense quantities of fluid. This editor says that 5.25 people out of every hundred in the country (our town included, of course,) are poisoned, and gives the following calculation in proof: 30 per cent. of all the children born in the United States are hereditarily diseased, caused in a large degree by the drugging and poisoning of their parents ; 80 per cent. of all the children born are drugged, poisoned before they are five years old-drugged by the doctors ; 95 per cent. of the whole population are drugged; poisoned by the doctors; 40 per cent. is, in addition to the drug poisoning by doctors, by tobacco; 50 per cent. in addition to these are poisoned by tea; ,45 per cent. in addition to the drugs, tobacco and tea, are poisoned by coffee ; 90 per cent. are, in addition to the drug tobacco, tea and coffee, are poisonad by the flesh meats ; 60 per cent. at least are poisoned by bad air ; 10 per cent. at least are poisoned by patent medicines ; 25 per cent. poisoned by alcoholic drinks.

A remarkable case of suspended animation occurred at Covington, Ky., on Thurday. A man named Henry Cutiff died in a fit, as was supposed. An undertaker was sent for, and while taking his measure, the corpse commenced kicking, and soon rose up in bed.

A CHANGE .-- Since yesterday there has been a decided change in the weather, occasioned by late rains. The thermometer, which has been at times during the past few days as high as eighty-five and six, has fallen some twenty or thirty degrees. It is these sudden and great changes of the weather that cause so many ugly colds, and to take time by the forelock we advise our readers to be careful.

HEAVY ROBBERY,-On last Thursday the dwelling of Daniel Robinson, in Greensburg, Pa., was entered and robbed of \$1,050, mostly in greenbacks. The thief is about five feet seven or eight inches in height, fair complexion, light hair, eyes somewhat sunken and prominent cheek bones. It is supposed that he fled in this direction. A reward of one half the money recovered is offered for his arrest.

TAKEN TO THE POOR HOUSE .--- The remains of the man killed at the depot on Thursday night, were yesterday taken to the poor house for interment. There was nothing found on his person to give any clue to his identity. This makes the second death that has occurred at the depot within the past week, owing to a too free use of liquor. Those addicted to this habit should respect their appetite for drink while traveling alone.

CAUTION.-Drafted men who may claim exemption from military service on the ground of being the only support of aged and infirm parents, should not present their claims unless they can give proper evidence that their statements are correct.-A conscript was arrested at Pittsburg, and held in \$1,500 bail to answer a charge of perjury in swearing that he was the "only support of aged and infirm parents dependent on his labor for support."

The newly crected church of the Second German Lutheran Congregation, in West Harrisburg, will be consecrated on next Sunday, the 20th of September. Services will be held at 10 o'clock in the morning by Rev. J, Vogelbach, from Philadelphis. and Rev. W. Schmack, from Lancaster. Rev. A. Darmstoetter, from Columbia, will preach at 3 o'clock in the afternoon.

Services will be also held in the evening in the First German Lutheran Church, Second street, H. LIESMAN, Pastor.

KEEP Cool.-Rumors are rife, these times, of another rebel invasion. Scarcely a day passes by that some marvelous story is not set afloat to frighten the women and children, and the nervous old gentlemen who always take time by the forelock, and "skedaddle" before the rebels reach the Potomac. It is generally found impossible to trace these stories to any reliable source, and therefore they should receive but little credence at the hands of the people. It is time enough to be alarmed when we receive authentic information that the rebels are again coming ; and if there is to be anything like a general advance there will be time enough then to prepare to "skedaddle." We ad. vise everybody to take it coolly, and, whether the rebels come or not, to remain quietly at home and look after their families and property. Those who wic "ekedaadle."

ALMOST A FIGHT .---- Yesterday two men met in Chestnut street, near the rendezvous, and had a war of words. At one time they were very much excited, but they could not get up a battle of blows. It appears that they had been working for some man in town and could not get their money One of them was exceedingly wrothy, and called his employer had names : the other took the part of the boss; said he was an honest man, and would pay it if he could, but that he had not the means; for saying which, he was called a liar. Then came a game of growl, a shaking of fists, a chattering of exciting words intermingled with sundry Irish, Dutch and English curses, which sounded very refreshing to the ears of a number of people who were idly gaping on the scene. They hadn't spunk enough to raise a fight, so they separated without spoiling each others "mugs."

THE STATE HOSPITALS .- During the past week 380 patients were admitted to the Army Hospitals of this Department, 315 men were returned to duty, 20 died and 17 were discharged. DENCCRATIC MEETINGS .- A meeting of the Democracy will be held at the public house of Jacob Livingston, at Rockville, in this county, this evening. R. A. Lamberton, Esq., with other prominent speakers, will address the meeting.

Another will be held at Lisburn, Cumberland county, where speeches will be made by eloquent gentlemen from other places.

Let every man in the neighborhood, who loves the great principles on which the Constitution left us by our Revolutionary sires is based, be present. Heretofore our political battles have been fought upon questions of constitutional administration, now the Constitution itself is at stake. Democrats remember this, and put forth your strength to save the country.

ATTENTION, DEMOCRATS OF THE FIRST WARD !-A meeting of the Democratic Club of this ward will be held at the public house of John Deller, Race street, a short distance below the Black Horse Hotel, this evening, at 71 o'clock. Dr. E. Brandreth, New York ;

SIR : I was a private in Co. F. 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhoes. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.
