THE BUTLER DEMONSTRATION.—The announcement made on Saturday afternoon that Maj. Gen. Butler would make a political speech in the Court House that evening, drew out a large crowd, a great portion of which was no doubt attracted by the natural desire to look upon a live Major General, whose notoriety extends from Cape Cod to New Orleans.

Gen. Butler, having commanded the Department of the Gulf with great military and pecuniary show, conducting the St. Charles Hotel with signal ability, and by his many pleasing ways winning from his subjects the endearing sobriquet of "The Beast," was, in consequence of his distinguished services, some time ago relieved by Gen. Banks—a man who, in the matter of accumulating curses and greenbacks, has proved to be sadly inferior to his illustrious predecessor.

Banks is not a fit man to deal in flour and cotton, and besides he has no brother at Matamoros prepared to supply the suffering Confederacy with fish, flour, whiskey, powder, and "all articles usually kept in a country store." Banks is a good man, but he is not to be spoken of in the same day with "Pica-yune."

Gen. Butler, as well as several other Major Generals, is now assigned to the active military duty of stamping the Northern States, making Abolition speeches on full pay. This fact accounts for his appearance here on Saturday. It is probable that Maj. Gen. McClellan was offered a similar command in the political field, but as he could not see the matter in that light, he has been placed on half-pay and his staff taken from him. This goes to show that M.C. isn't up to snuff, and is unworthy of holding a commission from the hands of the pure and saintly Stanton. Manifestly, he deserves to live poor, and to have no other reward than the love and plaudits of a few hundred thousand veteran soldiers.

Gen. Cameron was called to preside over the meeting, but, as he is only a "paper general," his speech and himself were of no account. He announced in conclusion that a committee was after Gen. Butler, and that they might look for him at any moment.

Then occurred one of those incidents which are common among large and excited masses of persons, and which have never been fully accounted for. We think, however, that it was one of those spontaneous sympathetic outbursts of popular feeling and enthusiasm, such as involuntarily escape when the mind of the mass is moved and saturated with one grand and absorbing idea. On a sudden a cry arose for "Bergner," and every loyal throat protruded the chorus—Bergner! Bergner! Whether this outburst of admiration sprang from some fancied similarity between Bergner's successful business transactions in the Department of the Susquehanna and those of Butler in that of the Gulf, cannot be distinctly stated, but certain it is that the Deacon was in great demand, and was the bean ideal of the meeting, dividing the honors of the occasion in about equal parts with Butler. Even as the General entered, a voice was calling, "Hurrah for old Ben. Bergner!" The Deacon sat in the meantime, seemingly trying to equate his eye like the genuine "Beast," while dignity sat perched upon his intelligent countenance like the gaffly on the cooked hat of Sir Deidrich Knickerbocker.

Gen. Butler's speech was long, but he did not meet the expectations of his hearers. This was manifest from the fact that, after fifteen or twenty minutes, the process of thinning out began, and there was no let up in the skeddadding up to the close of his speech. Among the earliest to fold their tents and steal away were some of the Abolition candidates on the county ticket. We could not attempt to give a synopsis of the speech, as it was tedious and was marked by a single sentence which would leave an impression on the memory. He closed at nine o'clock, and went glimmering to other fields of glory during the following day. We would ask all the people to receive "old Ben," kindly and listen to him patiently, remembering that they are paying him about \$24,000 per annum for his speeches, and that they are therefore none of your two cent affairs. He don't do things on a small scale.

Thus has Butler, the mild Coloposan "Beast" of the Gulf, been and gone, leaving a great deal of glory and sulphur in his train. But we insist that the ovation was principally for Bergner, and that Butler was only a blind. "Hurrah for old Ben. Bergner!" Verily, we look henceforth to see the Deacon squinting one eye up at an angle of forty degrees (the angle of impudence) a la Butler, while the other scours along the ground which holds his soul. As to the title of "Beast," the Deacon has already well earned it, while "Pica-yune" is a part and parcel of his postage stamp nature. He is enshrined in the heart of every "loyal" shabbyite. Hurrah for old Ben. Bergner!

FORTUNE TELLING.—We have one or two women in our city who have eked out a tolerable existence for some time by fortune telling, and more fools consult them than people are aware of. We heard of a case not long ago, in which an entire crowd of visiting country folks—young ladies and gentlemen—left with one of the would-be sibyls several dollars for a jumble of probable and yet very uncertain stories of their future lives and fortunes. An exchange well observes that few except those who have looked into the subject specially, are aware of the extent to which this evil of fortune telling prevails in this country. Among the victims of every city and large towns are profligate and profitable fortune tellers. They resort to every possible device with the object of deceiving the simple and the credulous. The intelligent and the discreet ridicule and condemn those charlatans, and pay no attention whatever to their silly predictions and idle promises. But there are hundreds of weak minded persons who, visionary, superstitious and easily deceived, are deluded, entrapped and often betrayed by these impostors and knaves. A belief in these absurdities is a sort of disease or monomania, and is confined chiefly to the ignorant and uneducated. Occasionally there are exceptions. Fortune telling, in all its phases and varieties, is a gross imposture, and while its practice in some instances, is harmless, in others it is full of mischief, especially as it is calculated to disturb the peace of families, excite false speculations, and prompt and stimulate crime.

Sprain and Rigidity may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. Every horse who has this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned above, and will save him from the expense of so many other valuable horses nearly worthless. See advertisement. ap22 cow-daw

SURGEON-GENERAL HAMMOND. By ordering Colomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the use of BRANDRETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHEA, CHRONIC DIARRHEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions and get new style.

CASE OF ROSCOE K. WATSON. Dr. B. Brandreth, New York. Sir: I was private in Co. F, 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Fort Mifflin, I and many of the Company were sick with bilious diarrhoea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Company would sign. I am, respectfully yours, ROSCOE K. WATSON, Sing Sing, N. Y. Principal office, 294 Canal Street, New York. For sale in Harrisburg by GEO. H. BELL, md-cv

To Horse Owners. Dr. Sweet's Infallible Liniment for Horses is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching. Its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c. it will also cure speedily. Sprain and Rigidity may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hopeless as that it may be alleviated by this Liniment, and its faithful application will at once remove the Lameness, and enable the horse to travel with comparative ease.

Every horse who has this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned above, and will save him from the expense of so many other valuable horses nearly worthless. See advertisement. ap22 cow-daw

SURGEON-GENERAL HAMMOND. By ordering Colomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the use of BRANDRETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHEA, CHRONIC DIARRHEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions and get new style.
