POLICE AFFAIRS .- Before Alderman Kline .-Jessie Brooks and Jane Love, arrested by officer Essig, for vagrancy, being found around the military camps. Committed for twenty days.

Catharine Little, another of the same stamp, arrested by officer Costello. Discharged.

THE STEUBENFEST .- The anniversary of the birthday of Baron Steuben was celebrated yesterday by the Lodge No. 8, of this place. The precession was headed by the Middletown brass band. After parading through the principal streets of the city, they adjourned to Independence Island, where they spent the balance of the day in true German style.

PASS HIM AROUND .- The Pottsville Miner's Journal cautions the public against a Rev. M. E. Cross, who represents himself as a Presbyterian minister, and collects money, as he says, for our poor soldiers, and at other times for the Tract Society. He is a tall, slim man, about fifty years of age, and of pleasing address. Look out for him, or you may be duped.

FIRST NATIONAL BANK OF WARREN .- The Pittsburg Chronicle says, an institution organized on the basis of the new National banking system commenced business in Warren, Ohio, on Monday last at the banking house of the Western Reserve bank, which the new company has purchased. Capital paid in is \$125,000. H. B. Perkins is President, and George Taylor Cashier of the new institution. The bank will -pay all deposits and outstanding notes of the Western Reserve bank.

Insolent Beggaes -There are numerous beggars perambulating our streets, plying their avocations, and stealing where they can. In the absence of the male portion of families, if the females refuse to cemply with their demands, they sometimes become abusive. A great many of these beggars are able-bodied men, who are able to work, but too lazy. Those giving in charity should always endeavor to make a distinction between those who require assistance and those who do

THE Prevest Marshal General issued on the 19th inst. his instructions to his subordinates, ordering them to see that the proclamation in relation to the suspension of the writ of habeas corpus is faithfully carried out. Now, with a provost marshal in every city, town, and district in the country, any man who may become offensive to the powers that be, is by them, en account of his polities, termed "an "ar and abettor of the enemy," can be arrested and areas of or exiled, and it matters not how unjust the charge, none dare to interfere in his behalf.

SAD CASE OF DESTITUTION .- On Monday of last week, complaint was made before Justices Laird and Stock, of Greensburg, to the effect that a family named Carpenter, residing on Jacob Smith's farm, two miles north-west of town, were in a sad State of destitution. The husband, Jacob Carpenter, is a drunken, worthless wretch, and had left home, leaving his family suffering. On Sabbath the broken-hearted wife, who had been sick, died. On Monday a sick daughter was discovered by the neighbors in bed with her mother's corpse, and three other children without food. They were properly cared for by the proper authorities.

A NIGGER SELLING WHITE PROPLE.—In the early part of last week a negro from Dover-made his appearance in Portland, N. H., with four white men, offering them for sale as substitutes. He put on immense airs, smoked his cigar, had on a white collar covering his ears nearly out of sight, and cut a monstrous swell about the streets, with his slaves tagging along behind. He was a genuine specimen of that happy class who derive exquisite enjoyment in this nigger millenium. We have not heard how he made it with his chattels, but suppose they met with a ready sale in the Lincoln market. Isn't this a great country?

THE PUBLIC SCHOOLS,-Owing to the fact that all the school buildings of the city are now occupied as military hospitals, and are likely to be so used during the winter, the various school directors. finding it impossible to obtain suitable buildings for the use of the teachers and scholars during the coming season, have about concluded to drop the usual winter school term. The teachers are therefore notified that their services will not be required, and a very large army of children are to be turned loose to forage for themselves and ransack the town at will. Meantime their young minds, now susceptible of most useful and durable impressions, are to remain inactive, or, what is worse, be active only for mischief; for the mind, like a dwelling, must be swept and garnished and inhabited in order to be durable and attractive, and

"The soul neglected, like a pile Without inhabitant, to ruin runs."

We would suggest that, rather than such a calamity should befall the rising generation, it would be a public service and a work of Christian philanthropy for some of our churches to grant the directors the use of their lecture rooms during the winter. It might cause the congregations some inconvenience during such temporary occupation, but the sacrifice would be no greater than that which the directors have already made in favor of the government, while its results in after years would be its own great reward.

To Correspondents. The enonymous note. signed "Yours in Eternal Hatred," and inviting us to the Round House on next Saturday evening, has been received. We fear, dear friend, if we were to go round there at the time designated, you would be as you doubtless were during Lee's invasion, non est inventue. We cannot say that we have any particular wish to "find out who you are," but if you are not a miserable coward—such an one as writes anonymous letters, sneaks up alleys and robs clothes lines on dark nights-we would be glad to see you, would pay you well for calling upon us, and assure you that no personal vielence shall be done. It might change our preconceived idea of you, which is, that you are a sneaking, theiring dog, a coward, and a terror to all chickens which are so unfortunate as to choose

low roosting places. Query-are you one of the Abs, who applauded Berguer so loudly on Saturday night? Else why do you threaten us with violence for making so faithful a report of your great Kinkyhead Butlero-Bergner meeting? Come and see us-do. Don't be backward, brave chicken-compelling Bombastes!

An Investigation Called For. In the Philadelphia Councils, on the 19th, a petition, signed by several tax-payers, was handed in, calling attention to certain alleged discrepancies between the report of the company and that of the State officers, in relation to the payment of the tonnage tax, and asking an investigation. The petitioners say: "That the Pennsylvania railroad company, in which the said city holds stock to the amount of \$5,000,000, in their annual statements submitted to the stockholders, profess to have paid the State of Pennsylvania the sum of \$1,702,888.39 Tonnage Tax, when it appears by the account of the Auditor General, that in point of fact the amount paid was but \$952,348.11, the difference being \$749,540.28. That this sum, which is not accounted for in any of the annual statements, the city, as its share, would be entitled to about \$282,-000, which is equal to \$2.82 per share for every share of stock held in that company." The paper was referred to the Financial Committee.

NOVEL GROWTH .- An exchange has seen, in the parlor of a friend, a very beautiful conceit. It is, of course, the fancy of a lady, and consists of the burr of a pine tree placed in a wine glass half-full of water, and from between the different layers of the burr are shooting forth green blades-bright beautiful, refreshing. For a little thing we have seen nothing that so pleased us by its beauty and novelty, and the secret is this: the burr was found dry and open, the different circles were sprinkled with grass seed, and it was placed in a wine glass with water, as above. In a few days the moisture and nourishment gave the burr life and health; the different circles closed and buried within themselves the grass seed, and a few days moré gave to the seed also life, spreut and growth, and now a pyramid of living green, beautifully relieved by the sombre hue of the burr, is the result-as pretty and novel a parlor ornament as we have for a long while seen.

THE OIL TRADE OF WESTERN PENNSYLVANIA .-This valuable trade is increasing rapidly in the exportations. The following figures will exhibit some of the products and shipments of the oil wells of the West. In the twelve months of 1862 the exportation was 111,802 barrels of 40 gallons. In the six months of 1863 ending July 1st, the amount was 450,890 barrels, being an increase of 343.188 barrels in six months over the entire export of the previous year. The best estimates of the production of the Old Creek region give the round figures of 5,000 barrels per day as the net product of the Allegheny oil region, or about 1,300,000 barrels per annum, which will yield

THE LAKE TUNNEL .- The contract for constructing a tunnel under Lake Michigan for the purpose of obtaining water from the lake for the use of the city of Chicago, was awarded to Messrs. Dull & Gowan, of this city. The bid of this firm was \$315,139. Of the six bids laid before the Board, three were above this amount and two below it. As the specifications, however, do not make the lake cribs so high as it is supposed it will be necessary to build them, say from three to five pounds, an additional price of \$850 per each foot of height that each crib is increased, and twelve cents per pound for each additional pound of cast iron cylinder, is stipulated and agreed upon.

To Horse Owners. To Horse Owners.

Dr. Sweet's Infallible Liniment for Horse is unrivaled by any, and in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratch es. Mange, &c., it will also cure speedily Spavin and Ringbone may be easily prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical care. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful amplication will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases men-tioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

THE HEALING ART. I have for thirty years taught that no diseased ac tion could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"-Animal foot being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHEA, CHRONIC DIARRHEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read direction and get new style.

CASE OF RUSCOE K. WATSON. Dr. B. Brandreth, New York:

SIR: I was a private in Co. F. 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhoea. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. There men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health; Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Com-

pany would sign.

I am, respectfully, yours.

PARTICULAR NOTICE. There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed. This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death or the drunkard. By their use the system is kept continually under the influence of Acoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

I do this more readily in regard to "Hoodand's German Bitters," prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend. Robert Shoemaker, Esq., for the removal of this projudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental vigor which I had not felt for six months before, and had almost despaired of regaining.
