COAL.-The price of coal in Beston has just advanced to nine dollars and a half per ton, and isexpected to go still higher. Loss.-On Wednesday morning, in or near Mar-

ket Square, a black lace veil." The finder will be rewarded by leaving it at this office. Hon. Henry Clay Dean, of Iowa, will address

the Young Men's Central Democratic Club on Saturday evening next, in the Court House.

PIC-MIC .-- We call attention to the advertisement in another column, of a Grand Union Pionic, to be held in Hachalen's woods, on Monday, September

HARRISBURG HOSPITALS .- During the past week 192 soldiers were returned to duty from the different hospitals in this city. Chestnut street, 74; Mulberry street, 67; West Walnut street, 51.

FROST.-Yesterday morning a thin coating of frost was visible on almost everything. The weather during the night was colder than any we have yet had. The tobacco, we are informed, which is yet out, is uninjured, except in low places, by the frost.

LEAD MINE DISCOVERED. We learn from the Ctarion Banner that a lead mine has been discovered in that county, in the vicinity of New Bethlehem. The person who found it will not reveal its locality. If it is as represented, it will be a fortune to the possessor.

OPINION ON THE DRAFT,-Judge Advocate General Holt has given his opinion, that the right of a party drafted to insist on his exemption from service is a privilege which he may waive, and which he certainly does waive, when he furnishes a substitute, or pays his commutation, and that he cannot afterwards be permitted to retract that

POLICE AFFAIRS .- Before Alderman Kline .-John F. Bates, afrested by officer Massey, for malicious mischief, on information made by Leah West.

William Himer was arrested for assault and battery on John F. Bates. He entered bail to the amount of one hundred dollars to snawer the charge at the next court.

FAST RIDING .- Gen. Cadwallader has issued a stringent order against the practice of cavalry officers and privates riding at a furious rate through the streets of Philadelphia. The same evil exists to some extent here, and a similar order would not be out of place here. There is not one case in four when a horse is made to gallop round a corner, that the snimal does not fall or stumble, as it is the use of the spurs at this time that makes the animal lose its footing.

Musical .- "The Home Companion" and "The Welcome Guest" are two books just published, and containing a most excellent collection of all the latest and choicest vocal and instrumental music. We can recommend the books as really good, and advise our readers to examine them. Each book contains over 200 different pieces which when bought in sheet form would cost fifty dollars. They are now offered for sale at the Music store of Wm. Knoche, 93 Market street at the low price of two dollars and fifty cents.

U. S. GRAND LODGE OF ODD FELLOWS .- The Grand Lodge of the United States of the Independent Order of Odd Fellows, met in Baltimore on Monday. All the States were represented except Virginia, Alabama, Florida, Louisiana, Mississippi, Arkansas and Texas. The delegates from Tennessee, which State was not represented in the last and preceding sessions of the grand body, were present. James B. Nicholson, grand sire of the Grand Lodge, presided. There was but little business of interest to the public.

THE CHAMPIONSHIP. On Monday next, the match for the sculling championship comes off between Hamill and Ward, and already deep interest is manifested. The match is for \$1,000 a side, and will take place on the Hudson, in the neighborhood of Poughkeepsie. Hamill will be in finer tring for the coming match than he was on the occasion of the last, and an improvement in his rowing may be expected. We may mention here that a dispatch was received from Hamill, on Monday evening, stating that he had arrived safely in New York, and that he had made a trial of his new boat, and was much pleased with her.

Another Fatal Railroad Accident .- At two o'clock yesterday morning, a man named John M'Cartney, a soldier from Philadelphia, was killed on the Pennsylvania railroad track, opposite the upper end of the Lebanon Valley depot. Officer Fry, depot policeman, observed M'Cartney walking about the depot and across the track, apparently under the influence of drink, and twice or thrice warned him of the risk he ran in making such crossings. A short time after, while deceased was making his way across the tracks and sidings, he was caught by a shifting engine, and instantly killed. His body was mutilated and torn to fragments his head crushed, one leg cut off, and his heart and entrails scattered along the track. The coroner's inquest resulted in a verdict in accordance with the facts above stated.

No papers of any kind were found upon the fore unable to ascertain to what regiment he belonged or whether he was married or single. He and the wound thoroughly healed.

Highspins, Wodnesday, Sopt. 28, 1868. MESSES. BETTORS : It is not often that we complain; but there is a period in all things when itlence and quiet submission couse to be a virtue.-And in the case we are about to present to gran we think you will agree with us that that period

has arrived. One week ago to-day, the employees of the Pennsylvania Canal Company undertook to make some repairs to the bridge that spans the Pennsylvania canal at this place, and commenced their improvement by unscrewing the king bolts without taking off the heavy joist that is used for a floor on the bridge, and, in more equence of the weight of lumber coming on the light chords, they snapped in pieces, precepitating the workmen, bridge and one or two spectators into the "raging canawl."-You can imagine their surprise on escaping from a watery grave. They, stood awe stricken and amazad at the work of their own hands.

The canal company have, to all appearances, entirely abandoned the work, and the turnpike company show the same, indifference to that part of their road as they have to the entire road from Harrisburg to Middletown, with the exception of collecting toll at their gates, which is done with a scrupulous exactness which stamps them as men of rare business qualifications.

This bridge is in the middle of our village, and cuts communication off, except by a foot-plank .-As to crossing here with a horse and wagon, that is out of the question. Since communication is out off from Harrisburg to Middletown, you can imagine, better than can be described, the delight with which the frogs, turtles, and other amphibious animals enjoy the turnpike road between this place and your city; they revel in their sports, being scarcely ever disturbed by any person being so unfortunate as to have to wade and flounder through to your city. MANY CITIZENS.

RAILROAD SPEED. Many fatel accidents occur on railroads by persons attempting to drive across the track when a train is approaching. The danger lies in miscaloulating the rate at which a car moves when under full headway, which is said to be about seventy-four feet, or nearly twice its own length, in a second. At this velocity, the locomotive driving, wheel, six feet in diameter, makes four revolutions in a second, the piston rod thus traversing the cylinder eight times. If a horse and carriage should approach and ofoss a track at the rapid rate of six miles an hour, an express train approaching at the moment would move towards it two hundred and fifty-seven foot while it was in the act of crossing; if the horse moved no faster than a walk, the train would move towards it more than five hundred feet, which fact accounts for the many accidents at such points .-When the locomotive whistle is opened at the post, eighty rods from the crossing, the train will advance near one hundred feet before the sound of the whistle traverses the distance te, and is heard at, the crossing.

THE STATE AGRICULTURAL SOCIETY promises the public a great exhibition of the industry of Pennsylvania at Norristown, commencing on Tuesday, September 29 Already a large number of entries of choice stock, implements and other articles appropriate to such exhibitions, we understand from and the principal secretary, Mr. Longaker, is positive that no exhibition of this Society ever had a fairer prospect of a display worthy the great interest of this State. The preliminary arrangements are complete, President Knox having appointed the gallant Colonel Hartranft, of Norristown, now at home upon a visit to his family, as Chief Marshal; General Williams, of Harrisburg, as General Superintendent, and the Pennsylvania railroad, ite novel unblic spirit bas agreed to deliver articles intended for exhibition free at Philadelphia, from whence they will be conveyed in the same liberal manner to Norristown by the Germantown and Norristown railroad.

Aurung.—The bright autumnal days have come. when corn ripens, the leaves of the maple grow sere, and the evening twilight is saddened by a chill in the atmosphere and the melancholly song of the cricket in the grass. The days grow percoptibly shorter, the nights longer, and the season is full of tokens of departed summer and coming frosts. Yet, there is no more glorious time in all the year than the early months of autumn—the season when ripened barvests empty themselves into the burdened wains, and luscious fruits delight the palate. As we luxuriate in the blessings which flow from Cornucopia, and feel invigorated by the genial sun and bracing air of the season, who will not exclaim, "Bally for September!"

IMPORTANT DECISION.—It has just been decided in the Supreme Court at Boston, that a railway corporation, having sold a person a ticket, is liable in damages for any injury he may suffer by the carelessness of the corporation or its agents, as well while he is going to the train as after he gets into the car. The Court also ruled that it is carelessness on the part of the corporation to run a train at full speed over the track between the depot and another train standing on the outer track waiting for passengers to get on board. Under these instructions the jusy gave a verdict of \$550 against the Fitchburg railroad company in favor of the plaintiff, for injuries sustained by him.

EXEMPT ALIENS .- We learn that printed lists, alphabetically arranged, of persons who have claimed exemption from military duty on the ground of alienage, are to be furnished to persons whose business it will be to watch the polls in the coming election. They are to be kept in private hands in all parts of the State, for certain purposes that may be developed as the election progresses.

Parties who have heretofore been voting on bogus naturalization papers or having none whatever, will find themselves brought up quite suddenly .-If they don't wish to fight for the country they will not be allowed to have a say in the govern-

ARE You Assessed?—Every Democrat should immediately see that his name is upon the assessment list of his ward, township or election dis-

trict. Neglect of this important matter may deprive

him of his vote on the day of the election, It has been and will be the game of Abolition assessors, where such have been elected throughout the country, to neglect to assess Democrats even when asked to do so, and when they have promised to do it. With such officials, who have such ideas of their sworn duty, there is no safety for a Democratic voter but in seeing his name en-

rolled. If you can get assessed to-day, do not wait until to-morrow. When you meet the assessor, close up the business at once, and if he belongs to the Abs.,

follow him up and see that your name is recorded. Let every Democratic voter attend to this matter, and make sure that his own name and that of his brethren is upon the list. Then on election body of the unfortunate man, and we were there- | day we will have a fair field, no drawbacks and no gouging.

SURGEON-GENERAL HAMMOND. By ordering Calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the use of BRAND-RETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased action could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "veg etable food? - Animal food being, in fate, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS DIARRHEA, CHRONIC DIARRHEA, CHRONIC DYSENTERY, and all fevers and Affections of the

Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions and get new style.

CASE OF RUSCOE K. WATSON. Dr. B. Brandreth, New York: Sin: I was a private in Co. F, 17th Regiment, New

York Vols: While at Harrison's Landing and on the Rappshapnock near Falmouth, I and many of the Company were sick with bilious diarrhosa. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brand reth's Pills. These men prevailed upon me and other to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health.

Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Com-

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart boitles, compounded of the cheapeat whisky or common rum, coeting from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed. This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Acobotic Stimulasts of the worst kind, the desire for Liquor, is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

For those who desire and will have a Liquor Bitters, we publish the following receipt: Get One Buttle Hoofland's German Bitters and mix with These Quarts of good Brandy or Watisky, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor at a much less price than these inferior preparations will cost you.

Hoofland's German Bitters WILL GIVE YOU A GOOD APPETITE WILL GIVE YOU STRONG HEALTHY NERVES.

in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to "Housand's German Bitters," prepared by Dr. C. M. Jackson of this city, because I was prejudiced against them for years, under the impression that they were chieft an alcoholic mixture. I am indebted to my triend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and, for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental vigor which I had not felt for six months before, and had almost despuired of regaling. I therefore thank God and my friend for Al recting me to the use of them

IT IS NOT A LIQUOR STIMULANT. And leaves no prostration.

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the lick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. We have no hesitation in stating that if these Bitters were freely used among our soldiers; hundreds of lives might be saved that otherwise would be lost.

The proprietors are daily receiving thankful latters from sufferers in the army and hospitals, who have been restored to health by the use of these Bitters, sent to them by their friends.
