A SPECIAL MEETING of the City Executive Committee will be held this evening. Punctual attendance is requested.

THE SOLDIERS of the war of 1812 are invited to attend the funeral of Samuel Holman, this afternoon at 2 o'clock, Sept. 30, 1883.

THE DIFFERENCE.—The New York Herald appreciates truly the distinction between War Democrats and Abolitionists. It says: "Between the two the only difference, in fact, is that of twaddledum and twodeedles."

THE REPUBLICANS will please remember this fact, that the more they abuse Democrats the more determined they make them to work for the success of their principles. Men may be coaxed or argued into changing their views—but driven, never.

THE PATRIOTIC Republicans who destroyed the Monitor printing office in Huntingdon in May last, have been found guilty and sentenced to pay a fine of \$5 and costs of prosecution, and undergo an imprisonment in the county jail for a period of six months.

WITH pleasure we notice the portions of the Capitol undergoing repairs—something that should have been done before this late day. With this improvement, we might also state that both chambers of Legislature are being fitted up for the coming session.

FOURTH WARD DEMOCRACY.—There will be a meeting of the Fourth ward Democracy at the house of Michael Hair, at 7 1/2 o'clock this evening. Come you, come all. There will be business of importance to transact.

By order of the Vice-President. L. BEHNHARD.

THE WEEKLY PATRIOT AND UNION for this week, in addition to its usual variety of editorials, dispatches, news matter, agricultural, markets, Paris letter, contains the address of the Democratic State Central Committee, a valuable article on State Rights, and the speech of Hon. Wm. Bigler. Copies to be had at the counter this morning.

DEMOCRATIC MEETING.—A large and enthusiastic meeting of the Democracy of Silver Spring township, Cumberland county, was held at Hogstown on Monday night, and was addressed by Jno. A. Bigler, K. E. Ferguson and J. E. Ewing, of Harrisburg. Silver Spring promises to give 300 majority for Woodward and the whole ticket.

THE DRAFT IN MARYLAND.—The conscription "works wonders," especially in New England, and still more especially in the Old Bay State, the hot bed of Abolitionism. In the district whose official centre is at New Bedford two thousand nine hundred and sixteen men were drafted. Of these the Government gets just forty-five men. Sixty-eight paid commutation, three hundred and eighty-two furnished substitutes, and seventeen hundred and forty were exempted.

POLICE AFFAIRS.—Before Alderman Kite—the delinquents taken out of the lock-up yesterday had been arrested for vagrancy and drunkenness, and on a hearing were discharged. John Taylor, arrested by Massey, John Divan, arrested by Decker; Henry Dean, arrested by Campbell; Jacob Hippel, arrested by Costello.

OH, MY COUNTRY!—In every city in the North is every day presented the spectacle of manacled hands of conscripts and deserters, being marched along, silent and humiliated, between files of armed soldiers. Shooting by ones and twos are frequent occurrences. Many who are sent by ship-board are confined under nailed hatches. To such a degrading pass of barbarity and reckless waste of human life has our country come under Abolition domination!

TO CIVILIANS AND SOLDIERS.—Do you desire a patent paragon umbrella?—a cane, mounted with gold, silver, or ivory? Officers in need of swords, sashes, belts, or anything in this line appurtenant to a military outfit, will do well to call on M. H. Lee, No. 63 Market street. Mr. Lee has every description of his already extensive establishment. We have no hesitation in saying to persons in need of such things, that in dealing at this establishment they cannot fail to be satisfied.

THE "UNKINDEST CUT OF ALL"—Gov. Curtin's central organ defends Col. MacDowell. A thorough change must have been effected in the Colonel, indeed, if he does not consider this the worst, most fatal stab at his reputation that it has ever received—the "unkindest cut of all." It is adding a blacker hue to darkness, and making that more offensive which was disgusting enough before. The very best defence the Colonel could now publish would be extracts from the editorial columns of that same Curtin organ some months ago. From such a source—so base, so low, so mendacious and disreputable—eulogy is calumny, and calumny praise.

CHANGES OF FASHION.—The fashionable organs announce that bonnets of the sky-scraper fashion are set aside, and, in their place, the new and becoming cottage bonnet has been substituted. The long-trailing dresses should go out with the high reaching bonnets. Nothing is more unbecoming a woman's dress than long dresses, trailing in the gutters, and like street-sweeping machines, gathering up the apple parings, cigar stumps, and sweeping off the tobacco spittle on the sidewalks, such a mass of filth at the heels must detract from any amount of cleanliness and neatness about the head, by say nothing of the economy of sweeping the streets with silks and satins.

CHAMPION BOAT RACE.—The decisive race for the championship of the American waters between James Hamill and Josh Ward, came off on Monday at the scene of the former race, opposite Poughkeepsie. At an early hour trains from above and below brought thousands to view the sport; while country wagons, loaded with pretty girls and staid beaux, added their quota from the neighboring towns. Schooners, sloops, yachts and sailing boats, brought hundreds more to the scene, embellishing the surface of the river with their sails, gay streamers and fair freight. Both boats drew up to the stake boat. Hamill, of Pittsburg, Pa., occupying a new mahogany shell boat, 14 inches wide by 30 feet in length, was dressed in white pants, blue shirt and red cap. His opponent, Josh Ward, of Newburg, dressed in only a pair of white drawers, rowed a boat 16 inches wide and 20 feet long. The weather and water could not be better for a champion race. Not a breath of air rippled the surface of the river, which lay smooth as glass, undisturbed shall, the tide being slack, as if detained expressly to suit the occasion.—Length of course exactly 1/2 miles. Cheer after cheer greeted the conclusion of the race and the announcement of the Judges that Hamill was the victor of this aquatic tournament, and consequently Champion of American waters. Hamill went ashore at Poughkeepsie, where his friends and admirers almost tore him to pieces trying to shake his hands, which were peeled raw by his exertions at the oars. The general impression of the Newburg, Poughkeepsie and river people was that Ward sold the race, as they contended he made no kind of show in pulling at the oars.

NOVEL LAW CASE AND HEAVY DAMAGES.—A verdict of \$10,000 damages has been given in Chicago, in a suit instituted by a young man named A. G. Innis against Wm. Ross & Co., who formerly employed him as cashier. In making up his account, the firm charged him with the indebtedness of his brother, a business man in Quincy, who was in the habit of buying goods of Ross & Co. To this Innis demurred, and he informed the book-keeper that he would repay himself out of the first money that passed through his hands. He did so, and the firm had him arrested on a charge of embezzlement. The magistrate before whom he was brought discharged him, and he then sued Ross & Co. for damages. The jury before whom the case was tried rendered a verdict of \$3,000. Defendants caused it to be set aside, and a new trial was had. The jury gave a verdict of \$5,000. This also the defendants caused to be set aside; and on the third trial Innis received an award of \$10,000. Defendants asked for another trial, but the Court refused to grant it. An appeal has been taken, defendants giving bonds to the \$12,000.

ANOTHER VETERAN GONE.—Old King Death has taken another from our midst. After day after his relentless grasp is seen, especially among the old and infirm, who fall beneath his sythe like wheat beneath the reaper's sickle. We chronicle to-day the demise of SAMUEL HOLMAN, who died of strangled hernia, at his residence in Market street, at the advanced age of 71 years. Mr. Holman was one of our oldest and most worthy citizens. He was originally from Perry county, and came to this place about the year 1820, while the Capitol of the State was being built, on which he worked as a journeyman carpenter. With the laying of the corner stone of the Capitol he might be said to have laid his own, for from that time his rise in the world commenced. The city owes a great many of its finest edifices to his superior architecture and workmanship. His whole course in life was marked by integrity and perseverance, which have met with the universal reward of competence and universal respect. His funeral, to take place this afternoon at 2 o'clock, will be attended by his fellow soldiers of the war of 1812.

OUR SCHOOLS.—The invalids of the East Walnut street hospital are being distributed among the other hospitals of the city. By this the boys will be able to commence school again in their old quarters next Monday. This is a good move on the part of some one. We should by all means endeavor to find places we can spare better than our public schools. Without the training of schools to keep in subjection the minds of children, the influence which is exerted on the part of anxious parents is little headed. The invalids no doubt think the same.

MURDER IN POTTSVILLE.—On Friday last a civilian named Mendon, was killed in Pottsville by a soldier, who had been quarrelling with the landlord whom Mendon boarded with. Mendon ran out of the back door. He was ordered to halt by the soldier; he refused, and the soldier fired. The ball from the piece entered Mendon's back, passed through his heart and out of his breast at the left nipple, causing almost instant death.

HAY.—This commodity has recently commanded such an almost fabulous price that the citizens of Pittsburg have found it cheaper to have it brought in from Illinois than to pay the price demanded by home producers. Coal for the same reason, is freighted to Pittsburg from a point a short distance above Harrisburg.

LOST.—On Saturday, a small medallion, with a hook and chain attached, was lost in the city. The finder will be rewarded by leaving the same at this office.

ARE YOU ASSESSED?—Every Democrat should immediately see that his name is upon the assessment list of his ward, township or election district. Neglect of this important matter may deprive him of his vote on the day of the election. It has been and will be the game of Abolition assessors, where such have been elected throughout the country, to neglect to assess Democrats even when asked to do so, and when they have promised to do it. With such officials, who have such ideas of their sworn duty, there is no safety for a Democratic voter but in seeing his name enrolled. If you can get assessed to-day, do not wait until to-morrow. When you meet the assessor, close up the business at once, and if he belongs to the Abolition party, follow him up and see that your name is recorded. Let every Democratic voter attend to this matter, and make sure that his own name and that of his brethren is upon the list. Then on election day we will have a fair field, no drawbacks and no gonging. And that's all we want in order to win. A fair field, no favor is all the old party ever asked of its pibald enemies during the last forty years.

SURGEON-GENERAL HAMMOND. By ordering Colomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "bleeding," and the use of BRANDRETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine, which would then become emphatically THE HEALING ART.

I have for thirty years taught that no disease or affection could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"—Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These PILLS cure BILIOUS DIARRHÆA, OBRONIC DIARRHÆA, OBRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions and get new style.

CASE OF RUCOUE K. WATSON: Dr. B. Brandreth, New York: Sir: I was a private in Co. I, 11th Regiment, New York Vols. While at Harrisburg I landed sick on the Rappahannock near Palmyra, Va. and many of the Company were sick with bilious diarrhæa. The Army Surgeon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Sing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the PILLS, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fail to restore health. Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Company would also send.

I am, respectfully, yours, RUCOUE K. WATSON, Sing Sing, N. Y. Principal office, 251 Canal street, New York. For sale in Harrisburg by GEO. E. BELL, md&dw
