Losz.—On the evening of the 9th inst., a lady's gold hunting case watch and chain. A dog on one side of the case, and a flower on the other .-The finder will be suitably rewarded by leaving it at this office.

New Counterpair.—A new counterfeit on the Brandon Bank of Vermont has made its appearance in this city. The note is so neatly engraved that a gentleman keeping a furniture store in this city took several of these bogus notes.

SALTPETER FOR DIPTERIA.—A simple saturated solution of saltpetre, given in doses of one teaspoonfull every hour or two to an adult, (and less to children, in proportion to age,) is said to others. be highly effectual in the treatment and cure of diptheria.

DEATH OF MAJOR SEES,-Major O. W. SEES, Chief of Transportation and Telegraphing under the State Government, died at seven o'clock yesterday morning, after several weeks illness, in the 28th year of his age. Major Sees was a worthy young man, and leaves behind him many relatives and attached friends to mourn his early

INSPECTOR OF CAVALRY .- General Stahl has appointed Lieutenant Colonel R. F. Moson, of the Twenty-first Pennsylvania, Inspector of Cavalry in the Department of the Susquehauns. Colonel Moson has had a large experience in the cavalry service, and is said to be in every way qualified for the discharge of the duties of the position to which he has been assigned.

Voters, READ!-All the prominent and mary the State for Curtin, are office-holders, drawing pay out of the National or State treasuries! This fact dare not be denied. Voters, this is where your taxes are going-to support a lot of sinecure officials to instruct you how to vote and keep them in office! Vote for Woodward and hurl the corrupt crew from power, plunder and influence.

Another Deapt. The New York Post has a dispatch from Washington, stating that another draft is probable and very soon, owing to the repulse in Gorgia, and the small amount of men raised under the recent draft, the number not amounting to 75,000. The next draft will probably be for 600,000 men, and the surgeons will not be allowed, to be so exacting. States preferring to raise the required quota by volunteering will be allowed to do so.

A SAD STATE OF AFFAIRS.—The editor of the "Pennsylvanian," which speaks for the postoffice elique of the Abolition party of York county, in his paper of Nov. 9, 1861, solemnly pledged himself not to vote for Andrew G. Curtin. Hence he refuses to raise his name to the mast head of his paper. This is creating quite a stir in the Abolition camp. After what Mr. Frey says of A. G. Curtin, how can any reader of the "Pennsylvanian" vote for Curtin.

REMOVE Your KEYS .- Yesterday a boy called at a variety store on Market streat and offered for sale a large door key which he had bought of another boy. It proved to be a key belonging to a house on Second street, where it had been left in the door where the young scamp found it, and then endeavored to realize a quarter. There is no doubt but that instances similar to this are of frequent occurrence. Entrances in houses are often effected by this carelessness.

NEGROES VS. WEITES .- A friend just from Washington city, says an exchange, informs us that the other day two white men-carpenters-were discharged from work on the Capitol extension, because they were Democrats, and two buck niggers put in their places! White working men, can you support an administration and its candidates by voting for Cartin, after such acts as these? Will you consent to be superseded by blacks in your daily avocations, when you have it in your votes to prevent it?

CHARGED PROPERTORS.—A change of landlords has taken place in the Jones' House, an institution well and favorably known in this city, whereby Mr. J. E. M'Clellan disposes of his interest in the finder will be rewarded by leaving the same at furniture and lease of the house to Mr. Charles H. Mann, of Baltimore, but formerly of Doylestown, Bucks county. The retiring landlord leaves a good reputation behind him, and will be missed by his many friends: Mr. Mann has had a long experience in the business, knows how to keep a hotel, and under his auspices the house will doubtless maintain its good reputation.

POLICE AFFAIRS .- Before Alderman Kline .-Owing to the efficiency of our police, our report of late has been very meagre. For two days in succession. Saturday and Sunday, there was not a single victim in the lock-up. The first three were arrested for the usual offence, and on hearing were discharged:

James Greenly, a negre, arrested by Costello; John Platton, arrested by Costello; Thomas Har. per, arrested by Lloyd

Fred. Myer, arrested by officer Stoch for beating his wife, committed.

Wm. Jones, arrested on information made by George W. Parsons, for malicious mischief, was held to answer in the sum of \$100.

Boys, Take Head! In a short time past, a number of young men in various parts of the country, have been arrested for high crimes. It has turned out in every instance that their first lessons in ruffianism were taken when they were Attorney at Law, office, Third street, Harrisburg, permitted to be on the streets in the evenings among bad associates. The rum shops, the hotels and the gambling rooms of a town are the schools of hell. It is the frequenting of such places and the participation in their infernal doings by boys that make murderers, assassins, burglars and highwaymen, of thousands who, if properly trained, would be good and useful members of society.-How is it in our own community? Christian parents, can you tell how and where your boys spend their evenings? Are they at home by the fireside. improving their minds and conducting themselves in such a manner that you feel assured will never dishonor their families, injure society, and ruin themselves by indulgence in orimes? or are they roaming the streets, frequenting the groggeries and gaming establishments, and fitting themselves for the penitentiary and the gallows? These are selemn questions that should startle every parent. Ponder them carfully and prayerfully. Think of the duty you owe your children, to God who gave them, and to society, which is to suffer by your negligence or be blessed by your watchful care and thoughtful training. A fearful responsibility rests upon you, and you should be able to discharge vour duty to those under your care, so that they may not become objects of dread and loathing in

LAWLESSNESS AND INSULT.—The pimps of the Abolition nigger-head party are in no way abating their outrages on private opinion and on personal rights. Every day we hear of some Democrats being maltreated by them, when they suppose them not to be in a condition to defend themselver. An outrageous case of this kind happened in Hummeistown, for which: he principal actors in it were arrested last Monday.

decent communities.

John C. Martin, a conservative Democrat, in sxpressing his views on the course of the adminisration, in the above place about the latter part of June last, to a party around him, was, without the least provocation, fallen upon and beaten in the most sheeking manner. Not content with this, they afterwards showed their brutality by siding

him on a rail. Thirteen of them were arrested on a warrant issued by Alderman Maglauchlin, served by officers Kline and Fleck, of this city.

They are as follows: Dr. Shoop, Charles Wise, Barney Raley, David Hummel, Jr., Henry Hummel, Amos Roads, George Brazar, Samuel Greenswalt, Jr., James Saltzer, Christian Hummel, Jacob Reinhart, Christian Flowers, Joseph Hammel and

SOME WOODWARD SOLDIERS STILL LEFT .- The Abolition organs, says the Lancaster Inteltigeneer, would fain make their readers believe that there are no Woodward soldiers in the army. Unfortunately, the readers of those sheets don't know that the editors thereof are near kinsmen to a gentleman who rules in the regions below, and has been known for thousands of years by the name of the "Father of Liars." But we are digressing: A young lady of this city wrote to a near relative, who is a sergeant in the 23d regiment, P. V., giving him an account of our great mass meeting on the 17th, and asking him whether he was a Woodward man? He sends in return an interesting letter, and gives the following pointed and pithy reply to her inquiry, which she has kindly furnished for publication:

"I was very glad to hear that you a'l had such of the nobodies who are on the stump throughout a pleasant time on the 17th. You wish to know ether I am a Woodward man. You had better believe I am, and so is my old rifle; she shoots neither a Lincoln nor Curtin ball. If I was to put one in she would shoot the nose off of me. I see so many puffs in the papers about the Soldier's Rriend, A. G. Curtin. I cannot see what he had done for our regiment and the 82d P. V. in our brigade. He has not been to see us since we are in the service. If he would have come to our camp at Warrenton he would have seen a Woodward board stuck up at almost every atreet. I think it would have hurt his eyes."

> GOVERNMENT JUSTICE .- Murder of the Innoexts.—We were waited upon yesterday by ten white working men, Irish and Germans, who have been for some time past employed in the United States Commissary department at this post, in charge of Capt. Robinson, U. S. A., and informed by them that they had been summarily discharged by that officer, for no other reason that they could imagine than because they were Democrats. They also stated that their places had been filled by negroes—some of them contrabands, but all of African descent. Thus the glorious work of prosecuting the war against the white man goes on with vigor. In a short time the old-fashioned white element will be rooted out and retired from circulation; and we will behold in all places, high and low-in the army, the departments, and in the chair of State the classic features of the unadulterated Sambo. That will be the Abolition millenium. White men will have no "put in."-Caucasians will please take de back seat, with Irishmen and Germans in de pit.

> THE MARKETS.-Vegetable and other articles of household consumption were disposed of yesterday morning in our markets very rapidly, at the following prices: Potatoes 90 cents to one dollar per bushel; tomatoes 75 cents; sweet potatoes \$1.12 to \$1.50; apples from 60 cents to \$1; peaches from \$1.50 to 2.50; cabbage 6 to 15 cents per head; egg plants 6 to 10 cents; nutmegs 6 to 15 cents; watermelons 15 to 35 cents; butter 25 to 35 cents per lb; eggs 18 to 20 cents; catfish and cels 12 to 25 cents per string; chickens 40 to 60 cents per pair; mutton, surloin, round steak, porter house and roast 12 cents per lb.

We were told by a gentleman yesterday that he priced two weeks ago butter and eggs at Mifflio,

selling at 12 cents: We dont see why we must be paying such enormous prices, when only forty miles from us, along

the line of the Pennsylvania railroad, the same is

selling at half what we pay. Logr.-On Saturday, a small medallion, with a book and chain attached, was lost in the city. The 3.*

By ordering Calomel and destructive minerals from the supply tables, has conferred a blessing on our sick soldiers. Let him not stop here. Let him order the discontinuance of "Bleeding," and the use of BRAND-RETH'S PILLS in the place thereof. Then will commence a "new era" in the practice of Medicine which would then become emphatically THE HEALING ART.

I have for thirty years taught that no diseased ac tion could be cured by mercury or tartar emetic. That the human body could only be "made whole" by "vegetable food"-Animal food being, in fact, condensed vegetables. BRANDRETH'S PILLS should be in every Military Hospital. These Pills cure BILIOUS-DIARRHOEA, CHRONIC DIARRHOEA, CHRONIC DYSENTERY, and all fevers and Affections of the Bowels, sooner and more surely than any medicine in the world. BRANDRETH'S PILLS in these cases should be taken night and morning. Read directions

Dr. B. Brandreth, New York: BIR: I was a private in Co. F. 17th Regiment, New York Vols. While at Harrison's Landing and on the Rappahannock near Falmouth, I and many of the Company were sick with bilious diarrhos. The Army Sur geon did not cure us, and I was reduced to skin and bone. Among the Company were quite a number of members who had worked in your Laboratory at Sing Bing. They were not sick, because they used Brandreth's Pills. These men prevailed upon me and others to use the Pills, and we were all cured in from two to five days. After this our boys used Brandreth's Pills for the typhus fever, colds, rheumatism, and in no case did they fall to restore health.

Out of gratitude to you for my good health, I send you this letter, which, if necessary, the entire Com-

pany would sign.

ncial effects and medical virtues of these Bitters.

From Rev. J. Newton Brown, D. D., Editor of Bneyelopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believed himself to have redesived from any simple preparation, in the hope that he may thus centribute to the benefit of others.

I do this more readily in regard to "Hoodand's German Bitters," prepared by Dr. C. M. Jackson, of this dip, because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert floomaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long, continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mestal vigor which I had not felt
