NEW MILITARY DISTRICT.—The counties of Adams and York have been united into one military district, under command of Brig. Gen. O. S. Ferry, who has his headquarters at Gettysburg.

Tax Decision.—Commissioner Lewis has decided that proprietary medicines, perfumery, cosmetics and playing cards, purchased before the passage of the excise law, must be stamped if sold or offered for sale after Sept. 13th. 1863.

LIABLE TO STATE SERVICE.—The question is often asked whether or not a man who has been exempted from the operations of the draft is still liable to be called on to do service in the State militia. We have never seen any decision for this State, but the Governor of Connecticut has decided that such persons are liable.

WHERE TO GET THEY .- If anybody is at a loss to know where to buy choice groceries, we would suggest the establishment of Adam Keller, Jr., corner of Front and Market, as a first-rate place. He keeps a good stock of them on hand at all times, and disposes of them at reasonable pricesthat is, if any prices can be called reasonable in these war times. Read his advertisement in another column, and then call around and see him.

LUTHERANISM IN PENNSYLVANIA .- The following figures show the condition of the Lutheran church in this State: Numbers of ministers, 121: congregations, 275; communicants, 50,543; infant baptisms, 7,920; adult baptisms, 227; confirmations.3.394; parochial schools, 18; Sabbath schools, (Lutheran) 84; Sabbath schools, (Union) 200; scholars, 18,195; Synodical treasury, \$293 52; Beneficiary Education, \$782 53; Home and Foreign Missions, \$30,067 01; Pastors, Widows and Orphans, \$219 79.

To Housewives .- One of the best bleaching and emollient agents that can be employed in washing, either the person or the clothing, is common refined borax. It should be dissolved in hot water at the rate of half a pound to ten gallons; a great saving in seap is effected by its use. The borax should be pulverized first. It may be procured in the form of crystals at any druggists, and can be powdered with a rolling pin or a hammer. It will not injure the most delicate fabric, and laces or other fine tissues may be washed in a solution of borax, with manifest advantage to their color and consistence.

thus far this season are of an inferior quality as compared with the supplies of other years. With the exception of a few lots, all the shell oysters which we have seen are miserably small, considerably below the average of former seasons. This deterioration of quality may be in a great measmre owing to the interference of the war with the extensive oyster trade of Virginia. Most of the great beds along the Potomac have not been worked since the war began, and as a consequence the beds elsewhere are so much raked to supply the demand that the bivalves do not get time to attain their full size. A man who could make arrangements for getting oysters here such as we used to see, would do a paying business.

INLAND TELEGRAPH ELECTION.—The Inland Company held its first annual election yesterday in this city. The following named gentlemen were elected officers : President, Thomas H. Willson, Harrisburg; Directors, David Fleming, Harrisburg, Josiah King, Pittsburg, John A. Hiestand, Lancaster, John H. Graham, Theodore Adams and John G. Brenner, Philadelphia; Secretary and Treasurer, Charles Willson. We are informed that this new line is being pushed forward rapidly; it will be completed from Philadelphia to Pittsburg and from Pittsburg to Baltimore, direct. within three months. The lines are being built in the most substantial and approved manner. They are to be extended West to the Mississippi early next season, and will be carried the following summer to the Pacific, making the longest main line in the country.

HARRISBURG THESPIAN ASSOCIATION.-We are pleased to learn that a number of the young gentlemen of this place have formed themselves into a thespian association, for the purpose of giving public theatrical entertainments here during the coming season. The company will be composed of amateurs, many of them gentlemen possessing taients and histrionic attainments of a high order. It will be known as the "Harrisburg Thespian Association." The association is not formed for the purpose of making money, but for the improvement of themselves and the entertainment of the public. They only desire to realize enough to cover actual expenses, and it is their design to give frequent entertainments for charitable and benevolent purposes. Such an undertaking is commendable and deserves to be liberally encouraged, not only because of its benevolent object, but also because it meets a want that is constantly felt by the intelligent and fun-loving portion of our communityour city being without any place of amusement where a long evening can be whiled away withany advantage whatever to the intellect or the morals.

We understand that this company is well supplied with the personel to produce the minor drama. comedy and farce with excellent effect upon the stage. They have now several good plays in rehearsal, and will open at Brant's Hall in about ten

LET US HAVE SOME MORE AMECDOTES .- The Abolitionists are running short of stories about terrible cuts and rejoinders given to copperheads by loyalists. Can't the Telegraph come to the rescue with lying accounts of conversations (which never took place) between copperheads and brave (?) imaginary Abolitionists? Let us have some more anecdotes of the touchy old lady that wouldn't sit in the same car with a Democrat-or of the Shoddy man with flash jewelry who utterly demolished a "Northern traitor"-or of the "indignant soldier" who gave the "scathing rebuke" to the "copperhead Congressman"-or of the Abolitionist who, although he didn't know a musket from a boe handle, told in the Loyal League how "we must first crush the rebellion, and then drive the copperheads hissing to their holes"-or of the bloated, stay-at-home shoddy or mule contractor, who declared that the war must be presecuted to the "last man and the last dollar," and that he stood ready to sacrifice every able bodied relation in defence of the government. These pleasant little things tickle the fancies and encourage the patriotism of the country people, who, according to Mr. Wayne McVeagh, chairman of the Abolition State Committee, are "ignorant and benighted, and removed from the centres of intelligence," and are therefore easily entrapped into believing such things: Being "ignorant and benighted," they can't distinguish between a brave and patriotic man and a skulking, mercenary Abolitionist, and will of course be misled by these stories into voting the shoddy and conscription ticket. Will our neighbor please club up his fertile brain and turn out a few more "accurate reports" of conversations, "withering incidents," &c.? Hurry up; election day is fast approaching; after that has passed, these anecdotes and their authors, like other dogs, will have had their day.

POLICE AFFAIRS .- Before Alderman Ktine .-William Evans, who was wandering about minus a "local habitation," was arrested by efficer Lloyd and committed five days for vagrancy. William is no novice in the ways of prison life, and takes into his retirement the benefit of a large experience in that line.

George W. Parsons, arrested on Monday night for disorderly conduct by officer Costello, was reessed from the look-up vesterday morning. From what we could learn, his arrest was unwarranted, He was sober at the time, and was not conducting himself in a disorderly manner, although the circumstances which surrounded him at the time were calculated to rouse a man to deeds of vio-

Eliza Parsons, wife of the above, was misbehaving herself on the street in company with an individual who had less right to her society than her husband, and was arrested by officer Massey. She was quite abusive and insulting, and was put in the lock-up over night.

George Omman, a German, found drunk and arrested yesterday morning by officer Stock, was released in the evening, on condition that he would straightway repair to his home on the other side of the river. He was glad to get off, saying he had to help to husk corn over there. We would advise George to use that excellent staple henceforth in the form of bread, and leave the juice of it

John Henderson, Peter Alheisen and Edward Lane, the first two arrested by officer Essig and the latter by officer Kane, were discharged from the lock-up yesterday morning, into which they had been shoved the night before for drunkenness.

DAN RICE'S GREAT SHOW .- Remember that Dan Rice, the celebrated American humorist and "Prince af Showmen," will visit this city with his great show on Friday and Saturday next, Oct. 9th and 10th. Dan deserves well of the patriotic people of the North, for he has sacrificed the greater portion of an entire fortune, simply from principle. He is an ardent advocate of the Union, and when the rebellion broke out was in the so-called Southern Confederacy. True to the interests of his country, which he loved, and to that flag, which he considered the best that ever floated, he saw nearly the whole of his wealth disappear before Southern confiscation, and only escaped by running the blockade at Memphis with his performing animals, among which is the wonderful blind performing horse Excelsior, Jr., and the original comic mules, Pete and Barney. Dan has now one of the largest companies travelling, consisting of a large army of acrobate, athletes and gymnasts. Ovsters.—The oysters brought to this market | performing dogs, monkeys, ponies, &c. Dan Rice will positively appear at each performance of the Great Show, and give some of his humorous lectures, patriotic speeches, local hits, interspersed with pungent remarks on the war and the times. which cannot fail to excite the mirth of those who delight in genuine hearty fun. So boys, save that quarter; and young man have that young lady invited, and pater familias, go and take the whole family to see Dan Rice and his blind horse Excelsior, Jr., who is the greatest equine curiosity in the world.

> How to Look PRETTY IN A PICTURE. -- Au artist who understands the matter says that the great defeet in photographic portraits is the stern appearance of the subject, giving the impression that the sitter was very cross at having to sit all for a likeness. This is caused by the necessity of having to keep an immovable countenance during the operation, and the consequent endeavor to prevent any play of features. A very simple, but effective contrivance has been adepted to overcome this difficulty. A large mirror, mounted on a moveable stand, is wheeled to the side of the camera, and the sitter is enabled to "see himself as others see him." The effect is instantaneous on every sitter. The stern scowl suddenly changes to a pleasant smile; and when that desirable object is attained, the operator suddenly fixes the impression on the plate. The improvement is very great, but so simple that every one wonders why it was not thought of before.

THE GREAT SECRET .- It is admitted by all physicians that the grand secret of health and long life lies in keeping the blood and various fluids of the body in a high degree of fluidity. When you feel continued pain in the head or bowels, or any continued uneasiness in any organ or other parts of the body, you can prevent serious sickness by taking BRANDRETH'S PILLS.

Bleeding may give momentary ease, because the blood left will have more room. But as the body is made from the blood and sustained by the blood, to waste our blood is to waste our lite and ruin our constitution. But Brandreth's Pills relieve the circulation as readily as bleeding by only taking away what it can we'll spare. and they never hurt.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, coeting from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.

This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is kept continually under the influence of Acoholic Stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

From Rev. J Newton Brown, D. D., Editor of Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any aimple preparation, in the hope that he may thus centribute to the benefit of others.

in the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to "Hoofland's German Bitters," prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bedily and mental vigor which I had not felt for six mouths before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility.
