Fown MURDER .- The murder of wild fowl in some sections of the States east of us appears to be very great. One man in New Hampshire has sent thirty thousand wild pigeons to market this season.

To BRCOME A PENNAMITE .- The Pittsburg papere announce that Major General Franz Sigel intends shortly to make that city his home. The distinguished General will doubtless meet with a cordial reception in his new home; particularly from the German element, which is quite strong in the "Smoky City."

THE VOTE OF THE CITY AND COUNTY .--- TWO thousand six hundred and seventeen votes were polled in this city for Governor at the late election, which is considerably in excess of the vote polled in any previous year. The number cast for Governor in the county was 8,940, being an increase of 1,514 over the poll of last year, when the vote for Auditor General was 7,426. The increase of the Democratic vote over that of last year is 599, while the Republican increase is 915.

THE WEATHER yesterday was delightful beyond description. The air was mild, the sunlight subdued, the scenery grand and beautiful. The roads and paths leading away from town were filled with promenaders, who had wandered forth to look upon the gorgeous woodlands, now dressed in their royal livery of crimson and gold, lending a hectic flush to the sweet face of nature, which heightened its beauty while it herelded approaching decay. No favored people in distant lands, revelling in a perfect clime, had a better thing of it in the weather line than we had yesterday.

GREAT BILLIARD MATCH .--- A great billiard match, for \$1,000 and the championship of America, 1,500 points up, came off in New York on Thursday evening, between Dudley Kavanagh, of New York, and John Secreiter, of Detroit, resulting in the decided success of the former. Kavanagh won the game by 785 points, the score standing-Kavanagh, 1,500; Secreiter, 715. The highest run made by the winner was 151, and his average run 17: Secreiter's largest run was 57, and his average only S. Secreiter, it will be remembered, played a great match with Michael Phelan, of New York,

THE NATIONAL CEMETERY .- The coromony of consecrating the National Cemetery at Gettysburg has been postponed from the 22d inst. to Thursday, the 19th day of November. The oration will be delivered by the Hon. Edward Everett, and will doubtless be worthy of the solemn and important occasion.

The Governors of all the States cordially united in the selection of Mr. Everett, and accordingly Mr. Wills, the agent in charge of the arrangements, addressed a letter to him, inviting him to deliver the address on the 22d. He replied that his engagements were such that he could not possibly make arrangement to do justice to the occasion and meet the expectations of the multitude that would be assembled, but if the day should be postponed to the 19th of November, he would cheerfally undertake the honorable duty. He also suggested that "the ceremonies would be rendered most interesting if deferred until after the removal of the soldiers. All references to their self-sacricing bravery in the cause of their country would be far more effective, uttered over their remains,

than if only pronounced on a spot to which they are hereafter to be removed." The consecration will therefore take place on Nov. 19th. It will be one of the most interesting and impressive occasions of the kind every known in this country. In addition to Mr. Everett's oration, an ode or dirge, prepared by the post Longfellow, will be sung. The Marine Band will be in attendance from Washington, besides bands of music from other States. The Governors of all the loyal States are expected to be in attendance. The Marshal of the District of Columbia will have charge of the civic, and Major General Cadwallader of the military portion of the procession, composed

of cavalry, artillery and infantry. Arrangements will be made with all the railroad companies to accommodate those who may wish to be present on the occasion. The cemetery enclosure will contain seventeen acres. It is south of Gettysburg, and embraces a part of the battle-field where the fiercest conflict occurred, and where hundreds were killed on both sides.

The removal of the dead will be commenced about the 26th of this month, and a large portion of the bodies will be interred in the cemetery before the 10th of November.

POLICE AFFAIRS .- Before Alderman Kline .-Mary Hennisan was arrested for vagrancy by officer Campbell, on Saturday night. She had a hearing

the next morning, and asked to be transforred to the county poor house, and was accordingly conmitted to that institution upon an order from the Alderman.

Samuel Reed, living in Fishing Creek valley, by some mysterious blunder got Michael Smith's bridle on his horse, while at the same time his own bridle found its way to the head of Michael Smith's horse. It also happened to be the fact that Smith's bridle was the best of the two .--Smith drew an inference from this, and made information which resulted in Reed's being brought before the magistrate for mixing bridles. Defendant gave up the bridle, receiving his own in exchange, and the case was dismissed.

A man named Nolan, of New York, who had got off the train at this point on Saturday, thereby missing the cars when they started on eastward, took to drowning his disappointment in the intoxicating bowl. While in this combative and destructive mood, we are informed, he stopped before the notion stand in front of the City Hotel, kept by Philip Dougherty, began to abuse its proprietor and to disarrange the articles upon the stand. After bearing with it for a time, Dougherty drew a hammer and struck him on the head, so completely stunning him that he lay insensible for some seconds. Upon recovering, the injured man was taken to the lock-up for safe keeping by officer Fry. He was kept there until sober, when the matter of the assault and battery was settled between the parties, and Nolan went on his journey. He was dressed in citizen's clothes, but was provided with military transportation to New

SPECIAL NOTICES.

THE GREAT SINCRET,-It is admitted by all physicians that the grand secret of health and long life hes in keeping t. he blood and various fluids of the body in a high degree of fluidity. When you teel continued pain in the hea 1 or bowels, or any continued uncasiness in any organ or other parts of the body, you can prevent serious a ickness by taking BRANDRETH'S PILLS.

Bleeding may give momentary e ase, because the blood left will have more room. But as the body is made from the blood and sustained by the blood, to waste our blood is to waste our life and r uin our constitution. But Brandreth's Pills relieve the circulation as readily as bleeding by only taking away what it can well spare, and THEY NEVER BURT.

Mrs. Hooper, of Barnstable, Mass., was cured of St. Vitus Dance, General Debility, poor ness of blood and costiveness of many years standing, by Brandreth's Pills. The case at length is published in the Pamphlets.

WOMAN SHOT .- A few nights since, one of the deputy provost marshals in Jefferson county, Pa., shot a woman in mistake for her husband. It is alleged that the marshal had taken a deserter, who escaped from him on pretence of getting dinner. He therefore took a posse, went to the house of the deserter, and sent the posse to the rear of the house until he should apprise them of the presence of the prisoner by firing a pistol, when they should assist him. In a minute he fired, and when the posse came around to the door they found that the wife of the deserter had been shot in a mistake for the husband, who the marshal thought was endeavoring to make his escape.

CHILD DROWNED .--- A child aged 16 months, belonging to Mr. Stehman, of New Berlin, Lancaster county, was drowned on Thursday last by falling into a tub of water which was standing in the room. The mother was engaged in washing, and was filling the tab with water. Stepping outside to get another bucket of water, she met a neighbor, and while she was stopping to talk a few moments the accident occurred. This is another sad warning to all parents of the danger incurred by allowing tubs and buckets, half filled with water, to stand where small children can get at them. Scarcely anything attracts a child as much as water, and whenever they can get at it they will be found playing in it.

HARRISBURG THESPIAN ASSOCIATION .- This 88sociation, having perfected its organization out of the best material and under most favorable auspices, will give the opening performence at Brant's Hall, on Thursday evening next. The entertainment will begin with the inimitable and side-splitting drama of "Toodles," a comedy which never grows old or palls upon the taste of the funloving public, and will conclude with a sparkling "burletts, entitled "The New Footman." The interludes will be enlivened with music by an efficient orchestra, under the direction of Prof. Weber. Price of admission twenty-five cents.

The personel of this theatrical combination is of a first-rate quality, and among the amateurs composing it are many gentlemen who are fitted by education and talent for the stage of any theatre in the land. The object of this enterprise is chiefly to create a fund for charitable purposes .--Such being the case, it deserves, and will doubtless command, a flattering success.

THE CONCERT TO-NIGHT .--- The concert of the Richings Opera Troupe, at Brant's Hall to-night, will perhaps be the most splendid and meritorious of any entertainment of the kind which has been given in this city for many years. Miss Caroline Richings, whose name and fame as a singer and actress are sufficient to fill any house where she is announced to appear, will take the part of "Marie" in Donizetti's grand comic opera, entitled "The Daughter of the Regiment," ably assisted by Mr. Peter Richings, Mr. Sequin, and a number of others. The performance will conclude with a grand patriotic tableau of Washington, in which Mr. Richings will personate the "Father of his Country," with Miss Richings as the Goddess of Liberty. Mr. R.'s personification of Washington is considered to be the most perfect and faithful ever produced. Signor Behrens will preside at the piano.

No one who can appreciate genuine merit should fail to see and hear Miss Richings to-night. Her fareweil benefit at the Arch Street Theatre. Philadelphia, on Friday night, was the largest of the operatic season.

Tickets, 50 cents; reserved seats, 75 cents-to be had at the music stores of Messrs. Ward and ya sa ka sa ka Knoche.

WHAT IS IN STORE FOR US .- The Philadelphia "Ledger," in its money article of Wednesday, after noticing the advance of gold, uses the following language, which is calculated to excite anything but pleasant anticipations for the future. It is clear that we are receiving our regular instalments of the "good times" promised to the country by our opponents at the beginning of our difficulties. It says:

"While every housekeeper knows that almost all prices are nearly doubled, but few of them reflect that much of the advance is attributable to a depreciated currency. There is here and there an exceptional article, the price of which is controlled by other causes than the currency; but the general cause is too much paper and too little else. We make these remarks, not by way of complaint that they are so, or with a view of suggesting a remedy for them. At the present moment there may be no remedy. But the fact being so, and continuing so, prices cannot go down. They must go up. There may be fluctuations, from local and temporary causes, but the gradual swelling of the paper tide must float higher everything within its action."
