The basis of our political system in the right of the people to make and alter their Constitutions, but that which at any time exists until changed by an explicit and authentic act of the whole people, is SEVERALLY SACRED.

It is indeed little else than a name which the Government is too feeble to withstand the catastrophe of faction, to confine each member of society within the limits prescribed by the laws and to maintain all in the secure and tranquil enjoyment of the rights of person and property.

NEW PAPER.—We have received Nos. 1, 2 and 3 of a new paper, the Evening Transcript, published daily in Baltimore, by Wm. H. NELSON.

West Virginia. The Congressional election in West Virginia has resulted in the success of three Abolitionists, or "unconditional" Lincoln men, Messrs. Blair, Brown and Whaley.

Important Arrests in New York. The Herald of yesterday states that Marshal Murray made some important arrests in New York on Wednesday, securing, at the same time, several valuable documents, the subject matter of which has not been revealed.

A Good Democrat. The following extract from a letter, received yesterday, is but a fair sample of many others, and shows the spirit which animates the Democracy of the State.

O. BARRETT & Co. The wrapper on my last paper informs me that my time is out. I enclose you two dollars in this letter for another year's subscription to the WEEKLY PATRIOT AND UNION.

How the Money Goes. Our American fellow-countrymen of African descent are likely to cost "a pretty penny" before we get through with their emancipation, colonization, regeneration and civilization.

The Next Draft. The opposition of the Abolition press to voluntary enlistments will certainly prevent the raising of Pennsylvania's quota by that means, and necessitate another draft in January.

Rebel News from Charleston. The Richmond Examiner of the 27th contains the following dispatch: Charleston, Oct. 26.—The enemy's batteries, Gregg and Wagner, opened fire at 11 o'clock this morning.

Orange and Alexandria Railroad, ETC. WASHINGTON, Oct. 29.—The Alexandria Journal says the train on the Orange and Alexandria railroad now make regular trips to Catlett's Station, some thirteen miles beyond Manassas.

Important Arrests. New York, Oct. 29.—Several men were arrested yesterday for being engaged in a conspiracy with the rebels.

Success of Gen. M'Pherson's Expedition. Cairo, Oct. 28.—The Memphis Bulletin of the 26th says that Gen. M'Pherson's expedition returned to Vicksburg, having accomplished its object—namely, to scatter the rebel force on the Big Black.

they seem to insist upon, because then the operation will be fair and they can no more escape than us.

The course they are now taking renders this policy necessary on our part, and we must persevere until we accomplish it.

A Specimen Brick. A "loyal Tennessean, of the Brownlow type" named Gibbs, has been engaged by the Abolition State Central Committee of New York to stump a portion of that State in favor of their ticket.

"You Copperheads, you mean, dirty, low-lived cowards and traitors, (several times repeated); when we get through putting down the rebellion, we are coming North to hang every one of you Copperheads."

"Certainly Governor Seymour responded to the call of the Secretary of War when Pennsylvania and Maryland were invaded, and sent all the New York militia at his disposal into Pennsylvania, but what did he do for it?"

"Who's afraid? I am running for Congress in Tennessee, and I am going to be elected. That's what's the matter with me. I fed Gen. Grant's army. I stole 6,000 pounds of pork from the rebels and subsisted Grant's army."

There, fellow citizens, is a loyal Abe Lincoln Congressman from Tennessee for you. As a "specimen brick" how do you like him?

NEWS OF THE DAY.

FROM CHATTANOOGA.

BRAGG MOVING TO BRRAK OUR LINES, DRIVE BURKSIDE FROM EAST TENNESSEE AND THOMAS FROM CHATTANOOGA. CHATTANOOGA, Oct. 24.—The enemy's actions seem to indicate that Bragg is moving in large force upon Cleveland, Tenn., with the evident purpose of breaking through our lines in that direction.

NEW YORK, Oct. 29.—A special dispatch to the Times, dated 27th, from Chattanooga says: "Unreliable intelligence has been received of a movement of a portion of Bragg's army, under Longstreet, up the valley of the Tennessee river, with the intention of operating against Burkside. It is believed that a corps of Lee's army, under Ewell, is moving into East Tennessee, by way of Lynchburg, for the same purpose."

THE WAR IN VIRGINIA.

NO BATTLE YET, AS ARMY OF THE POTOMAC, Wednesday, Oct. 28. No battles occurred yesterday, as was confidently anticipated by many persons whose opportunities for knowing all about such matters are considered good.

General Meade has within a day or two made some changes in his position looking to the better protection of those engaged in the reconstruction of the Orange railroad. While this change was being effected, at about three o'clock yesterday morning, the rebels made a demonstration against the 6th corps, but nothing further was accomplished than the driving in of the pickets of that corps a short distance, when the rebels retired.

LATEST FROM CHATTANOOGA.

COL. STANLEY OPENS COMMUNICATION WITH BRIDGEPORT—GEN. HAZEN DRIVES THE REBELS FROM LOOKOUT MOUNTAIN—M'PHERSON'S EXPEDITION. CINCINNATI, Oct. 29.—The Gazette's Chattanooga dispatch, dated the 27th, says that a detachment under Col. Stanley, of the 11th Ohio regiment, floated 50 pontoons down the river in the face of the rebel sharpshooters, landed at Brown's Ferry, and surprised and drove the rebels from the ridge on the South side, thereby opening communication with Bridgeport.

The rebels are flanked and must evacuate Lookout Mountain. A second dispatch says that Gen. Hazen, with 2,000 men of Gen. Palmer's division, attacked the enemy on Lookout Mountain, and drove them from their position. Gen. M'Pherson's expedition to Canton, Miss., resulted in destroying a large number of rebel mills and factories, and the defeat and dispersion of the rebel cavalry and the general dismantling of the guerrillas infesting that section.

The official home vote of Ohio gives Brough 61,752 majority the total vote of the State is 495,427.

WASHINGTON, Oct. 29.—In the recent announcement of quotas to the several States, under the President's proclamation of October 17th, calling out 300,000 men, the deficiency of States under former calls and under the recent draft are taken account of only in reference to a subsequent draft, in case another is rendered necessary by the failure to furnish the full quota of volunteers.

It is presumed that there will be no draft in those States which raise their quota of three hundred thousand volunteers called for by the President's proclamation, but in States where, through failure to raise their quota of the three hundred thousand volunteers, the draft has to be resorted to, all deficiencies at the time existing in such State will be taken into account.

Drafted men and substitutes are entitled only to the bounty provided by law, and not to the increased bounty of \$300 offered to volunteer recruits.

BY THE MAILS.

WASHINGTON ITEMS.

WASHINGTON, Oct. 28.—It is believed that the rebels have not pushed any strong force on this side of the Rappahannock since their grand retreat; some bodies, however, remain at the various crossings. They are all circumscribed to those positions by the proximity of our forces.

The enemy's cavalry scout the neck as far as Stafford Court House and Hartwood Church. A number of citizens along the Orange and Stafford railroad, charged with harboring guerrillas, have been arrested and brought to Washington. Some of them have been committed to the Old Capital Prison, and others released on their parole not to leave this city.

IMPORTANT ORDER OF THE WAR DEPARTMENT. The following order has just been issued in relation to evidence of military service: PENNSYLVANIA, Oct. 28, 1863.

No volunteer or drafted man is deemed to have been in the United States service unless duly mustered therein. When mustered, his service is regarded as having commenced at the date of his enrollment. The evidence of such service is to be sought primarily at the office of the Adjutant General of the United States Army; and the rolls of that office, when complete, are the highest authority, and cannot be contradicted by parole evidence.

THE WAR IN THE SOUTHWEST. OPERATIONS IN SHERMAN'S DEPARTMENT—PARTICULARS OF THE FIGHT AT CHEROKEE STATION—REBEL MOVEMENTS IN ARKANSAS—PORTS SMITH AND BLUNT THERETOFOR. CAIRO, Oct. 26.—The steamer Liberty arrived last night at 11 o'clock, with Memphis dates of the 24th.

On the 23d instant, at Cherokee Station, on the Memphis and Charleston railroad, about eight or nine miles this side of Tusculum, the troops of the 15th corps met the rebels with their usual bravery, however, and soon made themselves masters of their position. On the day previous a brisk cavalry fight took place near the same spot between a considerable body of infantry and cavalry, in which six rebels were killed and fifteen wounded left on the field.

When Gen. Osterhaus moved forward toward Tusculum, he had not proceeded far before the rebels, consisting of the 4th, 9th, 25th, 26th, 30th (the 29th in the advance) and the 21st Iowa regiments, encountered a force estimated at between 4,000 and 6,000 under command of the rebel Generals S. D. Lee, Roddy and Richardson. A heavy musketry fire was immediately opened, and the fight was furious for an hour, when the rebels fell back with heavy loss in killed and wounded.

General Osterhaus hurried up several 24-pound Parrotts, which made havoc in the retreating columns, and our whole divisions were soon on the ground. The loss on our side will not exceed 100 killed and wounded.

The bodies of Col. Torrence and Capt. Randall arrived here last evening, where they will be buried and sent North to-day, in charge of C. D. Gann, sutler of the 30th regiment. Colonel Torrence lived at Knoxville, Tenn. He agreed with distinction through the Mexican war, and was one of those men of influence whose character was almost without blemish.

It appears that the first known of our pickets and forage teams. On their appearing in sight, the regiments above named were immediately ordered into line, and skirmishers thrown out to feel their position. The enemy did the same, except that a large portion of their force had dismounted, and were lying in ambush.

The advance of the enemy were uniform, and in the fog it was difficult for Torrence to distinguish friends from foes. He therefore ordered his men to cease firing, and approached the enemy, who were dressed in blue, and when within short distance, they opened fire on him, piercing his body in several places, killing him instantly. At the same time they opened a murderous fire on our left, killing and wounding the captain and adjutant above named. For a few moments the 30th regiment was thrown into confusion, but when Colonel Torrence's orderly came back, announcing that their colonel was in the hands of the enemy, the men rushed forward with a yell, recovered his body, and disposed the rebels. They found that the corpse had been searched, and all his money and his watch stolen. Our troops pursued the flying rebels back to his fortifications.

A rebel detachment from Johnson was recently captured, in which the rebel officers have been conjured not to permit our forces to open up the road between Memphis and Decatur.

SUCCESS OF GEN. M'PHERSON'S EXPEDITION.

CAIRO, Oct. 28.—The Memphis Bulletin of the 26th says that Gen. M'Pherson's expedition returned to Vicksburg, having accomplished its object—namely, to scatter the rebel force on the Big Black. A large force of the

enemy was met, but they retreated without incurring a general engagement.

FROM FORT SCOTT—MOVEMENTS OF PRICE'S ARMY.

FORT LEAVENWORTH, KANSAS, Oct. 28.—Advices from Fort Scott to Monday noon, state that the rebels under Cooper have been re-floated from Price's army, and threaten Forts Blunt and Smith.

General Price's force is reported at 9,000, with eighteen pieces of artillery. Quantrell's men were with him.

Gen. Blunt will leave for Fort Smith, after turning over the command of the Army of the Frontier to Gen. M'Neil, and proceed to Leavenworth.

Gen. Ewing is in the vicinity of Bentonville, Arkansas. Brooks, with 3,000 rebels, was marching on the White river, near Huntville, and had been joined by Shelby.

Gen. Blunt's train is escorted by a force of infantry, cavalry and artillery sufficiently strong to insure its safety, and General Blunt will offer Cooper battle if the opportunity offers.

VARIETIES.

CORRUPTION AT WASHINGTON.—A small bit of paper was recently picked up in one of the executive departments, which contained these imposing words: "If F. will put the matter through he shall have ten thousand dollars."

Again, there is a clerk in one of the departments whose annual salary amounts to \$1,600, and yet this person drives a span of horses which cost him sixteen hundred dollars; and it is not long since he expended the sum of thirteen thousand dollars upon a house for his own occupation. The inference is that the business of clerking it for the government is sometimes slightly profitable.

AN ABOLITION EDITOR CONVICTED OF THEFT.—At the Wells Common Pleas Court, on Tuesday, James B. Fairchild, editor of the Bluffton (Indiana) Union, a rampant Abolition paper, was convicted of larceny—stealing from his boarding house—and sentenced to two years' imprisonment in the penitentiary. A motion was made by his counsel, Mr. Milligan, to set aside the verdict, which the Court sustained, and granted a new trial. The case was prosecuted by David Colerick, Common Pleas Prosecutor, assisted by W. S. Gilkison, of this city.

In the case of Melinda Fairchild, wife of the above, charged with the same offense, a change of venue to Adams county was granted. Indianapolis Sentinel.

STAMPEDE OF SLAVES FROM ST. MARY'S COUNTY.—The Leonardtown (Md.) Gazette, of the 23d instant, says: "On Sunday night last about 50 negro men left their homes in this vicinity and have not since been heard from. Since then we daily hear of others that are missing from various sections of the county, and the tenure to this species of property has become so insecure as to render it entirely valueless."

The same paper in a postscript states that from 60 to 100 slaves, belonging to citizens on the Patuxent side of the Factory district, have left their masters during two days this week.

CONTRABAND MILK.—The following extract from general order No. 2 of Lieut. Col. King, of the Massachusetts 35th, who is military commander of Lexington, Ky., is original and decidedly pointed: "Frequent complaints having been made that the milk cows of citizens have been milked, and oftentimes detained for days by persons connected with the army; if such practices are continued and can be brought home to any one, the offender will be dealt with in a manner to make him wish that earlier in life he had been weaned from a love for milk."

A DISTRICT has been discovered in Russia of similar formation to that of the oil-producing regions of Pennsylvania, and other parts of America. Colonel Gowan, the enterprising American, has obtained a concession from the Russian government of a tract of 50,000 acres, upon which he is to carry on his exploitations. He is on his way to America to obtain the necessary machinery, and will commence the prosecution of his enterprise at once.

THE NEW YORK papers announce the destruction by fire of "Hell's Kitchen," located in the upper part of that city. It was probably regarded as useless after the Ohio and Pennsylvania elections.—New Haven Courier.

Well, what's the use in keeping up "Hell's Kitchen" in New York, while "the family" are all in Washington?—Register.

Of sugar prospects in Louisiana, the Picayune of the 17th inst. says, the cane particularly is highly favored, and grinding has commenced on several estates, with very little prospect, however, of a fifth—some say a tenth—of a crop being realized. Labor is required, fuel is necessary, and the prospect is that sugar will rule at high prices for the entire season.

PAUPERISM is largely on the increase in England, statistics showing an amount in the whole country 18.51 per cent. greater than in 1861; in some parts of the kingdom it reaches 39.22 per cent. Meantime emigration is increasing rapidly. In the first eight months of the present year 93,904 emigrants left the country, of whom the greater part were for the United States.

PARDONED.—On the evening before the election, a pardon was received here for the persons who were in jail, convicted of riot in the destruction of the Monitor last May. Curtin felt the necessity of securing all the votes possible, and he emptied the prisons throughout the State. Thus the ends of justice have been defeated, and guilty men permitted to escape punishment.—Huntington Monitor.

THE N. O. Picayune draws a deplorable picture of the condition of affairs in that city. Trade and commerce are stagnant, the people are impoverished, industrial employments are prosaic, and a necessity is felt that something must be done to avert the intense suffering which threatens in the coming winter.

DR. COLTON, of New York, associated with Drs. J. and C. D. Allen, have opened an Institute at 22 Bond Street, for the drawing of teeth without pain, by the use of the nitrous oxide gas. The desideratum long desired is, we believe, now attained.

The 9th Maryland regiment, six companies of which were captured on the morning of Sunday before last at Charleston, Virginia, is the third Maryland regiment which has been "gobbled up" by the rebels in the Shenandoah valley.

A PIPE SMOKING employee in the store of the Pennsylvania Oil Company, at Milwaukee, recently exploded a cask of benzine, and the explosion and fire that ensued caused a loss of \$40,000.

The administration, if it suspends many more of our brave Generals, will lose its supporters, and make an unseemly exhibition of itself.—Pretence.

The Louisville Democrat says that when the vote of the Ohio soldiers in that city was taken two who voted for Vallandigham were "immediately arrested and placed under guard."

The sales of government cotton in St. Louis and Cincinnati since last spring amount to about \$1,500,000 and comprise 7,528 bales and 143 bags.

PENNSYLVANIA, SS:

In the Name and by the Authority OF THE COMMONWEALTH OF PENNSYLVANIA,

ANDREW G. CURTIN, Governor of the said Commonwealth.

A PROCLAMATION.

WHEREAS, The President of the United States, by his proclamation, bearing date on the third day of this month, has invited the citizens of the United States to set apart Thursday, the Twenty-sixth day of November next, as a day of Thanksgiving and Prayer, now, I, ANDREW G. CURTIN, Governor of the Commonwealth of Pennsylvania, do hereby recommend, that the people of Pennsylvania do set apart and observe the said day accordingly, and that they do especially return thanks to Almighty God, for the gathered harvests of the fruits of the Earth;

For the prosperity with which He has blessed the Industry of our people; For the general health and welfare which He has graciously bestowed upon them; And for the crowning mercy by which the blood-thirsty and devastating enemy was driven from our soil by the valor of our brethren freemen of this and other States;

And that they do especially pray for the continuance of the blessing which have been heaped upon us by the Divine Hand; And for the safety and welfare and success of our brethren in the field, that they may be strengthened to the overthrow and confusion of the rebels now in arms against our beloved country;

So that peace may be restored to all our borders, and the Constitution and laws of the land be everywhere within them re-established and sustained. Given under my hand and the great seal of the State, at Harrisburg, this twenty-eighth day of October, in the year of our Lord one thousand eight hundred and sixty-three, and of the Commonwealth the eighty-eighth.

ANDREW G. CURTIN.

BY THE GOVERNOR.

ELI SLIFER, Secretary of the Commonwealth.

The party in power pretend to be in favor of a strong, centralized government; but can they point us to a single case in history where universal empire grew up from universal ruin?

MARRIED.

At Carlisle, on the 20th inst., by the Rev. B. M. Phillips, Mr. WILLIAM E. FORTNEY, of Harrisburg, to Miss ANNE M. WHEAT, of Carlisle.

Our friend, the bridegroom, did the handsome thing by the priest. It would be needless to wish him and his partner the enjoyment of happiness, because it's a thing sure to follow when a couple start out right. They're on the right track, and bound to win. That cake exists only in memory now, but the recollection of it constrains us, in behalf of all hands, to wish the bride a long and happy life, smooth as the summer sea, bright as a June heaven, and—all that sort of thing. Fact is, we're bolted too much of that cake.

DIED.

On Thursday morning, 29th of October inst., SARAH ANN BAKER, wife of Robert Baskin, and daughter of Andrew Miller, aged 35 years.

The relatives and friends of the family are respectfully invited to attend her funeral from the residence of her husband in Third street, on Saturday, 31st inst., at 10 o'clock a. m., to proceed to the burying ground at Bayson's Church.

October 28, Mrs. JOLLYN KINZER, wife of Samuel Kinzer, in the 54th year of her age.

The funeral will take place from the residence of her husband in Strawberry alley, between Third and Fourth streets, this (Friday) afternoon at two o'clock. The friends and relatives are invited to attend.

TO HORSE OWNERS.

Dr. Sweeney's infallible Liniment for Horse is unrivaled by any and all cases of Lameness, arising from Sprains, Bruises or Wrenching. Its effect is magical and certain. Harness or Saddle Galls, Scrofula, Itch, etc. It will also cure scrofula, sprains and incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will in all ways remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those terrible diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless. See advertisement. ap20-cow-dkw
